### Orders of the Hon'ble Vice-Chancellor

#### CIRCULAR

Sub: Organizing event "Django Session2" for the students of Computer Science and Engineering, of Vaddeswaram Campus of KLEF - - Reg.

Ref: Letter received from Dr.T.PAVAN KUMAR, HOD-CSE, K L UNIVERSITY.

This is to inform that the Department of Computer Science and Engineering, KLEF, is Organizing a "Django Session2" for the students of Computer SCIENCE AND Engineering, Vaddeswaram Campus of KLEF on "04.08.2022", as detailed below:

Event Name : Django Session2

Date : 04.08.2022

Venue : C207

ALL the Students of CSE, are invited to attend this Program.

Dy-HOS's & Year Professor in charges are requested to bring this information to the attention of all CSE students and encourage them to participate in this program.

To

All the Students (By Mail)

  
Registrar

All CSE Faculty (by MAIL)

## Django 2

Date: 04-08-2022

Venue: C-207

Organizing Department: Computer Science Engineering

### DETAILS OF THE EVENT:

#### OBJECTIVE:

To introduce Django as a high-level Python web framework, emphasizing its importance in building secure and interactive web applications, particularly focusing on the creation of a basic login page to

#### OUT COME:

The outcome of the session appears to be an introduction to Django, emphasizing its significance in modern web development, particularly in building secure and interactive web applications. The session focuses on the importance of user authentication in safeguarding sensitive information and personalizing user experiences, highlighting Django's strengths in this regard.

#### REPORT:

In this session we mainly focused on introduction of Django, as in the ever-evolving landscape of web development, building interactive and secure web applications has become a central focus. As more and more services migrate to the digital realm, user authentication plays a pivotal role in safeguarding sensitive information and personalizing user experiences. This is where Django, a high-level Python web framework, shines. We will delve into the fundamentals of building a basic login page in Django, exploring the essential components and

steps involved. And, on the creation of basic login page as login page in Django is a fundamental step in web application development.

Django's powerful features, coupled with its security-conscious design, make it an excellent choice for implementing user authentication systems. By following the outlined steps, developers can ensure data privacy, user security, and personalized experiences for their web application users. As the digital landscape continues to evolve, Django remains a reliable and versatile tool in the hands of web developers, enabling them to build secure, feature-rich applications efficiently.
