As part of NSS Activity on the Occasion of Republic Day 26<sup>th</sup> January, 2021, Dept. of Mechanical Engineering had an opportunity to do things differently, **HOD MECH Dr. D.V.A Rama Sastry & NSS In-charge Naga Raju** and all the faculty of mechanical engineering had contributed the donation for essential commodities to Yuvataram Orphanage at Kolanulonda village. It was a wonderful experience to be with them. This noble cause of spreading smiles and happiness among these less privileged children, gave immense peace and happiness to our team.
