Event : Traditional water Body Cleaning

Date : 13-03-2026

Place : Veerlapalem

Objective:

The objective of the Traditional Water Body Cleaning program is to restore and maintain the cleanliness of local ponds, lakes, and other water sources. It aims to remove waste and pollutants to improve water quality and support ecological balance. The program also creates awareness about the importance of conserving traditional water bodies. Overall, it encourages community participation in protecting water resources and promoting sustainability.

Description:

As per the directions of the Ministry of Youth Affairs and Sports, Government of India, National Service Scheme (NSS), and in accordance with the guidelines of the Regional Directorate, Hyderabad and Andhra Pradesh State NSS, the NSS Unit-4 of the CSE-04 Department, KL University organized a “Traditional Water Body Cleaning” program on Saturday, 14th March 2026, in Veerlapalem village of Duggirala Mandal as part of the NSS Special Camp. Dean of Student Affairs, Dr. K.R.S. Prasad, stated that the program was conducted to promote environmental responsibility and cleanliness among villagers.

Head of the CSE-04 Department, Dr. T. Pavan Kumar, mentioned that the volunteers cleaned village surroundings and nearby traditional water sources such as hand pumps, ponds, and drainage systems. They removed waste, applied bleaching powder, and created a hygienic environment.

NSS Program Coordinator, Dr. P. Srikant Reddy, explained that the volunteers created awareness about the importance of maintaining clean public spaces, avoiding littering, and conserving water resources. He also highlighted that polluted water bodies can negatively affect both public health and the environment.

NSS Program Officer, Mr. G. Mohana Rao, stated that the volunteers interacted with villagers and encouraged them to adopt sustainable habits, take responsibility for maintaining cleanliness, and actively participate in protecting water resources and village hygiene.

The program was successfully coordinated by NSS Field Coordinator Mr. P. Suresh. The volunteers were appreciated for their efforts by University Vice-Chancellor Dr. G. Parthasarathi Varma, Pro Vice-Chancellors Dr. A.V.S. Prasad, Dr. N. Venkataram, and Dr. K. Rajashekhara Rao, along with Dean Advisors Dr. Habibullah Khan, Registrar Dr. K. Subbarao, Principal Dr. V. Rajesh, Student Affairs Deans Dr. K.R.S. Prasad and Dr. Habibullah Khan, Associate Dean Dr. Shanta Sri, and other dignitaries.

Outcome:

The outcome of the program was positive as traditional water bodies and surrounding areas were cleaned and restored to a hygienic condition. It helped reduce pollution and improved the overall environmental quality. Villagers became more aware of the importance of protecting water resources and maintaining cleanliness. Overall, the program encouraged community participation and sustainable practices.

Impact on Society:

The program has a positive impact on society by improving environmental cleanliness and protecting valuable water resources. It helps in reducing pollution and preventing health issues caused by contaminated water. The initiative encourages community involvement and responsible behavior towards the environment. Overall, it contributes to building a cleaner, healthier, and more sustainable society.
