### **Report on “Creating awareness among girl students about Menstrual Hygiene” held on 01/10/2021 at Mangalagiri.**

#### **Description of the Event:**

Menstruations are the ultimate weapon of re creation. Apart from severe physical pain, menstruations require nurturing, care and especially no period shaming. Menstrual health plays a pivotal role in every girl's and a woman's life. Maintaining a balanced diet and ample exercising, aids for a good menstrual health. Hygiene during this period of time reduces many adverse affects of post adolescent and post menopause.

We team KLEF-CEA has successfully accomplished the event “menstrual hygiene” after some substantial ground works. The event was held with a motto of educating girls at their puberty to deal with the most common biological change that happens with their body that is, “periods”.

As a part of this event our volunteers interacted with the girls of municipal high school, Mangalagiri and enlightened them with the amount of care and nurturing that their body require during their menstruation. The event created awareness among many girls and encouraged them to share their concerns regarding periods without any embracements. This is a step taken towards the vision leading to “No period shaming”. The girls were educated about the necessity of sanitary napkins and the right manner to use them. They were also thought the ways to dispose the sanitary napkins. Our volunteers also projected a power point presentation in the class rooms showing the video elaboration regarding the usage of menstrual cups.

#### **Benefits:**

1. Educated young girls regarding menstrual hygiene and explained the science behind periods.
2. Addressed their problems and suggested few medically proved natural remedies.
3. A step against period shaming.

**Details of the Event**

**Name of the Event** : "Menstrual Hygiene"  
**Date of the Event** : 01/10/2021

### **Report on “Books for the Seeking Minds” by conducting event called “Pushakdhan” on 13, 17, 24, September 2021 at Patamata, Guntur, Gandhi Nagar, Krishna Lanka, Guntur & Mangalagiri, Vykunatparam & Katevaram**

#### **Description of the Event:**

We team CEA has conducted an event “Pusthakdhan” to distribute books to the needy people. Used books are collected from the students, faculties, and laboratories. Bins are placed at every block of the campus so that everyone can donate their books. We took unused papers from these books to make new ones. These new books were distributed on 13/09/2021, 17/09/2001 and 24/09/2021 at few organizations near Vijayawada and Guntur.

#### **Benefits:**

- We are able to donate books to the needy children.
- We reused books.
- We explained the importance of paper recycling to the children.

### **Report on “Healthy Life: Fit and Strong Forever” by conducting “Svastya” program on 25/09/2021 at Vaddeswaram Village**

#### **Description of the Event:**

Health is the primary aspect that thrives on the well-being of mankind. Maintaining health and Body Mass Index by following various norms, fitness activities, food habits and lifestyle changes plays a vital role and thereby promotes prosperity and haleness.

As a part of this event, we visited Z.P High school in Vaddeswaram Village and taught the students over there the necessity of hygiene, health, food habits to be included in daily diet, fitness awareness.

- ❖ We had played an animated video for the kids for a simpler and joyful mode to create awareness regarding health and fitness.
- ❖ Few of our volunteers had performed certain primary fitness exercises in front of the students and explained its benefits and also made the students do some of the exercises.
- ❖ As a part of the event, some competitions were held among the students of the school and prizes were awarded for the winners. (Running race for boys of classes 7 and 8, skipping competition for girls of classes 7 and 8).
- ❖ Rewards were awarded also for the students who actively participated in the interactive session of health and fitness awareness.

#### **Event Beneficiary:**

- This event greatly aided to increase the awareness among the students.
- Students have learned various fitness exercises, food habits to be inculcated in their regular diet.
- This event helped students to clear their doubts regarding food and diseases through the interactive session held.

### **Report on Empowerment Avenue: Strengthening inner power through “Bala Vikasam” on 01/10/2021 at Vaddeswaram Village**

#### **Description of the Event:**

As the students in schools to get the motivation themselves it means the girls problems should know themselves and should know how to solve themselves. So, we the team CEA (Center for Extension Activities) conducted an event called BALA VIKASAM in Z.P high school, Mangalagiri.

The event is the one which is very useful for them to protect themselves from their problem and motivate with the help of Dr.Sumathi (Psychologist). By this event the children are given their response and discuss their problem with madam and team CEA. So, there solve their problem with is facing in the real world.

#### **Benefits:**

- By the event we educated the school student about GIRL PROBLEMS
- By the event we educated how to behave in real world
- By this event we educated how to motivate and how to solve problem which is phasing at present situation.

### **Report on “Switching to Savings: A guide to electricity conservation ” by conducting “Conservation of Electricity” program on 21/11/2021 at Nutakki Village**

KLEF-CEA volunteers identified the main problem in the society for conservation of Electricity. All the generated of electricity is getting exhausted.

In this regard our CEA would like to extend its support to create the awareness regarding the consumption of electricity and how to conserve each and every unit of power wasted by us which will be useful for the future generations.

