

THRUSANG-14

A National Level Technical Fest

Workshop on HADOOP

THRUSANG-14, A two day National Level Technical Fest was organized by the students of Electronics and Computer engineering Department under the roof of a noteworthy student association called ESSENCE on 26th and 27th of September. THRUSANG this year has come up with a theme “PANORAMIC DEVELOPMENT THROUGH INDUSTRIALIZATION”.

HADOOP workshop mainly aimed for practical approach and likewise the workshop was organized and the students were happy about this workshop every student has responded positively. They learnt a lot because this is an application oriented workshop. And the feedback given by the students was absolutely very good they are well satisfied and mainly they procured more practical knowledge than the theoretical knowledge.

Resource person: MD.SHABBEER from COIGN Pvt., Ltd,Hyderabad
