HOBBY CLUBS

POST COVID TIMES

Date: 29/08/2020

Time: 5:00 PM - 6:00 PM.

Venue: Zoom meetings

We, the team Hobby Clubs conducted an essay writing competition. In this event, the participants were made to present their writing skills on theme POST COVID TIMES. There were a good number of responses from the students on this theme and their writing and thinking skills are amazing.

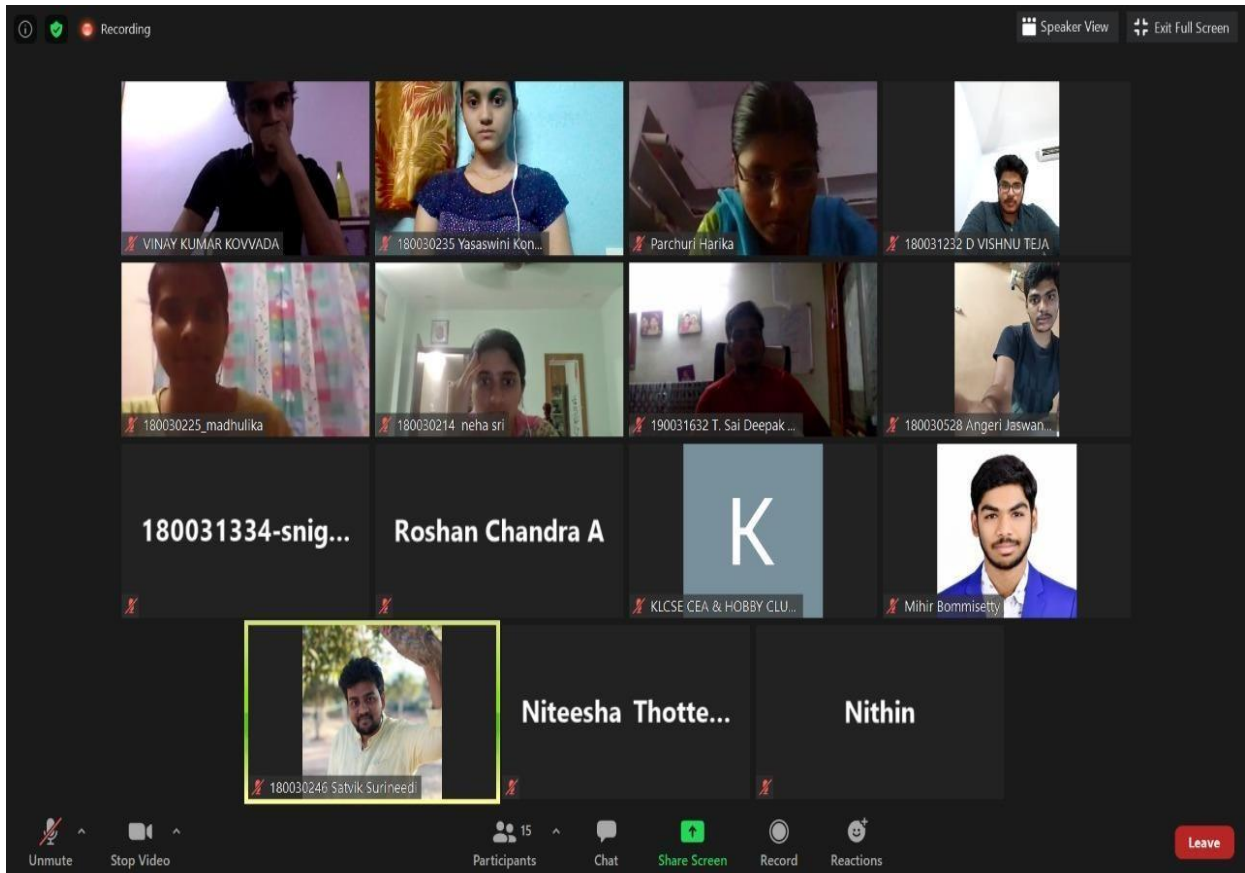

The poster for the essay competition features a central illustration of a young boy with a thoughtful expression, sitting at a desk with books and a pencil holder. Above him is a large question mark. The background is orange with faint letters and symbols. Logos for KL University, Vachas, and KJ Somaiya Institute of Engineering & Information Technology are visible in the top corners.

