PRESIDENT'S MESSAGE

**Er. Koneru Satyanarayana
Chancellor, KL University**

In today's rapidly evolving technological landscape, computer applications play a pivotal role in developing innovative solutions across diverse engineering and non-engineering disciplines. A deep understanding of core computing principles, along with the ability to integrate knowledge from multiple fields, is essential for engineers and researchers to solve complex real-world problems efficiently and effectively.

I am happy to note that the Department of Computer Applications, KLEF is organizing a **Two-Day National Conference on "Multidisciplinary Research in Computer Science & Applications"** during 9th and 10th May 2025. This conference is a timely and meaningful initiative that provides a valuable platform for academicians, researchers, and students to exchange ideas, share research findings, and explore the latest advancements in computer science and its multidisciplinary applications.

I extend my best wishes to the organizers for the successful conduct of the National Conference and hope that the deliberations, proceedings, and recommendations emerging from the event will contribute significantly to the academic and practical understanding of computer applications across disciplines.

Er. Koneru Satyanarayana
President

Pro Chancellor's Message

Dr. K.S. Jagannatha Rao
Pro Chancellor, KL University

I am happy to know that the Department of Computer Science and Applications is organizing a **Two-Day National Conference on "Multidisciplinary Research in Computer Science & Applications"** during 9th and 10th May 2025.

It is highly encouraging that several specialists from **IITs and reputed international institutions** are participating and sharing their expertise on various challenging industrial problems and advanced computational solutions. This Two-Day Conference will undoubtedly offer a rich and immersive experience for **young researchers**, enabling them to exchange innovative ideas, learn from domain experts, and strive towards impactful contributions to the broader research and development community.

I urge all delegates to make the most of this opportunity by actively participating in all sessions and engaging in productive interactions that could lead to scientific and technological breakthroughs.

I wish the conference **immense success** and congratulate the organizers for bringing together such a significant academic platform.

Dr. K. S. Jagannatha Rao,
Pro Chancellor

Vice-Chancellor's Message

Dr. G. Pardha Saradhi Varma
Vice Chancellor, KL University

I extend my warm welcome to all the participants and appreciate the **Department of Computer Science and Applications, KLEF Deemed to be University** for their commitment and dedicated efforts in organizing the **Two-Day National Conference on "Multidisciplinary Research in Computer Science & Applications"** during 9th and 10th May 2025.

Conferences serve as vital platforms for academic and professional dialogue. I am confident that this event will provide an excellent opportunity for **researchers, postgraduate students, and industry professionals** to strengthen their academic foundations and advance their research goals. I firmly believe that meaningful discussions and innovative findings emerge from such Research and Development (R&D) initiatives.

Computer Science is a rapidly evolving discipline that continuously integrates with various domains, creating impactful applications in science, technology, and industry. The insights shared and deliberated by the delegates during this conference are bound to lead to fresh perspectives and practical innovations with real-world value.

I extend my best wishes to the students and faculty of our University, as well as to all the participants who have joined us from across the country. I trust you will find this academic gathering both inspiring and enriching. May this conference be a grand success and contribute significantly to the collective growth of knowledge and innovation.

Dr. G. P. Saradhi Varma
Vice Chancellor

Provice-Chancellor's Message

Dr. K. Rajasekhara Rao
Pro-Vice Chancellor, KL University

It is with great enthusiasm and anticipation that I welcome you to the **Two-Day National Conference on Multidisciplinary Research in Computer Science & Applications**, organized by the **Department of Computer Science and Applications, KLEF Deemed to be University**. This significant academic event reflects our unwavering commitment to advancing cutting-edge research and fostering the exchange of innovative ideas across various disciplines within computer science and its applications.

This conference brings together a distinguished and diverse group of **academicians, researchers, industry experts, and students** from across the country. The program is designed to facilitate thought-provoking discussions, present emerging technologies, and encourage multidisciplinary collaboration to address contemporary challenges in the field.

I extend my deepest gratitude to the **organizing committee** for their relentless efforts in planning and executing this conference with excellence. Their dedication ensures that this gathering will be a meaningful and impactful experience for all involved. I also wish to acknowledge and thank all **supporting institutions and contributors** whose encouragement and resources have made this initiative possible.

To all the participants, I encourage you to make the most of this platform—engage actively in discussions, explore new research perspectives, and build professional relationships that can lead to future collaborations and innovations. Your presence and contributions are what truly make this conference special.

In closing, I wish everyone a **productive and inspiring conference**. May this event serve as a catalyst for **new ideas, meaningful partnerships, and technological advancements** that will shape the future of computer science and its applications.

Dr.Kurra Rajasekhararao
Pro-Vc (Academics)

Conference Chairman Message

Dr. K. Subrahmanyam
Principal, College of Sciences & Conference Chairman

It is quite gratifying to note and with great pleasure, I would like to state that the Department of Mathematics of our college is hosting a Two-day national conference entitled on **“Multidisciplinary Research in Computer Science & Applications”**, during 9th and 10th May 2025.

