Description of the Event:

KLEF–Centre for Extension Activities (KLEF–CEA), in association with the Department of CSE-2, jointly organised a door-to-door campaign on “Awareness on Effects of Smoking” on 28/02/2026 at Nutakki Village. During the campaign, students and volunteers visited households and interacted with villagers to explain the harmful effects of smoking on health, including respiratory diseases, heart problems, and other serious illnesses. Informational pamphlets were distributed and people were encouraged to adopt a smoke-free lifestyle for the well-being of their families and community. The activity helped create awareness among the public and motivated individuals to avoid tobacco consumption and promote a healthier society.

Objectives:

- ❖ To create awareness among villagers about the harmful health effects of smoking and tobacco consumption.
- ❖ To educate people about diseases caused by smoking such as lung problems, heart diseases, and cancer.
- ❖ To encourage smokers to reduce or quit smoking for a healthier lifestyle.
- ❖ To inform families about the dangers of passive smoking, especially for children and elderly people.
- ❖ To promote a smoke-free environment and improve the overall health and well-being of the community.

Outcome:

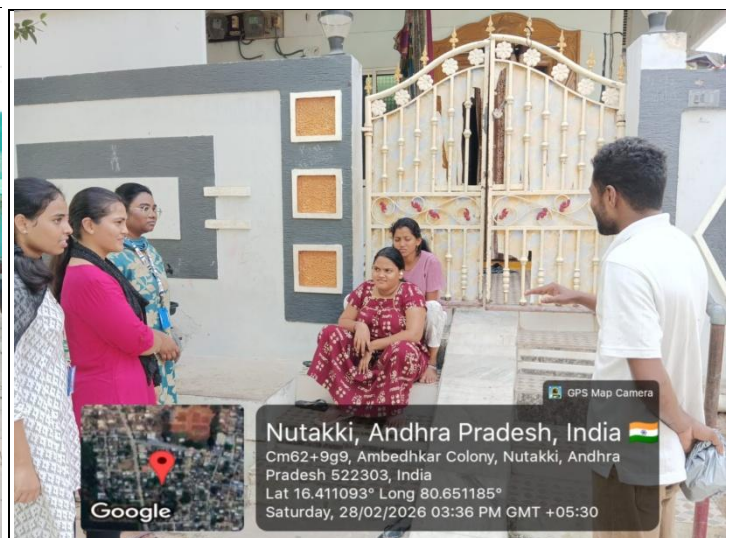

The door-to-door campaign on “Awareness on Effects of Smoking” conducted at Nutakki Village resulted in increased awareness among villagers about the harmful health impacts of smoking and tobacco use. Through direct interaction with households, students and volunteers educated community members about smoking-related diseases and the importance of maintaining a smoke-free lifestyle. Many villagers expressed interest in reducing or quitting smoking and appreciated the initiative taken by the organizers. Overall,

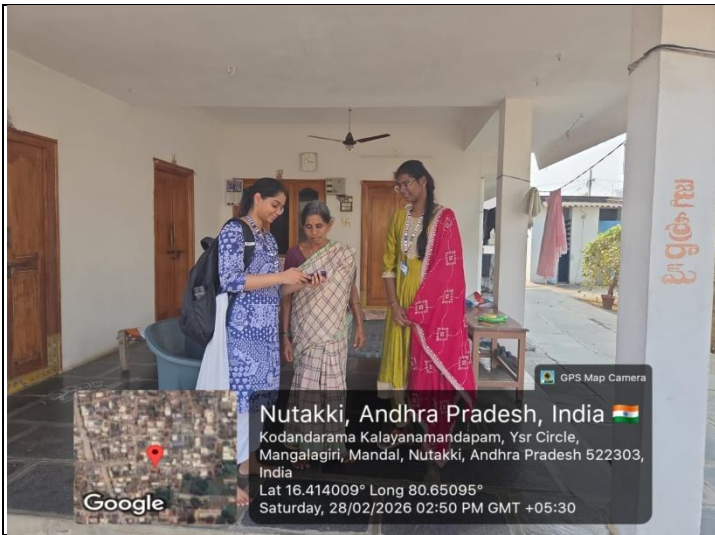

the campaign helped encourage healthier habits and strengthened community understanding about the importance of protecting personal and family health.

Impact of the Society:

The door-to-door campaign on “Awareness on Effects of Smoking” conducted at Nutakki Village had a positive impact on society by increasing public understanding about the serious health risks associated with smoking and tobacco use. The direct interaction with villagers helped spread important health messages and encouraged individuals to think about adopting a smoke-free lifestyle. The campaign also motivated families to discourage smoking within their households, thereby protecting children and other members from passive smoking. Overall, the initiative contributed to promoting healthier habits and building a more responsible and health-conscious community.