**Essay On
POST COVID
TIMES**

5:00 PM - 6:00 PM **29th August 2020**

Due to this pandemic, the team of CEA and hobby club Vachas conducted this competition in zoom app.

PRIZE DISTRIBUTION:

Team Hobby Club along with CEA has conducted an Essay writing Competition. It was a great event to the whole team of CEA. It showed how students are interested and curious towards exploring and showcasing their talent. This helped an individual to develop their writing skills.

The winner of this competition is P. Harika from CSE Y18 batch.

This is winner's essay.

Post Covid Times

P Harika
180030647

The Coronavirus disease is wreaking havoc across the world and it is far from clear how long it will last. The full extent of damage for both economic and non economic sectors may not be known for a while. The Covid-19 pandemic is turning out to be a pivotal moment in how countries, companies and people are responding to the crisis.

The post Covid world will be extremely unequal because the wealth creation was stagnated for most of the people in the world now.

The pandemic has pushed the economy into the recession which means growth starts shrinking. So it is expected to be rise of prices for the commodities. According to International Monetary Fund (IMF) there will be shrink of global economy by 31. Amid gloomy projections during and because of pandemic, one of the few bright spots is the agriculture sector. There

There is a chance to boost economy with the agriculture sector. In this pandemic, there is an implementation of online education system. So, even after the Covid the usage of technology will not be declined. During the pandemic, many

