### A report on “Plastic Awareness” 19/08/2023 at China Kakani Village

**CENTRE FOR EXTENSION ACTIVITIES**

# PLASTIC AWARENESS

DATE - 19/08/2023  
VENUE - CHINA KAKANI

 /KLEFCEA

#### Details of the Event:

Date of the Event	:	19-08-2023
Name of the Event	:	Plastic Awareness
No. of Hours	:	01:30 AM To 04: 30 PM
Venue of the Event	:	Chinna Kakani Village
No. of Participants	:	Students: 89, Faculty: 02
No. of Beneficiaries	:	364

**Objective:**

The excessive use of plastic has become a significant concern in our community. Plastic waste can be seen littered in streets, parks, and water bodies. The problem is compounded by the fact that plastic takes hundreds of years to decompose, leading to environmental degradation and harm to wildlife. The plastic problem affects everyone in the community, and it requires collective responsibility to address it. We team KLEF-CEA conducting an event named PLASTIC AWARENESS on 19/08/2023 at Chinna Kakani Village.

**Description:**

The event sought to inform people of the harm that plastic causes to the environment and to persuade them to use eco-friendly alternatives. Activities for involving the community in the event included workshops, lectures, and awareness campaigns. The main objectives of the program were to decrease plastic usage and encourage sustainable living.

Destructive effects of plastic trash on the ecosystem and wildlife. Plastic can hurt animals if they mistake it for food and takes hundreds of years to degrade. Water supplies are also contaminated by plastic waste, which affects both human and animal health. The detrimental effects of plastic on the environment and wildlife emphasize how crucial it is to decrease plastic usage.

The KLEF\_CEA team led the event to raise awareness of plastic usage and its impact on the environment, people, and animals. And to use eco-friendly methods in order to decrease plastic usage in the Chinna Kakani Village.

**The procedure of the event:**

- ❖ The KLEF\_CEA team arrived at the destination.
- ❖ They divided into groups and spoke to the villagers of Chinna Kakani about the use of plastic and how it affects the environment, people, and animals.
- ❖ They also discussed the other eco-friendly alternatives.
- ❖ Finally, they answered all of the concerns about the damaging effects of plastic usage.

**Benefits:**

- Reduction of plastic pollution in the environment.

- People become more mindful of their plastic usage and may adopt habits such as using reusable bags, bottles, containers, etc.
- Conservation of resources
- Protection of wildlife by raising awareness on plastic.

### Outcome:

- In Chinna Kakani Village, the plastic awareness event has been effective in spreading awareness and lowering plastic consumption. The initiative has brought attention to the value of shared accountability in resolving environmental problems and encouraging sustainable living. The event's success shows that modest adjustments may have a big impact, and it reinforces the need for us to keep cooperating to safeguard the environment.
- The KLEF\_CEA team did a fantastic job planning the event to increase awareness, according to the students, who claimed that the event's overall goal was accomplished. The volunteers behaved themselves and were fairly amiable throughout the entire event.
