Report on Saheli Programme

Conducted by

ECM Women's forum on 18th February 2019

KLU ECM Women's forum conducted an interactive session for the II, III year B. Tech and I M. Tech Girlstudents with Final year students who got placements in various companies at room number R101 from 3:20PM to 5:00PM on 18th February 2019 as a part of "**SAHELI PROGRAMME**".

The programme was conducted under the guidance of Mrs. P.S.G. Aruna Sri, I/C Women's Forum of ECM Department.

Speakers:

1. M.Mounika, 150050124, IV/IV B. Tech
2. K.Siri Sumana, 150050074, IV/IV B. Tech
3. Ch.Nikhil Pradeep, 150050035, IV/IV B. Tech
4. R.Avinash 150050159, IV/IV B. Tech
5. P.Priyanka, 150050139, IV/IV B. Tech

In this speech, the Speakers have given their views regarding placement training and placement interviews as the following:

- Placement training plays a major role in shaping up the career goals of students. It is the dream of every engineering student to get placed in a top organization visiting their campus for recruitment. Keeping this key aspect into consideration, it is realized that training is important for engineering students to enhance their employability skills and achieve good placement in various Industries.
- One don't need to be a speaker or one don't need to be an orator but one must definitely be a good communicator, that is the essence of placement training.
- Mind, will and confidence is very important in securing job. Apart from that concentration towards anything you do also plays a major role for your success

- Take practice runs for all of these skill assessments, by accessing different mock tests for these areas. Go through your feedback reports and make a conscious effort in improving on recurring weaknesses. Apart from online skill assessments, consider working with resources like Practice Set books, practice papers and sample papers.
- The technical round is a specific interview/assessment or presentation to showcase how good you're in your core, with your languages (the programming kind) and what you would exactly bring to the job at hand. It can be an interview with the project manager or supervisor, it can be an assessment on your core subject or a situational test.
- A day before the interview, prep up by putting together your documents, your interview attire, going through your notes. Next, bring out your positive attitude and cheer and step out with your best foot forward. And you're ready for it all!

Later they have clarified many doubts of juniors related to the placement interviews.

Event photo's:

Finally the programme ended with Cultural programmes. All II, III year B. Tech, I M. Tech Girl students, Women faculty and non-teaching staff of the Department have actively participated in this programme.
