Guntur District, A.P., INDIA.

Pincode : 522 502.

This MOU is entered into on 7 day of December, 2015

BETWEEN

Space Applications Centre, Jodhpur Tekra, Ambawadi Vistar P.O., Ahmedabad, 380015, a centre of Indian Space Research Organization, Department of Space, Government Of India (hereinafter called "SAC" which expression shall where the context so admits include its successors and permitted assignees) of the one part,

AND

Koneru Lakshmaiah University (K L University), Green Fields, Vaddeswaram, Guntur District, A.P., INDIA. Pincode : 522 502.

1.0 Preamble:

Whereas, Space Applications Centre (hereinafter referred to as "SAC" which expression shall where the context so admits include its successors and permitted assignees) of the one part and "Koneru Lakshmaiah University" (hereinafter referred to as "KLU" which expression shall where the context so admits include its successors and permitted assignees) of the one part KLU, both are parties to this MoU;

Whereas, SAC is involved in design and development of space-borne instruments for ISRO missions and development and operationalization of applications of space technology for national development. The applications cover communication, broadcasting, navigation, disaster monitoring, meteorology, oceanography, environment monitoring and natural resources survey. SAC designs and develops all the transponders for the INSAT and

GSAT series of communication satellites and the optical and microwave sensors for IRS series of remote sensing satellites, Navigation payloads for IRNSS and GAGAN programme. Further, SAC develops the ground transmit/receive systems (earth stations/ ground terminals) and data/image processing systems;

Whereas, **K L University**, officially the **Koneru Lakshmaiah Education Foundation**, was established in the year 1980. The college attained autonomous status in the year 2006 and has been made deemed to be University with effect from 2009. It is pioneer in the field of Education and Research. K L University is recognized as Asia's best private university with high qualified Faculty. K L U is accredited by NAAC of UGC as "A" Grade. It is approved by AICTE, New Delhi.

2.0 Effective Date and Duration of MoU: This MoU is effective from the date of its signing and is valid for a duration 2 (Two) years from the date of signing. It may be extended further in writing based on mutual consent.

3.0 Scope of MoU:

Scope of the MoU involves Site identification, site preparation, and Installation of the IRNSS receiver. IRNSS Navigation Data collection and analysis to be carried out on regular basis for verification and for other mutually agreed topics of research for both parties. Depending upon the requirement certain scientific experiments can be planned and executed within overall MoU umbrella. With mutual consent, both the Parties can extend the period of data collection and observation locations (sites).

4.0 Methodology:

4.1 Suitable Site Selection

4.2 Installation and commissioning of IRNSS Receiver

4.3 Continuous IRNSS and GPS data logging, analysis of the data

4.4 Transmission of IRNSS and GPS data to SAC as and when demanded by SAC

Data transmission mechanism can be mutually worked out.

5.0 Deliverables:

5.1 SAC deliverables { i, ii & iii through ACCORD Software & Systems Pvt. Ltd }

i. IRNSS receiver and data processing systems as detailed in Annexure-1. (Delivery @ site)

ii. Number of receiver units allocated as per SAC receiver Allocation committee's recommendation in view of your response to EOI for IRNSS Receiver deployment

iii. User and operations manual (Delivery @ site)

iv. Format for Quarterly (Every Three months) status report

5.2 KLU deliverables

i. All necessary logistics so that IRNSS Receiver shall be established to collect positional data in raw and RINEX format received from IRNSS, GPS constellation with 1 sec update rate

ii. Send a Quarterly status Report on usage/performance of receiver to SAC in a prescribed format.

iii. Send the Receiver data to SAC as and when asked for

6.0 Guidelines on Receiver / Data Usage:

The data is to be used strictly for internal research purpose only. The Receiver is for experimentation and field trial only and should not be used

for any operational purpose. IRNSS constellation is evolving and has not been declared operational for Position Navigation and Time. So the results/performance of IRNSS should be viewed in that context.

7.0 Responsibility of Each Party:

SAC and KLU shall jointly work towards IRNSS system verification using data collected from IRNSS receivers. In addition, following are the specific responsibilities.

7.1 KLU:

7.1.1 All the logistics support, site identification, site preparation, required for setting up of IRNSS Receiver will be provided by KLU.

7.1.2 Installation of the IRNSS Receiver at the site will be carried out by ACCORD SYSTEMS

7.1.3 Utmost care to be taken in handling the IRNSS Receiver.

7.1.4 Send the Receiver Data to SAC when asked for

7.1.5 Safety and security of the IRNSS Receiver

7.1.6 IRNSS data reception, processing, archival to be done by KLU.

7.2 SAC:

7.2.1 SAC will provide IRNSS Receiver Unit(s) and Receiver operation manual(s) on returnable basis (As detailed in Annexure-1)

7.2.2 SAC will provide technical assistance to KLU in working out modalities of Data collection, data sharing, etc.

7.2.3 SAC will provide technical assistance to KLU in proper operation and maintenance of IRNSS Receiver

7.2.4 SAC will provide technical assistance to KLU in identifying appropriate research areas considering capabilities of this Receiver

8.0 Project schedule:

8.1 Selection of Suitable Site(s) within 10 days from the date of signing MoU by KLU

8.2 Installation and Commissioning of IRNSS Receiver by M/S ACCORD.

8.3 Regular data collection and analysis will be carried out for the duration of the MoU from the date of Installation and Commissioning of IRNSS Receiver

9.0 Training:

M/S ACCORD will provide necessary training and guidelines for site identification, receiver operations. SAC will provide guidelines for data collection, processing and data transfer

10.0 Project Monitoring:

10.1 SAC and KLU shall identify focal person(s) who shall be responsible for organizational matters and interfacing for day to day operation, such as functioning of IRNSS Receiver, security etc. Each party shall pursue its independent research using data from these IRNSS Receiver, with mutual consultation.

10.2 A periodic Quarterly status report should be generated by KLU regarding Receiver operations. A User meet to share results, experience will be held at SAC every six months.

11.0 Functionaries (Typically 2)

Dr. D Venkata Ratnam, Professor, Dept. of ECE, KL University,Guntur,A.P

Mr.M Sridhar Associate Professor, Dept. of ECE, KL University, Guntur,A.P

(KLU Focal persons)

ATUL P. SHUKLA, YAGESH R. PATEL.

(SAC Focal persons)

12.0 Confidentiality:

12.1 During the tenure of MoU and thereafter both parties undertake on their behalf and on behalf of their employees/representatives to maintain strict confidentiality and prevent disclosure thereof of all the information and data exchanged/generated pertaining to this agreement. However, the data may be published and shared jointly for scientific publication after mutual consent in writing.

12.2 KLU will not disclose any research result and Foreground information, generated out of or involving the data, its derivative or information thereof from the IRNSS Receiver established (at given site) as per terms of this MoU to any third party without seeking prior written permission.

13.0 Intellectual Property Rights :

All the research results and foreground information as well as foreground Intellectual Property Rights, generated out of or involving the data, its derivative or information thereof, from IRNSS Receiver and sites established as per terms of this MoU whether or not legally protected, shall be owned by SAC. KLU will be free to use such data for their internal R&D purposes with intimation to SAC.

Notwithstanding any provisions mentioned above or any future licensing agreements, SAC shall be deemed to have all rights including non-exclusive, irrecoverable and royalty-free license for the unlimited development and use of any and all Foreground information and Foreground Intellectual Property Rights, generated out of or involving the data, its derivative or information thereof, from the IRNSS Receiver established (at given site) as per terms of this MoU, whether or not legally protected, for the purposes of its own applications.

14.0 Change In Scope of Work:

Any change in scope of work would be with mutual consent of both the parties in writing.

15.0 Modifications to MoU:

15.1 Any amendment or modifications of this MOU shall be in writing by both parties.

15.2 The modifications/changes shall be effective from the date on which they are made/ executed, unless otherwise agreed to.

16.0 Force Majeure:

Neither party shall be held responsible for non fulfillment of their respective obligation under this MoU due to circumstances beyond their control but not limited to war, flood, cyclones, riots, strikes etc. If such condition continues beyond six months, the parties shall then mutually decide about the future course of action. Either party shall intimate each other of any such event.

17.0 Indemnity:

KLU shall exercise reasonable skill, care and diligence in the performance of this MoU activity and indemnify and keep indemnified SAC in respect of any loss, damage or claim howsoever arising out of related to breach of MoU, statuary duty or negligence by KLU or its employees, agents or subcontractors in relation to the performance or otherwise of the services to be provided under this MoU.

18.0 Termination of MoU:

18.1 During the validity of the MoU, if it is found that if the IRNSS system is not in use, misuse or due care is not taken, SAC has right to dismantle/uninstall the IRNSS Receiver established as per terms of this MoU with intimation to KLU.

18.2 Similarly if KLU considers it necessary to dismantle the IRNSS Receiver established as per terms of this MoU for unavoidable reason at a given site, KLU will try to provide an alternate site for the IRNSS observations and facilitate SAC to relocate IRNSS Receiver. If however, KLU fails in providing such alternate, SAC will be free to dismantle/uninstall and remove the IRNSS Receiver established as per terms of this MoU along with accessories.

19.0 Arbitration:

In the event of any dispute or difference between the parties hereto, such disputes or differences shall be resolved amicably jointly by Director, SAC and Vice-Chancellor, KLU.

20.0 Jurisdiction: Ahmedabad shall be the jurisdiction.

In witness whereof, the parties hereto have signed this MOU on this 07th of December, 2015.

Though this MoA, C-DAC (T) and KLEF- (V) agree the terms and conditions given here in after.

B. Terms and Conditions

1. Scope of Work

C-DAC-(T) is currently executing a number of R&D Projects under various project heads in its development centre of Trivandrum.

C-DAC-(T) has expertise in numerous areas of Automation of Industrial Processes and Instrumentation, Wireless Sensor Networks, Electronics, Communication, Computer Science etc. In the field of Automation of Industrial Processes and Instrumentation, Wireless Sensor Networks, Signal Processing, Information Security and allied areas C-DAC-(T) develops and delivers a number of projects.

C-DAC-(T) can support KLEF- (V) for the modules detailed below:

Module-1: **Expert Lecture:** C-DAC-(T) can deliver expert lecture in the areas of Automation of Industrial Processes and Instrumentation, Wireless Sensor Networks, Signal Processing, Information Security, Electronics and Communications Engg., and allied areas etc. as mentioned in part (a) of section A or related fields to suit the requirements of B. Tech/M. Tech programs and Ph.D being run at KLEF- (V). KLEF- (V) will require various invited talks for conducting seminars and workshops in the academic year from time to time. C-DAC-(T) will be able to provide staff for delivering the lectures in various areas particularly mentioned in the part (a) of section A at KLEF- (V) Premises, under mutually agreed terms and conditions.

Module-2: **Staff/Student/ training/R&D:** KLEF- (V) will require state of the art technology updating and skill improvement in various fields particularly in the areas mentioned in the part (a) of section A.C-DAC-(T) will permit identified and selected faculty to undergo short term training at C-DAC- (T) premises with accommodation under mutually agreed terms and

conditions. The training will give exposure on latest trends in applications of the concerned fields. C-DAC-(T) can consider small projects in part or full at KLEF-(V) labs/ C-DAC-(T) facility. This will be based on the facilities of the lab and knowledge of the persons to work in the projects. KLEF - (V) and CDAC-(T) can explore the possibilities of joint R&D projects.

1. Type of Agreement: This is an umbrella agreement covering the modules listed above with broad outline. Specific agreements for each module/project with appropriate terms and conditions can be made as per the requirement.

2. Consultancy/module charges:

The related consultancy/module charges will be as per the specific agreement of the module agreed upon.

Project review:

In case of projects, a module review committee constituted by C-DAC-(T) and KLEF- (V) will review the progress of the modules at Specified intervals (once in three moths)

3. Contact person from each side:

4.1 There will be a contact person of appropriate designation from C-DAC-(T)

4.2 There will be a contact person from KLEF- (V) who is at least at the level of a Professor.

C. Project schedule:

The project schedule will be decided by C-DAC (T) and KLEF- (V) based on the modules.

D. Budget:

The budget for the module project will be as per the agreement of the particular modules concerned.

E. Payment:

The payment will be as per the terms mentioned in specific agreement of the specific particular module(s) (including with applicable/respective taxes).

F. Intellectual /property:

All the prior information, design and data existing with either party before start of this project (pre-existing IP) shall be sole property of that party. All Intellectual Property including design information, designs and data generated through the project shall be held jointly by C-DAC (T) and KLEF- (V).

THEREFORE, **KL University** and **eSF LABS LIMITED** have decided to enter into the **MoU** embodied in this document.

A. Terms of MoU

This MoU embodies the following terms:

I. Name of course and certification

1. eSF LABS LIMITED shall jointly conduct Academic/Educational courses in association with **KL University**.

Resource:

1) eSF LABS LIMITED shall provide expert faculties for conducting the said courses. All expenses relating to the lab setup, fee payable for conducting the said classes will be paid by KL University as per the norms.

2) KL University and eSF LABS LIMITED will share tools, technologies, and study material for all the Courses, services and Research.

3) eSF LABS LIMITED will make all possible efforts for the development of courses and research jointly.

4) eSF Labs will design Diploma, PG Diploma and Master Degree programs in Digital Forensics and Cyber Security for KL University.

II. Digital Forensics, Cyber Security & Cyber Intelligence Lab Setup

1) eSF LABS LIMITED will set up the Digital Forensic and Cyber Security labs in the KL University campus to train the students on the latest Digital Forensics and Cyber Security technologies.

2) eSF Labs Limited will also setup a cyber intelligence lab and to monitor it for any security breaches.

3) The financial expenses to set up the above mentioned Labs and the necessary tools and software would be borne by KL University while the supply of the tools, administration, technical assistance and training would be

This MOU sets down the mutually agreed broad framework for collaborating academic programs, research partnerships and for supporting R&D through innovation, entrepreneurship and training in various fields of common interest related to bringing the results of Science and Engineering to society. It incorporates the modalities for collaboration on these and other areas of mutual interest between KLU and NTPL.

1. PREAMBLE

1.1 KLU is a Pioneering Institute in the state of Andhra Pradesh, having accreditation from NBA of AICTE and NAAC of UGC and presently a Deemed to be university u/s 3 of the UGC Act 1956. The vision of the institute is to excel in science and engineering and attain the status of a world class university in education and research. The institute has highly qualified faculty and committed students carrying out advanced research in different areas of Science and Engineering. There is a felt need to bring these research outputs to intensify relevant research activities and translate the fruits of research to commercial activities over different time scales, wherever possible. KLU has a core team of researchers drawn from academia, industries and premier research organizations and also a vibrant group of alumni locally and internationally who are keen to assist or actively participate in R&D commercialization.

1.2 NTPL is a software Company registered under Indian Companies Act, 1956. It is engaged in the business of developing software products.

1.3 The activities of KLU and NTPL are in several ways complementary. While KLU generates science and technology research outputs, NTPL is engaged in Software development oriented activities through services, education training, research and innovation.

It is therefore felt that a collaborative program would be of considerable Mutual benefit for both the parties. The collaboration would cover the R&D (Fundamental & Applied research) in both, GIS & product development. Such a synergy will also bring the wisdom of the NTPL into the IT oriented educational and training programmes of the KLU. This collaboration will also help in

Scanned by CamScanner

generating value for the society that is based on Science & Technology driven entrepreneurship and through a systematic study of related systems and practices.

1.4 This MOU is the result of a fruitful discussion within and between KLU and NTPL to develop stimulating and dynamic collaboration, achieve beneficial goals between the parties.

Article 1

A Coordinator each from KLU and NTPL will be appointed to oversee the goals and purpose of this MOU. These coordinators from both parties will constitute Sub-Committees" to carry out specialized activities as required.

Article 2

Consistent with the goals and purpose of the collaboration, KLU, Vaddeswaram, Guntur and NTPL, Visakhapatnam, propose the following areas of activities:

a. Based on periodic discussions between identified personnel of NTPL & KLU the joint research programmes will be identified. The critical research needs will be discussed and the methodologies for research and translation will be decided.

b. The relevant Academic, Research and Doctoral programs initiated at KLU will have formal and informal participation of the NTPL persons. NTPL persons will participate in teaching and training of KLU graduate students, as and when the need arises.

c. The research infrastructures of the two institutions, when available, will be accessible to the faculty of both the Institutions.

d. As and when joint work of KLU and NTPL yields positive results into products/services and the patentable items will be identified and the need based actions will be initiated.

e. The faculty of the two parties will be encouraged to submit joint application for external research grants.

f. **Intellectual Property Commercialization Strategy**: Discussions will be initiated between KLU and NTPL on Intellectual property management commercialization strategy and facilitation through intermediaries. This process will be facilitated by the Dean of Research and Development at KLU and the appropriate NTPL personnel.

Scanned by CamScanner

g. **Faculty mentors**: Interested parties from either side may be available to mentor students on technology /business aspects on an informal basis.

h. **Joint visitors programme**: Visiting Faculty and Postdoctoral fellows from India who are connected with KLU can visit both the parties in a coordinated manner and create necessary linkages. The designated Coordinators from KLU and NTPL will facilitate such activity.

i. **Joint Publications**: The collaboration could generate Research papers, Patents, and Technology reports that could be of great use.

j. To facilitate Intellectual Property commercialization strategy, a 'Joint Subcommittee for Intellectual Property Identification' will be constituted. This committee will consist of experts from KLU, NTPL and other relevant professionals from outside who will create the right mechanism to source and spot intellectual property (patentable or not) that can be used in activities (g) and (h).

Article 3

In addition to the Coordinator mentioned in (1), other Committees will be put in place when necessary, to make this MOU a success.

The faculty, research scholars, Masters Students and the alumni of KLU and the scientists of NTPL may be given access to the facilities of both the parties, subject to prevailing rules and regulations of the respective Institutes regarding such access.

Article 4

Provision is hereby made for:

i. The exchange of faculty, research scholars and students between the two Parties.
ii. The Joint organization of symposia, seminars, workshop, lectures and events.
iii. Sharing of data and facilities on collaborative projects under appropriate non-disclosure Agreements.

Article 5

1. Intellectual Property

a) Intellectual property will refer to all patents, copyrights, trademarks, protections, geographic indicators and other intellectual property protections, including plants, genes and chemical structures. Intellectual property also includes oral or written know-how of relevance to the research activities of the two Institutes. Intellectual property ownership, authorship and commercialization are three aspects that will be considered. Ownership and commercialization are discussed below. However to merit authorship, it is required that the inventor has

Scanned by CamScanner

participated in the research activity relevant to the invention and contributed to the claims of the invention when a patent is involved. An author of a patent can be a faculty, student an alumnus, or a scientist.

b) Intellectual property types relevant to this MOU are

(i) Patented and unpatented know-how developed at prior to interaction with NTPL/KLU on a specific problem, (background intellectual property).

(ii) Patented and unpatented know-how developed during and after collaboration between faculty, students, alumni of KLU and NTPL on a specific problem (new developmental intellectual property).

(iii) Intellectual property as at (i) and (ii) and also includes entities (third parties) other than KLU and NTPL.

c) Intellectual property of KLU obtained prior to collaboration between KLU and NTPL on a specific problem will belong to KLU. Intellectual property of NTPL prior to such collaboration will belong to NTPL and any back ground Intellectual property that involves parties in addition to KLU and NTPL must be made known to all concerned before this collaboration is inked.

d) Intellectual property generated jointly during the operation of this MOU may be jointly filed and "owned" by KLU- NTPL or jointly published in and/or presented at national and international journals and/or conferences as per the Intellectual property strategy and IP policy of the two parties. Legal advice regarding Intellectual property filing may be sought prior to publication and/or public speeches, training and consulting where relevant.

e) Faculty, students and alumni participating in the activities under this MOU will be governed in matters of KLU- NTPL joint activities by the provisions of this MOU, even if they leave their respective institutes, when Intellectual property relevant to these institutes is being pursued.

f) Commercialization revenues from Intellectual property, patented or unpatented (such as know-how, oral or written), generated by bringing such Intellectual property to the market and society will be shared by NTPL and KLU. The sharing approach will be decided upon mutually on a case-to-case basis on the contributions of relevant inventors. This revenue sharing approach will be applicable for the first five years of this MOU. Revenue sharing will take into consideration all relevant guidelines applicable at to both KLU and NTPL.

g) In the case of entrepreneurship activity and startup companies that may emerge from KLU – NTPL collaboration, new developmental intellectual property will be owned by the startup companies, unless decided otherwise.

Scanned by CamScanner

h) KLU and NTPL may use and share information and data generated during their collaboration for teaching and academic activity including case development within their respective institutions/Lab. Information regarding intellectual property belonging to KLU can be shared between the Institute/Lab via a non-disclosure Agreement. This can be used for consulting activities by faculty of either party only with the permission of the Vice-Chancellor of KLU as the case may be. Information regarding intellectual property belonging to NTPL can be shared between the Institute/Lab via a non-disclosure agreement. This can be used for consulting activities by faculty of either Institute only with the permission of the appropriate authority in the NTPL.

i) When an entity or entities other than KLU or NTPL is/are also involved, intellectual property ownership, commercialization will be negotiated on a case-by-case basis. Authorship will be given in a manner as mentioned in the (a) of this article.

2. **Non- exclusivity of the MOU**

KLU and NTPL together have the unrestricted right to seek additional funding from and /or to cooperate with any other agencies / institutions for the activities and have unrestricted right to have MOU with any other institutions covered by the MOU.

3. **Changes and Modifications**

Any articles of the MOU may be modified or changed by mutual agreement of the parties hereto in writing. The modifications and / or changes shall be effective from the date on which they are modified / extended unless otherwise agreed to.

4. All disagreement, differences of opinion, conflicts (including on intellectual property) and / or disputes regarding the interpretation of the provisions of this MOU shall be resolved by mutual consultation between the signatories, namely the Vice Chancellor of KLU and Signatory of NTPL. The regular conflict resolution processes used at KLU and NTPL will be adopted when mutual consultation fails. The courts of Visakhapatnam will be relevant to such a resolution.

5. The tenure of the MOU shall be Five years from the date of signing of the MOU. The tenure shall be renewed after a review process conducted by the Vice Chancellor of KLU and the signatory NTPL and appropriate revisions to the MOU based on mutually shared experiences agreed terms and conditions.

MEMORANDUM OF UNDERSTANDING

Between:

M/s. Millennium Software Solutions

AND

KL UNIVERSITY
VADDESWARAM, GUNTUR DISTRICT, ANDHRA PRADESH

PREAMBLE

M/s. Millennium Software Solutions (Hereinafter referred to as the "COMPANY")

An ISO 9001:2000 certified decade company in field of Software Development and Technical Training. It is associated with major IT giants like Micro Soft, and Prestigious Universities like Andhra University, Ambedkar University.

KL UNIVERSITY (Hereinafter referred to as the "UNIVERSITY")

Established in the year 1980 situated at Vaddeswaram, Guntur. The University has an objective of providing quality education. The University has been started with a vision to build technology professionals with a practical Industry exposure to be readily deployable in the Industry.

This MOU is between the Company and the University, with a primary objective of "Industry – Educational Institutional Interface" on continuing basis for mutual cooperation and benefit for achieving a harmonious blend of strengths from both sides.

This MOU covers the following functions paving way for the institute-industry link for TRAINING of students in sites/Training centre of the Company. The University students will be deputed for practical training to the Company.

1.1 Following are the areas where we propose to work together to achieve the objectives:

THE PRACTICE SCHOOL PROGRAMME (PSP)

THE UNIVERSITY, the pioneers in conceptualizing a unique Practice School Program aimed at bridging the gap between Industry and Academics by building Industry Ready Engineering Workforce, would like to work in collaboration with the Company to further benefit the Final year Engineering students and act as a stepping stone for their bright careers.

The Programme includes **ON-THE-JOB-TRAINING** which fulfils the academic requirement of Final year Engineering students of B.Tech. degree.

Joint monitoring will be done for the regular development of the students' at the site offices of the Company from time to time by Technical Guide and the Company Guide as mutually agreed by both the parties.