HOBBY CLUBS

EXPERT TALKS

Date: 08-09-2020

Time: 7:00pm-8:00pm

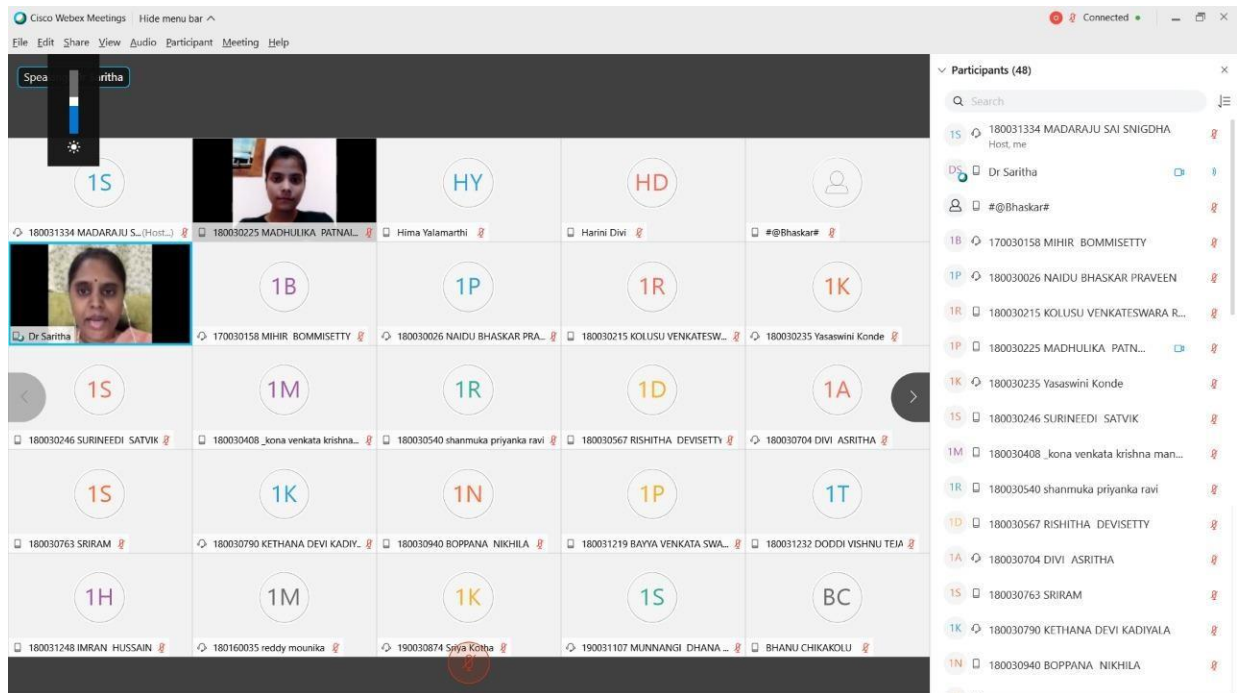

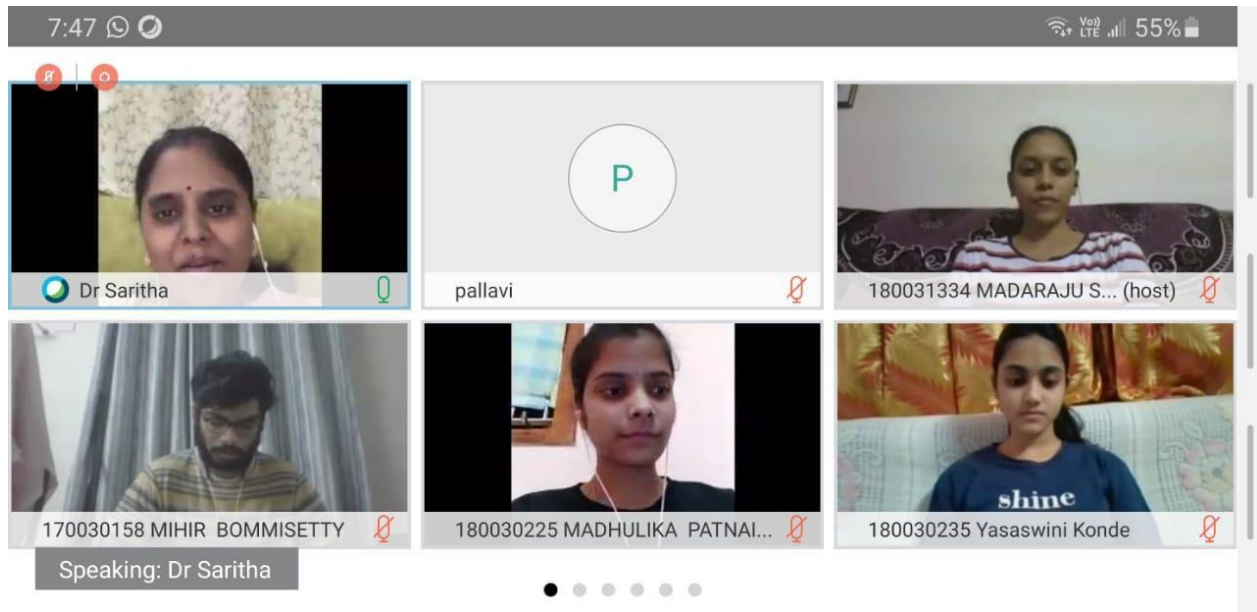

Venue: Webex

We, the team **KL CSE Hobby Club** conducted an online session “**EXPERT TALKS**”. It was conducted

