KL COLLEGE OF PHARMACY

Guest lecture/Webinar-Pharmacology

CIRCULAR

Subject: Conduction of Guest lecture/Webinar on “**An Insight into the Traditional Ayurvedic Knowledge of Drug Identification, Manufacturing and Translation into Current Requirements**” - Communication – Reg.

Dear Students and Faculty,

We are delighted to invite you to an enriching webinar titled "**An Insight into the Traditional Ayurvedic Knowledge of Drug Identification, Manufacturing, and Translation into Current Requirements.**" This webinar aims to bridge the gap between ancient Ayurvedic practices and modern pharmaceutical requirements, providing valuable insights for practitioners, researchers, and enthusiasts in the field of Ayurveda. This webinar is being delivered by an eminent speaker **Dr. Saket Ram Thrigulla, Research Officer (Ayurveda), CCRAS-National Institute of Indian Medical Heritage (NIIMH), Hyderabad-500036.**

Webinar highlights:

- **Introduction to Ayurvedic Principles**
- **Drug Identification**
- **Manufacturing Processes**
- **Modern Adaptations**

Webinar Details:

Date and Time: 22nd May 2024, Wednesday, 10.30 am to 12.30 pm.

Registration Fee: Free (Link: <https://forms.gle/gUXwVNp2DHAFMRAA>)

Who can Attend: All Life Sciences Faculty & Students (Pharmacy, Agriculture, Biotechnology, Food technology, Chemistry)

Webinar Link: <https://meet.google.com/rwn-ebji-rmh>

Organizing Committee:

Chairman, Dr G Chakravarthi, Principal, KL College of Pharmacy (KLCP).

For any further details on webinar, interested can contact the

Convener, Dr. Naresh Dumala, Assistant Professor, KLCP

E-mail- nareshpharma2020@kluniversity.in; nareshpharma2020@gmail.com

KLCP- Pharmacology Webinar on "An Insight into the Traditional Ayurvedic Knowledge of Drug Identification, Manufacturing and Translation into Current Requirements"

Introduction

On 22nd May 2024, a webinar titled "An Insight into the Traditional Ayurvedic Knowledge of Drug Identification, Manufacturing, and Translation into Current Requirements" was held. The session aimed to bridge the gap between traditional Ayurvedic practices and modern pharmaceutical requirements. Experts in Ayurveda, pharmacology, and pharmaceutical sciences came together to discuss the integration of ancient wisdom with contemporary scientific standards.

Key Takeaways

Holistic Integration: The importance of maintaining the holistic principles of Ayurveda while adapting to modern scientific methods was a recurrent theme. This ensures that the essence of traditional practices is preserved while meeting contemporary standards.

Scientific Validation: The need for rigorous scientific validation of Ayurvedic drugs was emphasized. This includes using modern analytical techniques to ensure the safety, efficacy, and quality of the medicines.

Regulatory Compliance: Navigating the regulatory landscape is crucial for the successful translation of Ayurvedic formulations into modern pharmaceutical products. Adhering to GMP and other regulatory guidelines ensures the products are safe and effective for global markets.

Collaboration: The success of integrating traditional Ayurvedic knowledge with modern science hinges on collaboration between various stakeholders, including traditional practitioners, scientists, regulatory bodies, and the pharmaceutical industry.

The webinar provided a comprehensive overview of how traditional Ayurvedic knowledge can be effectively integrated with modern pharmaceutical requirements. It highlighted the potential of Ayurveda to contribute to contemporary healthcare when validated and standardized through scientific methods. The session underscored the importance of preserving the integrity of traditional practices while embracing technological advancements and regulatory frameworks.

The faculty and students of pharmacy benefited from this Webinar.

Total number of participants: 56

Conclusion

Key Factors for Evidence-Based Ayurvedic Medicine

Good Agricultural Practices for Natural Materials				
Ethical Bioprospecting	Traditional Knowledge Practices		Correct Identification	
Pharmacopoeia Monographs for Drugs and Formulations		Standardization and Quality Control		
Good Manufacturing Practices for Products				
Pharmacoepidemiology	Regulatory Compliance		Systematic Documentation	
Safety, Toxicity, Pharmacodynamic, Non Clinical		Documentation of Clinical Practice		
Good Laboratory & Clinical Practices for Research				
Robust Protocols & Reporting Standards	Scientific Excellence	Collaboration with PPPM and PCM	Systematic Reviews & Meta-Analysis	Controlled Clinical Studies