1.2 ADJUNCT COURSES

a) The foundation laid down in the academic curriculum has to be complemented by certain practical training which can deepen the understanding of a student. Based on the feedback from leading Academicians and Industry leaders, the Company has accepted to impart practical on-the-job training to the students of the University. The Company may provide some theoretical inputs to the students with an objective to provide the students an opportunity to learn and practice the most updated technologies relevant from Industry point of view. This would enable the students to gain specialised skill in their domain area so that the students will be more equipped with appropriate knowledge and skills to take responsible positions in the companies.

b) The **adjunct course** is nothing but practical training imparted to the student/participant to enable him/her to gain specialised skill in his/her domain area so that the student/participant will be more equipped with knowledge and practice.

c) After the training is completed, the Company agrees to provide a certificate to the student.

1.3 PRACTICAL TRAINING AND PROGRAMS

a) The Company shall conduct **PRACTICE SCHOOL PROGRAM** in association with the the University. The on-the-job training will be a value addition to the students as they will learn practices of the industry.

b) The practical training will be given in the Company in the disciplines and areas mentioned in the Annexure attached to this MoU.

c) It is also agreed that (i) the total duration of training programme will not exceed one semester period, (ii) starting date and ending date of the programme is decided by the University and (iii) the Company will participate in different evaluation components of Practice School Program as per the criteria laid down by the University.

d) The Company would facilitate the student to interact with their officials to understand the processes of the organization.

1.4 TERMS OF TRAINING

a) The duration of the Practice School Program is one semester.

b) The calendar for the training shall be sent by the University.

c) The students or the University shall not claim any compensation from the Company during the said training. However, the Company may decide to compensate the students by way of stipend, incentive, allowances, etc. to motivate them for value addition.

d) The number of students to be trained in each semester in the Company will be decided by the Company itself. The number of students can vary depending on the availability of students and infrastructural facilities at the Company.

e) The deputation of students to the Company is dependent on the availability of students and their interest to pursue the engagement. As such the University is not under obligation to depute the students as desired by the Company.

f) The students who are deputed to the Company and the University shall maintain strict confidentiality of information collected from the Company. However, if the work done by the student is worthy of academic communication by way of a paper or research report, it may be published with prior written approval of the Company and with due acknowledgments.

g) The Company shall allow the Technical Guide and any other faculty members or Officers of the University to visit the Company for meetings/review of the student performance with prior appointment.

h) The Company shall permit the students for participation in technical conferences, seminars, symposia, panel discussions, etc. for knowledge acquisition.

i) The Company shall allow the students, during the training period, upon the request of the University, to participate in campus/off-campus placement drives to facilitate employment of the students.

1.5 VALIDITY

The MoU is valid for a period of two years with effect from the date of signing of the agreement and may be renewed after that period, incorporating mutually agreeable modifications, if any, thereafter.

The agreement cannot be withdrawn in the middle of the course, currently in progress. However, either party may withdraw from the agreement by giving a written notice of six months in advance, subject to fulfilment of prior obligations otherwise surviving.

Both the Parties will implement the above terms and conditions effectively and both parties will review the functioning of the MoU every SIX months.

1.6 FORCE MAJEURE

Neither party shall be liable for non-performance either in whole or in part of this agreement due to reasons unforeseen and beyond its control. These reasons shall include and be limited to strikes, lockouts, nationalization, acts of God, war and fire. In that event, the other party will be notified immediately in writing detailing full facts of the case and both parties will endeavour to arrive at mutually satisfactory solutions to overcome the difficulties arising out of these circumstances.

1.7 NON-DISCLOSURE

1.1 Following are the areas where we propose to work together to achieve the objectives:

The Practice School Programme (PSP)

THE UNIVERSITY, the pioneers in conceptualizing a unique Practice School Program aimed at bridging the gap between Industry and Academics by building industry ready Engineering Workforce, would like to work in collaboration with the Company to further benefit the Final year Engineering students and act as a stepping stone for their bright careers.

The Programme includes **On-the-Job Engineer Training (OJET)** which fulfils the academic requirement of Final year Engineering students of B.Tech. degree.

Joint monitoring will be done for the regular development of the students' at the site offices of the Company from time to time by Technical Guide and the Company Guide as mutually agreed by both the parties.

1.2 Adjunct Courses

a) The foundation laid down in the academic curriculum has to be complemented by certain practical training which can deepen the understanding of a student. Based on the feedback from leading Academicians and Industry leaders, the Company has accepted to impart practical On-the-Job Engineer Training to the students of the University. The Company may provide some theoretical inputs to the students with an objective to provide the students an opportunity to learn and practice the most updated technologies relevant from Industry point of view. This would enable the students to gain specialised skill in their domain area so that the students will be more equipped with appropriate knowledge and skills to take responsible positions in the companies.

b) The **adjunct course** is nothing but practical training imparted to the student/participant to enable him/her to gain specialised skill in his/her domain area so that the student/participant will be more equipped with knowledge and practice.

c) After the training is completed, the Company agrees to provide a certificate to the student.

1.3 Practical Training and Programs

a) The Company shall conduct **Practice School Program** in association with the the University. The On-the-Job Engineer Training will be a value addition to the students as they will learn practices of the industry.

b) The practical training will be given in the Company in the disciplines and areas mentioned along with the specific terms and conditions and pricing/payment terms, in the Annexure attached to this MoU.

c) It is also agreed that (i) the total duration of training programme will not exceed one semester period, (ii) starting date and ending date of the programme is decided by the University and (iii) the Company will participate in different evaluation components of Practice School Program as per the criteria laid down by the University.

d) The Company would facilitate the student to interact with their officials to understand the processes of the organization.

1.4 Terms of Training

a) The duration of the Practice School Program is one semester.

b) The calendar for the training shall be sent by the University.

c) The students or the University shall not claim any compensation from the Company during the said training. However, the Company may decide to compensate the students by way of stipend, incentive, allowances, etc. to motivate them for value addition.

d) The number of students to be trained in each semester in the Company will be decided by the Company itself. The number of students can vary depending on the availability of students and infrastructural facilities at the Company.

e) The deputation of students to the Company is dependent on the availability of students and their interest to pursue the engagement. As such, the University is not under obligation to depute the students as desired by the Company.

f) The students who are deputed to the Company and the University shall maintain strict confidentiality of information collected from the Company. However, if the work done by the student is worthy of academic communication by way of a paper or research report, it may be published with prior written approval of the Company and with due acknowledgments.

g) The Company shall allow the Technical Guide and any other faculty members or Officers of the University to visit the Company for meetings/review of the student performance with prior appointment.

h) The Company shall permit the students for participation in technical conferences, seminars, symposia, panel discussions, etc. for knowledge acquisition.

i) The Company shall allow the students, during the training period, upon the request of the University, to participate in campus/off-campus placement drives to facilitate employment of the students.

1.5 Validity

The MoU is valid for a period of TWO years with effect from the date of signing of the agreement and may be renewed after that period, incorporating mutually agreeable modifications, if any, thereafter.

The agreement cannot be withdrawn in the middle of the course, currently in progress. However, either party may withdraw from the agreement by giving a written notice of six months in advance, subject to fulfilment of prior obligations otherwise surviving.

Both the Parties will implement the above terms and conditions effectively and both parties will review the functioning of the MoU every SIX months.

1.6 Force Majeure

Neither party shall be liable for non-performance either in whole or in part of this agreement due to reasons unforeseen and beyond its control. These reasons shall include and be limited to strikes, lockouts, nationalization, acts of God, war and fire. In that event, the other party will be notified immediately in writing detailing full facts of the case and both parties will endeavour to arrive at mutually satisfactory solutions to overcome the difficulties arising out of these circumstances.

1.7 Non-Disclosure

Except in relation to information that is already in the public domain or required by law, or necessary for the performance of its obligations under this MoU and is accordingly disclosed to its respective officers, employees, representatives or agents, each Party shall not, without the written consent of the other party, directly or indirectly disclose to any other person, use or permit to be disclosed for any purpose other than that contemplated by this MoU, any information that is acquired by it about the other party's affairs under this MoU, or as a consequence of the party's collaboration and must keep all such information strictly confidential and ensure that its officers, employees, representatives and agents keep any such information confidential.

1.8 Arbitration

The Company and the University shall settle any dispute arising out of any clause of this AGREEMENT through mutual consultations between the Company and the University. In case a settlement is not arrived at, such dispute(s) will be subjected to the provisions of the Arbitration & Conciliation Act, 1996.

ORACLE

ORACLE WORKFORCE DEVELOPMENT PROGRAM ("WDP") AGREEMENT

DEFINITIONS

"You" and "your" refers to the entity that meets the criteria set forth below and has executed this agreement ("agreement") and ordered Oracle programs, materials and/or services from Oracle India Pvt Ltd ("Oracle"). The term "Instructor" means an individual that you employ to teach a Class and who has demonstrated experience and mastery of the Oracle Programs and Materials specific to such Class. The term "WDP Class" means a class that you provide in an Institution for Students in addition to your regular curriculum and following the format detailed subsequently in this agreement that uses the Programs and Materials in accordance with this agreement. The term "Student" means a student enrolled in a WDP Class you offer pursuant to the terms of this agreement. The term "Institution" means the specific Training Centers as listed in Exhibit A. In case the training centers listed in Exhibit A are not your owned and operated centers, each such training center shall first agree in writing with you to use the programs and services under the terms of this agreement. You shall be responsible for any breach of the terms of this agreement by such training centers specified in Exhibit A. The term "WDP Instructor Materials" means the teaching material available from Oracle for your Instructors to use when teaching a WDP Class, which may include: Instructor manuals, Instructor presentation materials, set-up scripts, and documentation. The term "WDP Student Materials" means a single copy of the Student materials available from Oracle that you must provide to each Student for use in conjunction with the applicable Class, which may include student guides, reference guides, and documentation. Oracle may provide WDP Student Materials in electronic format for download or in hard copy format, as designated by Oracle. The term "WDP Materials" means the Instructor Materials and WDP Student Materials collectively. The term "WDP website" means the worldwide web site established and maintained by Oracle for the Oracle Workforce Development Program, located at http://workforce.oracle.com. Certain information, materials and documents which this agreement describes as being located at the WDP website may be supplied to you directly by Oracle if the WDP website is unavailable. The term "services" means technical support, education or any other services provided under this agreement. The term "Programs" means the Oracle software products owned or distributed by Oracle for which you receive licenses subject to the terms of this agreement, as well as program documentation and any program updates acquired through technical support, that are listed on the WDP website at https://workforce.oracle.com/wdp_software.html and listed in Exhibit B of this agreement.

WDP CURRICULUM GUIDELINES

You must:

- schedule WDP Classes so that no more than 12 hours of instruction per WDP Class are delivered in any given week. This 12-hour per week instructional limit shall apply in all cases except where WDP Classes are no more than seventy percent (70%) of a full-time training program that is at least five months in duration.
- reference in the WDP class your use of Oracle Programs and WDP Materials.
- supply a single copy of the relevant WDP Student Materials to each Student in a WDP Class.
- teach all WDP Classes at your facilities. Each facility must have a registered WDP Member Account with Oracle. Any distance education or online delivery of WDP Classes requires prior written approval by Oracle.
- provide Oracle with a valid, unique e-mail address for each Student name to facilitate Oracle's delivery of electronic versions of WDP Student Materials, as applicable.
- be responsible for lab technical support for WDP Classes. Oracle will provide technical support for the Programs via WDP under Oracle's then current technical support policies, which are subject to change and may contain additional terms. You may access the current version of the technical support policies at http://oracle.com/contracts.

Scanned by CamScanner

- submit to Oracle a brief outline of your plan to teach WDP Classes and submit forecasts as requested by Oracle.
- use only WDP Materials and/or Programs specified by the Oracle Workforce Development Program when teaching a WDP Class.

RIGHTS GRANTED

Subject to the terms of this agreement, you may use the Programs and receive any services for teaching WDP Classes only; such use specifically excludes your internal data processing operations. Such use includes teaching up to the number of Students ("Named Users") specified in the online ordering process accepted by Oracle. "Named Users" are Students authorized by you to use the Programs for this purpose, regardless of the number of Students actively using a Program at any given time. You may copy the Programs only for your licensed use within the Institution teaching the relevant WDP Class.

Subject to the terms of this agreement, Oracle grants to you a nonexclusive, nontransferable license to distribute a single paper copy or electronic copy of the WDP Student Materials (as applicable) to each Student in the WDP Class for the sole purpose of taking the WDP Class. You must purchase WDP Student Materials directly from Oracle for such distribution. The terms and process for such purchases are set forth on the WDP website.

If you purchase Instructor Materials, subject to the terms of this agreement, Oracle grants to you a nonexclusive, nontransferable license to distribute a single paper copy of the WDP Instructor Materials for the sole purpose of the Instructor teaching a WDP Class or teaching other Instructors how to teach a WDP Class.

OWNERSHIP AND RESTRICTIONS

Oracle retains all ownership and intellectual property rights to the Programs and WDP Materials and anything developed by Oracle and delivered to you under this agreement resulting from the services.

Limitations on Use

You may not:

- remove or modify any Program markings, any notice of Oracle's proprietary rights or alter any electronic versions of the WDP Materials;
- make the WDP Materials or Programs or materials resulting from the services available in any manner to any third party for use in the third party's business operations;
- cause or permit reverse engineering (unless required by law for interoperability), disassembly or decompilation of the Programs; or
- disclose results of any Program benchmark tests without Oracle's prior written consent.

PUBLICITY

You agree that Oracle may publicize your participation in the Oracle Workforce Development Program. This includes without limitation details about the WDP Classes that you provide.

FEES AND TAXES

The fee(s) (1) to enter into this agreement per Institution, per location, and (2) for any WDP Student Materials and WDP Instructor Materials, shall be the fee(s) as set forth on the WDP website and on your order summary.

All fees payable to Oracle are due and payable along with your order, and you also agree to pay any sales, value-added or other similar taxes which we must pay based on the Programs, WDP Materials, technical support or other services or materials acquired by you under this agreement, except where an applicable tax

exempt certificate is provided; shipping costs are not included in such fees and shall be charged to you. You may not return or exchange any WDP Materials.

TERM AND TERMINATION

This agreement shall remain in effect for a period of one year commencing on the date that Oracle accepts this agreement (the "Term"), unless terminated as provided herein. You may renew this agreement for an additional one-year term subject to Oracle's acceptance. The fees for such an additional one-year term shall be subject to Oracle's pricing policies in effect at the time of renewal.

After 90 days from the beginning of the Term, either party may terminate this agreement at any time without cause upon 90 days written notice. If either of us breaches a material term of this agreement and fails to correct the breach within 30 days of written specification of the breach, the other party may terminate this agreement. Except for nonpayment of fees, we each agree to extend the 30-day period for so long as the breaching party continues reasonable efforts to cure the breach.

Upon expiration or termination of this agreement, your rights to use and/or distribute the Programs and/or the WDP Materials and any other materials provided under this agreement will cease. The expiration or termination of this agreement will not relieve either party from its obligation to pay all fees that have accrued prior to such expiration or termination. The parties' rights and obligations which are intended by their nature to survive the termination of this agreement shall survive. Upon termination or expiration of this agreement you will return or destroy all Programs and WDP Materials and any other materials provided to you under this agreement.

TECHNICAL SUPPORT

During the Term, Oracle will provide you with technical support for the Programs under Oracle's technical support policies in effect at the time the services are provided. The technical support policies, incorporated in this agreement, are subject to change at Oracle's discretion; however, Oracle will not materially reduce the level of services provided for supported programs during the period for which fees for technical support have been paid. You may access the current version of the technical support policies at http://oracle.com/contracts. Technical support is effective upon the effective date of this agreement.

Further, Oracle will provide you with technical support for the electronic Student Kit material delivery process during the Term. Such support will be provided via e-mail, and you may view more detailed support instructions on the WDP website at http://workforce.oracle.com/pls/wdp/!rd_cgi2.process_cmd?cmd=help#eKit.

PROGRAM DELIVERY

You may access and electronically download to your location the Programs by visiting the E-Delivery website at http://edelivery.oracle.com. Provided that you have a supported licensed for the applicable Program(s) listed on WDP website at https://workforce.oracle.com/wdp_software.html and listed in Exhibit B in this agreement, you may continue to download the software and related program documentation for such Program(s). Please be advised that not all Programs are available on all hardware/operating system combinations. For current Program availability, please see the electronic delivery website specified above. You acknowledge that Oracle is under no further Program delivery obligation under this Agreement, electronic or otherwise. You shall be responsible for installation of the Programs.

WARRANTIES AND DISCLAIMERS

LIMITATION OF LIABILITY

[redacted] NEITHER PARTY SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES, OR DAMAGES FOR LOSS OF PROFITS, REVENUE, DATA OR DATA USE. ORACLE'S MAXIMUM LIABILITY FOR ANY DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT, WHETHER IN CONTRACT OR IN TORT, OR OTHERWISE, SHALL BE LIMITED TO THE AMOUNT OF THE FEES YOU PAID ORACLE UNDER THIS AGREEMENT.

CONFIDENTIALITY

By virtue of this agreement, the parties may have access to information that is confidential to one another ("confidential information"). We each agree to disclose only information that is required for the performance of obligations under this agreement. Confidential Information shall be limited to the Programs, the terms and pricing under this agreement, the WDP Materials and all information clearly identified as confidential.

A party's confidential information shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the other party; (b) was in the other party's lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the other party by a third party without restriction on disclosure; or (d) is independently developed; or e) is disclosed by operation of law.

We each agree to hold each other's confidential information in confidence for a period of three years from the date of disclosure. Also, we each agree to disclose confidential information only to those employees or agents who are required to protect it against unauthorized disclosure. Nothing shall prevent either party from disclosing the terms or pricing under this agreement or orders submitted under this agreement in any legal proceeding arising from or in connection with this agreement or disclosing the information to a federal or state governmental entity as required by law.

USE OF THE ORACLE TRADEMARKS

Oracle grants you a non-exclusive, non-transferable right to use, during the term of this agreement, the Oracle Workforce Development Program logo on your marketing materials solely to promote WDP Classes in conjunction with your other class offerings. Your use of the WDP logo shall strictly comply with Oracle's WDP Logo Guidelines set forth at https://workforce.oracle.com/documents/WDP_Guidelines.pdf. You shall not use the WDP logo in a manner that misrepresents your relationship with Oracle or is otherwise misleading, or that reflects negatively on Oracle. All products and services in connection with which you use the WDP logo shall conform to Oracle's quality standards and meet or exceed industry standards. You shall cooperate with Oracle to allow for review of your use of the WDP logo and compliance with Oracle's quality standards. If Oracle, in its sole discretion, determines that your use of the WDP logo is not in compliance with this agreement, you shall promptly modify or discontinue your use of the WDP logo as directed by Oracle. Oracle may change the WDP logo and WDP Logo Guidelines, and, upon reasonable notice from Oracle, you shall promptly modify your use of the logo to conform to any such changed WDP logo or WDP Logo Guidelines. You acknowledge that you are granted no rights with respect to Oracle trademarks except as expressly set forth herein, and agree that any use of the WDP logo by you shall inure to the sole benefit of Oracle. You agree to provide reasonable assistance to Oracle in connection with the protection and prosecution of Oracle trademarks. You agree not to use Oracle trademarks or potentially confusing variations of Oracle trademarks (including "Ora") as a part of any of your trademarks, product names, service names, company name, or Internet addresses. You agree to indemnify Oracle for any loss, liability, damages, cost or expense (including attorneys' fees) arising out of any claims which may be made against Oracle arising out of your use of the WDP logo where such claim relates to your activities, products or services. Notwithstanding

[redacted], you shall have no obligation to indemnify Oracle with respect to a claim of trademark or copyright infringement based upon your use of the WDP logo as expressly permitted under this agreement.

EXPORT

Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the Programs. You agree that such export control laws govern your use of the Programs (including technical data) and any services provided under this agreement, and you agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations). You agree that no data, information, program and/or materials resulting from services (or direct product thereof) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology.

PRIVACY

Oracle may collect certain information from you in connection with your registration for, and Oracle's provision of, certain products and services, including certain information provided by you and pertaining to your Students. Oracle University will abide by the Oracle Privacy Policy, a current version of which is set forth at http://www.oracle.com/html/privacy.html. You are responsible for obtaining any necessary consents from your Students in connection with the information provided by you to Oracle in connection with this Agreement.

OTHER

This agreement is governed by the substantive and procedural laws of India and you and Oracle agree to submit to the exclusive jurisdiction of, and venue in, the courts in New Delhi in any dispute arising out of or relating to this agreement.

If you have a dispute with Oracle or if you wish to provide a notice under the Indemnification section of this agreement or if you become subject to insolvency or other similar legal proceedings, you will promptly send written notice to: Oracle India Pvt Ltd, DLF Building No. 8, Tower C, Ground Floor & 7th Floor, DLF Cyber City, DLF Phase - II, Gurgaon, Haryana - 122002, India, Attention: General Counsel, Legal Department.

You may not assign this agreement or give or transfer the Programs, WDP Materials and/or any services or an interest in them to another individual or entity. If you grant a security interest in the Programs, WDP Materials and/or any services deliverables, the secured party has no right to use or transfer the Programs, WDP Materials and/or any services deliverables.

Except for actions for nonpayment or breach of Oracle's proprietary rights, no action, regardless of form, arising out of or relating to this agreement may be brought by either party more than two years after the cause of action has accrued.

You will maintain books and records relating to the provision of Classes under this agreement. Upon 45 days written notice, we may audit your WDP Classes and your use of the Programs, WDP Materials and/or other materials acquired by you under this agreement. You agree to cooperate with our audit and provide us with reasonable assistance and access to information. You agree to pay within 30 days of written notification any fees applicable to your use of the Programs in excess of your license rights. If you do not pay, Oracle can end your technical support, licenses and/or this agreement. You agree that Oracle shall not be responsible for any of your costs incurred in cooperating with the audit.

In all matters relating to this agreement, you will act as an independent contractor. Neither party will represent that it has any authority to assume or create any obligation, express or implied, on behalf of the other party, nor to represent the other party as agent, employee, franchisee, or in any other capacity. The relationship between the parties is not exclusive.

ORACLE

ORACLE WORKFORCE DEVELOPMENT PROGRAM ("WDP") AGREEMENT

DEFINITIONS

"You" and "your" refers to the entity that meets the criteria set forth below and has executed this agreement ("agreement") and ordered Oracle programs, materials and/or services from Oracle India Pvt Ltd ("Oracle"). The term "Instructor" means an individual that you employ to teach a Class and who has demonstrated experience and mastery of the Oracle Programs and Materials specific to such Class. The term "WDP Class" means a class that you provide in an Institution for Students in addition to your regular curriculum and following the format detailed subsequently in this agreement that uses the Programs and Materials in accordance with this agreement. The term "Student" means a student enrolled in a WDP Class you offer pursuant to the terms of this agreement. The term "Institution" means the specific Training Centers as listed in Exhibit A. In case the training centers listed in Exhibit A are not your owned and operated centers, each such training center shall first agree in writing with you to use the programs and services under the terms of this agreement. You shall be responsible for any breach of the terms of this agreement by such training centers specified in Exhibit A. The term "WDP Instructor Materials" means the teaching material available from Oracle for your Instructors to use when teaching a WDP Class, which may include: Instructor manuals, Instructor presentation materials, set-up scripts, and documentation. The term "WDP Student Materials" means a single copy of the Student materials available from Oracle that you must provide to each Student for use in conjunction with the applicable Class, which may include student guides, reference guides, and documentation. Oracle may provide WDP Student Materials in electronic format for download or in hard copy format, as designated by Oracle. The term "WDP Materials" means the Instructor Materials and WDP Student Materials collectively. The term "WDP website" means the worldwide web site established and maintained by Oracle for the Oracle Workforce Development Program, located at http://workforce.oracle.com. Certain information, materials and documents which this agreement describes as being located at the WDP website may be supplied to you directly by Oracle if the WDP website is unavailable. The term "services" means technical support, education or any other services provided under this agreement. The term "Programs" means the Oracle software products owned or distributed by Oracle for which you receive licenses subject to the terms of this agreement, as well as program documentation and any program updates acquired through technical support, that are listed on the WDP website at https://workforce.oracle.com/wdp_software.html and listed in Exhibit B of this agreement.

