National Service Scheme (NSS)

Awareness on Mosquito Control and Prevention of Breeding

(DEEMED TO BE UNIVERSITY)

AWARENESS PROGRAMME ON MOSQUITO BREEDING SITES

Venue:
Duggirala Village,
Guntur District

Date:
25.10.2025

Organised by:
NSS Unit,
Koneru Lakshmaiah
College of Agriculture,
Vaddeswaram

Event : Awareness on Mosquito Control & Prevention of Breeding
Date : 25-10-2025
Place : Duggirala

Objective:

The objective of organizing an awareness programme on mosquito breeding sites is to educate communities about the causes and consequences of mosquito-borne diseases such as dengue, malaria, and chikungunya. The initiative aims to encourage people to identify and eliminate stagnant water sources that serve as mosquito breeding habitats. It seeks to promote personal hygiene, environmental sanitation, and collective responsibility to prevent disease outbreaks. Overall, the programme intends to build awareness about public health safety and ensure a cleaner and healthier living environment.

Description:

As part of the public health awareness initiative, the NSS Unit of the College of Agriculture, KL University, conducted an awareness programme on mosquito breeding sites at Duggirala village, Guntur District, on Saturday, 25th October 2025, informed Director Dr. P. Ratnaprasad. During the event, Dr. B. Balakrishna, Head of the College of Agriculture, highlighted that stagnant water in containers, flower pots, discarded tires and open drains serves as ideal mosquito breeding sites, leading to the spread of diseases like dengue and malaria. He advised villagers to maintain cleanliness around their homes and to take preventive measures such as covering water storage containers and cleaning drainage systems regularly.

NSS Programme Officers Dr. K. Vineel and Dr. S. Pradeep Kumar explained how community cooperation and timely preventive actions can control mosquito populations. They also demonstrated simple household practices such as the use of mosquito repellents, nets and periodic cleaning of coolers and water tanks. Volunteers carried out a door-to-door campaign, educating residents on identifying potential breeding areas with the help banners on preventive measures. Dr. K. R. S. Prasad, Head of Student Affairs, emphasized that maintaining environmental hygiene not only prevents mosquito breeding but also supports a healthier community. He urged villagers to dispose of waste properly and participate in regular cleanliness drives.

The efforts of NSS volunteers and Field Coordinator P. Suresh were appreciated by KL University Vice-Chancellor Dr. G. Parthasaradhi Varma, Pro Vice-Chancellors Dr. A. V. S. Prasad, Dr. K. Rajashekhara Rao, Dr. N. Venkatram, Dean Dr. Habibulla Khan and NSS Programme Coordinator Dr. P. Sreekanth Reddy for their active participation in promoting public health awareness.

Outcome:

The mosquito breeding site awareness programme effectively educated villagers about the sources and risks of mosquito breeding. It encouraged households to clean and cover water containers, clear stagnant water and maintain hygiene in their surroundings. The community actively participated in the cleanliness drive organized by NSS volunteers. The initiative increased public understanding of preventive health practices and strengthened the bond between students and local residents through active participation and collaboration.

Impact on Society:

The awareness programme made a positive impact on the community by fostering a sense of responsibility toward maintaining a clean and healthy environment. It reduced potential mosquito breeding areas and contributed to preventing vector-borne diseases. The event promoted hygienic practices, improved environmental cleanliness and empowered villagers to take proactive measures for disease prevention. Overall, the initiative enhanced community health awareness and encouraged long-term behavioral change toward public sanitation and wellness.

Details of the Event:

Name of the Event	: Awareness on Mosquito Control & Prevention Breeding
Place of the Event	: Duggirala
Date of the event	: 25-10-2025
No. of Hours	: 10:00 am to 01:00 pm
No. of Participants	: Students: 93, Faculty: 2
No. of Beneficiary's	: 964