Organizing such an event at this point in time reinforces our objective of creating a vibrant environment for the **exchange of ideas and insights related to technological advancements**. I hope that this conference will serve as a platform to deliberate on current and emerging issues of national and international relevance, particularly in areas such as **Artificial Intelligence and Machine Learning, Cybersecurity, Data Science, Cloud Computing, Internet of Things (IoT), Software Engineering**, and the **Integration of Technology in Education**.

It is heartening to note that an unprecedented number of **high-quality research papers** have been submitted for presentation at this conference, reflecting the depth of ongoing research and the enthusiasm of the academic community in this field.

I am confident that this occasion will offer a **congenial and collaborative environment** for researchers, academicians, and industry professionals to freely exchange views, challenge existing paradigms, and spark new ideas that will further the progress of computer science and its multidisciplinary applications.

I convey my warm greetings and congratulations to the **organizing committee** for their dedicated efforts and extend my best wishes to all the participants for a **productive and successful conference**.

Dr. K. Subramanyam
Principal, College of Sciences

Convener's Message

**Dr. K. Bhagavan
HoD, BCA & Conference Convenor**

It is my pleasure to extend a warm welcome to all of you to the **Two-Day National Conference on "Multidisciplinary Research in Computer Science & Applications"**, organized by the **Department of Computer Science and Applications, KLEF Deemed to be University**.

In this dynamic gathering, you will encounter a rich collection of research contributions from esteemed researchers, scholars, and domain experts who are at the forefront of their respective fields. The range and depth of topics covered in this conference reflect the diversity and vibrancy of thought that we aim to bring together through this multidisciplinary platform.

This conference serves as a valuable **platform for intellectual exchange, collaboration, and exploration** of the latest trends and advancements in computer science and its applications across various sectors. It is an opportunity for participants to engage with cutting-edge work and forge connections that may shape future research and innovation.

I extend my heartfelt appreciation to all contributors for their dedication to advancing knowledge and for sharing their research with the academic and professional community. Your active participation enriches the collective learning and impact of this event.

I would also like to acknowledge the **hard work and commitment of the organizing committee** and everyone involved in making this conference a success. Their efforts stand as a true testament to the spirit of inquiry, academic excellence, and collaborative discovery.

**Dr. K, Bhagavan
HOD-BCA**

Convener's Message

**Dr. Ch. Kiran Kumar
HoD, MCA & Conference Convenor**

It gives me immense pleasure to be part of the **Two-Day National Conference on "Multidisciplinary Research in Computer Science & Applications"**, organized by the **Department of Computer Science and Applications, KLEF Deemed to be University**.

This conference provides an excellent opportunity for scholars, researchers, and professionals from academia and industry to come together and share their knowledge, insights, and innovations. The multidisciplinary nature of this event highlights the evolving role of computer science in solving complex problems across diverse domains such as healthcare, finance, education, engineering, and more.

I am delighted to see the active participation of delegates from various institutions, each bringing a unique perspective and contributing to a broader understanding of emerging trends and challenges in computer science. The thoughtful sessions, technical paper presentations, and discussions scheduled over these two days are sure to spark new ideas and collaborations that will benefit the research ecosystem.

I extend my sincere appreciation to the organizing committee for their meticulous planning and dedication to academic excellence. Their commitment has ensured the creation of a platform that promotes not only knowledge sharing but also professional networking and future research initiatives.

Wishing all participants a highly **engaging, enriching, and successful conference**. May your time here be filled with meaningful exchanges and memorable experiences that lead to impactful outcomes.

**Dr.Ch.Kiran Kumar
MCA-HoD**

145	Emotionally Intelligent Music Recommender: Leveraging Facial Expressions with Deep Learning Sana Shirin .P, P. Harshitha, V. Charan Naga Sai, Mr. G. B. V. Kishore	289 -290
146	Predictive Healthcare: Machine Learning for Health Monitoring Ramayanapu Keerthi Priya, Vallamreddy Pavani Reddy, Dr. P Veankata Hari Prasad	291 – 292
147	Smart Travel Recommendation System Based on Weather Analysis and AI Madasu Abhishek, Battu Jyotsna, Ms. Sk Sanjeera	293 - 294