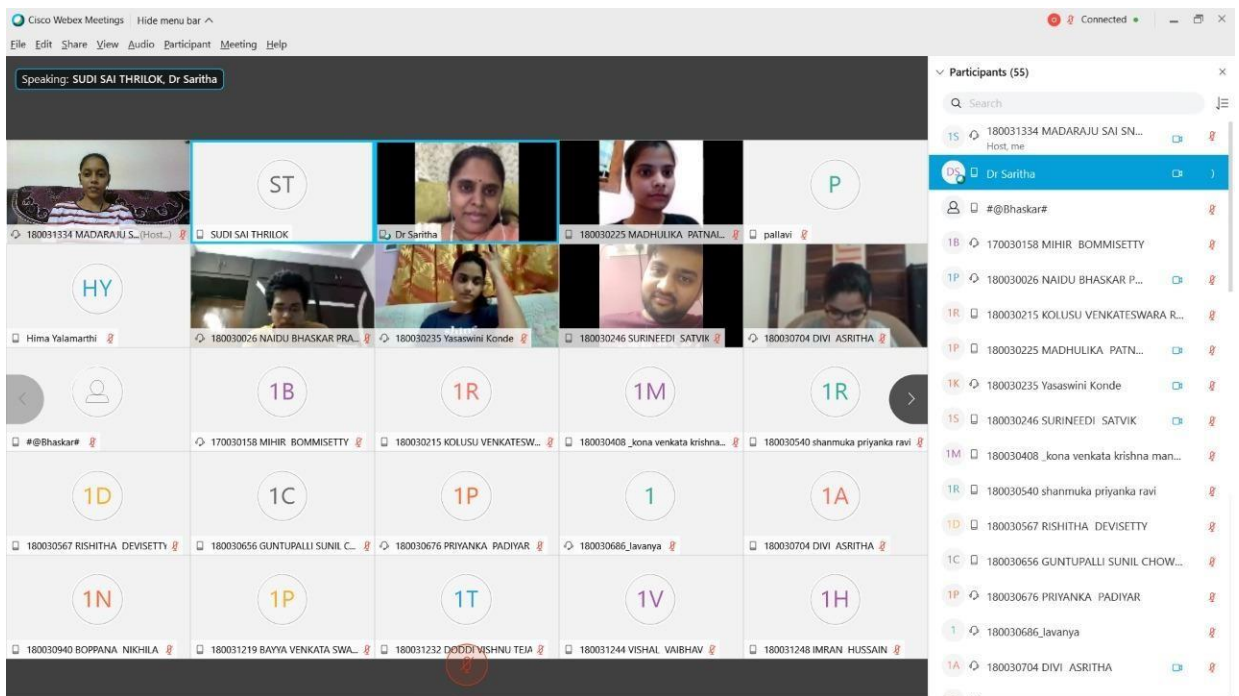

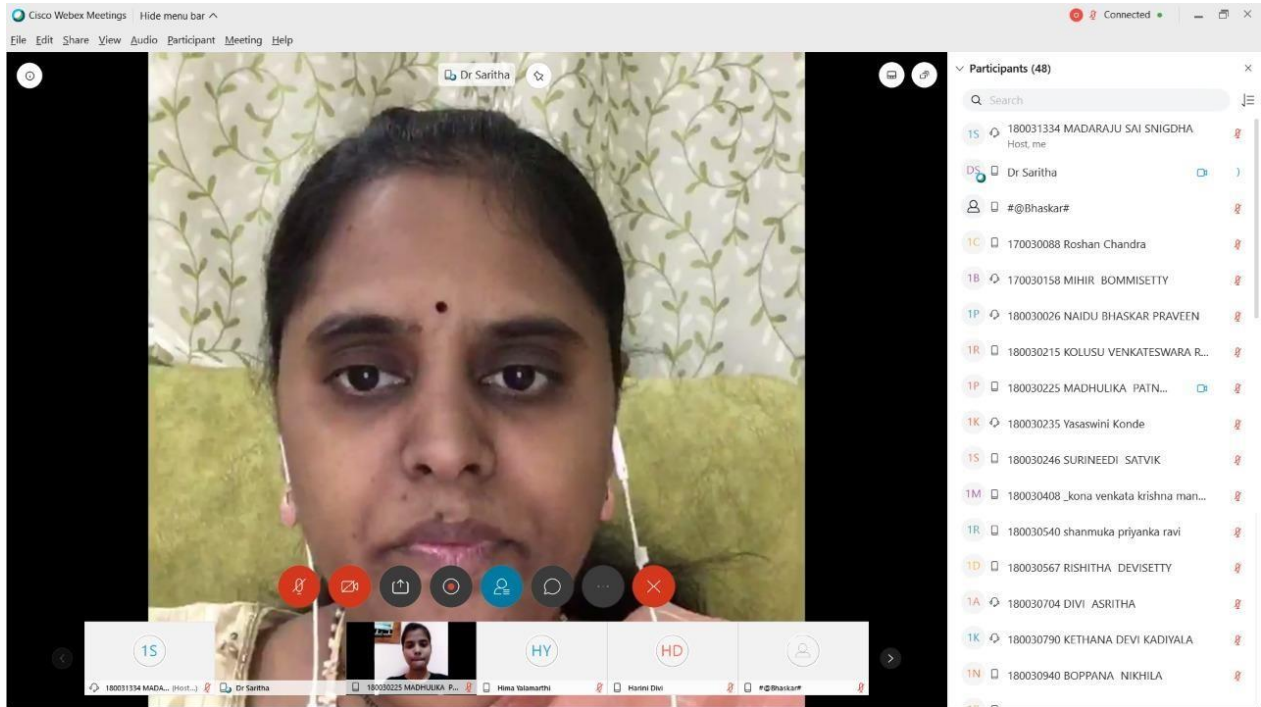

by seeing the rise of Covid-19 cases across the country and about dealing with stress and complications that are being faced by students nowadays. It was an awareness cum interaction talk event. This was all possible with the help of **Dr. SARITHA KAKANI** (MBBS , F. Diab , D. Diab, PGDD) who is currently working in Dr. Mohan’s Diabetes Specialties Centre, Vijayawada as Consultant Diabetologist. Attendees got to know much more about COVID -19, the process of how to cure it, avoid it and she also told what all new ways have come to cure it.

The 1 hr session went very smoothly and we had positive reviews of the event. And we hope we can get more opportunities like this to conduct awareness event .

SOME PICTURES FROM THE SESSION

After the enthusiasm of the attendees as the questions were ranging from Russian vaccines to plasma therapy which took the level of interest and enthusiasm to higher level.

HOBBY CLUBS

SPIRIT OF THE PORTRAIT

