Orders of the Vice Chancellor dt.30-10-2025 CIRCULAR

Sub: CEA Conduction of Industrial Visit 31-10-2025 at Ravendrapadu Village – Reg.

Ref: Letter dt. 29-10-2025 received from Dr. M. Subramanyam, Prof.Incharge, Centre for Extension Activities (CEA) and forwarded by Dean (Student Affairs)

This is to inform that the Centre for Extension Activities (CEA) of KLEF will be organizing the Industrial Visit 31-10-2025 at KLEF.

Event : Industrial Visit
Date: : 31-10-2025
Timings : 01:30 pm to 04:30 pm
Venue : KLEF

Interested Students can participate in the event.

Buses start from the Stadium.

For further information regarding this event contact Dr. M. Subramanyam (Mobile No. 9440446088), Prof.Incharge, (CEA) and Dr.S. Venkateswarlu, CEA- Coordinator, (Mobile No. 9052359906)

A report on “INDUSTRIAL VISIT PROGRAMME” 31/10/2025 at KLEF

Industrial Visit Programme KLEF

31/10/2025

Details of the Event:

Date of the Event : 31-10-2025
Name of the Event : Industrial Visit
No. of Hours : 01:30 PM To 04: 30 PM
Venue of the Event : KLEF
No. of Participants : Students: 86, Faculty: 06
No. of Beneficiaries : 165

Description of the Event:

KLEF-CEA organized an “Industrial Visit” Programme for the students of Z.P. High School, providing them with a valuable opportunity to explore the advanced facilities and innovative learning environment at KLEF. During the visit, the students toured various laboratories in the Mechanical Engineering block, including the Heat and Mass Transfer (HM), Fluid Mechanics (FM), Fabrication (FAB), and Robotics (ROBOT) labs. Faculty members and technical staff explained the functioning and applications of different machines and experiments, helping the students gain practical insights into engineering concepts. The visit aimed to inspire young minds towards science and technology while giving them firsthand exposure to modern engineering education and research infrastructure.

Objectives:

- To create awareness among school students about the practical applications of engineering concepts.
- To provide firsthand exposure to modern laboratories and advanced technologies used in engineering education.
- To inspire students to pursue higher education and careers in science, technology, and engineering fields.
- To bridge the gap between theoretical learning and real-time industrial and laboratory practices.
- To encourage curiosity, innovation, and experiential learning among the young students.

Outcome:

The “Industrial Visit” Programme for the Z.P. High School students resulted in a highly engaging and educational experience. The visit enhanced the students’ understanding of real-time engineering applications through demonstrations in the HM, FM, FAB, and ROBOT labs. They gained practical insights into how theoretical concepts are implemented in mechanical systems and robotics. The interaction with faculty members

and lab experts sparked curiosity and motivation among the students to learn more about science and technology. Overall, the programme successfully fostered enthusiasm for higher education and provided valuable exposure to the advanced learning environment at KLEF.

Impact of the Society:

The “Industrial Visit” Programme made a positive impact on society by motivating young students to explore the world of science, engineering, and technology. Through their visit to the HM, FM, FAB, and ROBOT labs at KLEF, the Z.P. High School children gained valuable exposure to modern innovations and practical learning environments, which broadened their understanding beyond classroom education. This initiative not only encouraged scientific thinking and career aspirations among rural school students but also strengthened the bond between educational institutions and the community, fostering a culture of knowledge sharing and technological awareness in society.