CEA volunteers would like to start this with the schools. All volunteers will go to the particular school and collect the details about the electricity consumption.

The children of school would have to provide the details of number of units of power consumed for the previous month and after one month we will again collect the details of powerconsumed after adopting conservation methods.

Finally the difference of the bills of the two months will provide the number of units conserved by the individual. This process will also be continued in other schools.

Through this event if 1 person consumes two units/day, these statics would provide people with the information which helps in reducing the electricity consumption to the maximum potential

### **Report on “Awareness on environment” by conducting “Little Green Inches” program on 01/10/2021 at Mangalagiri.**

**AIM:** To inculcate environmental awareness in children.

#### **Description of the Event:**

Nature is beautiful and needs to be preserved. Nature, when taken care of, provides us with everything we need but it can also express its fury if exploited. Lately, we have witnessed the fury with the forest fires, drought, excessive rainfall and its attendant problems. Excessive pollution and exploitation of resources is also causing immense environmental damage.

An important thing is though we cannot reverse the effect of our actions, we can work towards restoring the damage done.

To encourage this concept, Team KLEF-CEA has organized an event called “Little green inches” on 1<sup>st</sup> October 2021.

#### **As a part of the event, we have performed the following:**

- \* Teaching the students some simple and best ways to grow their own garden with waste to turn it in to best with effective visualization using power point presentations.
- \* Our volunteers showed them some of the techniques practically by supervising and instructing them while doing the process.
- \* We had distributed some plants to the students and asked them to plant them thereby promoting environmental awareness and enthusiasm among the children towards planting and agriculture.

#### **Benefits:**

- 1) We promoted environmental awareness among students.
- 2) We brought awareness and also promoted greenery in their school premises and home.

## Details of the Event

Name of the Event	:	"Little Green Inches"
Date of the Event	:	01/10/2021
Time	:	10:00 am to 1:00pm

### **Report on “The Green Agenda: Greener World” by conducting event called “Green Brigade” on 14/08/2021 at Kolanukonda Village**

#### **Description of the Event:**

Green India is not just clean India but also healthy India. Planting at least one tree in increases the lifespan of not just humans but also different existing creatures on earth. To encourage this concept, Team KLEF-CEA has organized an event called “Green Brigade” on 14<sup>th</sup> August 2021.

In this event, we the volunteers of CEA have visited the Kolanukonda village and donated fruit bearing plants like Pomegranates, Guava etc and asked them to plant those saplings. We also told them importance of planting. The event was conducted successfully. We distributed around 200 plants approximately.

#### **Benefits:**

1. People of kolanukonda village got to know about the importance of plantation.
2. By planting, we helped in increasing greenery in that village.

### **Report on “Clothes Support: Helping the Needy” by conducting “Vasthradhan” program on 13, 17, 24, September 2021 at Patamata, Guntur, Gandhi Nagar, Krishna Lanka, Guntur & Mangalagir, Vykunatparam & Kateveram**

#### **Description of the Event:**

After an extensive survey and all the inputs received, CEA has successfully accomplished the benevolent event 'Vasthradhan' at the places where the need was prime. Not a single metre of cloth has been wasted; every bit of cloth donated has been put into a needful, deserved hand. The satisfaction of giving away a pair of clothes knowing that they will be put to good use weighs more than simply owning them. So, the team CEA has conducted an event in the University by collecting old clothes or accessories from the students and distributed in various Orphanages, and Slum areas to the needy people from 13/09/2021 to 24/09/2021.

#### **Benefit Places of Distribution:**

## **Report on "Pathfinder: Guiding your future" through "Career Guidance" program on 05.07.2021 online event at KLEF.**

### **Description of the Event:**

Career guidance would be of utmost help for every student's life. It helps the students to understand their strengths and weaknesses and accordingly match them with their skills and interests in a way that they get a best suitable career choice. One wrong choice on the path of career not only causes a vain in a lot of money but also implies for the wastage of precious years.

We team KLEF-CEA, had conducted an event named CARRIER GUIDANCE, on July 5th, 2021. In this event we had floated one Google form and we have collected the data from students regarding their passions and to which platform of further education they are willing to step into.

People are asked to join the WebEx link to in which expertise references and advices from the speaker. We had Dr. J Somlal, HOD EEE dept of KLEF. Speaker had discussed the pros and cons on the webinar and helped many students to gain an awareness regarding many aspects of their career path.

- A PPT was presented by the speaker.

### **Event Beneficiary:**

- ❖ This event helped the 10th standard and intermediate students to clarify their queries.
- ❖ This helped the participants to get more acknowledgements about the ways and flow of their education in the right path.
- ❖ The speaker addressed many doubts posed by the participants and discussed their weaknesses and strengths which aided them with good evaluation on the path they wanted to follow in the mere future indulging their passion.
- ❖ The event had helped many aspirants to lay a bright future accomplished by various benefits of the careers they were about to choose.
