## National Service Scheme (NSS)

### “Awareness of Mule Account and Cyber Security”

COMMUNITY SERVICE INITIATIVE  
NSS UNIT

# AWARENESS OF MULE ACCOUNT AND CYBER SECURITY

BE AWARE. BE ALERT. BE SAFE.

**WHAT IS A MULE ACCOUNT?**  
A Mule Account is a bank account used by criminals to receive and transfer illegal money. Providing or using such accounts is a punishable crime and can lead to legal action.

**WHY CYBER SECURITY MATTERS?**

- Protects your personal information
- Prevents financial loss and fraud
- Keeps your devices and data safe
- Helps build a secure and trusted digital world

**STAY SAFE – FOLLOW THESE TIPS**

- Do not share your bank account details with anyone.
- Do not allow anyone to use your account for money transfer.
- Do not click on unknown links or suspicious messages.
- Use strong passwords and change them regularly.
- Report any suspicious activity to your bank or cyber crime helpline.

**THINK BEFORE YOU SHARE, SECURE BEFORE YOU SCARE!**

DATE: 16-03-2026 (Monday) | PLACE: MELLAMPUDI Village | TOGETHER, LET'S BUILD A CYBER SAFE SOCIETY!

**AWARE TODAY, SAFE TOMORROW.**

Organized by: NSS Unit, KL University

Event : Awareness of Mule Account and Cyber Security

Date : 16-03-2026

Place : Mellampudi

**Objective:**

The objective of the Awareness of Mule Account and Cyber Security program is to educate people about the risks of allowing their bank accounts to be misused for illegal transactions. It aims to create awareness about cyber crimes, online frauds, and safe banking practices. The program also emphasizes protecting personal and financial information from misuse. Overall, it promotes responsible digital behavior and helps build a secure and cyber-aware society.

**Description:**

As per the directions of the Ministry of Youth Affairs and Sports, Government of India, National Service Scheme (NSS), and in accordance with the guidelines of the Regional Directorate, Hyderabad and Andhra Pradesh State NSS, the NSS Unit–CSE-1 of KL University organized a door-to-door awareness campaign on “Mule Accounts and Cyber Security” on Monday, 16th March 2026, in Mellampudi village as part of the NSS Special Camp. Dean of Student Affairs, Dr. K.R.S. Prasad, stated that the programme aimed to educate people about cyber risks and safe financial practices.

Head of the CSE-1 Department, Dr. K. Amarendra, explained that a mule account is a bank account used to transfer or receive illegally obtained money. He highlighted that many people unknowingly become part of such crimes by sharing their bank details with others, which is a punishable offense and may lead to legal consequences, including imprisonment. NSS Programme Coordinator, Dr. P. Srikant Reddy, advised people never to share their bank account details, OTPs, or PINs with anyone and not to allow others to use their accounts. He also warned against clicking on unknown links or suspicious messages, recommended using strong passwords and updating them regularly, and emphasized not sharing bank information over phone calls. In case of any suspicious activity, individuals should immediately report it to their bank or the cybercrime helpline (1930).

NSS Programme Officer, Dr. G. Anjaneyulu, emphasized that everyone should be aware of cyber security, as even small negligence can lead to major financial loss. He stressed that being cautious is essential to protect one’s money, data, and future. The programme was successfully coordinated by NSS Field Coordinator Mr. P. Suresh. The volunteers were appreciated by University Vice-Chancellor Dr. G. Parthasarathi Varma, Pro Vice-Chancellors Dr. A.V.S. Prasad, Dr. N. Venkataram, and Dr. K. Rajashekhara Rao, along with Dean Advisors Dr. Habibullah Khan, Registrar Dr. K. Subbarao, Principal Dr. V. Rajesh, Advisor Dr. Habibullah Khan, Associate Dean Dr. Shanta Sri, and other dignitaries.

**Outcome:**

The outcome of the program was positive as villagers became aware of mule accounts and cyber security risks. They learned not to share bank details, OTPs, or personal information with others. The awareness helped them adopt safer online and banking practices. Overall, the program reduced the chances of cyber fraud and promoted digital safety in the community.

**Impact on Society:**

The program has a strong impact on society by increasing awareness about cyber security and preventing financial fraud. It helps people protect their bank accounts and personal information from misuse. The initiative promotes responsible digital behavior and reduces involvement in illegal activities like mule accounts. Overall, it contributes to building a safer, more secure, and digitally aware society.