WDP CURRICULUM GUIDELINES

You must:

- schedule WDP Classes so that no more than 12 hours of instruction per WDP Class are delivered in any given week. This 12-hour per week instructional limit shall apply in all cases except where WDP Classes are no more than seventy percent (70%) of a full-time training program that is at least five months in duration.
- reference in the WDP class your use of Oracle Programs and WDP Materials.
- supply a single copy of the relevant WDP Student Materials to each Student in a WDP Class.
- teach all WDP Classes at your facilities. Each facility must have a registered WDP Member Account with Oracle. Any distance education or online delivery of WDP Classes requires prior written approval by Oracle.
- provide Oracle with a valid, unique e-mail address for each Student name to facilitate Oracle's delivery of electronic versions of WDP Student Materials, as applicable.
- be responsible for lab technical support for WDP Classes. Oracle will provide technical support for the Programs via WDP under Oracle's then current technical support policies, which are subject to change and may contain additional terms. You may access the current version of the technical support policies at http://oracle.com/contracts.

ORACLE INDIA PRIVATE LIMITED BANGALORE

- submit to Oracle a brief outline of your plan to teach WDP Classes and submit forecasts as requested by Oracle.
- use only WDP Materials and/or Programs specified by the Oracle Workforce Development Program when teaching a WDP Class.

RIGHTS GRANTED

Subject to the terms of this agreement, you may use the Programs and receive any services for teaching WDP Classes only; such use specifically excludes your internal data processing operations. Such use includes teaching up to the number of Students ("Named Users") specified in the online ordering process accepted by Oracle. "Named Users" are Students authorized by you to use the Programs for this purpose, regardless of the number of Students actively using a Program at any given time. You may copy the Programs only for your licensed use within the Institution teaching the relevant WDP Class.

Subject to the terms of this agreement, Oracle grants to you a nonexclusive, nontransferable license to distribute a single paper copy or electronic copy of the WDP Student Materials (as applicable) to each Student in the WDP Class for the sole purpose of taking the WDP Class. You must purchase WDP Student Materials directly from Oracle for such distribution. The terms and process for such purchases are set forth on the WDP website.

If you purchase Instructor Materials, subject to the terms of this agreement, Oracle grants to you a nonexclusive, nontransferable license to distribute a single paper copy of the WDP Instructor Materials for the sole purpose of the Instructor teaching a WDP Class or teaching other Instructors how to teach a WDP Class.

OWNERSHIP AND RESTRICTIONS

Oracle retains all ownership and intellectual property rights to the Programs and WDP Materials and anything developed by Oracle and delivered to you under this agreement resulting from the services.

Limitations on Use

You may not:

- remove or modify any Program markings, any notice of Oracle's proprietary rights or alter any electronic versions of the WDP Materials;
- make the WDP Materials or Programs or materials resulting from the services available in any manner to any third party for use in the third party's business operations;
- cause or permit reverse engineering (unless required by law for interoperability), disassembly or decompilation of the Programs; or
- disclose results of any Program benchmark tests without Oracle's prior written consent.

PUBLICITY

You agree that Oracle may publicize your participation in the Oracle Workforce Development Program. This includes without limitation details about the WDP Classes that you provide.

FEES AND TAXES

The fee(s) (1) to enter into this agreement per Institution, per location, and (2) for any WDP Student Materials and WDP Instructor Materials, shall be the fee(s) as set forth on the WDP website and on your order summary.

All fees payable to Oracle are due and payable along with your order, and you also agree to pay any sales, value-added or other similar taxes which we must pay based on the Programs, WDP Materials, technical support or other services or materials acquired by you under this agreement, except where an applicable tax

exempt certificate is provided; shipping costs are not included in such fees and shall be charged to you. You may not return or exchange any WDP Materials.

TERM AND TERMINATION

This agreement shall remain in effect for a period of one year commencing on the date that Oracle accepts this agreement (the "Term"), unless terminated as provided herein. You may renew this agreement for an additional one-year term subject to Oracle's acceptance. The fees for such an additional one-year term shall be subject to Oracle's pricing policies in effect at the time of renewal.

After 90 days from the beginning of the Term, either party may terminate this agreement at any time without cause upon 90 days written notice. If either of us breaches a material term of this agreement and fails to correct the breach within 30 days of written specification of the breach, the other party may terminate this agreement. Except for nonpayment of fees, we each agree to extend the 30-day period for so long as the breaching party continues reasonable efforts to cure the breach.

Upon expiration or termination of this agreement, your rights to use and/or distribute the Programs and/or the WDP Materials and any other materials provided under this agreement will cease. The expiration or termination of this agreement will not relieve either party from its obligation to pay all fees that have accrued prior to such expiration or termination. The parties' rights and obligations which are intended by their nature to survive the termination of this agreement shall survive. Upon termination or expiration of this agreement you will return or destroy all Programs and WDP Materials and any other materials provided to you under this agreement.

TECHNICAL SUPPORT

During the Term, Oracle will provide you with technical support for the Programs under Oracle's technical support policies in effect at the time the services are provided. The technical support policies, incorporated in this agreement, are subject to change at Oracle's discretion; however, Oracle will not materially reduce the level of services provided for supported programs during the period for which fees for technical support have been paid. You may access the current version of the technical support policies at http://oracle.com/contracts. Technical support is effective upon the effective date of this agreement.

Further, Oracle will provide you with technical support for the electronic Student Kit material delivery process during the Term. Such support will be provided via e-mail, and you may view more detailed support instructions on the WDP website at http://workforce.oracle.com/pls/wdp/!rd_cgi2.process_cmd?cmd=help#eKit.

PROGRAM DELIVERY

You may access and electronically download to your location the Programs by visiting the E-Delivery website at http://edelivery.oracle.com. Provided that you have a supported licensed for the applicable Program(s) listed on WDP website at https://workforce.oracle.com/wdp_software.html and listed in Exhibit B in this agreement, you may continue to download the software and related program documentation for such Program(s). Please be advised that not all Programs are available on all hardware/operating system combinations. For current Program availability, please see the electronic delivery website specified above. You acknowledge that Oracle is under no further Program delivery obligation under this Agreement, electronic or otherwise. You shall be responsible for installation of the Programs.

WARRANTIES AND DISCLAIMERS

ORACLE PROVIDES THE PROGRAMS, WDP MATERIALS AND SERVICES "AS IS" WITHOUT WARRANTY. ORACLE DISCLAIMS ALL WARRANTIES AND CONDITIONS, WHETHER EXPRESS OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES AND CONDITIONS OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

Scanned by CamScanner

YOU SHALL NOT MAKE ANY WARRANTY ON ORACLE'S BEHALF.

LIMITATION OF LIABILITY

NEITHER PARTY SHALL BE LIABLE FOR ANY INDIRECT, INCIDENTAL, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES, OR DAMAGES FOR LOSS OF PROFITS, REVENUE, DATA OR DATA USE. ORACLE'S MAXIMUM LIABILITY FOR ANY DAMAGES ARISING OUT OF OR RELATED TO THIS AGREEMENT, WHETHER IN CONTRACT OR IN TORT, OR OTHERWISE, SHALL BE LIMITED TO THE AMOUNT OF THE FEES YOU PAID ORACLE UNDER THIS AGREEMENT.

CONFIDENTIALITY

By virtue of this agreement, the parties may have access to information that is confidential to one another ("confidential information"). We each agree to disclose only information that is required for the performance of obligations under this agreement. Confidential Information shall be limited to the Programs, the terms and pricing under this agreement, the WDP Materials and all information clearly identified as confidential.

A party's confidential information shall not include information that: (a) is or becomes a part of the public domain through no act or omission of the other party; (b) was in the other party's lawful possession prior to the disclosure and had not been obtained by the other party either directly or indirectly from the disclosing party; (c) is lawfully disclosed to the other party by a third party without restriction on disclosure; or (d) is independently developed; or e) is disclosed by operation of law.

We each agree to hold each other's confidential information in confidence for a period of three years from the date of disclosure. Also, we each agree to disclose confidential information only to those employees or agents who are required to protect it against unauthorized disclosure. Nothing shall prevent either party from disclosing the terms or pricing under this agreement or orders submitted under this agreement in any legal proceeding arising from or in connection with this agreement or disclosing the information to a federal or state governmental entity as required by law.

USE OF THE ORACLE TRADEMARKS

Oracle grants you a non-exclusive, non-transferable right to use, during the term of this agreement, the Oracle Workforce Development Program logo on your marketing materials solely to promote WDP Classes in conjunction with your other class offerings. Your use of the WDP logo shall strictly comply with Oracle's WDP Logo Guidelines set forth at https://workforce.oracle.com/documents/WDP_Guidelines.pdf. You shall not use the WDP logo in a manner that misrepresents your relationship with Oracle or is otherwise misleading, or that reflects negatively on Oracle. All products and services in connection with which you use the WDP logo shall conform to Oracle's quality standards and meet or exceed industry standards. You shall cooperate with Oracle to allow for review of your use of the WDP logo and compliance with Oracle's quality standards. If Oracle, in its sole discretion, determines that your use of the WDP logo is not in compliance with this agreement, you shall promptly modify or discontinue your use of the WDP logo as directed by Oracle. Oracle may change the WDP logo and WDP Logo Guidelines, and, upon reasonable notice from Oracle, you shall promptly modify your use of the logo to conform to any such changed WDP logo or WDP Logo Guidelines. You acknowledge that you are granted no rights with respect to Oracle trademarks except as expressly set forth herein, and agree that any use of the WDP logo by you shall inure to the sole benefit of Oracle. You agree to provide reasonable assistance to Oracle in connection with the protection and prosecution of Oracle trademarks. You agree not to use Oracle trademarks or potentially confusing variations of Oracle trademarks (including "Ora") as a part of any of your trademarks, product names, service names, company name, or Internet addresses. You agree to indemnify Oracle for any loss, liability, damages, cost or expense (including attorneys' fees) arising out of any claims which may be made against Oracle arising out of your use of the WDP logo where such claim relates to your activities, products or services. Notwithstanding

the above, you shall have no obligation to indemnify Oracle with respect to a claim of trademark or copyright infringement based upon your use of the WDP logo as expressly permitted under this agreement.

EXPORT

Export laws and regulations of the United States and any other relevant local export laws and regulations apply to the Programs. You agree that such export control laws govern your use of the Programs (including technical data) and any services provided under this agreement, and you agree to comply with all such export laws and regulations (including "deemed export" and "deemed re-export" regulations). You agree that no data, information, program and/or materials resulting from services (or direct product thereof) will be exported, directly or indirectly, in violation of these laws, or will be used for any purpose prohibited by these laws including, without limitation, nuclear, chemical, or biological weapons proliferation, or development of missile technology.

PRIVACY

Oracle may collect certain information from you in connection with your registration for, and Oracle's provision of, certain products and services, including certain information provided by you and pertaining to your Students. Oracle University will abide by the Oracle Privacy Policy, a current version of which is set forth at http://www.oracle.com/html/privacy.html. You are responsible for obtaining any necessary consents from your Students in connection with the information provided by you to Oracle in connection with this Agreement.

OTHER

This agreement is governed by the substantive and procedural laws of India and you and Oracle agree to submit to the exclusive jurisdiction of, and venue in, the courts in New Delhi in any dispute arising out of or relating to this agreement.

If you have a dispute with Oracle or if you wish to provide a notice under the Indemnification section of this agreement or if you become subject to insolvency or other similar legal proceedings, you will promptly send written notice to: Oracle India Pvt Ltd, DLF Building No. 8, Tower C, Ground Floor & 7th Floor, DLF Cyber City, DLF Phase - II, Gurgaon, Haryana - 122002, India, Attention: General Counsel, Legal Department.

You may not assign this agreement or give or transfer the Programs, WDP Materials and/or any services or an interest in them to another individual or entity. If you grant a security interest in the Programs, WDP Materials and/or any services deliverables, the secured party has no right to use or transfer the Programs, WDP Materials and/or any services deliverables.

Except for actions for nonpayment or breach of Oracle's proprietary rights, no action, regardless of form, arising out of or relating to this agreement may be brought by either party more than two years after the cause of action has accrued.

You will maintain books and records relating to the provision of Classes under this agreement. Upon 45 days written notice, we may audit your WDP Classes and your use of the Programs, WDP Materials and/or other materials acquired by you under this agreement. You agree to cooperate with our audit and provide us with reasonable assistance and access to information. You agree to pay within 30 days of written notification any fees applicable to your use of the Programs in excess of your license rights. If you do not pay, Oracle can end your technical support, licenses and/or this agreement. You agree that Oracle shall not be responsible for any of your costs incurred in cooperating with the audit.

In all matters relating to this agreement, you will act as an independent contractor. Neither party will represent that it has any authority to assume or create any obligation, express or implied, on behalf of the other party, nor to represent the other party as agent, employee, franchisee, or in any other capacity. The relationship between the parties is not exclusive.

Scanned by CamScanner

You will avoid deceptive, misleading, illegal or unethical practices that may be detrimental to Oracle, Classes or the Workforce Development Program when teaching WDP Classes and/or distributing WDP Materials and Programs.

ENTIRE AGREEMENT

You agree that this agreement and the information which is incorporated into this agreement by written reference (including reference to information contained in a URL or referenced policy), together with the applicable order, are the complete agreement for the Programs, WDP Materials and/or services ordered by you, and that this agreement supersedes all prior or contemporaneous agreements or representations, written or oral, regarding such Programs, WDP Materials and/or services. If any term of this agreement is found to be invalid or unenforceable, the remaining provisions will remain effective. EMC ACADEMIC ALLIANCE PROGRAM AGREEMENT

EMC Corporation, a Massachusetts corporation with a principal place of business at 176 South Sueet, Hopkinton, MA 01748 ("EMC"), and the organization identified in the EMC Academic Alliance Application ("**Licensee**") enter into this EMC Academic Alliance Program Agreement ("**Agreement**") as of the date that EMC notifies Licensee that Licensee has been approved for membership in the EMC Academic Alliance Program ("**Effective Date**"). This Agreement shall govern Licensee's use and provision of EMC Courses and materials.

ACCORDINGLY, in consideration of the promises and obligations contained herein, it is agreed as follows:

1. DEFINITIONS

1.1 "EMC Course" means the individual courses specified in the Program Guide that Licensee is separately authorized in writing by EMC to teach under the terms of this Agreement.

1.2 "EMC Teaching/Learning Aids" means the teaching/learning aids, training, evaluation and other materials that EMC makes available to Licensee in electronic or hard copy formats to be used by Licensee in providing the Services.

1.3 "Qualified Faculty" means an individual(s) employed by or under written agreement with Licensee who has successfully completed the qualification requirements stated in this Agreement and the Program Guide.

1.4 "Program" means the EMC Academic Alliance program.

1.5 "Program Guide" means EMC's policies and guidelines that sets forth the rules and requirements for Licensee's participation in the Program as made available by EMC in hard copy or electronically and as amended by EMC from time to time.

1.6 "Term" has the meaning specified in Section 11.1 of this Agreement.

1.7 "Services" means Licensee's delivery of EMC Courses to Students.

1.8 "Student" means any individual enrolled in an EMC Course as part of a structured set of courses that will result in a degree from Licensee.

1.9 "Logo" means the EMC logo (which includes the EMC2 and other trademarks contained therein) as may be designated by EMC at, and which can be accessed by Licensee via its connection to the applicable EMC website, which is currently located at URL: http://powerlink.emc.com.

2. PROGRAM REQUIREMENTS

2.1 Abide by Program Guide. Licensee shall comply with EMC's then current Program Guide currently located at http://education.emc.com/academicalliance. EMC reserves the right to modify the Program Guide from time to time by posting the same at the EMC website. In the event of a discrepancy between this Agreement and the Program Guide, the terms of this Agreement shall prevail.

2.2 No Recording. Licensee shall neither permit nor engage in the recording (video or like) of any portion of any Services without the prior written consent of EMC; provided, however, that Licensee shall have the limited right to make recordings of the Services on Licensee's secure lecture capture system (if applicable) for the limited purpose of making such recordings available only to registered Students while such Students are enrolled in the applicable EMC Course. Licensee shall not use the recordings for any purpose other than those stated in this Section 2.2. EMC retains all rights, title and interest in and to such recordings (video or the like) authorized by EMC pursuant to this Section 2.2. EMC shall have the right, in its sole discretion, to immediately terminate Licensee's right to make recordings of the Services as described in this Section 2.2 in the event that Licensee breaches any of the terms and conditions of this Agreement.

2.3 Registration. Licensee will complete the EMC application/registration form(s) currently located at http://education.emc.com/academicalliance and return the completed forms to EMC as a prerequisite to participation in the Program. Licensee shall complete and submit updated application/registration form(s) on a periodic basis as reasonably requested by EMC during the Term of this Agreement.

3. LICENSE GRANTS

Subject to the terms and conditions set forth in this Agreement, EMC hereby appoints Licensee, and Licensee hereby accepts such appointment, as a Program participant as of the Effective Date.

3.1 Logo. Licensee may use the Logo in accordance with the terms and conditions specified in Exhibit A (Logo License Exhibit).

3.2 EMC Courses and EMC Teaching/Learning Aids. Subject to the terms of this Agreement, EMC hereby grants to Licensee a limited, personal, non-exclusive, non-transferable, and non-sublicensable license during the Term to: (i) deliver EMC Courses to Students on a no-fee basis; (ii) reproduce a reasonable number of copies of the EMC Teaching/Learning Aids for use in providing Services; and (iii) display and distribute the EMC Teaching/Learning Aids to Students taking the EMC Course.

3.3 EMC Website. EMC maintains from time to time a website, currently located at http://education.emc.com/academicalliance, which contains Information (as defined below) pertaining to the Program. Subject to the terms of this Agreement, EMC hereby grants to Licensee a limited, personal, non-exclusive, non-transferable, and non-sublicensable license during the Term to access such site and to use the Information solely in accordance with the provisions of Section 3.4. All Information shall remain the property of EMC. As used herein, "**Information**" means all information contained on the EMC website and/or such other website as EMC may designate from time to time.

3.4 Restrictions and Ownership. EMC grants to Licensee only the rights expressly stated herein. All rights not expressly granted to Licensee are reserved. Licensee shall not use any documents, software, EMC Teaching/Learning Aids, Program Guide, Information, or other materials provided by EMC under the Program for any purpose other than in connection with delivery of the Services. EMC shall remain the owner of the EMC Courses, EMC Teaching/Learning Aids, Program Guide, Information, including any updates to the foregoing, and the Logo. Licensee shall retain EMC's copyright and other proprietary notices on all copies of the EMC Teaching/Learning Aids, Information, Program Guide and all other EMC furnished documents and materials that Licensee makes. Except for the translations permitted under Section 4.3 ("Translation"), Licensee shall not modify or create derivative works of the EMC Courses, the EMC Teaching/Learning Aids, Information or the Program Guide and shall not facilitate or allow others to do so. Any modifications or derivative works created in violation of the foregoing shall belong to EMC. EMC shall own all translations of EMC Courses, EMC Teaching/Learning Aids, Information and Program Guide created by Licensee and all recordings and videos permitted pursuant to Section 2.2 of this Agreement. Notwithstanding the foregoing, Licensee may supplement the EMC Teaching/Learning Aids, and Licensee shall retain all rights in any supplemental materials that it provides.

4. LICENSEE RESPONSIBILITIES

4.1 EMC Courses and Reporting. Licensee shall be responsible for the following with respect to the EMC Courses:

4. LICENSEE RESPONSIBILITIES

4.1 EMC Courses and Reporting. Licensee shall be responsible for the following with respect to the EMC Courses:

Scanned by CamScanner

(i) Licensee will teach at least one (1) EMC Course in its entirety to Students on a standalone basis no less than once in every twenty-four (24) month period during the Term. After Licensee satisfies the requirement in the preceding sentence, Licensee can use portions of the applicable EMC Course and associated EMC Teaching/Learning Aids during the Term in Licensee's other courses subject to and in accordance with the terms and conditions of this Agreement;
(ii) From time to time, EMC will provide updated EMC Teaching/Learning Aids on a website to be provided by EMC which is currently located at http://education.emc.com/academicalliance. Licensee agrees that it shall periodically check the website for updated EMC Teaching/Learning Aids. Licensee shall update the EMC Teaching/Learning Aids and EMC Courses as specified by EMC from time to time;
(iii) Licensee shall deliver the EMC Courses to the quality standards and in accordance with all other requirements stated in this Agreement and the Program Guide;
(iv) EMC Teaching/Learning Aids will only be used as part of a structured syllabus leading to two-year or four-year undergraduate or post-graduate academic credit. EMC Teaching/Learning Aids will not be used for teaching adult education, continuing education, corporate extension or business training classes or any other activity;
(v) Licensee agrees to provide EMC with periodic reports as described in the Program Guide concerning Licensee's participation in the Program and Licensee's compliance with the terms and conditions specified in this Agreement and the Program Guide. Such reports may include, but are not limited to, providing EMC the name of Licensee's class(es) and the number of students enrolled in each class;
(vi) Licensee agrees to actively promote the EMC Courses. Such promotion may include course catalogues, school web site and the like or more active promotion such email notifications to students.

4.2 Qualified Faculty. Licensee agrees that:
(i) it shall have at least one (1) Qualified Faculty member on staff to teach each EMC Course at all time throughout the Term. EMC is not, in any event, responsible for providing instructors to Licensee in connection with the EMC Courses or the Program;
(ii) it shall only use Qualified Faculty members to deliver EMC Courses and shall not allow anyone who has not successfully completed EMC's qualification process described in the Program Guide to teach EMC Courses;
(iii) it shall ensure that each Qualified Faculty member meets the prerequisites defined in the Program Guide which includes, without limitation, participating in the EMC instructor preparation program prior to any Qualified Faculty member's initial class delivery. Licensee shall pay all expenses that such Qualified Faculty members incur related to the qualification prerequisites and training described in this Agreement and the Program Guide, including without limitation transportation, lodging, and meals; and
(iv) it shall be solely responsible for fulfilling the terms of any agreement between Licensee and its Qualified Faculty members, and EMC shall not be obligated to perform, or be deemed liable for Licensee's nonperformance of, any of Licensee's obligations thereunder.

4.3 Translation. Subject to the license rights and other terms of this Agreement, Licensee may translate into local language the EMC Teaching/Learning Aids if they are not provided in local language by EMC. All translations are subject to EMC review and approval.

5. EMC RESPONSIBILITIES

5.1 EMC Website. EMC will give Licensee's designated representative access to a restricted website and Licensee shall be responsible for downloading the EMC Teaching/Learning Aids for the EMC Courses which Licensee is authorized to teach. EMC will maintain the EMC Teaching/Learning Aids and EMC website. EMC reserves the right to modify the EMC Teaching/Learning Aids from time to time by posting the same at the EMC website.

5.2 Qualified Faculty Readiness Program. EMC will make available a "readiness" program to Qualified Faculty members as described in the Program Guide.

5.3 Program Support. EMC will administer and support the Program and will provide Licensee with the Program Guide and other applicable information regarding the Program.

6. FEES AND TAXES

6.1 Program Fees. Licensee shall pay EMC the non-refundable Program fees identified in **Exhibit B** (Program Fees). All payments under this Agreement are due and payable in full within thirty (30) days of the date of EMC's invoice. Licensee shall be solely responsible for all travel and other expenses that Licensee and Qualified Faculty incur in connection with this Agreement.

6.2 Taxes. All amounts are exclusive of value added tax and/or sales and goods tax and of all sales, use property, excise and like taxes, import duties and/or other applicable levies. Any tax EMC may be required to collect or pay based upon the sale, use, licensing or delivery of the EMC Course, EMC Teaching/Learning Aids or any other EMC deliverable, material or service provided under this Agreement shall be paid by Licensee to EMC upon invoice. Payments to EMC shall be made without deduction for taxes, imports, customs, levies or other withholding tax ("Tax") or shall be grossed up to provide EMC the same amount after such Tax as it would have received without the imposition of such Tax, together with tax receipts or similar evidence of payment by payor.