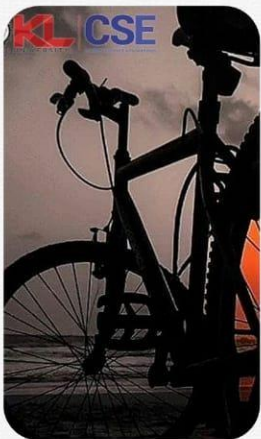

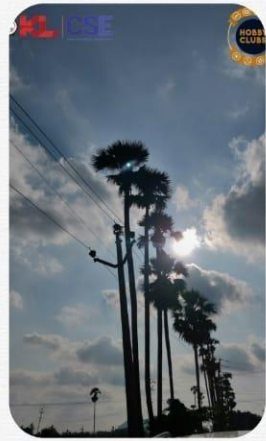

Date: 11-09-2020

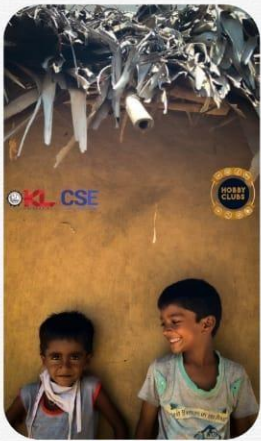

We, the team **KL CSE HOBBY CLUBS** conducted photography contest “**SPIRIT OF THE PORTRAIT**” to give students observation an opportunity. Photography is all about finding something interesting in an ordinary place. It has little to do with the things we see and everything to do with the way we see them. 40 students participated in this competition with zeal. These interesting pictures — from strangest moments to nature's greatest wonders — will remind you that the world we share is even more astounding than you knew. We crunched the numbers to determine the most-viewed pictures and the results were fascinating given their breadth and depth in subjects.

We had positive reviews of the event. And we hope we can get more opportunities like this to explore student’s talent.

ART UNLIMITED

Date & Time: Submissions accepted till 10.00 PM on 25-09-2020

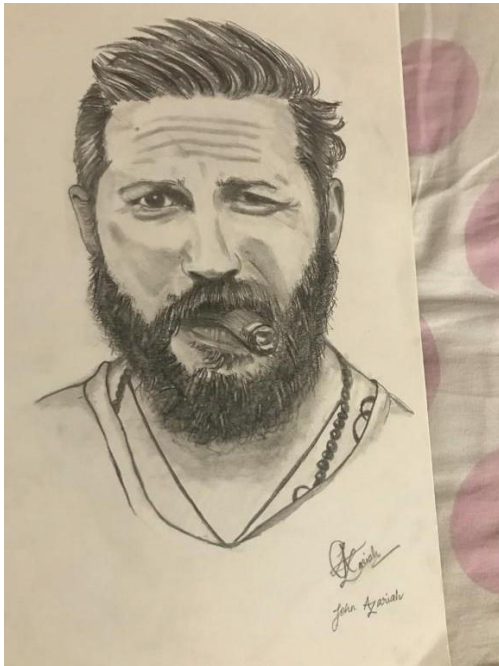

ABOUT ART UNLIMITED:

