### DEPARTMENT OF MECHANICAL ENGINEERING

#### Anti-Ragging Awareness Program (Say No to Ragging) on eve of Independence Day on 15-08-2024

Anti Ragging Day awareness program was conducted on 15-08-2024 with the theme "Say No to Ragging" to raise awareness about the harmful effects of ragging and to promote a safe and inclusive environment for all students. The event aimed to educate students on the legal implications of ragging and to encourage a culture of mutual respect and camaraderie within the academic community.

The day began with an awareness campaign where volunteers distributed pluck cards and banners highlighting the consequences of ragging. The materials also provided information on how to report incidents of ragging and the support available to victims. A significant part of the day was the pledge ceremony, where students and faculty members collectively vowed to stand against ragging. The pledge emphasized the commitment to maintaining a ragging-free campus and supporting peers in times of need. The Anti Ragging Day observance was a resounding success, with active participation from students and staff alike. The event not only raised awareness but also strengthened the resolve to eliminate ragging from educational institutions. The commitment to a ragging-free environment was evident, and the day served as a reminder of the collective responsibility to ensure the safety and well-being of every student.
