National Service Scheme (NSS)

Plastic Awareness to Villagers

9 REASONS TO REFUSE SINGLE-USE PLASTIC

1 Made from fossil fuels

2 Huge carbon footprint

3 Will still be here in hundreds of years

4 Only a tiny percentage is recycled

5 Leaches toxins into food & drink

6 Causes hormone disruption & cancers

7 Pollutes our oceans

8 Kills marine animals and birds

9 Enters our food chain

Guntur District, Andhra Pradesh.

Objective:

Plastic awareness aims to educate individuals about the environmental impact of plastic use, the importance of reducing plastic waste, and sustainable alternatives. By promoting informed choices, it seeks to prevent pollution-related damage and enhance ecological well-being. Engaging communities through workshops and resources helps foster a culture of sustainability. Ultimately, the goal is to empower people to make better decisions about plastic use for a healthier planet and improved quality of life.

Description:

Dr. K. Subrahmanyam, Principal of KL University Science College, emphasized the growing threat of plastic pollution and its detrimental effects on the environment and human health. Plastic awareness involves understanding the sources of plastic waste, its impact on ecosystems, and ways to reduce and manage its usage. This includes adopting sustainable alternatives, promoting recycling, and reducing single-use plastics. The initiative aims to foster responsible consumption habits and encourage environmentally friendly practices. The program received commendations from Vice Chancellor Dr. G. Parthasaradhi Verma, Pro Vice-Chancellor Dr. AVS Prasad, Dr. N. Venkatram, Dean of Student Affairs Dr. KRS. Prasad, Advisor Dean of Student Affairs Dr. Habibulla Khan, NSS Programme Coordinator Mr. P. Srikanth Reddy, and other university officials. The program was coordinated by Mr. P. Suresh.

Outcome:

Plastic awareness leads to more sustainable consumption habits, promoting environmental well-being. It encourages individuals to understand the impact of plastic use and waste, reducing pollution and protecting ecosystems. Increased awareness fosters responsible behavior such as reducing, reusing, and recycling plastics. Communities become more supportive of eco-friendly practices and alternatives to single-use plastics. Ultimately, informed choices contribute to a cleaner environment and a healthier planet.

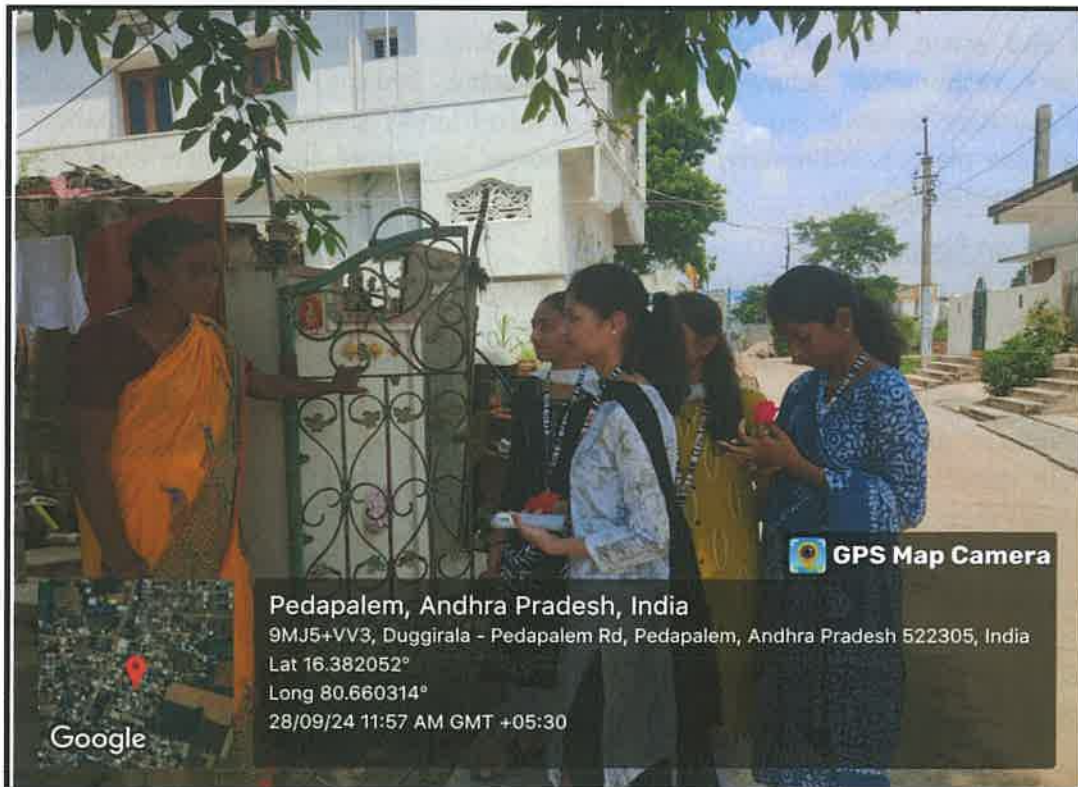

Impact on Society:

