### **Objective:**

The objective of highlighting cyber crimes' impact on villagers is to raise awareness about online threats in rural communities. It aims to educate villagers on safe internet practices and how to recognize cyber fraud. The initiative seeks to reduce digital vulnerabilities by promoting cyber security literacy. Ultimately, it empowers villagers to protect themselves and their data in an increasingly digital world.

### **Description:**

The "Cyber Crimes: Impact on Villagers" event focuses on educating rural communities about the dangers of cyber threats. It addresses common issues such as online scams, financial fraud, identity theft, and misinformation. Through interactive sessions and real-life case studies, villagers learn how to identify and avoid suspicious digital activities. The event highlights the importance of using secure passwords, recognizing phishing messages, and protecting personal information. Experts provide demonstrations on safe online transactions and responsible social media use. Awareness materials in local languages ensure accessibility and understanding for all age groups. This event fosters a safer digital environment by building cyber security knowledge in underserved areas.

### **Outcome:**

The event led to increased digital awareness among villagers, reducing their vulnerability to cyber crimes. Participants gained practical knowledge on protecting their personal information and avoiding online fraud. It also encouraged community-level discussions on digital safety and responsible internet use.

### **Impact on Society:**

Cyber crimes can have a devastating impact on villagers, exposing them to financial fraud, identity theft, and online scams. With limited awareness and access to digital security, they are more susceptible to cyber attacks. These crimes can lead to loss of savings, personal data breaches, and emotional distress. As a result, trust in digital platforms diminishes, hindering socio-economic growth and digital inclusion in rural areas.

### **Details of the Event:**

Name of the Event	: Cyber Crimes Impact on Villagers
Place of the Event	: Chirravuru
Date of the event	: 22-03-2025
No. of Hours	: 10:00 am to 01:00 pm
No. of Participants	: Students: 98, Faculty: 1
No. of Beneficiary's	: 1412