7. REPRESENTATIONS AND WARRANTIES

7.1 Service Performance. Licensee represents and warrants that it shall perform the Services under this Agreement in a good and workmanlike manner, striving at all times to achieve the highest standards of Student satisfaction and professional business practices.

7.2 Eligibility. Licensee represents and warrants that Students and Qualified Faculty members will be eligible to receive US goods and technology under current US export regulations.

7.3 Warranty Disclaimer. EMC (INCLUDING ITS SUPPLIERS) PROVIDES THE EMC COURSE, EMC TEACHING/LEARNING AIDS, INFORMATION, SERVICES, AND ANY OTHER MATERIALS OR INTELLECTUAL PROPERTY RIGHTS LICENSED HEREUNDER ON AN "AS IS" BASIS. EMC (INCLUDING ITS SUPPLIERS) MAKES NO EXPRESS OR IMPLIED WARRANTIES, WHETHER WRITTEN OR ORAL, WITH REGARD TO THE EMC COURSES, EMC TEACHING/LEARNING AIDS, INFORMATION, SERVICES, AND ANY OTHER MATERIALS OR INTELLECTUAL PROPERTY RIGHTS LICENSED HEREUNDER, AND ALL OTHER WARRANTIES OF EVERY TYPE AND NATURE, WHETHER EXPRESS, IMPLIED, WRITTEN, ORAL OR OTHERWISE, ARE SPECIFICALLY EXCLUDED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, AND ANY WARRANTY ARISING BY STATUTE, OPERATION OF LAW, COURSE OF DEALING OR PERFORMANCE, OR USAGE OF TRADE OR OTHERWISE. LICENSEE ASSUMES SOLE AND COMPLETE RESPONSIBILITY AND RISK FOR USE OF THE EMC COURSE, EMC TEACHING/LEARNING AIDS, INFORMATION, SERVICES, AND ANY OTHER MATERIALS OR INTELLECTUAL PROPERTY RIGHTS LICENSED UNDER OR IN CONNECTION WITH THIS AGREEMENT.

8. INDEMNITY

8.1 Licensee Indemnity. Licensee agrees to indemnify, defend and hold harmless EMC from any and all damages, liabilities, cost and expenses (including reasonable attorneys' fees) incurred by EMC as a result of any third party claim, action, proceeding or judgment (each a **"General Claim"**) against EMC arising out, resulting from or related to (i) use of any EMC Course, EMC Teaching/Learning Aids, or Information in a manner other than as authorized by this Agreement; (ii) any representations to third parties beyond the scope of this Agreement; (iii) Licensee breach of Section 12.1 herein; and (iv) negligence or willful conduct by Licensee, its employees, contractors, partners, agents or Qualified Faculty in connection with performance of Licensee's obligations under this Agreement, except to the extent that any such General Claim is attributable solely to the negligence or willful act(s) of EMC, its officers, employees, or agents. If EMC receives notice of any General Claim, EMC will promptly notify Licensee in writing of such General Claim and will permit Licensee to take control of the defense or settlement of any such General Claim; provided, that EMC shall be entitled to be represented by counsel of its own choosing, at its own expense, and participate in the defense, settlement or negotiation of any such General Claim.

9. LIMITATION ON LIABILITY

Scanned by CamScanner

9.1 Limitation on Direct Damages. EMC'S AND ITS SUPPLIER'S TOTAL LIABILITY AND LICENSEE'S SOLE AND EXCLUSIVE REMEDY FOR ANY CLAIM OF ANY TYPE WHATSOEVER, ARISING OUT OF OR IN CONNECTION WITH THIS AGREEMENT, INCLUDING BUT NOT LIMITED TO CLAIMS UNDER CONTRACT, WARRANTY, NEGLIGENCE OR STRICT LIABILITY IN TORT, SHALL BE LIMITED TO PROVEN DIRECT DAMAGES CAUSED BY EMC'S SOLE NEGLIGENCE IN AN AMOUNT NOT TO EXCEED FIFTY THOUSAND DOLLARS (US$50,000).

9.2 No Consequential Damages. EXCEPT WITH RESPECT TO CLAIMS ARISING IN CONNECTION WITH LICENSEE'S BREACH OR VIOLATION OF SECTION 3 (LICENSE GRANTS), CLAIMS ARISING UNDER SECTION 8 (INDEMNITY) AND ANY VIOLATION OF EMC'S INTELLECTUAL PROPERTY RIGHTS, NEITHER LICENSEE NOR EMC (INCLUDING EMC SUPPLIERS) SHALL (a) HAVE LIABILITY TO THE OTHER FOR ANY SPECIAL, CONSEQUENTIAL, EXEMPLARY, INCIDENTAL, OR INDIRECT DAMAGES (INCLUDING, BUT NOT LIMITED TO, LOSS OF PROFITS, REVENUES, DATA AND/OR USE), EVEN IF ADVISED OF THE POSSIBILITY THEREOF; AND (b) BRING ANY CLAIM BASED ON THIS AGREEMENT WHICH IS MORE THAN EIGHTEEN (18) MONTHS AFTER THE CAUSE OF ACTION ACCRUES.

10. CONFIDENTIALITY

10.1 Confidentiality. "Confidential Information" means any information which (i) is disclosed in written form and marked as "confidential" or "proprietary" or the like; or (ii) is disclosed orally and is identified as being confidential at the time of disclosure and, within two (2) weeks thereafter, is summarized, appropriately labeled and provided in tangible form. Confidential Information does not include information that is (a) is generally known to the public on the Effective Date; (b) becomes generally know after the Effective Date other than as a result of an act or omission of the receiving party; (c) is rightfully known to the receiving party prior to its receipt thereof from the disclosing party; (iv) is or was disclosed by the disclosing party generally without restriction on disclosure; (d) is received by the receiving party lawfully from a third party without breach of any obligation of confidentiality or trust; or (e) is independently developed by the receiving party without use of the disclosing party's Confidential Information Each party shall treat the Confidential Information received under this Agreement as they treat their own Confidential Information of like importance but shall not use less than reasonable care to protect the other party's Confidential Information. The receiving party shall only disclose the Confidential Information of the disclosing party to its employees who have a strict need to know such information in order to carry out the obligations or exercise the rights of the receiving party under this Agreement and who are under nondisclosure terms consistent with this Agreement. Other than as described in the foregoing sentence, receiving party shall not use, copy or disclose the disclosing party's Confidential Information. The receiving party shall protect Confidential Information of the disclosing party for three (3) years after the termination of this Agreement. Notwithstanding the foregoing, Confidential Information that constitutes, contains or reveals, in whole or in part, EMC Course(s), EMC Teaching/Learning Aids, Information or other EMC intellectual property shall remain confidential until one of the exceptions in (a) – (e) above applies. Receiving party does not violate its obligations under Section 10.1 if it provides Confidential Information in response to a court order or other governmental body or is otherwise required to do so by operation of law; provided, however, that the receiving party notifies the disclosing party as soon as possible after learning of the disclosure obligation and shall cooperate with the disclosing party, at the disclosing party's expense, in seeking to limit or prevent such disclosure.

11. TERM AND TERMINATION

11.1 Term. The initial term of this Agreement shall be two (2) years from the Effective Date, unless earlier terminated in accordance with the terms and conditions specified in this Section 11. The Agreement shall automatically renew for additional one year renewal terms unless earlier terminated in accordance with the terms and conditions specified in this Section 11. If Licensee elects to continue for any subsequent 12-month periods, such election to continue shall be contingent upon Licensee's compliance with the then-current Program Guide. Use of the benefits provided under this Agreement for any subsequent renewal periods shall be deemed adequate consideration for Licensee's assent to the then-current Program Guide.

11.2 Termination for Convenience. Either party may terminate this Agreement for convenience by providing the other party with written notice of termination at least ninety (90) days prior to the termination date specified in the notice.

11.3 Termination for Cause. If either party breaches the terms of this Agreement, the non-breaching party may notify the breaching party, specifying the nature of the breach in reasonable detail. The breaching party shall have thirty (30) days to cure the breach ("Cure Period"). If the breaching party does not cure the breach to the reasonable satisfaction of the non-breaching party during the Cure Period, then the non-breaching party may terminate the Agreement by providing further written notice of termination, and the termination shall be effective upon receipt. The Logo license specified in **Exhibit A** hereto will terminate immediately without the necessity of notice in the event this Agreement terminates for any reason. This Agreement will terminate (i) immediately upon written notice to Licensee in the event (a) Licensee breaches Section 10 ("Confidentiality"); or (b) EMC determines, in its sole discretion, that the rights and licenses granted pursuant to this Agreement may subject EMC or any other party to legal liability or may jeopardize or EMC's rights; and (ii) immediately and without the necessity of written notice (1) in the event that Licensee violates EMC's intellectual property rights; (2) upon the bankruptcy, insolvency or similar finding by or against Licensee; or (3) in the event that EMC is prohibited by applicable law from executing or performing the rights and obligations specified herein. EMC reserves the right to terminate the Agreement for cause if there are no Student enrollments in any EMC Course for four (4) consecutive semesters commencing as of the Effective Date or if Licensee fails to teach the minimum number of EMC Courses with the minimum number of Students specified in the Program Guide.

11.4 Effects of Termination or Expiration. All rights granted under this Agreement shall terminate immediately on the effective date of termination or expiration of this Agreement. Notwithstanding the foregoing, termination or expiration shall not affect the pre-termination or pre-expiration obligations, such as payment, of either party. Outstanding amounts due shall become immediately due and payable. Within thirty (30) days after termination or expiration, each party shall destroy or return to the other any Confidential Information belonging to the other party, and Licensee shall return to EMC all EMC Teaching/Learning Aids, Information, Program information, Program Guides, recordings permitted under Section 2.2 above, and any other materials provided by EMC to Licensee hereunder (including any copies thereof).

11.5 Survival. Any provision that by its nature or context is intended to survive any termination or expiration shall so survive, including without limitation Sections 1 (Definitions), 3.4 (Restrictions and Ownership), 6.1 (Program Fees), 6.2 (Taxes), 7.3 (Warranty Disclaimer), 8.1 (Licensee Indemnity), 9.1 (Limitation on Direct Damages), 9.2 (No Consequential Damages), 10.1 (Confidentiality) 11.4 (Effects of Termination or Expiration), 11.5 (Survival) and 12 (General).

12. GENERAL

12.1 Export. The EMC Courses, EMC Teaching/Learning Aids, Information, and the technologies included therein provided under this Agreement are subject to governmental restrictions on (i) exports from the U.S.; (ii) exports from other countries in which such EMC Courses, EMC Teaching/Learning Aids, Information and technologies included therein may be produced or located; (iii) disclosures of technologies to foreign persons; (iv) exports from abroad of derivative products thereof; and (v) the importation and/or use of such EMC Courses, EMC Teaching/Learning Aids, Information, and technologies included therein outside of the United States or other countries (collectively, "**Export Laws**"). Licensee shall comply with all Export Laws and EMC export policies to the extent such policies are made available to Licensee by EMC. Diversion contrary to U.S. law is expressly prohibited.

12.2 Publicity. The Licensee grants EMC the right to use and display the Licensee's name, trademark(s), and/or trade name(s) (whether in written or electronic form) in any EMC list of Academic Alliance members. Except as otherwise provided in this sub-section 12.2 or Exhibit A, nothing in this Agreement gives either party a right to use the other party's name, trademark(s), or trade name(s), directly or indirectly, without the other party's prior written consent. Except as otherwise provided herein, neither party shall, nor shall either party authorize or assist another to, originate, produce, issue or release any written publicity, news release, marketing collateral or other

publication or public announcement, relating in any way to this Agreement, without the prior written approval of the other party.
12.3 Notices. Any notices required or permitted by this Agreement shall be in writing and shall be delivered to the address below in the case of EMC and the address set forth in the registration form in the case of Licensee (or such other address as either EMC or Licensee may designate in writing for this purpose). All notices will be deemed effective upon receipt. The parties agree that this Agreement has been written in the English language, that the English language version shall govern and that all notices or other documents required or contemplated by this Agreement shall be in the English language. Les parties ont requis que cette convention soit rédigée en anglais et ont également convenu que tout avis ou autre document exigé aux termes des présentes ou découlant de l'une quelconque de ses dispositions sera préparé en anglais.

12.4 Assignment. Licensee may not assign its rights or delegate its duties under this Agreement or assign this Agreement to a third party without the express written consent of EMC. Any purported assignment of this Agreement in violation of this Section shall be null and void.
12.5 Waiver and Amendments. The failure of a party to insist upon strict adherence to any term of this Agreement on any occasion shall not be considered a waiver of that party's rights or the provision, nor shall it be construed as a waiver of any succeeding breach of such provision or the waiver of the provision itself. This Agreement may only be amended in a subsequently-dated writing signed by authorized representatives of the parties.
12.6 Severability. If any provision of this Agreement is determined to be unenforceable or invalid under applicable law or be so held by applicable court decision, then such unenforceability or invalidity shall not render this Agreement unenforceable or invalid as a whole. In such event, the invalid or unenforceable provision shall be removed and the remaining provisions shall be enforced.
12.7 Controlling Law. This Agreement shall be governed and construed according to the laws of the Commonwealth of Massachusetts, without regard to any conflict of laws provisions. The parties agree that the United Nations Convention on Contracts for the International Sale of Goods shall not be applied to this Agreement. Licensee hereby consents to jurisdiction and venue in the state and federal courts sitting in the Commonwealth of Massachusetts.
12.8 Independent Contractors. The relationship of the parties under this Agreement is that of independent contractors. Nothing in this Agreement shall be construed to create a joint venture, partnership, employment or agency relationship. Neither party has the right or authority to assume or create any obligation or responsibility on behalf of the other party.
12.9 Force Majeure. Except for the payment of money, neither party shall be liable under this Agreement because of a failure or delay in performing its obligations hereunder on account of strikes, riots, insurrection, fires, floods, earthquakes, acts of God, war, governmental action, or any other cause which is beyond the reasonable control of such party.
12.10 Equitable Relief. Nothing in this Agreement shall limit EMC's right to seek immediate injunctive or other equitable relief whenever the facts or circumstances would permit EMC to seek such relief in a court of competent jurisdiction.
12.11 Headings. The headings in this Agreement are included for the convenience of the parties and shall not be used to construe or interpret the Agreement.
12.12 Audit. EMC shall have the right to audit Licensee's usage and delivery of the EMC Course and/or EMC Teaching/Learning Aids at any time to confirm compliance with the obligations described in this Agreement and the Program Guide. Such audit is subject to reasonable advance notice by EMC. Licensee shall reasonably cooperate with any EMC audit and shall provide EMC with the support required to perform such audit. If EMC notifies Licensee of any deficiencies, then Licensee shall, within thirty (30) days of receipt of such notice, correct the deficiencies and certify in writing to EMC that it has done so.
12.13 Nonexclusive Arrangement. Licensee's appointment is only for the Term of this Agreement, is non-exclusive, and does not constitute a grant of any specific, exclusive territory, geographical area, or particular market to Licensee. EMC reserves the right to appoint other licensees under the Program, and to directly provide to anyone at any time educational services or training programs on such terms and conditions as EMC may determine.
12.14 No Third Party Beneficiaries. No provisions of this Agreement are intended or shall be construed to confer upon or give to any person or entity other than EMC and Licensee any rights, remedies or other benefits under or by reason of this Agreement.
12.15 Entire Agreement. This Agreement and all attached Exhibits state the complete agreement of the parties regarding the subject matter herein. It supersedes all prior or contemporaneous proposals, agreements or other communications between the parties, oral or written, regarding the subject matter. In the event of any conflicting term or condition between this Agreement and any other document relating to the Program, this Agreement shall prevail. As of the Effective Date, the following Exhibits are attached and incorporated into the Agreement:

Exhibit A – Logo License Exhibit
Exhibit B – Program Fees

EXHIBIT A
Logo License Exhibit

This Logo License Exhibit ("Logo License") is hereby attached to and made part of the EMC Academic Alliance Program Agreement ("Agreement") between EMC and Licensee. This Logo License is effective as of the Effective Date of the Agreement. This Logo License sets forth the terms and conditions under which EMC issues a trademark license to Licensee to use the Logo as more specifically set forth below.

WHEREAS, EMC owns all right, title and interest in the Logo.
WHEREAS, Licensee has been given a non-exclusive right to provide EMC Courses using content provided by EMC pursuant to the Agreement.
WHEREAS, Licensee wishes to obtain a trademark license from EMC to use such Logo in connection with Licensee's promotion and delivery of EMC Courses in accordance with the terms and conditions set forth in this Logo License.
WHEREAS, EMC is willing to permit Licensee to use such Logo under the terms and conditions set forth in this Logo License.
The parties hereby agree as follows:

1.0 DEFINITIONS
All capitalized terms used by not defined herein shall have the meaning ascribed to such terms in the Agreement. As used herein:
1.1 "Territory" the country(ies) where Licensee is authorized by EMC or a subsidiary or EMC to provide certain EMC Courses.

Scanned by CamScanner

2.0 LICENSE GRANT

2.1 Subject to and expressly conditioned upon compliance with the terms and conditions of this Logo License, EMC hereby grants to Licensee a nonexclusive, nontransferable, royalty-free, personal right to use the Logo solely in connection with Licensee's promotion and delivery of EMC Courses in the Territory and only in strict accordance with the current version of the EMC Program Graphic Standards (including usage guidelines), which are currently located at URL: http://powerlink.emc.com. EMC reserves the right to modify these standards and guidelines from time to time by posting the same at such website.

2.2 Licensee may not use or reproduce the Logo in any manner whatsoever other than as expressly permitted under this Logo License.

2.3 EMC may eliminate any country or jurisdiction from the Territory if EMC reasonably determines that use or continued use of the Logo may subject EMC or any other party to legal liability or may jeopardize or impair EMC's rights in the Logo. Upon written notice from EMC, Licensee shall cease all use of the Logo in any such jurisdiction.

2.4 EMC reserves the right to amend the Logo or to replace it with a different logo. Upon notice from EMC, Licensee shall cease use of the Logo as quickly as reasonably possible.

2.5 Licensee agrees and acknowledges that EMC retains all right, title and interest in and to the Logo. Except as explicitly granted in this Logo License, Licensee shall not have any rights in the Logo. Under no circumstances will anything in this License be construed as granting, by implication, estoppel or otherwise, a license to any EMC technology or proprietary right.

2.6 Licensee shall not (a) challenge EMC's ownership or use of the Logo; (b) attempt to register any portion of the Logo or any constituent elements; (c) remove, alter or add to the Logo; or (d) incorporate the Logo or any other EMC trademark into Licensee's product names, service names, company names, domain names, or any other similar designations. Licensee's use of the Logo inures to the sole benefit of EMC.

2.7 If, at any time, Licensee acquires any rights in, or trademark registrations or applications for the Logo or any of the EMC trademarks by operation of law or otherwise, Licensee will immediately and at no expense to EMC assign such rights, registration or applications to EMC, along with any and all associated goodwill.

2.8 Licensee shall indemnify EMC from and against all loss, cost, damage or expense resulting from Licensee's use of the Logo in violation of this Logo License, excluding only losses resulting from a claim of infringement that is covered by EMC's obligations pursuant to Section 6.0 below.

3.0 QUALITY, INSPECTION AND APPROVAL

3.1 It is the intent of EMC to periodically audit Licensee to verify that Licensee is in compliance with the then current EMC Program Graphic Standards (including usage guidelines) and this Logo License. EMC shall provide advance notice of an audit for the Logo ("Program Audit"). EMC may conduct such Program Audit itself or may appoint a third party to conduct the Program Audit. EMC shall pay the cost of the Program Audit. Licensee shall provide all reasonable assistance necessary for EMC or its designee to perform the Program Audit. EMC or its designee shall maintain the confidentiality of any proprietary information so designated by Licensee and disclosed by Licensee or discovered during the course of the Program Audit, with the exception of any information directly related to reporting the results of the Program Audit to EMC. If following such audit, EMC determines in its sole discretion that Licensee has not met any requirement of this Logo License, EMC shall notify Licensee of the noncompliance and Licensee shall immediately cease using the Logo until it remedied the situation, which EMC shall determine in its sole discretion.

3.2 At EMC's request, Licensee shall promptly supply EMC with suitable specimens of Licensee's use of the Logo.

4.0 IDENTIFICATION AND USE

4.1 Licensee must use the Logo only in the exact form of approved camera-ready or electronic artwork received from EMC.

4.2 Licensee shall not (i) use the Logo in a manner that derogates EMC's reputation or EMC's rights in the Logo; and (ii) take any action that will interfere with or diminish EMC's rights therein at any time.

5.0 WARRANTIES AND DAMAGES

5.1 **EMC MAKES NO EXPRESS OR IMPLIED WARRANTIES WITH REGARD TO THE LOGO OR ANY INTELLECTUAL PROPERTY RIGHT LICENSED UNDER THIS LOGO LICENSE, AND ALL OTHER WARRANTIES ARE SPECIFICALLY EXCLUDED, INCLUDING BUT NOT LIMITED TO ANY IMPLIED WARRANTY, OR WARRANTY ARISING BY STATUTE, OPERATION OF LAW, COURSE OF DEALING, OR PERFORMANCE, OR USAGE OF TRADE, OR OTHERWISE UNDER OR IN CONNECTION WITH THIS LOGO LICENSE.**

5.2 **IN NO EVENT SHALL EMC BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL OR SPECIAL DAMAGES (INCLUDING LOSS OF BUSINESS OR BUSINESS PROFITS) ARISING FROM OR RELATED TO LICENSEE'S USE OF THE LOGO OR TERMINATION OF THIS LOGO LICENSE, REGARDLESS OF WHETHER SUCH LIABILITY IS BASED ON BREACH OF CONTRACT, TORT, OR STRICT LIABILITY, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. IN NO EVENT SHALL EMC BE LIABLE FOR ANY DAMAGES ARISING OUT OF OR IN CONNECTION WITH LICENSEE'S USE OF THE LOGO IN VIOLATION OF THE TERMS OF THIS LOGO LICENSE.**

6.0 INFRINGEMENT

6.1 Licensee shall promptly notify EMC of any suspected infringement or challenge to the Logo or any constituent elements.

6.2 EMC shall, at EMC's expense, defend Licensee against any third party claim made against Licensee that the Logo infringes any trademark rights enforceable in a country located in the Territory that is a signatory to the Berne Convention, and pay the resulting costs and damages awarded against Licensee by a court of competent jurisdiction, provided Licensee (i) notifies EMC promptly in writing of such claim, (ii) grants EMC sole control over the defense and settlement thereof, and (iii) reasonably cooperates in response to an EMC request for assistance. Should the Logo become, or in EMC's opinion be likely to become the subject of such a claim, EMC shall, at its option and expense, (a) procure for Licensee the right to continue use the Logo; (b) replace or modify the Logo to make it non-infringing, and in which case Licensee shall cease use of the earlier version of the Logo; or (c) terminate this Logo License. EMC shall not have any liability for any intellectual property claim based on Licensee's use of the Logo after EMC's notice to Licensee that Licensee shall cease use of the Logo.

6.3 THIS SECTION 6.0 STATES EMC'S ENTIRE LIABILITY AND LICENSEE'S SOLE AND EXCLUSIVE REMEDY WITH RESPECT TO ALLEGED INFRINGEMENT OF THE LOGO OR ANY OTHER INTELLECTUAL PROPERTY RIGHT.

7.0 TERM AND TERMINATION

7.1 This Logo License shall commence upon the Effective Date and, unless terminated in the manner set forth below, shall remain in effect for as long as the Agreement remains in effect. If the Agreement is terminated for any reason, then this Logo License shall automatically terminate without the necessity of written notice.

