Drone Piloting Simulation

Date: 21.07.2022

Venue: C-609

Organizing Department: Computer Science & Engineering

DETAILS OF THE EVENT:

OBJECTIVE:

To train the participants on how to pilot a drone and bring awareness about drone regulations.

OUT COME:

The participants were trained on how to pilot a drone and also given an understanding of drone piloting regulations in India.

REPORT:

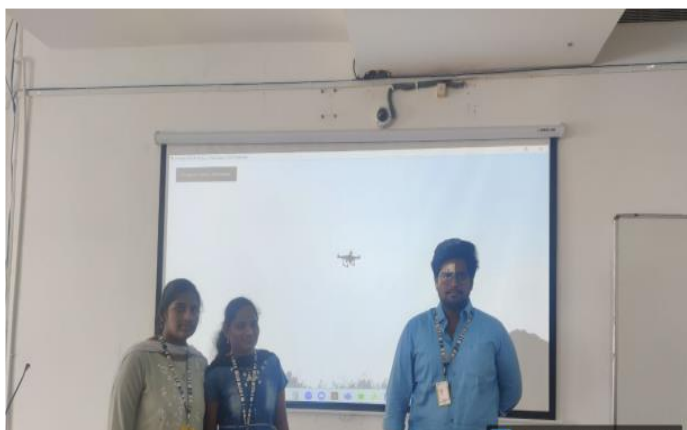

Fig: Students Demonstration on Drone Technology @ 21.07.2022

Drone Piloting Simulation: An Immersive Experience into Aerial Innovation. This hands-on simulation provides a comprehensive introduction to the world of drone piloting. Participants will delve into the fundamentals of drone technology, exploring its mechanics, functionalities, and practical applications in diverse industries. Through flight simulations and piloting exercises, attendees will gain first-hand experience in drone operation, including navigation, control systems, and safety protocols. They will also participate in case studies and demonstrations showcasing the transformative potential of drones in fields such as agriculture, filmmaking, and disaster management. The simulation emphasizes the ethical and regulatory considerations surrounding drone use, equipping participants with the knowledge necessary to operate drones responsibly and in compliance with industry standards. By the end of the event, attendees will have a solid understanding of drone technology and its practical applications, empowering them to utilize this cutting-edge technology for innovation and problem-solving.
