AWARENESS ON E-WASTE

Details of the Event:

Date of the Event	:	29-06-2024
Name of the Event	:	Awareness on E-Waste
No. of Hours	:	01:30 PM To 04: 30 PM
Venue of the Event	:	Z.P. High School, China Kakani Villages
No. of Participants	:	Students: 83, Faculty: 02
No. of Beneficiaries	:	346

Description of the Event:

On June 29, 2024, KLEF-CEA organized an engaging and informative Awareness on E-Waste event at Z.P. High School in China Kakani. This initiative aimed to educate students and local residents about the environmental and health impacts of electronic waste. The program featured interactive sessions on the importance of responsible e-waste disposal, recycling methods, and the benefits of reducing electronic waste.

Objectives:

- ❖ **Educate the Public:** Inform communities about the environmental and health impacts of improper e-waste disposal.
- ❖ **Promote Recycling:** Encourage the recycling and proper disposal of electronic waste through accessible programs and facilities.
- ❖ **Foster Responsible Consumption:** Advocate for mindful purchasing and maintenance of electronics to extend product lifecycles and reduce waste.
- ❖ **Support Safe Disposal Practices:** Guide individuals and businesses on best practices for safely handling and discarding e-waste.

- ❖ **Stimulate Policy Development:** Inspire policymakers to create and enforce regulations for e-waste management and to support sustainable practices.

Outcome:

Increased awareness of e-waste leads to a more informed public that actively participates in the responsible disposal and recycling of electronic waste. As individuals and organizations adopt better disposal practices and advocate for sustainable consumption, the environmental and health risks associated with e-waste are mitigated.

Impact of Society:

Awareness of e-waste significantly transforms societal behavior and attitudes towards electronic waste management. By understanding the environmental and health risks of improper e-waste disposal, individuals and communities become more proactive in adopting recycling practices, reducing electronic waste generation, and advocating for sustainable product choices.
