### Description of the Event

The one-day industrial visit organized by the Department of MBA is a valuable opportunity for students to gain practical insights into the operations of JOCIL Ltd, a prominent industry player in Dokiparru, Guntur district. This visit is designed to complement the theoretical knowledge gained in the classroom with real-world industry exposure.

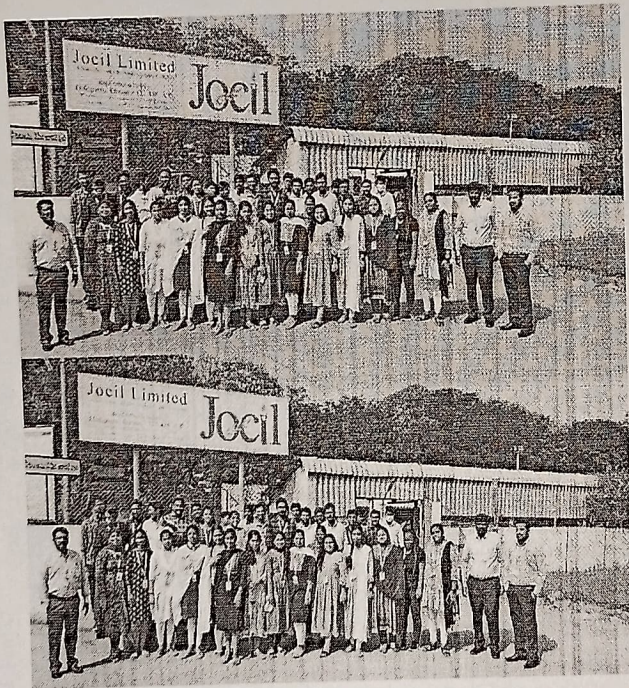

During the visit, students will have the chance to observe the functioning of various departments within the company, understand the production processes, and interact with industry professionals. This hands-on experience will help students to better understand the practical aspects of business management and gain a deeper insight into the industry's operations.

Furthermore, the industrial visit will provide students with the opportunity to network with professionals from JOCIL Ltd, allowing them to build valuable connections for future career opportunities. Overall, this program is aimed at enhancing students' learning experience, broadening their perspectives, and preparing them for successful careers in the industry.

The plant in charge took all students into the plant on January 28, 2023