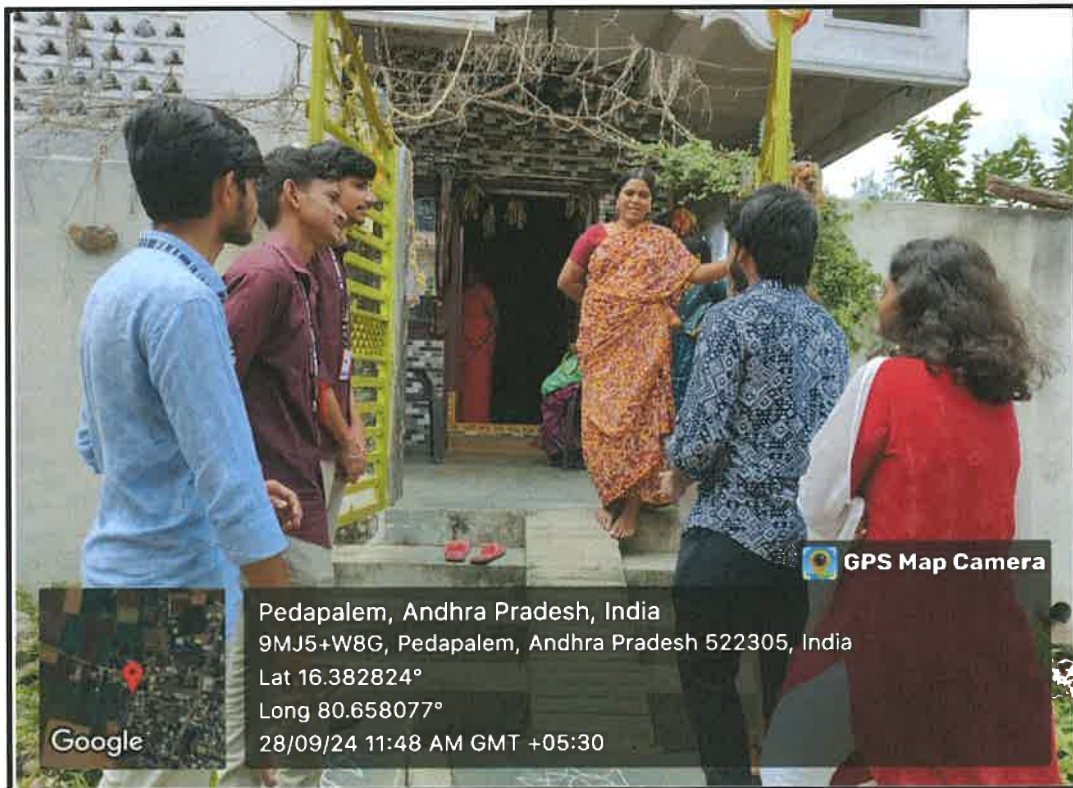

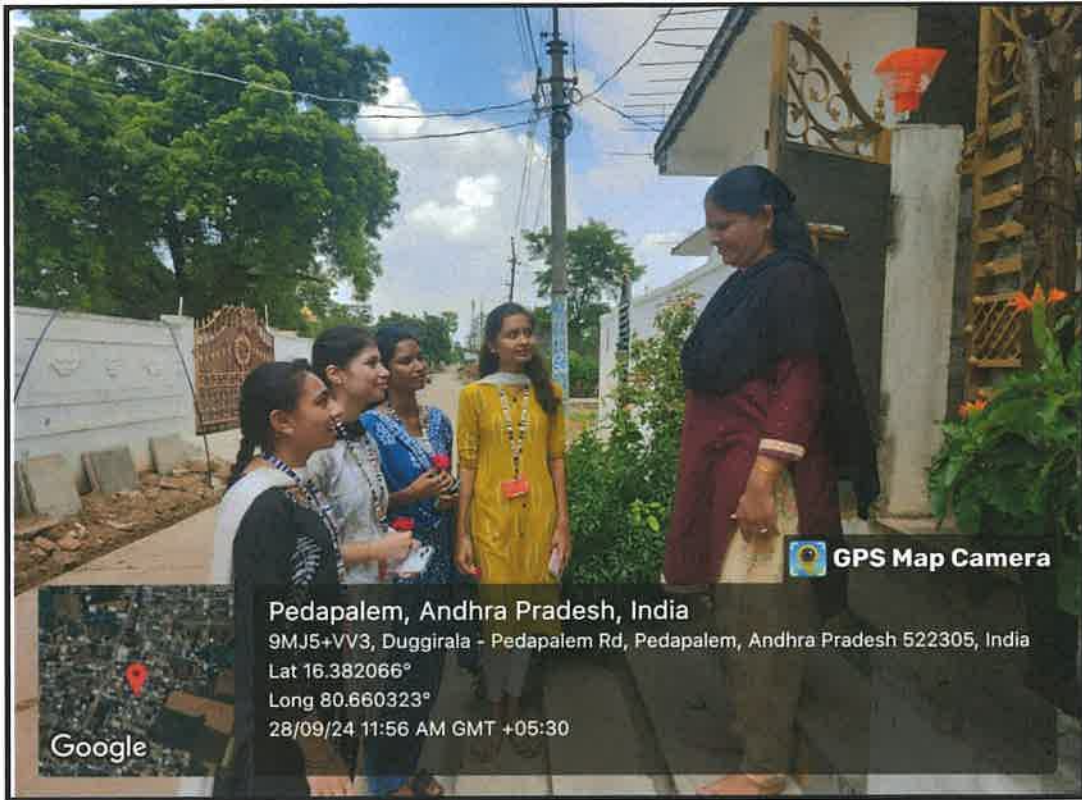

The event increased plastic awareness, contributing to reduced pollution and environmental degradation. It fosters a culture of sustainability, leading to healthier ecosystems and improved quality of life. Communities become more engaged in supporting waste reduction efforts and adopting eco-friendly practices. Schools and