7.2 This Logo License may be terminated under the following conditions: (i) by either party effective thirty (30) calendar days after notice of termination to the other party for breach of any provision of this Logo License if such breach has not been cured within such thirty (30) day period, or immediately if no cure is possible; (ii) by EMC immediately upon notice to Licensee if Licensee has misrepresented itself or its capabilities in its application(s) for participation in the Program, or if at any time the information set forth in Licensee's application or registration materially overstates the level or character of Licensee's then current academic operations; (iii) by EMC immediately upon notice to Licensee if Licensee breaches Section 4.2 of this Logo License; (iv) by EMC immediately and automatically without notice of any kind from EMC in the event Licensee, without the prior written consent of EMC, (a) merges, is acquired or otherwise undergoes a change in control; or (b) attempts to assign any of its rights or delegate any of its obligations hereunder (any action violating the foregoing restriction on assignment or delegation shall be void); and (v) by either party for convenience upon sixty (60) days' written notice to the other party.

7.3 From and after termination or expiration of this Logo License, Licensee shall immediately cease and desist from all use of the Logo.

7.4 Rights and obligations under this Logo License which by their nature should survive, including, but not limited to, all rights and

obligations in Sections 2.5 - 2.7, 4.0, 5.0, 7.3, 7.4 and 8.0 will remain in effect after termination or expiration hereof.

8.0 GENERAL

8.1 The parties hereby incorporate by reference the provisions of the Agreement contained in Sections 12.1, 12.3 through 12.11, 12.13, 12.14 and 12.15 as if fully stated herein.

EXHIBIT B
Program Fees

This Program Fee Exhibit is hereby attached to and made part of the EMC Academic Alliance Program Agreement ("Agreement") between EMC and Licensee. This Exhibits sets forth the non-refundable Program Fee that Licensee shall pay to EMC in return for the rights granted in the Agreement. All capitalized terms used by not defined herein shall have the meaning ascribed to such terms in the Agreement. EMC and Licensee agree as follows:

Licensee shall pay to EMC the following non-refundable Program fee in return for the rights granted herein:

Program Fee: $0

Letter of Intent
Between Koneru Lakshmaiah College of Engineering,
Vaddeswaram-522 502, A.P. India
And
JACKSON STATE UNIVERSITY(JSU), U.S.A.

Koneru Lakshmaiah College of Engineering (KLCE) is one of the best private autonomous colleges in the state of Andhra Pradesh, India. It is affiliated to Acharya Nagarjuna University and is going to become a deemed University recognized by the All India Council for Technical Education, New Delhi. It offers undergraduate programs in 9 disciplines including Bio-Technology, Civil Engineering, Computer Science & Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Electronics and Computer Science Engineering, Industrial and Production, Information Science and Technology and Mechanical Engineering, and post graduate programs in 6 disciplines including Computer Science and Engineering, Communication & Radar Systems, Computer Integrated Manufacturing, Power Systems & Power Electronics Automation, Computer Science and Master of Computer Applications. In addition we have Master of Business Administration (MBA).

Jackson state university is an industry University whose objectives, include

(i) Identify, develop, and demonstrate new applications and be instrumental in the transfer of technology to sponsor organizations;

(ii) Foster a multi-disciplinary research program that brings together researchers from a diverse set of areas including computer science, information science, Electronics and Communications, Bio-Technology and Electrical Engineering.

(iii) Sponsor technical workshops and seminars that address timely research challenges.

(iv) Serve the community through outreach activities by providing education and mentor programs for inner city youth.

KLCE and Jackson State University establish this letter of Intent for General Cooperation Agreement to enhance relations between the two Institutions and further the development of academic and cultural exchanges. The two Institutions hope to promote cooperation in such areas as faculty and student exchanges, training and study programs, collaborating teaching projects, collaborating scholarships, and other joint endeavors according to principles of reciprocity, common understanding, and mutual benefit.

Provisions

1. **Objective:** The objective of this agreement is to provide a framework within which colleges, schools, departments, programs, faculties, interdisciplinary initiatives, and other internal entities may establish more specific agreements, projects and plans concerning activities of mutual interests to KLCE and JSU.

2. **Agreements for specific activities:** As a prelude to any given exchange joint project, or other cooperative activity of KLCE and JSU the participating parties shall develop and enter into a specific separate written agreement defining the particular activity. These case-by-case agreements will be based on the same principles, procedure, policies, rules and regulations as may govern the parties to this Agreement, including obtaining any necessary clearances from the Government.

3. **Activities:** Examples of activities to be encouraged by this Agreement include, but are not limited to, the following.
   - The exchange of non-proprietary materials, publications, and academic information related to education and research, including institutional publications of the two universities
   - Reciprocal faculty development and exchange programs
   - Cooperation in the planning and implementation of study abroad and student exchange programs
   - Cooperative programs of academic research.

4. **Implementation:** Both partners to this Agreement will identify faculty and students interested in exploring mutually beneficial exchanges and collaborative activities in areas of common as well as complementary strengths.

5. **Funding and Financial arrangements:** Implementation of specific collaborative programs will depend upon the availability of funds, KLCE and JSU may agree to assist each other with the application to funding agencies for financial support of collaborative and exchange activities. Based on the availability, specific students and faculty visiting the other institution may be provided with funding to carryout joint research. Financial arrangements between the partner institutions may vary depending on the nature of specific activities. No financial commitments or obligations are being undertaken attendant to this General Agreement.

NOW THEREFORE, the parties here to do agree as follow:

1. PROPOSED ACTIVITIES

KLU and GERMI are entering into MOU for collaboration in the following areas:

1.1. KLU may offer degree programs on Energy Engineering /Science Courses with special focus on Emerging Technologies on Renewable Energy and GERMI may support in developing courses for renewable energy related subjects and providing visiting faculties for the same.

1.2. GERMI may extend its laboratory facilities and support its scientists to train B.Tech/ M.Tech/ Ph.D students of KLU to work on live projects on Renewable Energy Technologies as a part of their Project work which will help them to improve their technical skills on new alternative Energy Technologies. In return KLU may arrange to pay the required charges as applicable.

1.3. Both the parties may carry out together Advanced Energy Research at Faculty/ Research Scientist/ Student level for development of highly efficient Alternate Energy Technologies.

1.4. Both the parties may organize short term tailor made training programs on specific Emerging Energy Technologies.

1.5. Both the parties may submit collaborative projects on development of Innovative Technologies for Renewable Energy to Ministry of New Energy Resources (MNRE) and to any other appropriate Funding Agencies.

1.6. GERMI may support KLU in taking-up locally relevant Technology Development/ Consultancy Services (for example for establishing Solar Power/ Wind Power Plants) for mutual benefit and sharing consultancy charges appropriately based on each institutes efforts.

1.7. Both the parties may together organize practical oriented Certified Courses/ Training Programs on various new technologies to provide skilled manpower for operation & maintenance of solar & wind power plants.

1.8. Both the parties may work together to develop/improve technologies like i) Solar drier for food processing, ii) Solar incubator for rural hospitals, iii) Solar Water pump for farmers etc. which will have great impact on rural development. On any successful technology KLU will have nonexclusive rights to implement them in the surrounding areas of KLU to the benefit of rural poor community free of cost.

2. TERM AND TERMINATION

2.1. The term of this MoU shall be for three years from the date of entering into this MoU ("Effective Date").

3. INTELLECTUAL PROPERTY RIGHTS

3.1. Each party who is the owner of proprietary information or its licensor owns and will continue to own all the proprietary information which has been developed or acquired independently of the Proposal under this MoU and all the intellectual property rights

therein.

3.2. All proprietary information and other material developed in the preparation of the Proposal under this MoU and all intellectual property rights therein shall accrue to the parties who have generated the said rights.

3.3. The receiving party shall only make such copies of the disclosing party's Proprietary Information as are reasonable and necessary in carrying out its activities under this MoU. The parties shall exercise best efforts to promptly return all such copies to the disclosing parties upon request.

3.4. During the term of this MoU, the parties to the extent of each party's contractual and lawful right to do so, shall exchange such proprietary, technical and other information as is reasonably required for each to perform its obligations hereunder, on such terms as shall be agreed by the parties.

4. RELATIONSHIP

4.1. Nothing in this MoU shall be deemed to constitute, create, give effect to, or otherwise recognize a joint venture, partnership, or formal business entity of any kind, and the rights and obligations of the parties shall be limited to those expressly set forth herein. Nothing herein shall be construed as providing for the sharing of profits or losses arising out of the efforts of either or both of the parties, except as may be provided for in any resultant subcontract agreed to between the parties.

5. CONFIDENTIALITY

5.1. "Confidential Information" means any documents, materials or information disclosed by one Party (the "Disclosing Party") to another Party or Parties (the "Receiving Party") which (i) is in tangible, visual, or electronic form and is marked as proprietary or confidential, or (ii) is communicated orally and is designated as proprietary or confidential at the time of disclosure. Notwithstanding the foregoing, Confidential Information does not include information that: (a) the Disclosing Party makes available to others without restrictions; (b) the Receiving Party rightfully receives from a third party (as can be demonstrated by its written records) which has disclosed such information without any obligation itself to maintain the confidentiality of such information; (c) the Receiving Party has or knows of prior to first receiving the Confidential Information; or (d) the Receiving Party has independently developed without use of or reference to the Confidential Information.

5.2. Each party agrees not to use any confidential information of the other party except in performance of this MoU and not to disclose such information to third parties (other than, as determined by the receiving party in good faith, those persons with a genuine "need to know" and who will similarly limit the use and disclosure of the information, such as attorneys, accountants, commercial and investment bankers, consultants, Board members and certain key employees).

6. LIMITATION OF LIABILITY

6.1. Neither party shall be liable for any indirect, punitive, special, incidental or consequential

damages in connection with or arising out of this MoU (including, without limitation to loss of profits, use, data or economic advantage of any sort) and on any theory of liability even if either party had been advised of possibility of such damage. Each Parties Liability would be limited to the extent of fees payable to that party.

7. INDEMNIFICATION

7.1. Both parties agree to defend, indemnify and hold the other Party harmless from and against any Claim that the indemnifying Party's negligent or willful acts or omissions resulted in personal injury (including death) or damage to tangible property. The indemnified party will give the other party (i) prompt written notice of any actual or alleged Claim; (ii) sole control of the defense and settlement of such Claim; and (iii) all information, reasonable assistance, and authority to fully defend and settle such Claim. The indemnifying Party may not compromise or settle any Claim or consent to the entry of any judgment without the indemnified Party's prior written consent, provided that the indemnified Party will not unreasonably withhold or delay giving consent.

8. ENTIRE MOU

8.1. This MoU constitutes the entire understanding between the parties with respect to the subject matter hereof, and supersedes all prior representations and agreements, verbal or written. It shall not be varied, except by an instrument in writing or subsequent date, duly executed by an authorized representative of each party. Paragraph headings herein are for convenience only and shall not limit in any way the scope of interpretation of any provision of this MoU.

9. GOVERNING LAW

9.1. This MoU shall be governed by and construed under the laws of India, without giving effect to any law or rule that would cause the laws of any other jurisdiction to be applied.

10. DISPUTE RESOLUTION PROCEDURE

10.1. The parties agree that any dispute, which arises under this MoU, shall be mutually resolved through good faith negotiations between each of the parties authorized representatives. In the event that both parties fail to settle the dispute, both parties reserved the rights to seek redress under the Arbitration & Conciliation Act, 1996. Disputes, if any, will be sorted out within Gandhinagar/Ahmadabad jurisdiction.

11. FORCE MAJEURE

11.1. Neither party shall be responsible to the other parties for nonperformance or delay in their performance of the terms and conditions herein which shall include but is not limited to, acts of God, acts of Government, riots, war, strikes, lockouts or other causes beyond the control of such parties.

Memorandum of Understanding

Between

K L University, India

And

University Of Battambang (UBB), Cambodia

On International Partnership Programmes

Preface

K L University, which was recognized by the Ministry of Human Resources & Development, Govt of India, in 2009, was started initially in 1980 as an affiliated College to Acharya Nagarjuna University in Andhra Pradesh, India. It was also accredited to very high in the State by the National Assessment and Accreditation Council (NAAC) by the Government of India. It is located on Green Campus with good infrastructure facilities towards Academic Excellence. It has student strength of 9000 ably supported by a qualified accomplished faculty 600 of number. The University has also introduced many novel and innovative practices in teaching and learning including a practice school for providing students greater interaction with industry. It is also actively involved with a considerable number of universities at abroad for a greater exposure of knowledge with various disciplines. Further the University has established good links with many major software companies like TCS, The Infosys, Wipro and Cognizant.

University of Battambang (UBB) was founded by H.E. Sar Kheng, Deputy Prime Minister, in 2007 with the vision of providing opportunities to students living in rural areas, especially in northwestern Cambodia. These opportunities include access to higher education and services that contribute towards the development of their individual careers as well as to that of local communities while at the same time reducing the knowledge gap between the rural and urban population. UBB focuses on the quality of education, giving its students real knowledge and ability in a number of fields through a balance of theory and practice and the combination of real world experiences into their

education in order to prepare our students for a lifetime of learning. We offer courses that are interesting and relevant to the current labor market to our students. With its enthusiastic and experienced staff and lecturers, UBB is widely considered to be an educational establishment of the highest caliber, thanks to the many who have finished their degrees and obtained jobs in a wide range of institutions, or operating their own business.

Both K L University and University Of Battambang are desirous to establish academic linkages and contacts through a formalized MOU between the two universities with the following objectives:

I. Aims and Form of Co-operation

- **Exchange of students:** Organization of study visits and training, participation in Bachelor's, Master's and Doctoral courses, recognition of academic credits, guidance and supervision of students' theses and project works. Every year 5-10 students may be exchanged depending on the availability of resources at the host institution.

- **Exchange of faculty:** Planning and handling of academic programmes and courses, organization of seminars, workshops and conferences including the exchange of mutual experiences in teaching, research and industrial practice.

- **Exchange in research:** Joint programmes in Research and Development including exchange of publications and reports.

- **Twinning Programmes:** Explore possibilities of joint twinning programmes in interdisciplinary areas of specialisation of high relevance to both institutions.

- **Centres of Excellence:** Creation of Centres of Excellence in specialized fields of mutual interest in Science, Engineering, Technology, Management and Humanities.

II. Finance

- Neither institution shall incur any financial obligations under this agreement. Applications for financial support towards the co-operation and individual activities planned under this agreement will be transparent and undertaken with mutual consent.

- Other sources of finances raised to support these joint projects can be pursued with the knowledge of the other through intimation in writing.

III. Responsibility for implementation

Activities to be organized under this agreement will be the responsibility of the Heads of both institutions or of persons designated by them. National regulations and customs shall be mutually respected.

IV. Duration and Alteration of the Agreement

- The MoU will come into effect on the date of signature by both the parties. The duration is for a period of five years. However, the agreement may be terminated by either party, after the completion of any specific activity / activities in the process with mutual consent.

V. Immediate Areas of Cooperation

- Information Technology and Civil Engineering
- Agriculture and Food Processing
- Economics and Social Development

VI. Any Other Understanding

This agreement shall become effective from today the 22/12/2014 upon signing of this MOU.

Memorandum of Understanding between

Koneru Lakshmaiah University, Vaddeswaram, India

and

Dalian University of Technology, China

Whereas Aerospace Engineering and Energy Research Center of Koneru Lakshmaiah University in India and State Key Laboratory of Structural Analysis for Industrial Equipment, Dalian University of Technology, China are engaged in advanced research of Turbomachinery in the areas of Structural and Fluid Dynamics, Lifing and Optimization, they wish to have a close relation through this Memorandum of Understanding. This Memorandum envisages the following:

1. Exchange of faculties and students to carry out research in mutually beneficial areas, teaching for short and long term periods and taking courses of interest by students.

2. Propose projects for mutual benefit to funding agencies in India and China and carry out them jointly.

3. Both Institutions may voluntarily exchange academic materials of common interest, consisting in publications, curricular information and research reports. Neither institution is obliged to furnish specific or a predetermined quantity of documents to the other.

4. Each institution whenever finds it appropriate, may invite representatives from the partner University/ Institute to participate in conferences, colloquia, seminars, workshops and research programs.

5. Visits of academic staff may consist of:

- Short - term periods for general information exchange and knowledge transfer meetings;
- Long - term periods for joint research, supervision or participation in the teaching activity of the host University;
- Long term visits will necessarily be subject to individual negotiation, taking into account the policies of each Institution/ University and the availability of funding and facilities involved.

The areas of research will be broadly in Structural, Rotor and Fluid Dynamics, Lifing and Optimization in different domains, as for example, Aircraft Engines and Structures, Rotor Dynamics, Damping, Lifing and Optimization, Condition Monitoring, Diagnostics etc., including laboratory experiments and tests. The collaboration can include failure investigations in either China or India as the case maybe.

This MoU provides for the visiting faculty and students to have their funding for international travel and the local stay and hospitality are provided by the respective counterparts as per the existing local norms befitting to the visitors.

Memorandum of Understanding between

KoneruLakshmaiah University, Vaddeswaram, India

Autoliv India Private Limited, Bangalore, India

Whereas KoneruLakshmaiah University in India and Autoliv India Pvt. Limited in India are engaged in advanced research of Occupant Restraint System in the area of product development and improvement, advanced math modeling of occupant restraint system and optimization between their faculties and professionals for over several years. This memorandum envisages the following.

1. Exchange of faculties and students, professionals to carry out research in mutually beneficial areas, teaching for short term periods and taking of courses of interest by students.

2. Propose projects for mutual benefit as already being practiced in funding agencies and carryout them jointly.

3. Both institutions may voluntarily exchange academic materials of common interest, consisting in publications, circular information and research reports. Neither institution is obliged to furnish specific or a predetermined quantity of documents to the other.

4. Each institution whenever finds it appropriate, may invite representatives from the partner university/institute to participate in conferences, colloquia, seminar, workshops and research programs.

5. Visits of academic/professional staff may consist of:

- Short term for general information exchange and knowledge transfer meetings.
- Long-term periods for joint research, supervision or participation in the teaching activity of the host university.
- Long-term visits will necessarily be subject to individual negotiation, taking into account the policies of each Institution/University and availability of funding and facilities involved.

The areas of research will be broadly in Structural, Occupant Simulation

This MOU provides for the visiting faculty and students to have their funding for travel & stay; and local hospitality is provided by the respective counterparts as per existing local norms benefiting the visitors. Long-term Interns from the University may receive a stipend based on the prevailing norms of Autoliv.

The areas of research will be broadly in product development, structural, CFD, MBD and optimization in different domains as for example Seat belts, Airbags and steering wheels in Automotive Occupant safety areas.

The following Research topics are proposed as guidance:

- Product development, CAE & methodology development, test method development and validation.
- Laboratory test rig development and testing
- Multi-objective and multi–physics optimization.
- Weight & topology optimization.
- Shape optimization for min stress and strain.
- Material characterization / Local material substitution.
- Fracture mechanics & crack propagation.
- Math modeling of kinematic mechanisms and optimization.

The scope of Specific Research Project will be detailed prior to initiation. All such project must be preapproved by Autoliv Development AB.

This MOU comes into effect from the date of signing, the faculty exchanges between the University and Autoliv India will start from the next financial budget. This MoU will be initially in force for a period of three years. This can be extended with mutual concurrence.

Any additions or changes to the present Agreement must be mutually approved by both parties.

Any dispute from this agreement shall first be discussed between the involved parties in order to find satisfactory solution for all litigants.

The handling of any patents or trademarks developed during a particular Research Project will be agreed to prior to the start of such project.

MEMORANDUM OF UNDERSTANDING

between

K L University, Guntur
Andhra Pradesh, India

&

World Institute for Engineering and Technology Education (WIETE)
Melbourne, Australia

K L University, Guntur, Andhra Pradesh, India (KL-U hereafter) and the World Institute for Engineering and Technology Education (WIETE hereafter) mutually agree to pursue the mission, aims and objectives of the WIETE; desire to join forces in promoting and developing engineering and technology education globally and wish to express their mutual understanding in this respect.

ARTICLE 1

The paramount objective of this Memorandum of Understanding (MoU) is to develop a working, supportive and friendly relationship/partnership between the KL-U and the WIETE for the benefit of the two parties involved, as well as the entire global community of engineering and technology education.

ARTICLE 2

Subject to the availability of funds, both parties intend to pursue jointly a wide range of activities, including the following:

2.1 Carry out research and development projects in engineering and technology education;
2.2 Exchange staff in order to facilitate cooperation;
2.3 Organise jointly specific courses, seminars, international conferences and meetings;
2.4 Publish books, conference proceedings, periodicals, journals, etc;
2.5 Cooperate in postgraduate activities and programmes;
2.6 Conduct professional consultancies;
2.7 Develop and promote regional and topical groupings and networks;

ARTICLE 3

Both parties wish to acknowledge and record the potential benefits received by the Partner Institution, which include the following:

3.1 Inclusion and presentation of partner institution's name and logo in selected WIETE media, promotional material and publications;
3.2 Representation on the WIETE's International Academic Advisory Committee (WIETE-IAAC);
3.3 Access to, and the participation in, the activities of the WIETE and its global network;
3.4 Access to all WIETE published materials in all media;
3.5 The right to establish a WIETE-affiliated centre of excellence;
3.6 Cooperation in seeking funds from local and international funding bodies and agencies to support joint activities and projects.

ARTICLE 4

4.1 This MoU is intended to establish and facilitate a collaborative relationship between the two parties concerned.
4.2 This MoU is effective as of the date of signing by the appropriate officer of each organisation and shall continue in effect for one year, and can be extended by mutual consent of both organisations.
4.3 Under this MoU the KL-U is confirmed to be a full Member/Partner Institution of the WIETE for which the KL-U will pay an annual membership fee as determined for WIETE Partner Institutions (if required) and will receive the partnership benefits as listed in ARTICLE 3.
4.4 The KL-U may wish to nominate one of its members as its representative in charge of the co-operative programmes developed under this agreement.
4.5 Both parties have the same view and agree that neither the WIETE nor the KL-U will be held responsible for any legal and other liability whatsoever as the MoU is not intended to create legal rights between the two parties. Therefore, neither party would require any insurance against any misfortune arising from this MoU.
4.6 Neither party will accept any responsibility whatsoever for any dealings with a third party.
4.7 Both parties reserve the right to terminate the MoU giving due notification of one month.

MEMORANDUM OF UNDERSTANDING

BETWEEN

FACULTY OF TECHNOLOGY

UNIVERSITY OF PLYMOUTH,

UNITED KINGDOM

AND

KL UNIVERSITY,

VIJAYAWADA, INDIA

In the spirit of international understanding, the Faculty of Technology at the University of Plymouth, United Kingdom and KL University, in Vijayawada, India agree to examine the possibility of establishing a framework for educational cooperation.

In preparation for specifying a formal framework for future activities, both partners will:

- explore the feasibility of student progression to courses in Plymouth;
- explore possibilities for faculty staff exchanges for research, lectures, and discussions that mutually benefit both institutions;
- seek support for projects determined to be mutually beneficial to both institutions.

The terms of joint activities and arrangements for specific visits, exchanges, and other forms of cooperation will be agreed upon in writing prior to the initiation of any activity. Any commitment of resources, financial or otherwise, in support of these activities must be contained in subsequent specific agreements.

While no binding commitments have been made by us, we sign this Memorandum of

Understanding in recognition of our common interests and agree to consult periodically concerning the status of our collaboration. This memorandum will be valid for a period of three years starting from the date of signing, after which it will be reviewed unless either party declares its intention to terminate the agreement. Any such termination shall not affect existing contracts that may have been entered into by the parties and any such contracts shall be completed in accordance with their terms. This memorandum may be amended in writing at any time by mutual consent.

Each institution agrees to nominate a coordinator to manage activities associated with this Memorandum. The coordinator will serve as the contact person on the campus, being responsible for arrangements associated with visits and ensuring that necessary approvals are in place. The coordinator at the University of Plymouth will be the Recruitment Coordinator in the Faculty of Technology. The coordinator at KL University will be the Dean of Industrial Relations & Placements of KL University.

BETWEEN

NATIONAL COLLEGE OF IRELAND, IFSC, DUBLIN 9, IRELAND (hereinafter referred as NCI)

AND

KL UNIVERSITY, Guntur, Andhra Pradesh, India (hereinafter referred as KLU)

RECITALS

A. Programs in the scope of this agreement are B. Tech. Computer Science and BTech. Information Technology offered by KLU, and BSc. (Honours) in Computing and BSc. (Honours) in Software Systems offered by NCI.

