About the Event:

Our lives are now significantly impacted by the internet. The Internet is now a necessity for almost everything we do, and as the need for the Internet grows, so does the requirement for information protection. Knowing how to reduce risks and cybercrime is important if you often use the internet. To raise awareness about cybercrimes the team KLEF_CEA conducted an event at Gundemeada Village to be alert and prevent cybercriminals.

The main Objectives:

The main objective of the event is to save people from cyber criminals by raising awareness about the excessive use of the internet and its impacts and cybercrimes.

Proceedings of the event:

- The team KLEF_CEA volunteers reached Gundemeada village
- Then, divided into groups and reached the people individually
- Afterward explained the cybercrimes and preventive steps to be taken from the cybercriminals.
- We have shown them some examples by using the internet like phone pay scams, Banking scams, loans scams, etc.
- Clearly explained about internet awareness and asked them their doubts and resolved their queries.

Conclusion:

The KLEF_CEA team with the intent to serve the public an event has conducted to the awareness among people about Informatica, its impacts and the preventive steps to be taken further. The event has been very successful and everyone united together to raise their voices about the cybercrimes. The response of our students throughout the event is very good and have been very disciplined.

Outcome:

The event was successful and the people from Gundemeada village got aware of cybercrimes and how it's impacting their daily life and additionally encouraged them to take preventive measures against the cybercriminals.
