AWARENESS PROGRAM ON SCHOLARSHIPS, JOB OPPORTUNITIES AND CAREER OPPORTUNITIES FOR OBC STUDENTS

Date : 25/9/2019

Time : 3:00 P.M to 5:00 P.M

Venue : Rose Hall

OBJECTIVES

The goals of conducting an awareness initiative for Other Backward Classes (OBC) students regarding scholarships, employment prospects, and career paths are varied. Initially, the program intends to increase understanding among OBC students about accessible scholarships across different educational levels, ensuring fair access to financial aid for higher education pursuits. Secondly, it aims to educate students about a range of job sectors, industries, and career trajectories, highlighting emerging opportunities and necessary skills. Moreover, the initiative seeks to equip students with the knowledge and tools necessary to make informed choices regarding their educational and professional paths, fostering confidence, ambition, and inclusivity within the community. Ultimately, the program aims to advance social and economic empowerment by facilitating networking, mentorship, and advocacy for inclusive policies and opportunities that allow OBC students to excel in their chosen fields

DESCRIPTION

Organizing an awareness initiative for Other Backward Classes (OBC) students regarding scholarships, job opportunities, and career prospects entails various essential tasks and activities. Dr. Habibulla Kahn, the Dean of Student Affairs, serves as the resource person for the program along with other members of the OBC committee. Initially, the initiative involves comprehensive research to identify available scholarships, employment sectors, and career paths relevant to the OBC community. Following this, engaging and informative sessions will be organized, featuring guest speakers, industry professionals, and representatives from educational institutions and government agencies to offer insights into scholarship applications, job market trends, and skill development opportunities. Interactive workshops will also be conducted to assist students in refining resumes, enhancing interview skills, and exploring entrepreneurship options. Furthermore, participants will receive resource materials

such as brochures, handouts, and online resources for further exploration and reference. Throughout the program, there will be a strong emphasis on inclusivity, empowerment, and encouragement, fostering a supportive environment that inspires OBC students to pursue their educational and professional aspirations with confidence and determination.

OUTCOMES

The impact of conducting an awareness program for Other Backward Classes (OBC) students on scholarships, job opportunities, and career prospects can be profound. Firstly, heightened awareness of available scholarships can result in increased enrollment rates in educational institutions among OBC students, alleviating financial obstacles to education and promoting academic success. Secondly, exposure to a range of job and career possibilities can inspire students to pursue fields that align with their interests and abilities, thereby enhancing employment rates and economic mobility within the OBC community. Additionally, the program has the potential to cultivate a sense of empowerment and self-assurance among students by providing them with the necessary knowledge and resources to navigate their educational and professional journeys effectively. Ultimately, these outcomes contribute to the social and economic advancement of OBC individuals and communities by promoting education, employment opportunities, and inclusive development.
