Reporting Item 2: NIRF Rankings-2025

KLEF secured the following ranks in the NIRF Rankings 2025 released by MHRD on 4 September 2025.

The Dean-Quality thanked all functionaries/Administrators/Faculty for their support in achieving the above NIRF 2025 Rankings. Comparison of NIRF Rankings achieved through 2016 to 2025 are tabulated below for quick reference.

Comparison of NIRF Rankings achieved through 2018 to 2025:

Category/Year	KLEF-NIRF-2016 to 2025 Rankings									
	2016	2017	2018	2019	2020	2021	2022	2023	2024	2025
Overall	-	-	83	74	70	69	54	50	40	46
University	-	-	56	50	41	35	27	28	22	26
Engineering	59	68	49	52	58	50	44	44	35	35
Management	-	-	46	58	70	38	47	52	79	70
Innovation									11-50	11-50

The innovation rankings, started last year, remained in the 11-50 band.

The ranking remained stationary in Engineering Category and it improved 9 places under Management category. However, it dropped slightly in both University as well as Overall category. The possible reason for this drop in ranking is drop in perception.

Rankings (in Engineering) of two of our competitive Universities, viz. VIT & SRM are tabulated hereunder for comparison:

NIRF Engineering Rankings KLEF vs. VIT & SRM (2018-25)								
Year	2018	2019	2020	2021	2022	2023	2024	2025
VIT	16	18	15	12	12	11	11	16
SRM	46	36	41	34	24	28	13	14
KLEF	49	52	58	50	44	44	35	35

While SRM Institute of Science & Technology fell by one position, VIT ranking fell by 5 places (11 to 16); KLEF ranking remained stationary at 35.

While continuing to maintain standards which have placed KLEF at such an eminence, it is equally necessary that KLEF must make best efforts to improve NIRF rankings year after year. Keeping these twin objectives in mind, the functionaries (Nine Deans holding different portfolios) have been on a mission to constantly review and improve on the parameters fixed by NIRF.
