### **A report on “Bala Vikasam” 25/10/2024 & 26/10/2024** **at Z.P. High Schools, Ravendrapadu Peda Konduru** **Villages**

#### **Details of the Event:**

Date of the Event	:	25/10/2024 & 26/10/2024
Name of the Event	:	Bala Vikasam
No. of Hours	:	01:30 PM to 04: 30 PM
Venue of the Event	:	Z.P. High Schools, Ravendrapadu & Peda Konuru Villages
No. of Participants	:	Students: 80, Faculty: 03
No. of Beneficiaries	:	362

### **Description of the Event:**

On October 21, 2024, KLEF-CEA conducted the Bala Vikasam program, focusing on the crucial topic of "Bala Vikasam (Good Touch and Bad Touch)" at Z.P. High Schools in Ravendrapadu and Peda Konduru villages. This important initiative aimed to educate students about personal safety and the significance of understanding boundaries. Engaging sessions led by trained facilitators involved interactive discussions, role-playing scenarios, and visual aids to help students recognize safe and unsafe touch. The program empowered students with knowledge about their bodies, consent, and how to communicate effectively about their feelings and experiences. By creating a safe and supportive environment, the Bala Vikasam program equipped students with essential tools to protect themselves, fostering confidence and awareness in navigating their relationships and personal interactions.

### **Objectives:**

The objectives of the Bala Vikasam program focusing on "Good Touch and Bad Touch" are designed to educate and empower students regarding personal safety and awareness. Key objectives include:

1. **Awareness of Personal Boundaries:** To educate students about the concept of personal space and boundaries, helping them understand what constitutes appropriate and inappropriate touch.
2. **Recognition of Good and Bad Touch:** To provide clear definitions and examples of good touch (safe, comforting, and consensual) versus bad touch (unwanted, harmful, or inappropriate), enabling students to identify them in various situations.
3. **Empowerment through Knowledge:** To empower students with knowledge about their bodies and rights, fostering a sense of ownership and confidence in their ability to protect themselves.
4. **Communication Skills:** To develop students' communication skills, encouraging them to express their feelings and discomfort about touch to trusted adults or peers.

5. **Understanding Consent:** To instill the importance of consent, teaching students that they have the right to say no to any touch that makes them uncomfortable, regardless of the circumstances.
6. **Identifying Trusted Adults:** To help students identify and reach out to trusted adults—parents, teachers, or counselors—whom they can talk to about their concerns or experiences related to touch.
7. **Reporting Mechanisms:** To inform students about the importance of reporting inappropriate behavior and how to do so safely, creating an environment where they feel supported and heard.
8. **Building Confidence:** To build students' self-esteem and confidence, enabling them to assert their boundaries and speak up about their experiences without fear or shame.
9. **Promoting a Safe Environment:** To foster a safe and supportive school environment where students feel comfortable discussing sensitive topics related to personal safety.
10. **Encouraging Peer Support:** To encourage students to support one another in understanding and respecting boundaries, fostering a culture of safety and respect among peers.

These objectives aim to create informed, confident, and resilient individuals who can recognize and respond appropriately to issues of personal safety and boundaries.