workplaces prioritize education on plastic management and alternatives, benefiting future generations. This shift promotes a collective responsibility toward preserving natural resources and protecting the planet for the future.

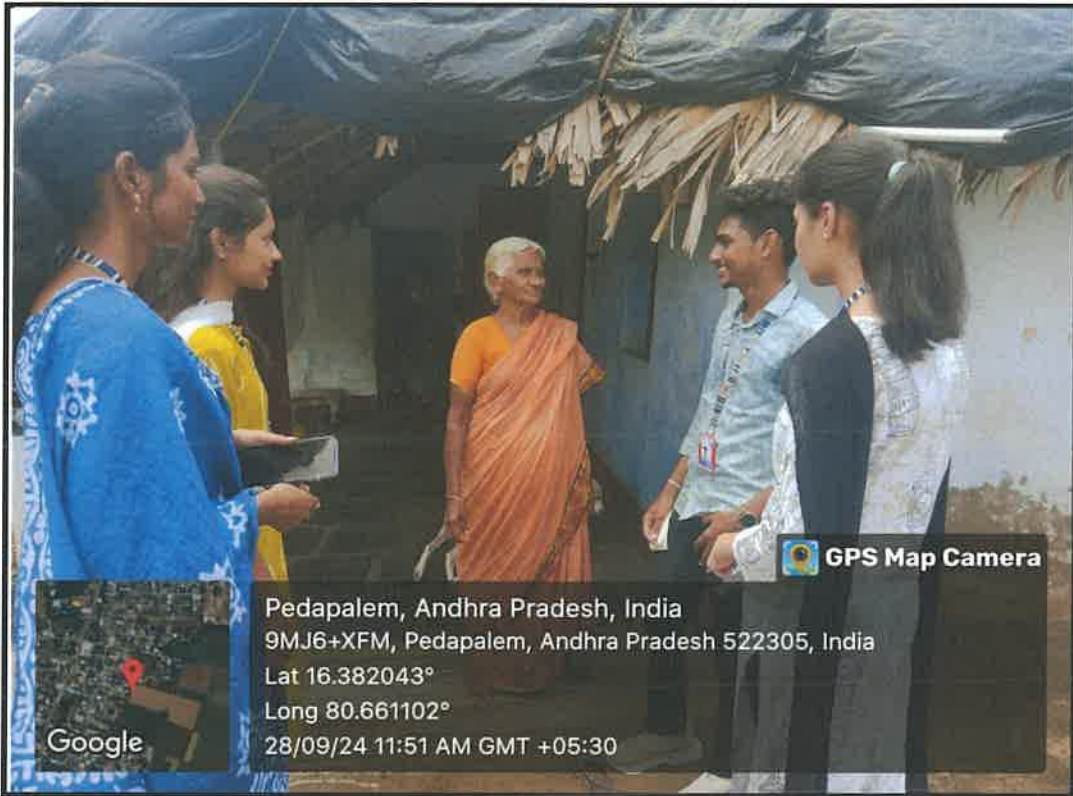

Details of the Event:

Name of the Event	: Plastic Awareness to Villagers
Place of the Event	: Pedapalem
Date of the event	: 28-09-2024
