

## Virtual Industrial visit to Rolls Royce & BMW on 31-08-2020 for all III year and II Year Students

Industrial visit has its own importance in a career of a student who is pursuing a professional degree. It is considered as a part of college curriculum and objectives of industrial visit is to provide students an insight regarding internal working of companies. We know, theoretical knowledge is not enough for making a good professional career. With an aim to go beyond academics, industrial visit provides student a practical perspective on the world of work. Following the same lines due to Covid pandemic a virtual Industrial visit was conducted to all students K L deemed to be University Mechanical Department second year students of all the sections. Here "Rolls-Royce production line" & BMW electric engine-car factory production assembly line" real time videos were played and demonstrated by Mr J Naveen, Assistant professor. A total of 212 Students attended exposed to latest automated technologies being used by top automobile companies in the world.

The students could expose to the technologies like:

- Smart manufacturing,
- Automated assembly lines,
- Role of robot in production,
- Flexible manufacturing systems,
- Cyber physical systems
- Digital transformation of manufacturing sector etc
