### A report on awareness on Technology development for school children's "Tech Buzz" on 16/11/2022 at China Kakani Village

 

CENTRE FOR EXTENSION ACTIVITIES

# TECH BUZZ

Venue-Z.P.High School,China Kakani  
Date- 16/11/2022

   /klefcea

## **Objective**

The objective of the "TECH BUZZ" organized by the KLEF\_CEA team along with the Department of Computer Science Engineering at KL Deemed to be University was to educate and raise awareness among the students about the technology. Nowadays the world is running around computers and their tech technology. In order to raise more awareness about computer technology KLEF\_CEA team organized an event to let the students know about the technology and its growth.

## **Description**

Nowadays the world is revolving around technology and its uses. After the impact of Covid19, the world has become full of digitalization from buying clothes in-store to online platforms, cinema theatres to OTT platforms, physical classes to online classes, everything has become the digitalization with advanced technology.

More computer technology is leading to more accurate sizing and rating methods for process equipment. It has shaped our world for centuries, and technological advancement has grown exponentially in the past years. And it has completely changed how we live, how we communicate.

The more advanced the technologies are the more advanced the people are becoming. By the use of technologies the world is running fast and improving exceptionally. This program raised awareness about the technologies of computers and their working and how it is changing the world.

## **Outcome**

The Tech Buzz program offers rural residents ways to enhance their quality of life through the use of computer technology, technological advancements, and a greater understanding of how the world is evolving.

People learned how to use computers and related technology from this event and how they can benefit them. Children are better able to choose their job route when they are aware of technologies and how they are used. The students gained more knowledge about computers through this event, which they may apply to their daily lives by using technology like online classrooms, online courses, picking a professional route, discovering new things, etc.

Everyone present at the event was grateful that it was held in order to serve the public and educate students about computer technology, including its applications, benefits, and significance.

Overall, the program was successful in achieving its goal of raising awareness about the significance of computer technology and it demonstrated the potential for educating students about the most recent technologies, which helps them make better career decisions.

#### **Details of the Event**

<b>Name of the Event</b>	:	Tech Buzz
