A report on “BASICS OF COMPUTER KNOWLEDGE” **17/02/2026 at Z.P. High School, Navvuluru Village**

Details of the Event:

Date of the Event	:	17-02-2026
Name of the Event	:	Basics of Computer Knowledge
No. of Hours	:	10:00 AM To 12: 30 PM
Venue of the Event	:	Navvuluru Village
No. of Participants	:	Students: 80, Faculty: 03
No. of Beneficiaries	:	339

Description of the Event:

KLEF–Centre for Extension Activities (CEA), in association with the Department of CSIT, jointly organised a programme on “Basics of Computer Knowledge” on 17/02/2026 at Z.P. High School, Navvuluru Village. The event aimed to introduce school students to fundamental computer concepts, including basic hardware and software components, operating systems, MS Office applications, internet usage, and digital safety practices. Faculty members and student volunteers provided interactive demonstrations and practical explanations to enhance understanding and interest among the participants. The session encouraged students to develop essential digital skills and created awareness about the importance of computer literacy in academics and future career opportunities.

Objectives:

- ❖ To introduce students to the fundamental components of computers, including hardware and software.
- ❖ To create awareness about basic operating systems and commonly used applications such as MS Office.
- ❖ To develop essential digital literacy skills required for academic and personal growth.
- ❖ To educate students on safe and responsible use of the internet and digital platforms.
- ❖ To motivate students to explore career opportunities in computer science and information technology.

Outcome:

The programme on “Basics of Computer Knowledge” at Z.P. High School, Navvuluru Village resulted in improved digital awareness and foundational computer skills among the students. Participants gained basic understanding of computer hardware, software applications, MS Office tools, and safe internet usage. The interactive demonstrations enhanced their confidence in handling computers and encouraged active participation. The session also motivated students to recognize the importance of digital literacy in their

academic progress and future career opportunities, thereby creating a positive impact on their learning attitude towards technology.

Impact of the Society:

The programme on “Basics of Computer Knowledge” at Z.P. High School, Navvuluru Village created a positive impact on society by promoting digital literacy among rural students and reducing the digital divide. By equipping students with fundamental computer skills and awareness of safe internet practices, the initiative empowered them to use technology effectively for education and communication. The knowledge gained not only benefits the students individually but also contributes to the overall development of the community, as digitally aware youth can support their families and society in accessing online services, information, and government schemes, thereby fostering social and economic progress.
