### **Report on NSS Activity**

### **ROLE OF YOUTH IN NATION BUILDING**

Conducted on

***17<sup>th</sup> OCTOBER 2017***

ECSE-NSS team as organized an activity “ROLE OF YOUTH IN NATION BUILDING” in Don Bosco school mangalagiri on 17<sup>th</sup> October 2017. A group of 14 student with faculty in charge P. Gopi Krishna participated, presented and motivated the students in what way they are responsible in building the nation, and their responsibilities. Around 150 students of class IX and X have attend the presentation.

The vision of our country lies in the hands of our youths. They are filled with tremendous and towering ambitions. This beautiful land needs these youths for our soil to become a brighter one.

The primary role of young people is to get a good education to become better citizens of tomorrow. They need to learn skills to do the job that their country's economy needs. They also need to know how to read, write, think, understand, analyse, and discuss the issues their country faces. The entire success of the nation depends on the youths.

We have aspiring doctors, entrepreneurs, scientists, and who knows; maybe the next president. Youth are strong forces in social movements. Youths are problem solvers.

Our nations need them to resolve most of our problems. The nation is facing a lot of problems, and I believe that the youths can solve them.

. All of us are one and we should not allow even slight differences to push us away from each other. There also a lot of crime taking place. Women are being killed by their abusive husbands. Person's homes, businesses, are being broken into. All this crime and violence needs to stop. The youth once more can bring about a change in their country.

Youths seems to have the ability to face any challenges and problems. They have a positive influence on their fellow young people. They can teach them the positive things in life. They will make them understand the importance of a good education.

In conclusion, the role of the youth in the nation building is crucial. They are problem solvers, have a positive

influence on other young people and the nation, and are extremely ambitious. They can create an identity for themselves and move the nation forward. So, the youths can make their beautiful land flourish and shine in success.
