CIRCULAR

Sub: Organizing event "Capture the Flag" for the students of Computer Science and Engineering, of Vaddeswaram Campus of KLEF - - Reg.

Ref: Letter received from Dr.T.PAVAN KUMAR, HOD-CSE, K L UNIVERSITY.

This is to inform that the Department of Computer Science and Engineering, KLEF, is Organizing a "Capture the Flag" for the students of Computer SCIENCE AND Engineering, Vaddeswaram Campus of KLEF on "14.08.2019", as detailed below:

Event Name : Capture the Flag

Date : 14.08.2019

Venue : Jasmine Hall

ALL the Students of CSE, are invited to attend this Program.

Dy-HOS's & Year Professor in charges are requested to bring this information to the attention of all CSE students and encourage them to participate in this program.

Capture the Flag

Dates: 14.08.2019

Introduction: The Computer Science and Engineering Department at KLEF, in partnership with FOCUS, the student association, organized a thrilling and intellectually stimulating event called Capture the Flag. This event was designed to foster individual learning, problem-solving skills, and strategic thinking among participants.

Objective: Capture the Flag aimed to challenge participants to solve complex problems by breaking them down into smaller sub-statements, promoting a systematic and methodical approach to problem-solving.

Event Structure: Capture the Flag was a solo event where participants tackled a large problem statement consisting of multiple sub-statements. Each sub-statement was intricately linked, requiring participants to solve them sequentially. The flow of the problem statement continued until the final round, where the last sub-statement was to be solved. The participant who successfully solved the entire statement first emerged as the winner.

Event Highlights:

- **Solo Challenge:** Participants embarked on a solo journey to unravel the problem statement, showcasing their individual talents and problem-solving abilities.
- **Sequential Problem-Solving:** The event encouraged participants to adopt a systematic approach, as the solution to each sub-statement paved the way for the next challenge.
- **Strategic Thinking:** Participants were required to strategize and prioritize their efforts effectively to navigate through the problem statement and emerge victorious.

- **Winner Determination:** The participant who successfully solved the entire statement first was declared the winner, highlighting their ingenuity and perseverance.

Participant Feedback: Participants appreciated the unique format of Capture the Flag, which provided them with an opportunity to test their skills in a challenging yet rewarding environment. They found the event to be engaging and intellectually stimulating, enhancing their problem-solving abilities and strategic thinking.

Conclusion: Capture the Flag was a resounding success, achieving its objective of promoting individual learning and problem-solving skills among participants. The event showcased the department's commitment to nurturing talent and fostering a culture of innovation and excellence in Computer Science and Engineering.

Acknowledgments: The organizers extend their sincere gratitude to all participants for their enthusiastic participation, as well as to the faculty members and volunteers who contributed to the success of Capture the Flag.

RULES

1. Using of Cell phones and electronic gadgets are restricted if found disqualify from the event
2. Change in tab leads to disqualify from the event
3. Malpractice is prohibited.
4. No discussion between the participants.