B. In the scope of this agreement, Part 1 of the program refers to 1st and 2nd year of B. Tech. Computer Science and B. Tech. Information Technology offered by KLU in its campus; and Part 2 of the program refers to 3rd and 4th year of BSc. (Honours) in Computing and BSc. (Honours) in Software Systems offered by NCI in its campus.

C. The Parties wish to establish the following arrangement:

C.1) NCI will recognize and deem 'Part 1 of the program offered by KLU' as its equivalent to year 1 and year 2 of BSc. (Honours) in Computing and BSc. (Honours) in Software Systems, as the case may be.

C.2) An arrangement, by which students who have undertaken two years of study at KLU called Part 1 of the Program, may enter NCI's Bachelor Program for another two years, called Part 2 of the Program, as specified in Schedule 1.

C.3) The combination of undergraduate studies at KLU and NCI will be known as the Joint Program of Undergraduate studies.

C.4) Students undergoing Part 1 of the program in KLU, if qualifying and willing, can transfer directly to Part 2 of program in NCI.

C5.) KLU will recognize and deem 'Part 2 of the program offered by NCI' as its equivalent to year 3 and year 4 of BTech. in Computing and BTech. in Information Technology, as the case may be.

C.6) Students successfully completing Part 1 of the program in KLU and Part 2 of the program in NCI will be offered degrees by both NCI as well as KLU.

D. The Parties have agreed that the Program will be conducted in accordance with the terms and conditions set out in this Agreement.

THE PARTIES AGREE:

1 INTERPRETATION

1.1 In this Agreement, unless the context otherwise requires:

IELTS	means the International English Language Testing System;
TOEFL	means the Test of English as Foreign Language;
Parties	mean both NCI and KLU;
Program	NCI and KLU Joint Program of Undergraduate Studies;

2 ENTIRE AGREEMENT AND VARIATION

2.1 This Agreement, which includes the schedules thereto constitutes the entire Agreement between the Parties and supersedes all communications, negotiations, arrangements and agreements, whether oral or written, between the Parties with respect to the subject matter of this Agreement.

2.2 No agreement or understanding varying or extending this Agreement, shall be legally binding upon either party unless in writing and signed by both Parties.

3 PROGRAM AND ENTRY REQUIREMENTS

3.1 The Parties will jointly decide the Program structure and content by agreement and mutual consent.

3.2 KLU reserves the prerogative of enrolment of students into Part 1 of the program offered by it.

3.3 KLU students will be admitted to Part 2 of the Program only if deemed eligible solely by NCI. This eligibility will be determined based on students' level of performance in Part 1 of the Program at KLU and satisfying the entry criteria for the relevant courses at NCI (including English language requirements).

3.4 The following English language criteria are required for entry into Part 2 of the Program:

a. Undergraduate students must score,

minimum overall band score of 5.5 in IELTS with a minimum of 5.5 in each component

b. Students, who fail to achieve the minimum scores in IELTS or TOEFL test result may be offered an English language program at NCI.

3.5 Teaching staff for Part 1 of the Program will be made available by KLU and teaching staff for Part 2 of the Program will be made available by NCI.

3.6 Students who complete Part 2 of the Undergraduate Program will be awarded dual Bachelors Degree bearing the name B. Tech. in Computing Science or BTech. in Information Technology and BSc. (Honours) in Computing or BSc. (Honours) in Software Systems, as the case may be.

3.7 The students will be responsible for all the fees accrued from such studying.

4 PARTICIPANTS

4.1 To meet entry into Part 1 of the Program, students must successfully meet the entry requirements determined by KLU.

4.2 Students who enter the Program must be informed that they must meet the entry requirements, including English language standards of NCI to be eligible for transfer to Part 2 of the program.

4.3 Conditional offers for entry into Part 2 of the program may be made to students enrolling in programs covered under this agreement by NCI prior to the commencement of Part 1 of their studies at KLU depending on the individual merit of each candidate profile.

5 TERM OF THE AGREEMENT

5.1 This Agreement shall enter into effect on the 30 November 2010 and shall continue until the 30 November 2015 unless terminated in accordance with clause 12.

5.2 This Agreement will be reviewed by NCI and KLU at any time by mutual agreement in writing.

6 NCI's OBLIGATIONS

NCI will:

6.1 Issue conditional offer letters to Part 2 of the Program to students meeting the entry requirements into Part 1 of the Program at NCI (see clause 3.2 and 3.3).

6.2 Enrol KLU's students into Part 2 of the Program who have passed Part 1 of the Program at KLU at the jointly determined level of performance and who have attained the required English language score for undergraduate students of IELTS or TOEFL (see clause 3.4).

THIS AGREEMENT is made on the 30th day of November 2010

BETWEEN

NATIONAL COLLEGE OF IRELAND, IFSC, DUBLIN 1IRELAND (hereinafter referred as NCI)

AND

KL UNIVERSITY, Green Fields, Vaddeswaram, Guntur District, A.P, India (hereinafter referred as KLU)

RECITALS

A. Programs in the scope of this agreement are BTech. Computer Science and BTech. Information Technology offered by KLU, and BSc. (Honours) in Computing and BSc. (Honours) in Software Systems offered by NCI.

B. In the scope of this agreement, Part 1 of the program refers to 1st and 2nd year of BTech. Computer Science and BTech. Information Technology offered by KLU in its campus; and Part 2 of the program refers to 3rd and 4th year of BSc. (Honours) in Computing and BSc. (Honours) in Software Systems offered by NCI in its campus.

C. The Parties wish to establish the following arrangement:

C.1) NCI will recognize and deem 'Part 1 of the program offered by KLU' as its equivalent to year 1 and year 2 of BSc. (Honours) in Computing and BSc. (Honours) in Software Systems, as the case may be.

C.2) An arrangement, by which students who have undertaken two years of study at KLU called Part 1 of the Program, may enter NCI's Bachelor Program for another two years, called Part 2 of the Program, as specified in Schedule 1.

C.3) The combination of undergraduate studies at KLU and NCI will be known as the Joint Program of Undergraduate studies.

C.4) Students undergoing Part 1 of the program in KLU, if qualifying and willing, can transfer directly to Part 2 of program in NCI.

C5.) KLU will recognize and deem 'Part 2 of the program offered by NCI' as its equivalent to year 3 and year 4 of BTech. in Computing and BTech. in Information Technology, as the case may be.

C.6) Students successfully completing Part 1 of the program in KLU and Part 2 of the program in NCI will be offered degrees by both NCI as well as KLU.

D. The Parties have agreed that the Program will be conducted in accordance with the terms and conditions set out in this Agreement.

conducted at University West and the undergraduate education. The research concerning production processes in manufacturing industry is of special importance. This research is conducted in close collaboration with a variety of businesses. University West is authorized to award degrees at the doctoral level in the field of Production processes and Work Integrated Learning.

Both K L University and University West, Sweden are desirous to establish academic linkages and contacts through a formalized MOU between the two organisations with the following objectives:

I. Aims and Form of Co-operation

- **Exchange of students:** Organization of study visits and training, participation in Bachelor's, Master's and Doctoral courses, recognition of academic credits, guidance and supervision of students' theses and project works. Every year 3-5 students may be exchanged depending on the availability of resources at the host institution.
- **Exchange of faculty:** Planning and handling of academic programmes and courses, organization of seminars, workshops and conferences including the exchange of mutual experiences in teaching, research and industrial practice.
- **Exchange in research:** Joint programmes in Research and Development including exchange of publications and reports.
- **Twinning Programmes:** Explore possibilities of joint twinning programmes in interdisciplinary areas of specialisation of high relevance to both institutions.
- **Centres of Excellence:** Creation of Centres of Excellence in specialized fields of mutual interest in Science, Engineering, Technology, Management and Humanities.

II. Finance

- Neither institution shall incur any financial obligations under this agreement. Applications for financial support towards the co-operation and individual activities planned under this agreement will be transparent and undertaken with mutual consent.
- Other sources of finances raised to support these joint projects can be pursued with the knowledge of the other through intimation in writing.

III. Responsibility for implementation

Activities to be organized under this agreement will be the responsibility of the Heads of both institutions or of persons designated by them. National regulations and customs shall be mutually respected.

IV. Duration and Alteration of the Agreement

- The MoU will come into effect on the date of signature by both the parties. The duration is for a period of five years. However, the agreement may be terminated by either party, after the completion of any specific activity / activities in the process with mutual consent.

V. Immediate Areas of Cooperation

- Starting Summer Course Abroad Programs for the final year students
- Starting and developing SEMESTER ABROAD PROGRAMS (SAP)
- In principal, we have with this MOU, a INTEGRATED PROGRAM in place, whereby your existing students know this MOU is in place, and all who pass out from B.Tech can take direct admissions into the Masters program in University West.
- Start discussion between HOD of both universities to develop a joint MASTERS PROGRAM (one year in Sweden and one year in India) and twinning programs.
- One representative of IRC to come back and present the present opportunity of admission into UW before 15 April, to all final year students of Mechanical and Electronics

VI. Any Other Understanding

This agreement shall become effective from today the **12th Feb 2013** upon signing of this MOU.

MEMORANDUM OF ARTICULATION

Between
KL University (Vijayawada)
and
The Curators of the University of Missouri on behalf of
The University of Missouri-Kansas City (UMKC)
School of Computing and Engineering (SCE)

To offer a program of study to qualified students at KL University (KLU), the Curators of the University of Missouri on behalf of The University of Missouri-Kansas City (UMKC) hereby enter into this agreement with KLU in Vijayawada, India.

1. KLU, India, and UMKC's School of Computing and Engineering (SCE) will offer a program that will enable students who successfully complete the prerequisite courses at KLU to enter UMKC's SCE in their 7th semester as conditionally admitted master's degree candidates. Upon successful completion of the 7th and 8th semesters at UMKC, which satisfies KLU's BTech requirements, as described in the attachment; these students will be granted a B.Tech degree from KLU and will be directly admitted into the SCE Master of Science (MS) program. The performance in the UMKC 7th and 8th semester courses will serve as the gateway to admittance to SCE's Master of Science degree program, as outlined in the attachment. This program shall be referred to as a 3+1+1 program.

2. Applicants from the KLU program will be granted admission to UMKC under the following terms and conditions:

   a. Admittance into the 3+1+1 program requires certain conditions to be met at KLU before being conditionally admitted to UMKC's graduate program for the 7th semester as outlined below and described in detail in the attachment.

   b. Every applicant must meet all UMKC requirements as defined in the UMKC Catalog for international students in effect at the time of their application. Standard admission requirements include the UMKC application form, official transcripts from all post-secondary educational institutions attended and financial support documentation.

   c. Each upper-division transfer applicant (i.e., those who have completed required credits at KLU) must apply to UMKC, typically no later than the end of the 6th semester, and will be considered for admission to UMKC based on the criteria set forth in the attachment.

3. UMKC will issue requisite Student and Exchange Visitor Information System (SEVIS) I-20 forms to the admitted students.

4. UMKC will permit KLU to use the name and logo of UMKC under the following conditions:

   a. KLU will ensure that all materials to be used in promotion of the program meet the usage and design standards of UMKC.
   b. All materials that carry the UMKC name and/or logo must conform to the policy of UMKC, with UMKC's approval obtained prior to use by KLU. Any materials provided by UMKC to KLU for this purpose will be at KLU's expense.

5. All student fee and other revenues generated in KLU shall be property of KLU (except cases where KLU and UMKC deem it necessary to generate a separate negotiated revenue sharing plan (document)); all student fees and other revenues generated in the U.S. shall be the property of UMKC. There are no other financial obligations implied in this agreement other than those set forth herein.

6. UMKC and KLU will appoint liaison officers to maintain this agreement. For UMKC, the liaison officer will be the Provost or the Provost's designated representative; for KLU, the liaison officer will be the Director, International Relations of KLU or their designated representative.

7. Program participants shall be informed in writing by KLU that:

   a. Neither UMKC nor KLU will be held liable or responsible for failure of a student to obtain or retain a student visa.

   b. KLU's responsibility for an individual student ends with the advising of the student's 7th semester courses to be taken at UMKC for completion of the KLU B.Tech degree.

   c. All expenses are the individual student's responsibility.

8. This agreement shall be in effect for a term of five (5) years from the date of execution and shall be reviewed by both parties at the end of such term and may at that time be updated and signed for an additional period of time to be specified in the updated document.

9. Either party hereto may terminate this agreement at any time upon ninety (90) days advance written notice, provided that any students in good academic standing enrolled in the KLU /UMKC program of the date of such termination shall be allowed to complete their course of study at both KLU and UMKC according to the terms of the agreement.

10. This Agreement shall be governed by and interpreted in accordance with the laws of the State of Missouri and the Federal laws of the United States. KLU consents to jurisdiction and venue in the state and federal courts located in Kansas City, MO.

11. The terms of this agreement may be modified or amended on written consent of the parties. These changes shall be appended to the original agreement with the effective date.

    a. The successful candidate will complete 3 years (6 semesters) at KLU and;
    b. 2 years (4 semesters) at UMKC in the School of Computing and Engineering (SCE) in the corresponding discipline. UMKC courses offered during the summer session may be taken, if available, to complete course requirements. See table for suggested corresponding disciplines. In the case that the disciplines are not equivalent then course deficiencies may be remediated with additional coursework at UMKC.

Undergraduate degree (awarded by KLU)	Master's degree (awarded by UMKC)
B.Tech Civil Engineering	MS Civil Engineering
B.Tech Mechanical Engineering	MS Mechanical Engineering
B.Tech Computer Science and Engineering	MS Computer Science
B.Tech Electronics and Communication Engineering B.Tech Electronics and Computer Engineering B.Tech Electrical and Electronics Engineering	MS Electrical Engineering or MS Computer Science* *(additional coursework may be required)

2. Each candidate will be conditionally admitted to UMKC's SCE graduate program based on these requirements;
    a. Course grade of 60% or higher in each completed computer science and engineering course at KLU. (3.0/4.0 GPA – USA scale).
    b. No academic or disciplinary sanctions while at KLU.
    c. No failing grade in any of the required courses.

3. During the 7th and 8th semester at UMKC the students will pay the published academic year undergraduate international tuition and fees less SCE's DISA (Dean's International Scholarship, currently $4,250/semester (amount is reviewed annually and subject to change) when taking 12 or more credits). In addition to DISA, each student will receive $500/semester Dean's scholarship due to the partnership arrangement between KLU and UMKC.

4. During the 9th and 10th semesters in MS program at UMKC, the KLU students will pay the published academic year graduate international tuition and fees less the SCE's DISA (currently $4000/semester (amount is reviewed annually and subject to change) when taking 9 or more credits). In addition to DISA, each student will receive $500/semester Dean's scholarship due to the partnership arrangement between KLU and UMKC.

5. For the first three years (6 semesters) courses will be assigned and taught at KLU.

6. The 7th and 8th semesters will be at UMKC, and will have a curriculum that consists of at most 9 credits of UMKC graduate classes such that they fulfill the KLU requirements. These courses will be selected in consultation with UMKC and KLU advisors.

7. Full admission into the SCE MS program will be dependent upon the student's performance in their 7th and 8th semesters at UMKC.
    a. A GPA of 3.0/4.0 in all courses at UMKC is required.
    b. No academic or disciplinary sanctions while at UMKC.

This MOU sets down the mutually agreed broad framework for collaborating academic programs, research partnerships and for supporting R&D through innovation, entrepreneurship and training in various fields of common interest related to bringing the results of Science and Engineering to society. It incorporates the modalities for collaboration on these and other areas of mutual interest between KLU and NTPL.

1. PREAMBLE

1.1 KLU is a Pioneering Institute in the state of Andhra Pradesh, having accreditation from NBA of AICTE and NAAC of UGC and presently a Deemed to be university u/s 3 of the UGC Act 1956. The vision of the institute is to excel in science and engineering and attain the status of a world class university in education and research. The institute has highly qualified faculty and committed students carrying out advanced research in different areas of Science and Engineering. There is a felt need to bring these research outputs to intensify relevant research activities and translate the fruits of research to commercial activities over different time scales, wherever possible. KLU has a core team of researchers drawn from academia, industries and premier research organizations and also a vibrant group of alumni locally and internationally who are keen to assist or actively participate in R&D commercialization.

1.2 NTPL is a software Company registered under Indian Companies Act, 1956. It is engaged in the business of developing software products.

1.3 The activities of KLU and NTPL are in several ways complementary. While KLU generates science and technology research outputs, NTPL is engaged in Software development oriented activities through services, education training, research and innovation.

It is therefore felt that a collaborative program would be of considerable Mutual benefit for both the parties. The collaboration would cover the R&D (Fundamental & Applied research) in both, GIS & product development. Such a synergy will also bring the wisdom of the NTPL into the IT oriented educational and training programmes of the KLU. This collaboration will also help in

Scanned by CamScanner

generating value for the society that is based on Science & Technology driven entrepreneurship and through a systematic study of related systems and practices.

1.4 This MOU is the result of a fruitful discussion within and between KLU and NTPL to develop stimulating and dynamic collaboration, achieve beneficial goals between the parties.

Article 1

A Coordinator each from KLU and NTPL will be appointed to oversee the goals and purpose of this MOU. These coordinators from both parties will constitute Sub-Committees" to carry out specialized activities as required.

Article 2

Consistent with the goals and purpose of the collaboration, KLU, Vaddeswaram, Guntur and NTPL, Visakhapatnam, propose the following areas of activities:

a. Based on periodic discussions between identified personnel of NTPL & KLU the joint research programmes will be identified. The critical research needs will be discussed and the methodologies for research and translation will be decided.

b. The relevant Academic, Research and Doctoral programs initiated at KLU will have formal and informal participation of the NTPL persons. NTPL persons will participate in teaching and training of KLU graduate students, as and when the need arises.

c. The research infrastructures of the two institutions, when available, will be accessible to the faculty of both the Institutions.

d. As and when joint work of KLU and NTPL yields positive results into products/services and the patentable items will be identified and the need based actions will be initiated.

e. The faculty of the two parties will be encouraged to submit joint application for external research grants.

f. **Intellectual Property Commercialization Strategy**: Discussions will be initiated between KLU and NTPL on Intellectual property management commercialization strategy and facilitation through intermediaries. This process will be facilitated by the Dean of Research and Development at KLU and the appropriate NTPL personnel.

Scanned by CamScanner

g. **Faculty mentors**: Interested parties from either side may be available to mentor students on technology /business aspects on an informal basis.

h. **Joint visitors programme**: Visiting Faculty and Postdoctoral fellows from India who are connected with KLU can visit both the parties in a coordinated manner and create necessary linkages. The designated Coordinators from KLU and NTPL will facilitate such activity.

i. **Joint Publications**: The collaboration could generate Research papers, Patents, and Technology reports that could be of great use.

j. To facilitate Intellectual Property commercialization strategy, a 'Joint Subcommittee for Intellectual Property Identification' will be constituted. This committee will consist of experts from KLU, NTPL and other relevant professionals from outside who will create the right mechanism to source and spot intellectual property (patentable or not) that can be used in activities (g) and (h).

Article 3

In addition to the Coordinator mentioned in (1), other Committees will be put in place when necessary, to make this MOU a success.

The faculty, research scholars, Masters Students and the alumni of KLU and the scientists of NTPL may be given access to the facilities of both the parties, subject to prevailing rules and regulations of the respective Institutes regarding such access.

Article 4

Provision is hereby made for:

i. The exchange of faculty, research scholars and students between the two Parties.
ii. The Joint organization of symposia, seminars, workshop, lectures and events.
iii. Sharing of data and facilities on collaborative projects under appropriate non-disclosure Agreements.

Article 5

1. Intellectual Property

a) Intellectual property will refer to all patents, copyrights, trademarks, protections, geographic indicators and other intellectual property protections, including plants, genes and chemical structures. Intellectual property also includes oral or written know-how of relevance to the research activities of the two Institutes. Intellectual property ownership, authorship and commercialization are three aspects that will be considered. Ownership and commercialization are discussed below. However to merit authorship, it is required that the inventor has

Scanned by CamScanner

participated in the research activity relevant to the invention and contributed to the claims of the invention when a patent is involved. An author of a patent can be a faculty, student an alumnus, or a scientist.

b) Intellectual property types relevant to this MOU are

(i) Patented and unpatented know-how developed at prior to interaction with NTPL/KLU on a specific problem, (background intellectual property).

(ii) Patented and unpatented know-how developed during and after collaboration between faculty, students, alumni of KLU and NTPL on a specific problem (new developmental intellectual property).

(iii) Intellectual property as at (i) and (ii) and also includes entities (third parties) other than KLU and NTPL.

c) Intellectual property of KLU obtained prior to collaboration between KLU and NTPL on a specific problem will belong to KLU. Intellectual property of NTPL prior to such collaboration will belong to NTPL and any back ground Intellectual property that involves parties in addition to KLU and NTPL must be made known to all concerned before this collaboration is inked.

d) Intellectual property generated jointly during the operation of this MOU may be jointly filed and "owned" by KLU- NTPL or jointly published in and/or presented at national and international journals and/or conferences as per the Intellectual property strategy and IP policy of the two parties. Legal advice regarding Intellectual property filing may be sought prior to publication and/or public speeches, training and consulting where relevant.

2.0 Effective Date and Duration of MoU: This MoU is effective from the date of its signing and is valid for a duration 2 (Two) years from the date of signing. It may be extended further in writing based on mutual consent.

3.0 Scope of MoU:

Scope of the MoU involves Site identification, site preparation, and Installation of the IRNSS receiver. IRNSS Navigation Data collection and analysis to be carried out on regular basis for verification and for other mutually agreed topics of research for both parties. Depending upon the requirement certain scientific experiments can be planned and executed within overall MoU umbrella. With mutual consent, both the Parties can extend the period of data collection and observation locations (sites).

4.0 Methodology:

4.1 Suitable Site Selection

4.2 Installation and commissioning of IRNSS Receiver

4.3 Continuous IRNSS and GPS data logging, analysis of the data

4.4 Transmission of IRNSS and GPS data to SAC as and when demanded by SAC

Data transmission mechanism can be mutually worked out.

5.0 Deliverables:

5.1 SAC deliverables { i, ii & iii through ACCORD Software & Systems Pvt. Ltd }

i. IRNSS receiver and data processing systems as detailed in Annexure-1. (Delivery @ site)

ii. Number of receiver units allocated as per SAC receiver Allocation committee's recommendation in view of your response to EOI for IRNSS Receiver deployment

iii. User and operations manual (Delivery @ site)

iv. Format for Quarterly (Every Three months) status report

5.2 KLU deliverables

i. All necessary logistics so that IRNSS Receiver shall be established to collect positional data in raw and RINEX format received from IRNSS, GPS constellation with 1 sec update rate

ii. Send a Quarterly status Report on usage/performance of receiver to SAC in a prescribed format.

iii. Send the Receiver data to SAC as and when asked for

6.0 Guidelines on Receiver / Data Usage:

The data is to be used strictly for internal research purpose only. The Receiver is for experimentation and field trial only and should not be used

for any operational purpose. IRNSS constellation is evolving and has not been declared operational for Position Navigation and Time. So the results/performance of IRNSS should be viewed in that context.

7.0 Responsibility of Each Party:

SAC and KLU shall jointly work towards IRNSS system verification using data collected from IRNSS receivers. In addition, following are the specific responsibilities.

7.1 KLU:

7.1.1 All the logistics support, site identification, site preparation, required for setting up of IRNSS Receiver will be provided by KLU.

