NetWave Session

Date of the Event: 27th November 2022

Venue: C321

Organizing Department: Computer Science and Engineering

Event Description:

Details of the Event:

The NetWave event, held in C-Block on November 27th, 2023, aimed to showcase the latest trends and innovations in broadband networks. It served as a platform for students to engage in discussions, demonstrations, and hands-on activities related to the rapidly evolving field of network technology.

Participation Highlights

1. Student Presentations

Students actively participated in presenting their research findings, innovative projects, and insights into broadband networks. The presentations covered a wide range of topics, including emerging technologies, network security, and the future of high-speed internet.

2. Technical Demonstrations

Several students demonstrated practical applications of broadband networks, showcasing real-world scenarios and hands-on experiments. These demonstrations not only enhanced the learning experience but also provided a platform for networking enthusiasts to interact and exchange ideas.

3. Interactive Workshops

The event featured interactive workshops conducted by industry experts and experienced faculty members. Students had the opportunity to delve into specific areas of interest, gaining practical skills and in-depth knowledge about the intricacies of broadband networks.

Recognition of Outstanding Contributions