It is only to those ardent souls that Art opens its doors. Not everybody can turn large white sheets into iconic masterpieces framed in gold, fought for in million-dollar auctions and showboated as rare possessions. But it is every human's right to express their emotional depth and gratify a latent hunger for a stage to exhibit their world to the audience. Once the zeal is fuelled by a significant opportunity to shape reality, the world will be treated to a display of sheer brilliance and paradigm-changing conceptions. Though Art is not always perceived to be an immediate solution to any baffling adversity, it can definitely change perspectives over time and with the right amount of patience, working like an organic medicine rather than an instant pain killer. In this world subsumed in a mayhem, Art offers a peaceful pause to an incessant race. A getaway from an enervating struggle to avoid suffocation in the barrel of regularity and cut-throat competition.

This service is what KL CSE-Hobby Clubs jointly planned to provide the students with, as a way to let their regular exhaustion out of their minds onto the paper, and also to rejuvenate their creative spirits by putting their brushes to test. Art Unlimited has been meticulously planned and organized with the team putting their best efforts to carry out the activities. The motive to lay a platform for the student talents to bring revelry is in itself a great venture. Added to that is the wonderful execution of the event, which made it all that much memorable. A link to send their submissions was kept available to the participants till 10.00 PM on 25th September, 2020. This led to many great pieces of art being submitted as a part of the competition and a subsequent evaluation has been conducted to decide the Winner and Runner.

PRIZE WINNERS:

Winner:

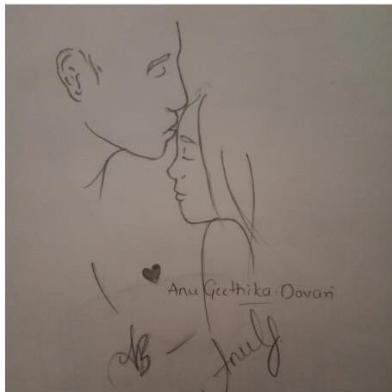

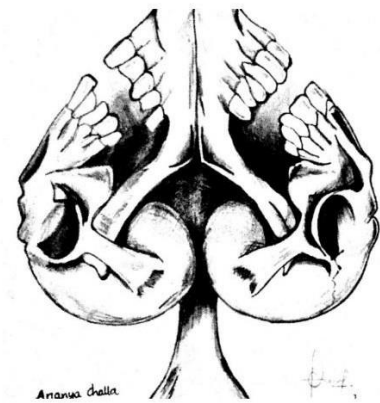

John Azariah, 190031929, KL University

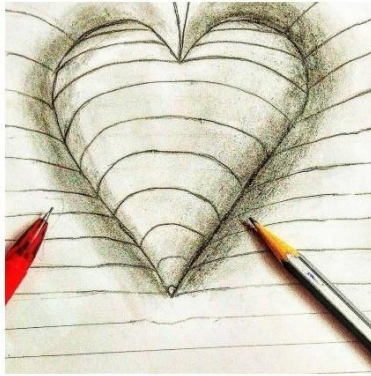

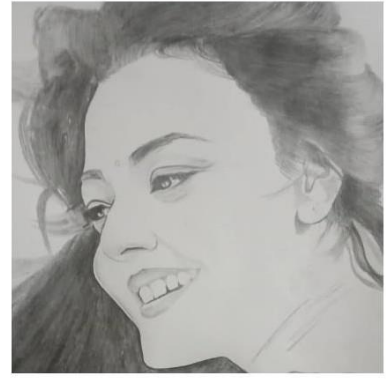

Runner:

Rupa Gannamani, 180031165, KL University

SHAPE THE SCRAP

Date & Time: 10 PM on 03.10.2020 (Submissions closed)

ABOUT THE EVENT:

Only humans have the power of thought to turn boulders into buildings and garbage to glory. It is a thought that makes all the difference and vision that doesn't bear any similarity with that of the ignorant. When watching through the prism of innovation and creativity, life shows its new facet and a wonder takes birth. A platform to showcase unparalleled levels of creativity and a remarkable desire to bring life back to the thrown ones, is what KL CSE-Hobby Clubs aimed to provide the students through the event "Shape the Scrap". It is an event involving the participants shaping waste materials into creative structures and submitting their involvement to the team. Participants have brought out the artists inside them with this activity and enthusiastically taken part.
