Report on Hotspots of Waste Collection **Conducted on 02-10-2021 at Gundimeda**

Objective:

The objective of the "Hotspots of Waste Collection" event conducted on 02-10-2021 at Gundimeda was to identify and clean areas with significant waste accumulation, improve community sanitation, and promote awareness about the importance of proper waste disposal practices to maintain a clean and healthy environment.

Description:

Team KLEF NSS decided to conduct the "Clean India Program" in all adopted villages under the "Clean India initiative" circulated by the Department of Youth Affairs, Government of India. In this context, KLEF NSS Unit-06 planned the "Hotspots of Disposable Waste" program for our adopted village, Gundimeda. NSS Programme Coordinator Mr. P. Srikanth Reddy and Dr. M. Sudhamani, Programme Officer, NSS Unit-06, along with some students, went to Gundimeda village to organize the event.

On 02-10-2021, our team started at 09:30 AM from the university and reached the village by 10:00 AM. Upon arrival, coordinators divided us into teams, and we executed our plan to clean hotspots of waste around schools, tea and tiffin shops, and public places. We cleaned roads, primary schools, shops, temples, and Anganwadi schools, while also raising awareness about the importance of cleanliness among the villagers.

The program was presided over by Dr. K. S. R. Prasad, Dean of Student Affairs, and led by Dr. M. Sudhamani, Programme Officer, Unit-06, along with Dr. Suresh Phulara, Dr. Shadukhan, and Mr. P. Suresh, Coordinator, CEA. We extend our gratitude to all the NSS volunteers for their valuable contributions and to the Panchayat officials of Gundimeda Village for their support in successfully implementing this event.

Outcome:

The outcome of the "Hotspots of Waste Collection" event conducted on 02-10-2021 at Gundimeda village was significant. The NSS volunteers successfully identified and cleaned multiple waste hotspots, including primary schools, tea and tiffin shops, temples, and Anganwadi schools. This initiative not only improved the cleanliness of these areas but also raised awareness among villagers about the importance of maintaining a clean environment. The event fostered community involvement and strengthened the relationship between the university and the village, leading to a more proactive approach to waste management in Gundimeda.

Impact on Society:

The "Hotspots of Waste Collection" event at Gundimeda village significantly improved local sanitation and heightened community awareness about environmental cleanliness. It fostered a collective responsibility among villagers to maintain a clean and healthy living environment.

Details of the Event:

Date of the Event : 02-10-2021
Name of the Event : Hotspot of Waste Collection
Venue : Gundimeda
No. of Participants : Students: 97, Staff: 02
