**Description of the Event:**

KLEF-CEA in association with the Focus Club, jointly organized “RPA’s Think Forward with AI” on 23/01/2026 at Nagarjuna High School, Pedavadlapudi Village. The programme was conducted with the objective of creating awareness among 8th and 9th standard students about emerging technologies such as Robotic Process Automation (RPA) and Artificial Intelligence (AI). Resource persons explained the basic concepts of AI in a simple and interactive manner, highlighting how these technologies are shaping the future of education and careers. The session motivated students to think creatively, develop curiosity towards technology, and understand the importance of future-ready skills.

**Objectives:**

- ❖ To create awareness among 8th and 9th standard students about Robotic Process Automation (RPA) and Artificial Intelligence (AI).
- ❖ To introduce basic concepts of emerging technologies in a simple and student-friendly manner.
- ❖ To encourage logical thinking, creativity, and problem-solving skills among school students.
- ❖ To motivate students to develop interest in science, technology, and future career opportunities.
- ❖ To help students understand the importance of digital skills for future learning and careers.

**Outcome:**

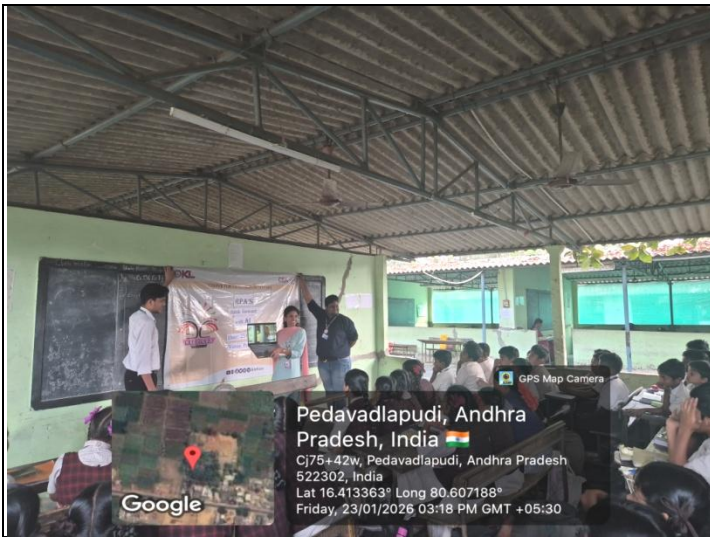

The “RPA’s Think Forward with AI” event organized for 8th and 9th standard students at Nagarjuna High School, Pedavadlapudi Village had a positive impact by enhancing students’ awareness of emerging technologies such as Robotic Process Automation and Artificial Intelligence. The programme helped students understand the relevance of AI in everyday life and future careers, sparking curiosity and interest in technology-driven learning. It also encouraged innovative thinking, improved problem-

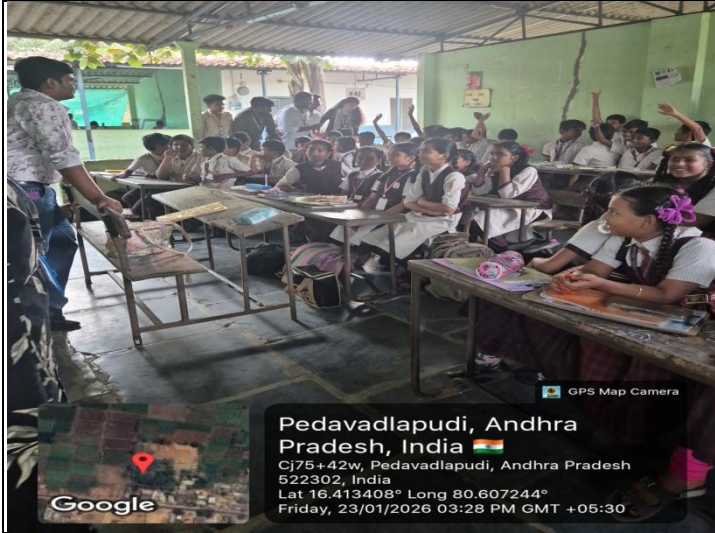

solving skills, and inspired students to prepare themselves for future academic and career opportunities in the digital age.

### Impact of the Society:

The “RPA’s Think Forward with AI” programme conducted for 8th and 9th standard students at Nagarjuna High School, Pedavadlapudi Village created a positive impact on society by promoting technological awareness at the grassroots level. By introducing young students to concepts of Artificial Intelligence and RPA, the event helped bridge the digital knowledge gap in the rural community and encouraged a culture of innovation and learning. The programme also sensitized students, teachers, and the local community to the importance of future-ready skills, contributing to the long-term development of a technologically informed and confident society.
