Brief Overview on CEA

The **Centre for Extension Activity (CEA)** is an initiative that connects the institution with society through community-oriented programs. It encourages students to participate in social service, outreach activities, and humanitarian initiatives, helping them develop social responsibility and empathy along with practical life experience.

Objectives:

- To promote community engagement and social responsibility among students
- To organize extension and outreach activities for societal welfare
- To provide students with opportunities to serve vulnerable sections of society
- To inculcate empathy, compassion, and ethical values
- To strengthen the institution's connection with the community

Report:

A Centre for Extension Activity (CEA) community service programme on **Cyber Crime Awareness** was successfully conducted by Central CEA at **Nuthakki, Mangalagiri**. Students from the Department of BCA, KLEF actively participated in the programme. The primary objective of the programme was to create awareness among the local community about the importance of cyber safety, responsible digital practices, safe use of digital technologies, and secure use of online resources.

The BCA students actively participated in various activities during the programme. They interacted with the local residents and created awareness about the significance of cyber crime awareness and the need to protect themselves from cyber threats and online fraud. Students explained important cyber safety practices, including the use of strong passwords, two-factor authentication, safe browsing, avoiding suspicious links and messages, and protecting personal information. They also highlighted the importance of not sharing sensitive information online and avoiding unsafe online activities.

The programme created a meaningful and positive impact on both the students and the local community. Participation in the activity helped BCA students develop cyber safety awareness, teamwork, social responsibility, communication skills, and a better understanding of responsible digital citizenship. The interaction with the community encouraged residents to recognise the importance of protecting personal and digital information and using digital resources responsibly.

The programme successfully fulfilled the objectives of Central CEA by promoting **digital safety, cyber security awareness, community engagement, and social responsibility**. The active participation of BCA students contributed to the success of the Cyber Crime Awareness programme and encouraged the community at **Nuthakki, Mangalagiri** to adopt safe and responsible digital practices and remain vigilant against cyber threats and online fraud.

Outcome :

1. The programme enhanced students' awareness of cyber security and the importance of responsible digital citizenship.
2. Students gained practical knowledge about identifying and preventing cyber crimes, online scams, phishing attacks, and fraudulent communications.
3. The programme helped local residents understand the importance of safeguarding passwords, personal details, banking information, and other sensitive data.
4. The activity improved students' communication, teamwork, leadership, and community interaction skills.
5. The programme encouraged community members to use online banking, social media, mobile applications, and other digital services in a safe and secure manner.
6. The programme successfully achieved the objectives of the Centre for Extension Activity (CEA) by promoting cyber safety, digital literacy, social responsibility, and awareness among the community at Nuthakki, Mangalagiri.
