## Y21 & Y22 Mega Hackathon Event

**Date of the Event:** 04/01/2023 & 05/01/2023

**Organizing Department:** Computer Science and Engineering

**Event Description:**

**Details of the Event:**

The Y21 and Y22 Mega Hackathon event organized by the FOCUS - OFFICIAL STUDENT GOVERNANCE BODY OF CSE, featuring students from CSE-HONORS, CS&IT, and AI&DS branches. The event, focused on developing skill development projects under the themes of MSWD (Mern stack web- Development), PFSD (python full-stack Development), and JFSD (Java Full-stack development with micro services), took place from November 4th, 9:30 AM, to November 5th, 12:30 PM.

It was an exciting and innovative initiative designed to foster creativity, collaboration, and skill development among students specializing in Computer Science and Engineering. The event aimed to provide a platform for students to apply their knowledge, gain practical experience, and explore new horizons in the fields of software development.

**Key Event details:**

**Participation:**

The Y21 and Y22 Mega Hackathon event drew an impressive turnout of 4,200 students hailing from the CSE-HONORS, CS&IT, and AI&DS branches. This substantial attendance not only underscored the event's popularity but also served as a testament to the unwavering enthusiasm and dedication of the student community to the cause of technology innovation and skill development.

**Faculty Guidance:**

The 250 experienced faculty members played a pivotal role in ensuring the success of the hackathon. They offered their expertise and unwavering support, guiding and mentoring participants throughout the event. This collaboration between faculty and students exemplified the strength of the academic community.

**Business Systems:**

The organizers provided 50 high-end business systems to streamline project development. These systems were equipped with the latest software and tools for effective software development, empowering students with the resources needed to bring their ideas to life. This significantly increased efficiency and creativity during the hackathon.

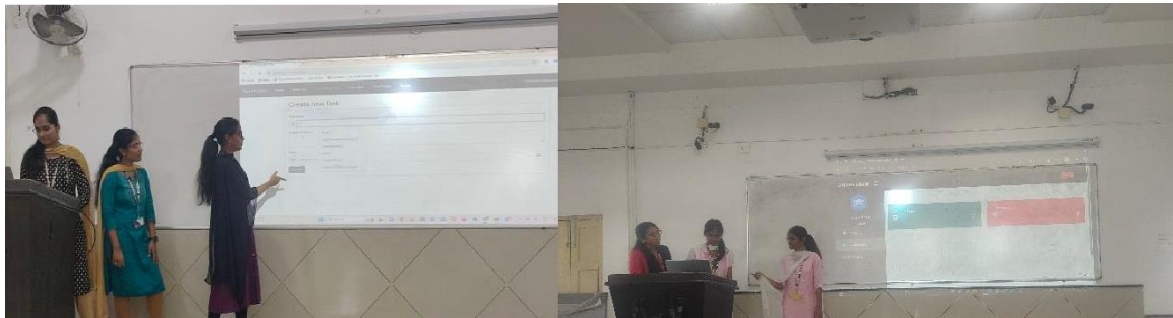

**Highlights of the Event:**

**Resounding Success:** The Y21 and Y22 Mega Hackathon proved to be an overwhelming success, reflecting

the exceptional talent and creativity of the participating students.

**Collaborative Teams:** Participants formed teams and engaged in intensive collaboration to design and develop projects in alignment with the three specified themes: MSWD, PFSD, and JFSD.

**Skill Development:** The event offered a unique opportunity for students to expand their knowledge and apply industry-relevant skills. This hands-on experience allowed them to apply their classroom learning to real-world scenarios.

**Networking:** Beyond project development, the hackathon provided a valuable networking platform. Students had the chance to connect with like-minded peers, fostering relationships that may lead to future collaborations and professional growth.

**Challenges and Learning Opportunities:**

Although the Y21 and Y22 Mega Hackathon was executed smoothly, it was not without its fair share of challenges. Participants encountered various obstacles that put their skills and perseverance to the test. These challenges encompassed tight deadlines, technical hurdles, and creative roadblocks, creating an environment that demanded adaptability and innovation. While these challenges may have seemed daunting, they presented invaluable learning opportunities for the students.

#### **Achievements of the Y21 and Y22 Mega Hackathon:**

The Y21 and Y22 Mega Hackathon resulted in an impressive array of innovative projects. These projects served as a testament to the exceptional technical abilities and problem-solving skills of the participating students.

These outcomes have the potential to make a significant impact in their respective fields. They signify the practical application of classroom knowledge in a dynamic and competitive environment. These projects could potentially lead to groundbreaking advancements in technology, disrupting industries and contributing fresh, forward-thinking solutions.

Additionally, the hackathon promoted interdisciplinary collaboration and knowledge sharing among students from various branches within the field of Computer Science and Engineering. This collaborative spirit enriched the educational experience and mirrored real-world scenarios where multifaceted problems require diverse perspectives for comprehensive solutions.

## The Success of the Event:

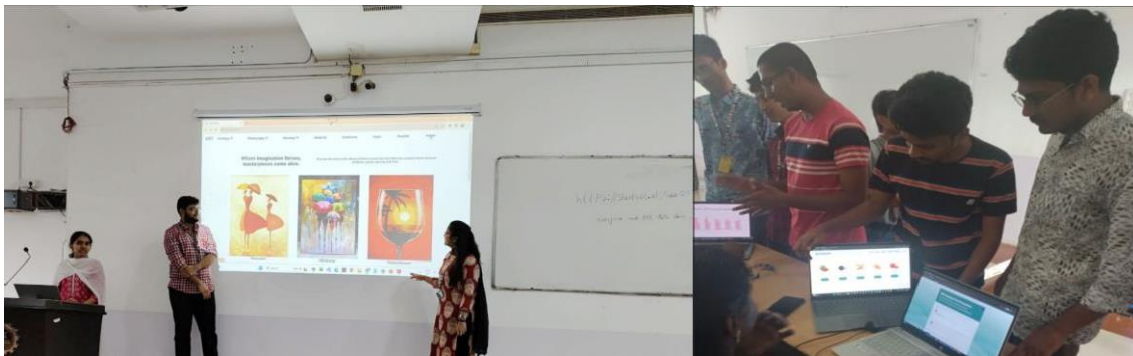

Fig3: project demonstration by students @ 04.01.2023 & 05.01.2023

The Y21 and Y22 Mega Hackathon was an unequivocal demonstration of the passion and potential inherent in students from the CSE-HONORS, CS&IT, and AI&DS branches. The indispensable guidance of faculty members and the provision of cutting-edge business systems further elevated the quality of the projects presented. It is anticipated that the knowledge and experiences gained by the participants will continue to influence their academic and professional journeys, leaving a lasting impact on their personal and collective growth.

We extend our heartfelt gratitude to all the participants, faculty members whose dedication and support were instrumental in making this event a resounding success. We eagerly look forward to witnessing and participating in more such transformative initiatives in the future.
