Exploring CIS Course and AWS Cloud Practitioner Certification

Date of the Event: **07th February 2023**

Venue: R&D Auditorium

Organizing Department: Computer Science and Engineering

Event Description:

Objective:

The objective of the session was to familiarize Y22 students with the Cloud Infrastructure Services (CIS) course, particularly emphasizing its alignment with the AWS Cloud Practitioner Global Certification. Through the insights shared by esteemed speaker Dean Academics Professor Hari Kiran Vege, students gained a comprehensive understanding of the course structure, its relevance in the industry, and the benefits of pursuing certifications such as AWS Cloud Practitioner.

Dean Academics Professor Hari Kiran Vege led the session, providing valuable insights into the CIS course and its correlation with the AWS Cloud Practitioner Global Certification. With his extensive expertise in academia and industry, Professor Vege elucidated the importance of cloud infrastructure services in today's technology landscape and highlighted the significance of relevant certifications for students' career advancement.

Session Overview:

The session commenced with an introduction by the organizers, emphasizing the growing relevance of cloud computing and the importance of acquiring relevant skills and certifications in this domain. Dean Academics Professor Hari Kiran Vege then took the stage, delivering an insightful presentation on the CIS course and its integration with the AWS Cloud Practitioner certification.

Professor Vege provided an overview of the CIS course curriculum, which covers essential topics such as cloud computing fundamentals, virtualization, storage, networking, security, and scalability. He highlighted the practical aspects of the course, including hands-on labs and real-world case studies, designed to equip students with practical skills required in the industry.

Moreover, Professor Vege underscored the alignment of the CIS course with the AWS Cloud Practitioner certification, emphasizing its recognition and value in the job market. He elaborated on the benefits of AWS certification, including enhanced career prospects, credibility among employers, and opportunities for career advancement in cloud computing roles.

The session concluded with a Q&A segment, allowing students to seek clarification on course details, certification pathways, and career prospects in cloud computing. Professor Vege addressed the queries with precision, providing valuable guidance to the students and encouraging them to embark on their journey towards becoming proficient cloud practitioners.

Conclusion:

The session for Y22 students on the CIS course proved to be highly informative and engaging, thanks to the insightful presentation delivered by Dean Academics Professor Hari Kiran Vege. Students gained a deeper understanding of cloud infrastructure services and the significance of pursuing certifications like AWS Cloud Practitioner.

The event served as a catalyst for students to explore opportunities in cloud computing and equipped them with the knowledge and motivation to pursue the CIS course and relevant certifications. Overall, it was a valuable initiative by the Focus Official Student Body of CSE and the Faculty Team, fostering student learning and professional development in the rapidly evolving field of cloud technology.
