Report on Guest Lecture @ KLBS "Careers and Challenges in Utilization of Artificial Intelligence, Machine Learning, and Block-Chain Technologies in Industry" on 15-10-2022

KLBS, MBA department organised GUEST LECTURES @ KLBS "Careers and Challenges in Utilization of Artificial Intelligence, Machine Learning, and Block-Chain Technologies in Industry" MBA on 15.10.2022 to 2:00 PM to 4:30PM.

Dr. Sheela Siddappa explained that artificial intelligence is rare, advanced and advantageous than human intelligence. Saving and quick decision making and action. Since, a list here decision making inputs provided by researchers and talented people across the globe, it is rare superior to individual human intelligence in a decision making context. Mr. K. Nagesh of Aurobindo Pharma informed the students their organization. Various functions like scrutiny of applications at the time of recruitment, performance appraisal process and various training activities. He told that besides domain knowledge, tech employees are the hot cake in the employment markets. Besides he told to uses that artificial intelligence will rule the organizations in future and the time technologies will be valuable used in strategic decision-making areas.

Guest Lecture @ KLBS "Careers and Challenges in Utilization of Artificial Intelligence, Machine Learning, and Block-Chain Technologies in Industry" on 15-10-2022