7.1.2 Installation of the IRNSS Receiver at the site will be carried out by ACCORD SYSTEMS

7.1.3 Utmost care to be taken in handling the IRNSS Receiver.

7.1.4 Send the Receiver Data to SAC when asked for

7.1.5 Safety and security of the IRNSS Receiver

7.1.6 IRNSS data reception, processing, archival to be done by KLU.

7.2 SAC:

7.2.1 SAC will provide IRNSS Receiver Unit(s) and Receiver operation manual(s) on returnable basis (As detailed in Annexure-1)

7.2.2 SAC will provide technical assistance to KLU in working out modalities of Data collection, data sharing, etc.

7.2.3 SAC will provide technical assistance to KLU in proper operation and maintenance of IRNSS Receiver

7.2.4 SAC will provide technical assistance to KLU in identifying appropriate research areas considering capabilities of this Receiver

8.0 Project schedule:

8.1 Selection of Suitable Site(s) within 10 days from the date of signing MoU by KLU

8.2 Installation and Commissioning of IRNSS Receiver by M/S ACCORD.

8.3 Regular data collection and analysis will be carried out for the duration of the MoU from the date of Installation and Commissioning of IRNSS Receiver

9.0 Training:

M/S ACCORD will provide necessary training and guidelines for site identification, receiver operations. SAC will provide guidelines for data collection, processing and data transfer

10.0 Project Monitoring:

10.1 SAC and KLU shall identify focal person(s) who shall be responsible for organizational matters and interfacing for day to day operation, such as functioning of IRNSS Receiver, security etc. Each party shall pursue its independent research using data from these IRNSS Receiver, with mutual consultation.

10.2 A periodic Quarterly status report should be generated by KLU regarding Receiver operations. A User meet to share results, experience will be held at SAC every six months.

11.0 Functionaries (Typically 2)

Dr. D Venkata Ratnam, Professor, Dept. of ECE, KL University,Guntur,A.P

Mr.M Sridhar Associate Professor, Dept. of ECE, KL University, Guntur,A.P

(KLU Focal persons)

ATUL P. SHUKLA, YAGESH R. PATEL.

(SAC Focal persons)

12.0 Confidentiality:

12.1 During the tenure of MoU and thereafter both parties undertake on their behalf and on behalf of their employees/representatives to maintain strict confidentiality and prevent disclosure thereof of all the information and data exchanged/generated pertaining to this agreement. However, the data may be published and shared jointly for scientific publication after mutual consent in writing.

12.2 KLU will not disclose any research result and Foreground information, generated out of or involving the data, its derivative or information thereof from the IRNSS Receiver established (at given site) as per terms of this MoU to any third party without seeking prior written permission.

13.0 Intellectual Property Rights :

All the research results and foreground information as well as foreground Intellectual Property Rights, generated out of or involving the data, its derivative or information thereof, from IRNSS Receiver and sites established as per terms of this MoU whether or not legally protected, shall be owned by SAC. KLU will be free to use such data for their internal R&D purposes with intimation to SAC.

Notwithstanding any provisions mentioned above or any future licensing agreements, SAC shall be deemed to have all rights including non-exclusive, irrecoverable and royalty-free license for the unlimited development and use of any and all Foreground information and Foreground Intellectual Property Rights, generated out of or involving the data, its derivative or information thereof, from the IRNSS Receiver established (at given site) as per terms of this MoU, whether or not legally protected, for the purposes of its own applications.

14.0 Change In Scope of Work:

Any change in scope of work would be with mutual consent of both the parties in writing.

15.0 Modifications to MoU:

Amendment No.1 of Memorandum of Understanding
with
IBM Academic Initiative

This Amendment No. 1, dated as of Jan 01, 2012, is entered into between IBM India Pvt. Ltd. ("IBM") and KL University.

Whereas IBM and KL University had entered into a Memorandum of Understanding ("MOU") dated Jan 01, 2012 which is valid up to Dec 31, 2012.

1. IBM and KL University agree that the MOU shall be renewed for a period of 1 (one) year, effective as of Jan 01, 2012.

2. In Section II, Terms and Conditions, the following shall be added:

   a) In paragraph 2: "*The MOU shall only govern the provision of products and services provided by IBM Academic Initiative, a division of IBM India Private Ltd to KL University*"

   b) In Paragraph 2, "Under this MOU, KL University also assures IBM that it will achieve a target of 200 IBM certified students within one (1) year from the effective date of signing this MoU, to maintain the COE Status.

      a. To achieve 200 student certifications, IBM will provide 500 Certification coupons free of charge to KL University. It is KL University's responsibility to ensure that only meritorious students are nominated for these certification tests.
      b. This 500 will be a combination of 100 coupons each of RAD, DB2, TDS, Lotus and WID.
      c. If KL University wants to certify over and above this 500 number of students, they can do the same through IBM Career Education division's offerings. (Details in Annexure 4).
      d. For Faculty certifications, coupons will provided over and above 500 certifications coupons and will remain free of cost for KL University.

   c) In paragraph 3 "*This centre will be appropriately designated as IBM COE in the campus with a signboard stating "IBM Software Center of Excellence" on top of its gate. Additionally, KL University will ensure that a sign-board is provided for by KL University as per the IBM Specification in Annexure 3 on the college boundary for it to be distinctly visible.*"

3. The Section "Training" is numbered as: III (a).

   a) KL University will have to conduct all training sessions (RAD, DB2, TDS, Lotus, WID) (min 2 sessions covering 2 different courses) in-house by certified faculty with a minimum attendance of 80 students every year to maintain the CoE status.

   b) In the event of certified faculty not being available to conduct in-house sessions, IBM Academic Initiative will provide free of cost training for the said courses under Project Praviin. There onwards, KL University's faculty members will have to conduct these sessions in-house.

4. The Section "Software" is numbered as: III (b).

Career Education

IBM is empowering university graduates and working IT professionals in India/South Asia with knowledge and skills to serve the largest enterprise business software suite in the world. The IBM Career Education Program is a comprehensive software education program designed by IT professionals, for graduates and experienced professionals to accelerate their skills and knowledge so that they succeed in this dynamic industry. The Program curriculum brings together the latest software content, real-world industry experience, hands-on lab courses and best practices, all into a single unique education program.

The Program provides:

- A blended learning approach, integrating classroom, hands-on lab exercises and team projects to provide both theoretical and practical training to solve real world problems
- The latest software content and knowledge of IT developments in the market to keep you ahead of technology trends
- A top-class faculty comprising of field consultants, technical specialists and education experts
- A comprehensive semester based format to build technical foundation and widen skill specialties quickly
- IBM leadership and professional certification in IBM software technology

Courses are available across all Software Brands and various levels of proficiency. The extensive portfolio of integrated certifications also focuses on the competencies required in early stages of a professional career. Experiential learning through projects, the most important aspect that companies look for in freshers also forms a critical part of the offering. IBM Career Education projects that are based on real-world requirements and are designed by IBM experts with vast experience in enterprise software development provide the right kind of project based learning based on the industry best practices.

At the end of the course, certificates of participation or completion are issued by IBM.

Please request your IBM Academic Initiative Relationship Manager to help with the formal connect with the Career Education team

MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding (herein after referred to as MoU) is entered into on this 25th of June 2012 between CSE, ECM & MCA departments under K L University, Green Fields, Vaddeswaram, (via) K.C. Works P.O. Guntur District, Andhra Pradesh. - 522 502 herein referred to as ('KLU'), and IBM India Private Limited ('IBM') located at Subramanya Arcade 1, Bannerghatta Road, Bangalore. The scope of the MoU, the roles and responsibilities of the parties of the MoU are given below:

Alliance Objective

This document outlines an intent of working together between IBM and KLU in offering the University Program. The primary aim of this collaboration is to aid KLU in establishing a high quality faculty repository in software technologies. This will help KLU teach and train their students on state-of-the-art, software technologies and to position them to support India's Information Technology initiative.

As opposed to a one time implementation, this initiative requires the total commitment of both IBM and KLU. The University Program initiative would allow KLU, being one of the foremost institutions in India in the field of Education, to impart training, among others in Computer Applications and Information technology faculties, to design world-class curriculum capable of delivering high caliber IT skills required in the fast changing IT marketplace.

NOW THIS MoU WITNESSETH AS FOLLOWS:

DEFINITIONS AS USED IN THIS MoU:

"MoU" means this instrument executed by IBM and KLU, and subsequent amendments issued to the **MoU** by mutual consent as provided herein.

"Program" means the University Program that is the subject of this MoU.

"Software" or ***"Product"*** means the IBM computer software packages identified for introduction in the Program, refer **Annexure "A"**

"Curriculum" means the IBM Course that is integrated with the KLU's Main Course, elective or Projects.

"Business Partner" means organizations certified by IBM to commercially sell this Program and also conduct training under this program.

1. BENEFITS TO THE KLU

1.1 Opportunity to emerge as one of the competent entities in the academic circles in research and development in the area of Information Technology

1.2 Opportunity to be recognized by the industry and academic circles as one of the preferred locations for acquiring training and skills development in latest technology and software

1.3 Opportunity to utilise the Program to train students on IBM Software products and technologies.

1.4 Opportunity for the faculty of KLU to design world class curriculum capable of delivering the caliber of IT skills required at present and also for the future

1.5 Opportunity for students to avail IBM Certification, which is valid across the globe through the Sylvan Prometric Testing Centre.

1.2 Benefits to IBM

1.2.1 Creation of a resource pool of IBM Software professionals to boost the existing skill level in the country.

1.2.2 Inclusion of IBM Software and technologies courses in the course curriculum of KLU.

1.2.3 Availability of skilled students from the Program for projects which would benefit IBM Customers as well as the Business Partners of IBM.

2. RELATIONSHIP BETWEEN THE PARTIES

2.1 Neither KLU nor IBM is or will be an agent or legal representative or partner of the other. Neither of them is or shall be responsible for the debts incurred by the other or be bound by any contracts or representations made by the other or any obligations undertaken by the other. Neither of them is or shall be an employee or franchisee of the other, nor does this MoU create a joint venture or any similar relationship between them.

2.2 Neither party will make any representations pertaining to the other or its business or affairs, without the express prior written consent and approval of the other.

3. Areas of Collaboration

3.1 IBM

3.1.1 Software and courseware as mentioned in Annexure A made available to the KLU as per the Program. Please note that the software provided in this program should be used strictly for training & enablement purposes for students & faculty members of KLU. No commercial usage is allowed. Software is available under applicable IBM International Program License Agreements (IPLA) terms and the provisions of this MOU only.

3.1.2 To work with KLU to update its curriculum with IBM Software courses as mutually agreed.

3.2 KLU

3.2.1 Setting up, operating & maintaining the infrastructure required for training.

3.2.2 Promotion of the IBM Software Certification Program among the students; The costs for the same to be borne by the student or the institution.

3.2.3 Making faculty and infrastructure available, as per discussions between institution and the business partner (ideally within 3 months of signing of this MoU), for conducting training on site or partner's premises on Payment Basis.

3.2.4 Supporting IBM in conducting seminars/workshops for students in the college.

3.2.5 Maintenance of trained faculty members for training on IBM software technology.

3.2.6 Ensure that the faculty and the infrastructure meet the specifications required for attending and conducting the training, as specified by IBM or its authorized business partner

3.2.7 Confirm and process the order along with the due advance payment on IBM authorized business partner.

3.2.8 Receive training activities for this program from IBM authorized training partners.

4. MONITORING OF IMPLEMENTATION

A Co-ordination Committee consisting of two faculty members of KLU and an officer nominated by IBM will do the monitoring of the implementation of the various aspects of this MoU. There will be an annual review. This review would primarily focus on the curriculum progress, faculty availability and certification.

5. INTELLECTUAL PROPERTY

Title to the intellectual property rights of the software furnished by IBM will at all times remain proprietary to IBM, which however, hereby grants to KLU a limited, non-exclusive, royalty-free license to use the same internally. The software's being provided to KLU through this MoU shall be governed by the applicable license agreements of the respective softwares. KLU unconditionally agrees to comply with such terms and conditions.

6. LIMITATION OF LIABILITY

Neither party shall be liable for any indirect, punitive, special, incidental or consequential damages arising out of or in connection with this MOU, whether for breach of this MOU or in torts, including loss of business, data, revenue, profits, or for any third party claims against the other (except as specifically admitted by paragraph 2 below) whatsoever.

Except for in the event of breach by KLU of any of IBM's Intellectual Property rights or IBM confidential information rights, the Parties agree that neither Party shall be liable for any loss or damage to the other or any third party, as a result of or in connection with this MOU. IBM's shall not be liable for any damages or for any actions or omissions of IBM Business partners or authorized training providers.

7. GENERAL

1. This MoU may be terminated by either party through a notice of one month. Either party may terminate this MoU if either of the parties is frustrated by reasons beyond it's control from going ahead with the implementation of the provision of this MoU. The provisions contained in Clauses 5 ("Intellectual Property Rights"), 6 ('Limitation of Liability') and 7 ("General") will survive any such termination.

2. Neither parties will make any representations pertaining to the other or its business or affairs, without the express written consent and approval of other.

3. It is understood that during the course of this MoU it may be necessary for either party to disclose confidential/proprietary information to the other. The disclosure of any such information or data between the parties shall be made pursuant to an executed Confidentiality Agreement.

4. All costs incurred by a party pursuant to this MoU shall be borne by the party who incurred the costs.

5. There shall be no liability on the part of any party to the other arising from the termination of this MoU.

6. This MoU is not binding on either of the parties hereto, except as specifically set out hereto. This MoU is intended to express the broad understanding of the parties and as a broad framework for working together on a specific opportunity as detailed herein.

7. The terms of the applicable software license agreements and terms relating to confidentiality under this MoU shall survive the term of the MoU.

8. Neither party may use the other's corporate name or any trade mark or trade name or name or logo or any other items or assets protected by intellectual property rights, including but not restricted to, use in any promotional material, press releases, advertisements, communications, stationery, web sites, or the like.

9. The IBM software programs offered under the said MoU are for the specific purpose set forth in the MoU, namely for training the bonafide students of the University on IBM software, and not for any other commercial purposes.

10. Neither party will disclose the existence, or the terms and conditions, of this MoU or any information connected with it or any information received from the other or otherwise during the implementation of this MoU or its subsequent amendments, if any, except as may be required by law or on a strictly "need-to-know" basis for the purpose of implementing this MoU, or its subsequent amendments, if any, unless express prior written consent of the other party shall have been obtained in advance.

11. Unless previously consented to in writing by both parties, there shall be no assignment of any interest under this MoU by any party hereto.

12. The laws of the Republic of India shall govern this MoU.

Any and all disputes, controversy or claims related to or arising in connection with this MOU shall first be referred for an informal resolution. If this informal resolution does not resolve the dispute, then the matter will be referred to and settled by binding arbitration in accordance with the Arbitration and Conciliation Act, 1996. The status of any such arbitration shall be Bangalore. The award of the arbitration may be enforceable in any court of competent jurisdiction. Each party shall bear its own costs and fees in connection with the arbitration.

MEMORANDUM OF ARTICULATION

Between
KL University (Vijayawada)
and
The Curators of the University of Missouri on behalf of
The University of Missouri-Kansas City (UMKC)
School of Computing and Engineering (SCE)

To offer a program of study to qualified students at KL University (KLU), the Curators of the University of Missouri on behalf of The University of Missouri-Kansas City (UMKC) hereby enter into this agreement with KLU in Vijayawada, India.

1. KLU, India, and UMKC's School of Computing and Engineering (SCE) will offer a program that will enable students who successfully complete the prerequisite courses at KLU to enter UMKC's SCE in their 7th semester as conditionally admitted master's degree candidates. Upon successful completion of the 7th and 8th semesters at UMKC, which satisfies KLU's BTech requirements, as described in the attachment; these students will be granted a B.Tech degree from KLU and will be directly admitted into the SCE Master of Science (MS) program. The performance in the UMKC 7th and 8th semester courses will serve as the gateway to admittance to SCE's Master of Science degree program, as outlined in the attachment. This program shall be referred to as a 3+1+1 program.

2. Applicants from the KLU program will be granted admission to UMKC under the following terms and conditions:

   a. Admittance into the 3+1+1 program requires certain conditions to be met at KLU before being conditionally admitted to UMKC's graduate program for the 7th semester as outlined below and described in detail in the attachment.

   b. Every applicant must meet all UMKC requirements as defined in the UMKC Catalog for international students in effect at the time of their application. Standard admission requirements include the UMKC application form, official transcripts from all post-secondary educational institutions attended and financial support documentation.

   c. Each upper-division transfer applicant (i.e., those who have completed required credits at KLU) must apply to UMKC, typically no later than the end of the 6th semester, and will be considered for admission to UMKC based on the criteria set forth in the attachment.

3. UMKC will issue requisite Student and Exchange Visitor Information System (SEVIS) I-20 forms to the admitted students.

4. UMKC will permit KLU to use the name and logo of UMKC under the following conditions:

   a. KLU will ensure that all materials to be used in promotion of the program meet the usage and design standards of UMKC.
   b. All materials that carry the UMKC name and/or logo must conform to the policy of UMKC, with UMKC's approval obtained prior to use by KLU. Any materials provided by UMKC to KLU for this purpose will be at KLU's expense.

5. All student fee and other revenues generated in KLU shall be property of KLU (except cases where KLU and UMKC deem it necessary to generate a separate negotiated revenue sharing plan (document)); all student fees and other revenues generated in the U.S. shall be the property of UMKC. There are no other financial obligations implied in this agreement other than those set forth herein.

6. UMKC and KLU will appoint liaison officers to maintain this agreement. For UMKC, the liaison officer will be the Provost or the Provost's designated representative; for KLU, the liaison officer will be the Director, International Relations of KLU or their designated representative.

7. Program participants shall be informed in writing by KLU that:

   a. Neither UMKC nor KLU will be held liable or responsible for failure of a student to obtain or retain a student visa.

   b. KLU's responsibility for an individual student ends with the advising of the student's 7th semester courses to be taken at UMKC for completion of the KLU B.Tech degree.

   c. All expenses are the individual student's responsibility.

8. This agreement shall be in effect for a term of five (5) years from the date of execution and shall be reviewed by both parties at the end of such term and may at that time be updated and signed for an additional period of time to be specified in the updated document.

9. Either party hereto may terminate this agreement at any time upon ninety (90) days advance written notice, provided that any students in good academic standing enrolled in the KLU /UMKC program of the date of such termination shall be allowed to complete their course of study at both KLU and UMKC according to the terms of the agreement.

10. This Agreement shall be governed by and interpreted in accordance with the laws of the State of Missouri and the Federal laws of the United States. KLU consents to jurisdiction and venue in the state and federal courts located in Kansas City, MO.

11. The terms of this agreement may be modified or amended on written consent of the parties. These changes shall be appended to the original agreement with the effective date.

    a. The successful candidate will complete 3 years (6 semesters) at KLU and;
    b. 2 years (4 semesters) at UMKC in the School of Computing and Engineering (SCE) in the corresponding discipline. UMKC courses offered during the summer session may be taken, if available, to complete course requirements. See table for suggested corresponding disciplines. In the case that the disciplines are not equivalent then course deficiencies may be remediated with additional coursework at UMKC.

Undergraduate degree (awarded by KLU)	Master's degree (awarded by UMKC)
B.Tech Civil Engineering	MS Civil Engineering
B.Tech Mechanical Engineering	MS Mechanical Engineering
B.Tech Computer Science and Engineering	MS Computer Science
B.Tech Electronics and Communication Engineering B.Tech Electronics and Computer Engineering B.Tech Electrical and Electronics Engineering	MS Electrical Engineering or MS Computer Science* *(additional coursework may be required)

2. Each candidate will be conditionally admitted to UMKC's SCE graduate program based on these requirements;
    a. Course grade of 60% or higher in each completed computer science and engineering course at KLU. (3.0/4.0 GPA – USA scale).
    b. No academic or disciplinary sanctions while at KLU.
    c. No failing grade in any of the required courses.

3. During the 7th and 8th semester at UMKC the students will pay the published academic year undergraduate international tuition and fees less SCE's DISA (Dean's International Scholarship, currently $4,250/semester (amount is reviewed annually and subject to change) when taking 12 or more credits). In addition to DISA, each student will receive $500/semester Dean's scholarship due to the partnership arrangement between KLU and UMKC.

4. During the 9th and 10th semesters in MS program at UMKC, the KLU students will pay the published academic year graduate international tuition and fees less the SCE's DISA (currently $4000/semester (amount is reviewed annually and subject to change) when taking 9 or more credits). In addition to DISA, each student will receive $500/semester Dean's scholarship due to the partnership arrangement between KLU and UMKC.

5. For the first three years (6 semesters) courses will be assigned and taught at KLU.

6. The 7th and 8th semesters will be at UMKC, and will have a curriculum that consists of at most 9 credits of UMKC graduate classes such that they fulfill the KLU requirements. These courses will be selected in consultation with UMKC and KLU advisors.

7. Full admission into the SCE MS program will be dependent upon the student's performance in their 7th and 8th semesters at UMKC.
    a. A GPA of 3.0/4.0 in all courses at UMKC is required.
    b. No academic or disciplinary sanctions while at UMKC.
    c. No failing grade in any of the required courses.

8. Each student meeting the student performance requirements in #7 will receive these benefits:
    a. GRE requirement will be waived.
    b. TOEFL/IBT/IELTS requirement will be waived.

damages in connection with or arising out of this MoU (including, without limitation to loss of profits, use, data or economic advantage of any sort) and on any theory of liability even if either party had been advised of possibility of such damage. Each Parties Liability would be limited to the extent of fees payable to that party.

7. INDEMNIFICATION

7.1. Both parties agree to defend, indemnify and hold the other Party harmless from and against any Claim that the indemnifying Party's negligent or willful acts or omissions resulted in personal injury (including death) or damage to tangible property. The indemnified party will give the other party (i) prompt written notice of any actual or alleged Claim; (ii) sole control of the defense and settlement of such Claim; and (iii) all information, reasonable assistance, and authority to fully defend and settle such Claim. The indemnifying Party may not compromise or settle any Claim or consent to the entry of any judgment without the indemnified Party's prior written consent, provided that the indemnified Party will not unreasonably withhold or delay giving consent.

8. ENTIRE MOU

8.1. This MoU constitutes the entire understanding between the parties with respect to the subject matter hereof, and supersedes all prior representations and agreements, verbal or written. It shall not be varied, except by an instrument in writing or subsequent date, duly executed by an authorized representative of each party. Paragraph headings herein are for convenience only and shall not limit in any way the scope of interpretation of any provision of this MoU.

9. GOVERNING LAW

9.1. This MoU shall be governed by and construed under the laws of India, without giving effect to any law or rule that would cause the laws of any other jurisdiction to be applied.

10. DISPUTE RESOLUTION PROCEDURE

10.1. The parties agree that any dispute, which arises under this MoU, shall be mutually resolved through good faith negotiations between each of the parties authorized representatives. In the event that both parties fail to settle the dispute, both parties reserved the rights to seek redress under the Arbitration & Conciliation Act, 1996. Disputes, if any, will be sorted out within Gandhinagar/Ahmadabad jurisdiction.

11. FORCE MAJEURE

VARSHA BIOSCIENCE AND TECHNOLOGY INDIA PRIVATE LIMITED, HYDERABAD

FOR

COLLABORATION ON RESEARCH, TRAINING, INNOVATION AND ACADEMIC PROGRAMMES

This Memorandum of Understanding made and entered into on this **Thursday of August 22nd , 2013** between **K L University** situated at Vaddeswaram, Guntur – 522502 (hereinafter called "**KLU**") represented by its **Registrar** which expression shall where the context so admits include its successors and permitted assigns of the first part.

AND

Varsha Bioscience and Technology India Private Limited, having its registered office at M. N. Reddy Colony, Balaji Nagar, Saidabad, Hyderabad-500059, Andhra Pradesh, India (hereinafter called "**VBTIPL**") represented by its whole-time **Managing Director, Dr.A.John Peter.**, which expression shall where the context so admits includes its successors and permitted assigns of the other part.

This MOU sets down the mutually agreed broad framework for collaborating academic programs, research partnerships and for supporting R&D through innovation, entrepreneurship and training in various fields of common interest related to bringing the results of Science and Engineering to society. It incorporates the modalities for collaboration on these and other areas of mutual interest between KLU and VBTIPL.

