### A Report on Survey on Seasonal Diseases

#### Conducted on 17-09-2021 at Atmakuru

#### Objective:

The objective of the survey on seasonal diseases conducted on 17-09-2021 at Atmakuru was to assess and understand the prevalence, patterns, and impact of diseases that occur during specific seasons in the community. This initiative aimed to gather epidemiological data to guide public health interventions, improve healthcare planning, and promote preventive measures to mitigate the health risks associated with seasonal diseases effectively.

#### Description:

The survey commenced around 11:30 AM, with NSS volunteers gathering in Atmakuru village to familiarize themselves with its residents and assess their needs. Divided into groups, students and faculty covered the village streets, engaging with locals to understand their experiences, challenges, and essential requirements. The leadership of NSS Unit officers Ms. Manjula Josephine and Mr. G. Ramakrishna, alongside faculty members Dr. Raju Anitha, Mr. B. Venkateswarlu, Mr. N. Ravindra, Mr. Anantha Reddy Dasari, Mr. T. Sivakrishna, and Mr. GVKP Chandrasekhar from Smart Village Revolution provided guidance and support throughout. We express gratitude to all NSS volunteers for their dedicated efforts, as well as to Atmakuru Village Panchayat officials for their encouragement and support in ensuring the success of this program. Appreciation was also extended by Dr. Habibulla Khan, Advisor, Dean of Student Affairs, Dr. KRS Prasad, Dean of Student Affairs, Dr. K. Ravindranath, Associate Dean of Extension Activities, and Mr. P. Srikanth Reddy, Programme Coordinator of KLEF NSS Cell.

#### Outcome:

The survey conducted on 17-09-2021 at Atmakuru village yielded several notable outcomes:

1. **Community Insight and Engagement:** NSS volunteers gained a comprehensive understanding of the village's demographics, needs, and challenges through direct interactions with residents. This insight is crucial for planning targeted interventions and addressing community-specific issues effectively.
2. **Identification of Community Needs:** The survey facilitated the identification of various needs, including healthcare requirements, infrastructure improvements, and social welfare concerns. This data will guide future initiatives aimed at enhancing the quality of life and well-being of Atmakuru villagers.

3. **Collaborative Efforts:** The event fostered collaboration between NSS volunteers, faculty members, and village residents, enhancing community participation in development initiatives. The involvement of local leadership and support from university officials underscored the importance of community-driven efforts and collective action for sustainable development.

Overall, the survey on seasonal diseases in Atmakuru village served as a foundational step towards informed decision-making, community empowerment, and targeted interventions to address health and socio-economic challenges effectively.

### **Impact on Society:**

The survey at Atmakuru village significantly empowered community engagement, fostering a deeper understanding of local needs and paving the way for targeted interventions to improve health and socio-economic conditions. It strengthened collaboration between volunteers, faculty, and residents, promoting proactive community-driven initiatives for sustainable development.

### **Details of the Event:**

Name of the Event : Survey on Seasonal Diseases  
Date of the Event : 17-09-2021  
Venue : Atmakuru  
No. of Participants : Students: 94 Faculty, Staff: 05
