AWARENESS PROGRAM ON SCHOLARSHIPS, JOB OPPORTUNITIES AND CAREER OPPORTUNITIES FOR OBC STUDENTS

Date : 23/8/2021
Time : 1:00 P.M to 5:00 P.M
Venue : New Seminar Hall

OBJECTIVES

The objectives of organizing an awareness initiative for Other Backward Classes (OBC) students concerning scholarships, employment prospects, and career paths are wide-ranging and impactful. Initially, the program aims to improve understanding among OBC students about available scholarships across various educational levels, ensuring fair access to financial assistance for pursuing higher education. Secondly, it strives to expand students' awareness of diverse job sectors, industries, and potential career paths, emphasizing emerging opportunities and the essential skills required for success. Additionally, the initiative aims to empower students with the knowledge and resources necessary to make informed decisions about their educational and professional journeys, fostering confidence, ambition, and inclusivity within the community. Ultimately, the program seeks to promote social and economic empowerment by facilitating networking, mentorship, and advocacy for inclusive policies and opportunities that enable OBC students to thrive and succeed in their chosen fields.

DESCRIPTION

Organizing an awareness campaign for Other Backward Classes (OBC) students regarding scholarships, job opportunities, and career prospects involves a variety of essential tasks and activities. Dr. K R S Prasad, the Dean of Student Affairs, leads the program along with other members of the OBC committee. The initiative commences with thorough research to identify pertinent scholarships, employment sectors, and career paths specific to the OBC community. Subsequently, engaging sessions are coordinated featuring guest speakers, industry professionals, and representatives from educational institutions and government agencies to offer insights into scholarship applications, job market trends, and skill development opportunities. Interactive workshops are conducted to assist students in refining resumes, enhancing interview skills, and exploring entrepreneurship. Participants are provided with resource materials such as brochures, handouts, and online resources for further exploration. The program places a strong emphasis on inclusivity, empowerment, and encouragement,

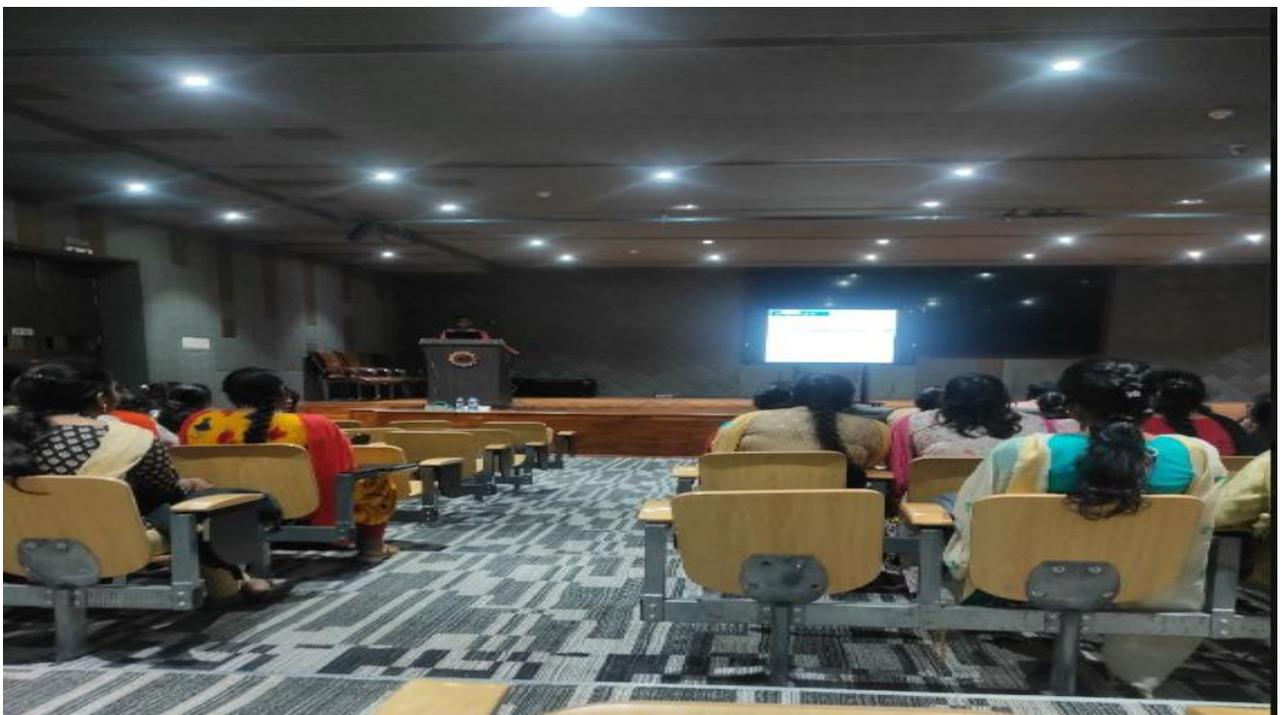

fostering a supportive environment that inspires OBC students to pursue their educational and professional objectives with confidence and determination..

OUTCOMES

Organizing an awareness program for Other Backward Classes (OBC) students on scholarships, job opportunities, and career prospects can have a significant impact. Firstly, increased awareness of available scholarships can result in higher enrollment rates in educational institutions among OBC students, thereby reducing financial barriers to education and promoting academic success. Secondly, exposure to a variety of job and career options can inspire students to pursue fields that align with their interests and skills, leading to increased employment rates and economic mobility within the OBC community. Additionally, the program can foster a sense of empowerment and self-assurance in students by providing them with the necessary knowledge and resources to navigate their educational and professional journeys effectively. Ultimately, these outcomes contribute to the social and economic advancement of OBC individuals and communities by promoting education, employment opportunities, and inclusive development.
