The President's Message

At KL Deemed-to-be University, for the past 46 years, my vision has been clear, education must lead to real success.

Our **industry-aligned curriculum** is built around real market demand. From Day 1, students learn in-demand technologies, work on **live projects**, **gain internship exposure**, **participate in hackathons** and build **job-ready skills** that top recruiters expect.

I believe success is more than technical knowledge.

Beyond academics, we focus on **360° development**, not just education, but personality, discipline, professional behavior, communication skills, leadership qualities, and even corporate grooming and dressing standards.

With advanced labs, industry mentorship, experiential learning, and structured placement pipelines, graduates are **prepared for higher education, entrepreneurship, and top company placements** with competitive salary packages.

“When you choose KL, you are not just choosing a university.

You are choosing a future built with **clarity, structure, and purpose.**”

President
**Sri Koneru

KL & KLH Education

v/s

Traditional Education

	KL & KLH	Traditional Education
Curriculum	Industry-aligned; continuously updated for the AI era.	Designed decades ago; rigid and slow to change.
Learning Mode	Practice-based and execution-focused.	Theory-heavy and purely exam-focused.
Industry Exposure	Real-time internships and Practice School integrated into the degree.	Limited; usually restricted to a single guest lecture.
Laboratory Use	Advanced labs for building, testing, and deploying real systems.	Labs used for observation and rote experiments.
Instruction	Courses co-taught by Industry Experts and Professors of Practice.	Faculty-centric; academic-only perspective.
Career Pipeline	Structured career pipeline and mentorship from Day 1.	Placement preparation happens only at the very end.
Job Readiness	Interview-ready through competitive hackathons and live projects.	Students must self-learn "market skills" to clear interviews.
Peer Network	High-Calibre Peer Network: Outcome-focused cohorts that drive mutual growth.	Random cohorts with varying levels of ambition.
Outcome Focus	Three-Track Outcome: Engineered for Elite Careers, Entrepreneurship, or Global Higher Studies.	Aimed at getting a "job" (any job).
	360 degree holistic education	

Our 8 Pillars of Industry-Embedded Education

Industry-Aligned Curriculum
Continuously updated for emerging technologies, AI, and evolving enterprise demands.

Expert-Led Learning
1200+ faculty, Professors of Practice, and industry experts driving applied learning.

Real-World Project Integration
Live projects, advanced labs, hackathons, and innovation challenges embedded in learning.

Structured Placement Pipeline
Strong recruiter network with semester-wise career preparation.

Startup & Innovation Ecosystem
225+ startups incubated with ₹20+ Crores funding support and mentorship.

Multi-Disciplinary Learning
Cross-domain exposure across engineering, sciences, business, law, and research.

Merit-Based Scholarships
₹100+ Crores in scholarships supporting talent and academic excellence.

Global & Higher Studies Pathways
International placements, research exposure, and guidance for global universities.

PM-Vidyalaxmi Scheme

Empowering Dreams Through Education Loans

The Pradhan Mantri Vidyalaxmi (PM-Vidyalaxmi) is a central sector scheme aimed at supporting meritorious students by removing financial barriers to quality higher education, while the Vidya Lakshmi Portal (<https://pmvidyalaxmi.co.in/>), launched by the Government of India in collaboration with the Ministry of Education, Ministry of Finance and the Indian Banks Association, provides a single-window digital platform for students to explore and apply for education loans from multiple banks, ensuring no deserving student is deprived of educational opportunities due to lack of funds.

The detailed guidelines of the Scheme may be seen at: <https://bit.ly/pm-vidyalaxmi-guidelines>

Our Eligibility:

- KLEF is among the 860 quality Higher Education Institutions (HEIs) recognized under the PM-Vidyalaxmi Scheme, based on its NIRF ranking in India.
- Details of PM-Vidyalaxmi Private eligible institutions can be found at: <https://dashboard.aishe.gov.in>
- **KLEF is the only private institution in Andhra Pradesh eligible under the PM-Vidyalaxmi Scheme** across the disciplines of Engineering, Management, Humanities, and Sciences, offering students from diverse academic backgrounds a unique opportunity to access collateral-free and guarantor-free education loans under this prestigious initiative as per the Guidelines of scheme.
- List of PM Vidyalaxmi private institution in Andhra Pradesh: <https://bit.ly/pm-vidyalaxmi-private-institutions-ap>
- To apply under this scheme, use the KLEF Institute AISHE (All India Survey on Higher Education) code which is U-0020.
- Students can apply for education loans through a completely digital and simplified process via the official PM-Vidyalaxmi portal: <https://pmvidyalaxmi.co.in>

The Job Reality in India

Every year, millions of graduates enter the job market. But employability depends mainly on in-demand skills, not degrees alone in this era.

1.5 Million+

graduates enter India's professional talent pool annually

(Source: Forbes India, 2025)

1 Million+

skilled professionals will be required across emerging sectors including AI, data systems, legal technology, agritech, healthcare innovation, and business intelligence.