#### **Outcome:**

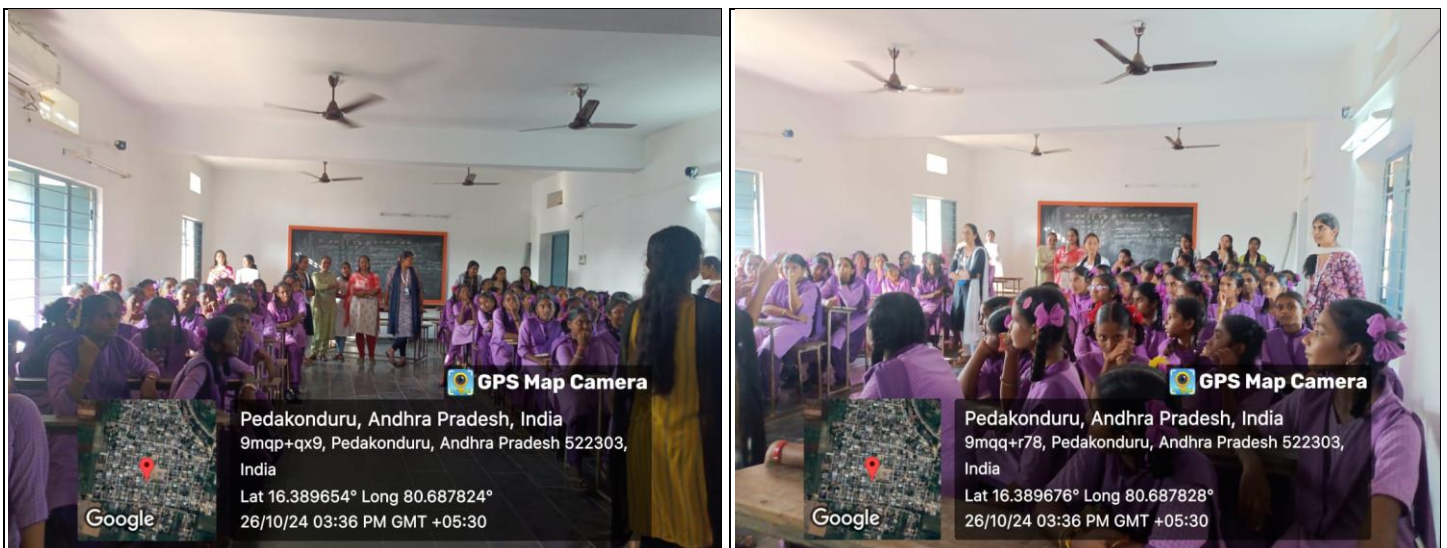

The outcome of the Bala Vikasam program focusing on "Good Touch and Bad Touch" is a significant enhancement in students' understanding of personal safety and body autonomy. Participants emerged with increased awareness of their rights regarding touch, recognizing the difference between safe and unsafe interactions. By actively engaging in discussions and activities, students gained confidence in expressing their feelings and setting personal boundaries. They also learned the importance of consent and how to communicate effectively with trusted adults about their experiences. Overall, the program

empowered students with essential knowledge and skills, fostering a supportive environment where they feel safe and capable of protecting themselves against inappropriate behavior, ultimately contributing to their overall well-being and confidence in navigating social interactions.

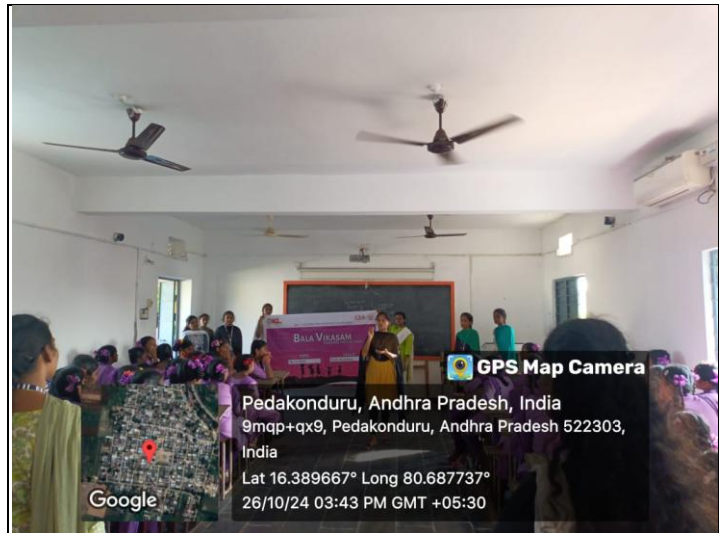

### **Impact of the Society:**

The Bala Vikasam program on "Good Touch and Bad Touch" has a profound impact on society by promoting a culture of safety, awareness, and respect for personal boundaries among children and the broader community. By educating young students about the nuances of safe and unsafe touch, the program fosters a generation that is more informed and vigilant about personal safety. This increased awareness empowers children to speak out against inappropriate behavior, ultimately leading to a reduction in instances of abuse and harassment. As students gain confidence in articulating their experiences and understanding consent, families and communities are encouraged to engage in open dialogues about personal safety, thereby strengthening protective measures and support systems. Additionally, the program cultivates empathy and responsibility among peers, as children learn the importance of respecting each other's boundaries. Overall, the societal impact of Bala Vikasam contributes to a safer environment for all, reinforcing the idea that every individual has the right to feel secure and respected in their interactions.