1. PREAMBLE

1.1 KLU is a Pioneering Institute in the state of Andhra Pradesh, having accreditation from NBA of AICTE and NAAC of UGC and presently a Deemed to be university u/s 3 of the UGC act 1956. The vision of the institute is to excel in science and engineering and attain the status of a world class university in education and research. The institute has highly qualified faculty and committed students carrying out advanced research in different areas of Science and Engineering. There is a felt need to bring these research outputs closer to the affordable healthcare with a view to intensify relevant research activities and translate the fruits of research to commercial activities over different time scales, wherever possible. KLU has a core team of researchers drawn from academia, industries and premier research organizations and also a vibrant group of alumni locally and internationally who are keen to assist or actively participate in R&D commercialization.

1.2 VBTIPL is an Agri-Biotech Company registered under Indian Company Act, 1952. It is engaged in the business of Agri-biotech products and manufactures bio pesticides, bio fertilizers, plant growth promoters and select special products of agricultural importance. During the past ten years, VBTIPL has introduced about 39 chemical free agri-inputs through innovative in-house R&D and technology tie-ups with various research Institutions/ Universities. The company was established with objective of providing quality products and services in Agribiotech Biotech domain through sustained research and innovations. Accreditations from UKAS, Vedic Organics and D&B are a few to mention.

1.3 The activities of KLU and VBTIPL are in several ways complementary. While KLU generates science and technology research outputs, VBTIPL is engaged in Agri-biotechnology oriented activities through services, education training, research and innovation.

It is therefore felt that a collaborative program would be of considerable Mutual benefit for both the parties. The collaboration would cover the R&D (Fundamental & Applied research) in both, Biotechnology and Molecular Biology. Such a synergy will also bring the wisdom of the VBTIPL into the Agri-Biotechnology oriented educational and training programmes of the KLU. This collaboration will also help in generating value for the society that is based on Science &

Technology driven entrepreneurship and through a systematic study of related systems and practices.

1.4 This MOU is the result of a fruitful discussion within and between KLU and VBTIPL to *develop stimulating and dynamic collaboration, achieve beneficial goals between the parties.*

Article 1

A Coordinator each from KLU and VBTIPL will be appointed to oversee the goals and purpose of this MOU. These coordinators from both parties will constitute Sub-Committees" to carry out specialized activities as required.

Article 2

Consistent with the goals and purpose of the collaboration, KLU, Vaddeswaram, Guntur and VBTIPL, Hyderabad, propose the following areas of activities:

a. Based on periodic discussions between identified personnel of VBTIPL & KLU the joint research programmes will be identified. The critical research needs will be discussed and the methodologies for research and translation will be decided.

b. The relevant Academic, Research and Doctoral programs initiated at KLU will have formal and informal participation of the VBTIPL faculty. VBTIPL faculty will participate in teaching and training of KLU graduate students, as and when the need arises.

c. The research infrastructures of the two institutions, when available, will be accessible to the faculty of both the Institutions.

d. As and when joint work of KLU and VBTIPL yields positive results into products/services and the patentable items will be identified and the need based actions will be initiated.

e. The faculty of the two parties will be encouraged to submit joint application for external research grants.

f. **Intellectual Property Commercialization Strategy**: Discussions will be initiated between KLU and VBTIPL on Intellectual property management commercialization strategy and facilitation through intermediaries. This process will be facilitated by the Dean of Research and Development at KLU and the appropriate VBTIPL personnel.

g. **Faculty mentors**: Interested parties from either side may be available to mentor students on technology /business aspects on an informal basis.

h. **Joint visitors programme**: Visiting Faculty and Postdoctoral fellows from India who are connected with KLU can visit both the parties in a coordinated manner and create

necessary linkages. The designated Coordinators from KLU and VBTIPL will facilitate such activity.

i. **Joint Publications**: The collaboration could generate Research papers, Patents, and Technology reports that could be of great use.

j. To facilitate Intellectual Property commercialization strategy, a 'Joint Subcommittee for Intellectual Property Identification' will be constituted. This committee will consist of experts from KLU, VBTIPL and other relevant professionals from outside who will create the right mechanism to source and spot intellectual property (patentable or not) that can be used in activities (g) and (h).

Article 3

In addition to the Coordinator mentioned in (1), other Committees will be put in place when necessary, to make this MOU a success.

The faculty, research scholars, Masters Students and the alumni of KLU and the scientists of VBTIPL may be given access to the facilities of both the parties, subject to prevailing rules and regulations of the respective Institutes regarding such access.

Article 4

Provision is hereby made for:

i. The exchange of faculty, research scholars and students between the two Parties.

ii. The Joint organization of symposia, seminars, workshop, lectures and events.

iii. Sharing of data and facilities on collaborative projects under appropriate non-disclosure Agreements.

Article 5

1. Intellectual Property

a) Intellectual property will refer to all patents, copyrights, trademarks, protections, geographic indicators and other intellectual property protections, including plants, genes and chemical structures. Intellectual property also includes oral or written know-how of relevance to the research activities of the two Institutes. Intellectual property ownership, authorship and commercialization are three aspects that will be considered. Ownership and commercialization are discussed below. However to merit authorship, it is required that the inventor has participated in the research activity relevant to the invention and contributed to the claims of the invention when a patent is involved. An author of a patent can be a faculty, student an alumnus, or a scientist.

b) Intellectual property types relevant to this MOU are

(i) Patented and unpatented know-how developed at prior to interaction with VBTIPL/KLU on a specific problem, (background intellectual property).

(ii) Patented and unpatented know-how developed during and after collaboration between faculty, students, alumni of KLU and VBTIPL on a specific problem (new developmental intellectual property).

(iii) Intellectual property as at (i) and (ii) and also includes entities (third parties) other than KLU and VBTIPL.

c) Intellectual property of KLU obtained prior to collaboration between KLU and VBTIPL on a specific problem will belong to KLU. Intellectual property of VBTIPL prior to such collaboration will belong to VBTIPL and any back ground Intellectual property that involves parties in addition to KLU and VBTIPL must be made known to all concerned before this collaboration is inked.

d) Intellectual property generated jointly during the operation of this MOU may be jointly filed and "owned" by KLU- VBTIPL or jointly published in and/or presented at national and international journals and/or conferences as per the Intellectual property strategy and IP policy of the two parties. Legal advice regarding Intellectual property filing may be sought prior to publication and/or public speeches, training and consulting where relevant.

e) Faculty, students and alumni participating in the activities under this MOU will be governed in matters of KLU- VBTIPL joint activities by the provisions of this MOU, even if they leave their respective institutes, when Intellectual property relevant to these institutes is being pursued.

f) Commercialization revenues from Intellectual property, patented or unpatented (such as know-how, oral or written), generated by bringing such Intellectual property to the market and society will be shared by VBTIPL and KLU. The sharing approach will be decided upon mutually on a case-to-case basis on the contributions of relevant inventors. This revenue sharing approach will be applicable for the first five years of this MOU. Revenue sharing will take into consideration all relevant guidelines applicable at to both KLU and VBTIPL.

g) In the case of entrepreneurship activity and startup companies that may emerge from KLU – VBTIPL collaboration, new developmental intellectual property will be owned by the startup companies, unless decided otherwise.

h) KLU and VBTIPL may use and share information and data generated during their collaboration for teaching and academic activity including case development within their respective institutions/Lab. Information regarding intellectual property belonging to KLU can be shared between the Institute/Lab via a non-disclosure Agreement. This can be used for consulting activities by faculty of either party only with the permission of the Vice-President of

KLEF as the case may be. Information regarding intellectual property belonging to VBTIPL can be shared between the Institute/Lab via a non-disclosure agreement. This can be used for consulting activities by faculty of either Institute only with the permission of the appropriate authority in the VBTIPL.

i) When an entity or entities other than KLU or VBTIPL is/are also involved, intellectual property ownership, commercialization will be negotiated on a case-by-case basis. Authorship will be given in a manner as mentioned in the (a) of this article.

2. **Non- exclusivity of the MOU**

KLU and VBTIPL together have the unrestricted right to seek additional funding from and /or to cooperate with any other agencies / institutions for the activities and have unrestricted right to have MOU with any other institutions covered by the MOU.

3. **Changes and Modifications**

Any articles of the MOU may be modified or changed by mutual agreement of the parties hereto in writing. The modifications and / or changes shall be effective from the date on which they are modified / extended unless otherwise agreed to.

4. All disagreement, differences of opinion, conflicts (including on intellectual property) and / or disputes regarding the interpretation of the provisions of this MOU shall be resolved by mutual consultation between the signatories, namely the Registrar of KLU and Signatory of VBTIPL. The regular conflict resolution processes used at KLU and VBTIPL will be adopted when mutual consultation fails. The courts of Hyderabad will be relevant to such a resolution.

5. The tenure of the MOU shall be Five years from the date of signing of the MOU. The tenure shall be renewed after a review process conducted by the Registrar of KLU and the signatory VBTIPL and appropriate revisions to the MOU based on mutually shared experiences agreed terms and conditions.

Information shall lie on the Party receiving the Confidential Information and a notice to this effect shall be given to the disclosing Party immediately on receipt of any such information.

iii. The Parties will use reasonable efforts to cause its respective agents, employees, and representatives to minimize distribution and duplication and prevent unauthorized disclosure of the Confidential Information of the other party. The Parties agree that only employees who have a need to know the Confidential Information of the other Party will receive such Confidential Information, provided that such employees are bound by confidentiality obligations, no less strict that the obligations agreed hereunder. The Parties will not disclose the Confidential Information to a third party without the prior written consent of the other Party , which consent may be conditioned upon the execution of a confidentiality agreement reasonably acceptable to the owner of the Confidential Information, except that the Confidential Information may be used in combination with other data for statistical or analytical purposes provided that no such Confidential Information is identifiable by Party or Party's employee and that the Parties may disclose such Confidential Information to its legal counsel and auditors. Either Party shall not disclose, publish, release, transfer or otherwise make available Confidential Information relating to the other Party or its employees or ex-employees to any other party. Parties can disclose relevant aspects of the Confidential Information to its employees, agents and representatives, to the extent that such disclosure is reasonably necessary for the performance of its obligations under this Agreement and subject to the Confidentiality obligations. Both Parties shall take all necessary measures to ensure that Confidential Information is not disclosed or duplicated by such employees, agents or representative in contravention of this clause.

iv. Each Party shall maintain all of the other Party's Confidential Information in strict confidence and in a secure environment and shall protect such information with the same degree of care that such Party exercises with its own Confidential Information, but in no event less than a reasonable degree of care. Except as provided in this Agreement, a Party shall not use or disclose any Confidential Information of the other Party without the express prior written consent of such Party.

v. If the Receiving Party is required to disclose the Confidential Information of the Disclosing Party as part of a judicial process, government investigation, legal proceeding, or other similar process, the Receiving Party will give prior written notice of such requirement to the Disclosing Party. Reasonable efforts will be made to provide this notice in sufficient time to allow the Disclosing Party to seek an appropriate protective order, or modification of any disclosure, and the Receiving Party will reasonably cooperate in such efforts.

vi. University shall keep strictly confidential, including from its partners, all information received from TCLL including marketing collaterals, client information and commercials, besides details of TCLL's methodology as per the terms of confidentiality agreements entered into for this purpose between the parties.

vii. Notwithstanding anything in this Agreement, usage of TCLL name, logo and other marks shall be subject to appropriate guidelines given by TCLL and TCLL reserves all rights in this regard.

viii. All intellectual property rights, authorship rights and all other rights of whatsoever nature in and attached to the content of the Program of I year in whatever form or medium shall vest in and shall remain vested in TCLL.

ix. All and any CD-ROMS and/or floppy disks and/or magnetic tapes and/or any other media containing such data (together with all and any copies thereof) shared by TCLL with the University will be returned to TCLL by the University and the University shall provide the written certification to that extent. The University acknowledges that they shall not have any right on such content or any related IPR of the "Program" and all the IPR including without limitation the Program shall vest solely in TCLL.

x. In this clause 'intellectual property' means all industrial and intellectual property rights of any kind including copyright, trademarks, design, moral rights and other proprietary rights.

16. Miscellaneous:

No addition to or change in the terms of this Agreement or service will be effective or binding on either of the Parties unless reduced to writing and executed by the respective duly authorized representative of each of the Parties.

i. This Agreement and any Annexure/s hereunder may be executed in two or more counterparts, each of which will be deemed an original for purposes of this Agreement.

ii. In the event any change in any law, or the passage of any law, rule or regulation affect, or in either Party's reasonable determination, may affect, either Party's performance or obligations under this Agreement, the Parties shall work together in good faith to amend this Agreement so as to minimize or eliminate, the impact of such Changes in Law on a Party's performance or obligations under this Agreement.

iii. Both the Parties represent and warrant to the other Party that all the corporate or other actions or conditions required to be taken to authorize the execution including additions or changes to the terms of the agreement in future of this agreement, and to exercise its rights and perform its obligations under the this Agreement have been duly taken and satisfied. Further the execution and performance of this Agreement will not violate any law or any Agreement. If any provision of this Agreement or portion thereof is declared invalid, the remaining provisions will nevertheless remain in full force and effect.

iv. This Agreement, including any Annexure, materials incorporated herein, constitutes the entire Agreement of the Parties and supersedes all previous oral or written negotiations, understanding, letter of intent and agreements relating to the subject matter hereof. There have been no representations or statements, oral or written, that have been relied on by any Party hereto except those expressly set forth herein.

v. A waiver of a breach of any provision to this Agreement will not constitute a waiver of any other breach. A delay or omission by either Party to exercise any right or power under this Agreement will not be construed to be a waiver thereof. Whenever possible, each provision of this Agreement, as well as any Annexure, will be interpreted in such manner as to be effective and valid under applicable law, order, code, rule or regulation, but if any provision, or Annexure is held to be invalid, illegal or unenforceable, such invalidity, illegality or unenforceability will not affect any other provision, but this Agreement will be reformed, construed and enforced in such jurisdiction as if such invalid, illegal or unenforceable provision had never been contained herein or attached hereto.

IN WITNESS WHEREOF, each of the Parties has caused this Agreement to be executed by its duly authorized representatives as of the date first written above.

Article 4: By signing this document, the University and the Organization confirm that they will abide by the principles of student placements set out in the document below.

Article 5: During the training, the students will respect the Organization rules and the confidentiality needed.

Article 6: During the training, the status of the intern will be student of the University. Therefore, they will remain affiliated to the University

Article 7: *Costs of the Industrial Training are covered by the Organization except for food,*

lodging and transport which has to be borne by the Student.

Article 8: The Student has to write a "Project Report" after completion of training program and send it to both the Organization and the University representatives (Department HOD).

Article 9: The organization has to evaluate the "Project Report" and provide its feedback along with the "Certificate of Apprenticeship" to each student. However, no Certificate will be provided to any student who has not completed the full training program.

Article 10: International students should complete all the legal formalities and documentation to work as an intern before joining the organization. A copy of the documents must be submitted to the organization at the time of joining.

Duties and Responsibilities of the University

1. The University will be responsible for Industrial Training that are conducted during a regular academic semester(s) or scheduled final term(s). The University and the Organization agree to schedule the Industrial Training days, mutually convenient to the parties involved.

2. The University shall certify eligibility for students registering for Industrial Training for academic credit. Approved students will have the appropriate educational background and skills consistent with the advertised Industrial Training and departmental requirements for participation.

3. The University will assign a faculty member to monitor and evaluate the student's performance at regular intervals during the Industrial Training. The University will assume and bear all costs associated with the faculty supervision of the student.

4. The University, at the beginning of the Industrial Training term, will provide the Organization with all evaluation materials and the expected timeline for submission.

5. The University agrees to advise students of any known policies, procedures, and requirements of the Industrial Training as specified by the Organization.

6. The University ensures that there will be no other curricular activities performed by students during the Industrial Training Program.

7. The University may request termination of the Industrial Training placement for any student not complying with University guidelines and procedures for the Industrial Training program, as long as the Organization has been notified in advance.

8. The University agreed to replace the terminated student/group by another

student/group. This agreement cannot be cancelled while Industrial Training program is going on.

Duties and Responsibilities of the Organization

1. The Organization agrees to prepare an Industrial Training job description that outlines the duties and responsibilities of the student. The University will use this document to determine the suitability of the Industrial Training for academic credit. Should changes to the job description be necessary after the Industrial Training is approved, the Organization agrees to notify the University of such Changes.

2. The Organization agrees to notify the University of Selection Criteria and any requirements of the selection process including but not limited to background investigations, drug testing, health screenings, etc.

3. The Organization selects student based on its needs and preferences.

4. The Organization determines the schedule that the student will maintain on premises. The total scheduled days will comply with standards established by the University for awarding the credit days.

5. The Organization will offer Rs.10,000 per month as Industrial Training stipend and will be considered for revision from year to year.

6. The Organization will not provide accommodation, travel, food and any other expenses to the students.

7. The Organization agrees to provide suitable workspace and resources for the student to complete the Industrial Training assignment. The Organization will also provide orientation, training, supervision and evaluation of the student.

8. The Organization shall provide all reasonable information requested by the University on a student's Industrial Training performance.

9. Should the Organization become dissatisfied with the performance or discipline of a student, the Organization may request removal of the student only after the University has been notified in advance and a satisfactory resolution cannot be obtained.

AND

K Ramakrishna

K L University, having its registered office at Green Fields, Vaddeswaram, Guntur District, A.P., (hereinafter called "KLU", which expression shall where the context so admits include its successors and permitted assignees) of the third part

Preamble

Whereas CSIR-IICT is a premier R & D Institute, which has been established to carry out research in chemical sciences leading to innovative processes for a variety of products necessary for human welfare such as food, health, energy and environment and the conduct of R&D work is fully geared to meet the requirements of technology development, transfer and commercialization.

Whereas CSIR-IICT, AESPL and KLU desires to enter into a MoU setting forth the terms and conditions for carrying out the collaboration to carry out the project on "High rate biomethanation of organic waste for generation of power for off-grid applications" sanctioned by Indo-US Science and Technology Forum under PACEsetter FUND.

The MOU details the objectives of the collaboration, responsibilities and obligations of each party and other terms and conditions.

1. Objective and scope of MoU

To carry out the project "High rate biomethanation of organic waste for generation of power for off-grid applications" sanctioned by Indo-US Science and Technology Forum under PACEsetter FUND with objectives as mentioned below:

- Implementation of modern high rate biomethanation technology for waste management
- Sustainable and remunerative solution for waste management.
- Generation and usage of biogas based power for off grid applications
- Hygienic health and sanitation facilities through proper waste disposal and management.
- Reduction in the cost of waste management borne by municipalities.
- Employment generation to run and operate biogas based power plants
- Intangible environmental benefits such as reduction of GHG's by means of renewable energy replacing conventional energy and fossil fuels.

To demonstrate the technology, the plant will be constructed in KLU. Waste collection will be undertaken by KLU and space will be provided inside their premises. The biogas-based power generated will be utilized by KLU. Presently, grid power is available in KLU. But, power generated from this plant would be used for replacing the grid power (partially) on a continuous basis. This plant could demonstrate a model for off grid power generation from organic solid waste for decentralized applications and its replication as a business model. CSIR-IICT is the technology provider and AESPL executes the project completely with in 12 months of time and operates for another 12 months of time.

2. Responsibilities of CSIR-IICT

- Preparation of schematic process flow diagram with description and major equipment list with broad specifications
- Preparation of detail technical specifications and providing the dimensions of critical equipment including anaerobic digester.
- Characterization of organic waste for Total Solids (TS), Volatile Solids (VS), pH and

K Ramakrishnaa

other parameters

- Advise regarding the testing, selection of seed culture, process-commissioning plant etc.
- Overall technical advice for successful installation and operation of the plant.
- Assistance in preparation of operation and maintenance manual
- Periodic performance testing, sample testing of plant to keep the health of the digester and biogas production in check for a period of 24 months.
- Issue of biogas and bio-manure certification or/and characterization/reports
- Sharing all performance data, test data and analysis with AESPL.
- Supervision during the erection of the plant
- Inspection & testing of all critical equipment
- Tasks not covered above, but relevant to the consultancy towards plant construction, execution and operation.

3. Responsibilities of AESPL

- Preparation of P & I Diagram based on the process description generated by CSIR-IICT:
- Preparation of layout with area and utility requirements
- Fabrication & procurement of all major equipment, bought out items and anaerobic digester
- Installation & commissioning of the plant
- Preparation of operation and maintenance manual with CSIR-IICT.
- Upon completion of the plant with in specified period of 12 months, operation and maintenance of the plant for a period of 12 months.
- Training KLU personnel during plant commissioning, operation & maintenance.
- Tasks not covered above, but relevant to the turnkey execution of the plant except the civil works and works outside AES battery limits.

4. Responsibilities of KLU

- Provision of site for installation of the plant
- Preparation of site for installation of the plant including fencing, levelling, landscaping etc.
- Civil foundation for all the equipment and other civils works related to the plant.
- Corrogated shed roof over area alotted for biogas balloon storage, biogas generator, waste shredding and crushing etc.
- Provision of segregated "organic waste" (prefrebly hotel waste – cooked and uncooked kitchen waste) at the plant site – 6-8_TPD after plant is installed and commissioned by AESPL.
- Construction of storage area, unloading area and other provisions for organic waste handling at the plant site
- Provisions to utilize power generated from the biogas generator (maximum of 300 units) to university load to replace power obtained from AP Power grid
- Provisions to utilize biogas generated from the plant (biogas equivalent to replace 2 LPG cylinders of 14.2 kg capacity) for thermal applications (cooking) to replace LPG. In this

K Ramalakshmaa

regard, KLU will bear the following additional costs involved in providing the biogas to their kitchen

  - Pipeline with accessories from plant to kitchen for the supply of biogas
  - Biogas stoves (Chulas) in the kitchen
  - Suitable biogas compressors, pressure storage tank and accessories for supply of biogas to kitchen

- KLU will continue to demonstrate the operation of plant at full load capacity of 6-8 TPD for a minimum period of 5 years after plant is handed over to KLU.
- After handover, all requirements of plant operation and maintenance including manpower, pH boosting material and equipment maintenance will be KLU's responsibility.
- Permit members/clients of CSIR-IICT/AESPL/PACEsetter Fund or an individual or agency nominated by CSIR-IICT/AESPL/PACEsetter Fund to access the plant premises at all times and provide all information and produce or make available the concerned records for inspection and monitoring of the project activity.
- Permit CSIR-IICT to collect and analyze plant data and physical samples and any other requirement to carry out further R & D.
- Duly acknowledge the funding support of the PACEsetter Fund and technology & turn-key execution support of CSIR-IICT and AESPL as the contributors, use of AESPL, IICT and PACEsetter logos when publishing or presenting the details of the project including in all electronic and print media, website materials, presentations, publications, etc. Installation of banners and boards in the plant premises clearly indicating the above.
- To provide water and power for plant construction, installation and commissioning and subsequent plant operation and maintenance, free of cost.
- Tasks not covered above, but relevant to fulfill all project requirements of PACEsetter that fall outside Battery limits of IICT & AESPL

5. General terms

CSIR-IICT, AESPL or KLU are free to sign MOU with any other parties in India or overseas for similar work at their own discretion.

6. Confidentiality

During the tenure of the MOU and thereafter, CSIR-IICT, AESPL and the KLU undertake on their behalf and on behalf of their subcontractors/ employees / representatives / associates to maintain strict confidentiality and prevent disclosure thereof, of all the information and data exchanged / generated pertaining to work under this MOU for any purposes other than in accordance with this MOU.

7. Force Majeure

Neither party shall be held responsible for non-fulfillment of their respective obligations under this Agreement due to the exigency of one or more of the force majeure event such as but not limited to acts of God, war, flood earthquakes, strike, lockouts epidemics, riots, civil commotion, etc. Provided on the occurrence and cessation of any such events, the party affected thereby shall give a notice in writing to the other party within one month of such

K Ramakrishnaa

occurrence or cessation. If the force-majeure condition continues beyond six months, the parties shall then mutually decide about the future course of action.

8. Effective date, duration, termination of the MOU

8.1. The MOU shall be effective from the date of signing and shall remain in force for Two years

8.2. The MOU shall terminate on the expiry of the period, as in clause 7.1 unless extended by both parties.