148	Chat Bot Using Machine Learning A. Yesu Kumar, Y. Dhanunjay Vardhan, S. Sumanth, Dr. P. Hari Prasad	295 - 296
149	Roadside vehicle breakdown assistance and maintenance solution B.Sowmya Raji, Sd.Sharmila, B.Bhanu Sri RatnaSekhar, Dr.V.S. Narayana Tinnaluri	297 – 298
150	Optimizing Asthma Care with Predictive Machine Learning Models D. Yagna Priya Reddy, R. Lakshmi Prasanna, K . Vasudha, Mr. A. Siddartha Reddy	299 – 300
151	Prediction of Heart Health Diseases Using Machine Learning B.Sri Sathvika, Pathan Mikhdhar, Shaik Salma, Dr.K.Bhagavan	301 – 302
152	Social Network Phishing Website Detection B.V. Abhiram, R. Himasrivani, B. Pujithai RatnaSekhar, A. Zubair, Dr. Jeevan Jala	303 - 304
153	Smartbiz: Developing A Full Cycle Sales and Customer Engagement Apps On Salesforce B.Abhilash, T.Dhatrika Sreelalitha, K.Deekshitha Reddy, Mr.H.Gautam	305 - 306
154	Factual AI: Cutting - Edge AI for Precise Fake News Detection V.Rishitha, L.Sreeja, P.Lakshmi Srinivas	307 – 308
155	Advanced AIR Quality Index Prediction Through Transfer Learning Techniques Chundu Loukya, Yarlagadda Apoorva, Mannava Tejasvi Mr. J A Jevin	309 - 310
156	Misinformation Mitigator: A Machine Learning Project To Detect Fake News M. Madhuri, M. Deekshitha, D. Sanjana Reddy, Mr. P. Venkata Hari Prasad	311 – 312
157	Temporal Signal Insights: Patterns & Classification Kanapala. Cherishma, P. Bhavitha, M. Roshitha, Mr. P. Neelakanteswara	313 – 314
158	Emotion-Based Music Recommendation System Using CNN V. Hemanth, N. John, D. Yaswanth, Dr. B. Krishna Prasad	315 – 316
159	Real Time Monitoring of Cotton Crop Disease Detection Using Hybrid CNN and Sagemaker T Hanna Nekitha, M Vigneswari, M Mouli Ram Hanish, Dr. M. Ragini	317 – 318
160	SMS Spam Detection Using Natural Language Processing T.Rajasri, Dr.K. Chandra Bhushana Rao	319 - 320

161	Secure Keylogging System for User Activity Monitoring Pavuluri Sravani, Mrs.T Hemalatha	321 – 322
162	Machine Learning and AI-Driven Insights for Early Detection and Prevention of Diabetes Sachin Kumar, K. Sai Anusri, A. K. Pathak, Dr. G. A. Khan	323 – 324
163	Techedge Learning (Professional IT Education Platform) A.Venkateswara Rao, Ch.Chandu, Dr.Chundri Kiran Kumar	325 – 326
164	Traffic Sign Detection and Recognition P. Mahesh Reddy, A. Navaneeth Naidu, G. Sujith, Dr. MVN Kiran Babu	327 – 328
165	Prediction of Diabetes Retinopathy using Logistic Regression N. Sujith, S. Mahesh, U. Manikanta , Dr. Bandarupalli Mouleswara Rao	329 -330
166	Geo Tagging of Blood Donors and Telemedicine For Early Health Care J. Sudharshan, N. Phanindhar, M. Rami Reddy, Dr. Usha Rani	331 -332
167	Predicting Heart Disease for A Healthier Tomorrow P. Bhavika, R. Harsha Vardhan, K. Karthik, G. Venkateshwarlu	333 – 334
168	Weather Analysis Using Machine Learning G.Gnanasri, P.Maha Lakshmi, Lakshita	335 - 336
169	Scream Recognition System for Security Enhancement Ch. Nikhitha, D. Akhila, P. Geethanjali Mr.Ch. Phanikanth , Dr K Bhagavan	337 – 338
170	Automatic Spam Detection Through Text Classification Kamatham Praneeth, Afroz Sultana, Polineni Vaishnavi, Dr. M. Ragini	339 – 340
171	Smart Vision: Object Recognition and Alert System for Enhancing Independence of Visually Impaired People Shaik Jameela Bhanu, Kaku Devi Prasad, Palagani Annapurna, P. Ramesh	341 – 342
172	Real Time Object Recognition Through Deep Learning G. Anusha Angel, B. Sri Sai Pranathi, A. Siva Durga, Dr. D. Surendra	343 – 344
173	E-Authentication System Using QR Code & OTP Rankireddy Alekhya, Nimmana Rajitha Devi, D. Vikas Naik, Mr. L. Nageswar Rao	345 - 346
174	Hospital Emergency Room Dashboard S. Mithravindha, M. Sushma, S. Rishwanthi, Mr.Y.Rama Krishna	347 - 348

175	Anticipating Software Defects Using Machine Learning Techniques G.Abhisek, CH.Lokesh, G.Anusha, Dr. ACP. Ranjani	349 - 350
176	The Future of Learning: A Comprehensive Online Platform K. Yeshwanth Anjani kumar, S. Uma Maheswari, Mrs.V.Swathi	351 - 352
177	Online Blood Bank System Bolla Navya, Komati Bhargavi Mudiraj, Mr.B.Krishna	353 – 354
178	Predicting Chronic Kidney Disease (CKD) Using Machine Learning Algorithms N. Manideep, D. Lokesh, G. Rajesh, Mrs. D. Mary Swarupa	355 - 356
179	Automatic Detection of Genetic Diseases in Pediatric Age Using Pupillometry Anil kumar, Pavan Raj, Venkatesh, Mrs Avula Chitti	357 – 358
180	Leveraging Matrix Operations for Cryptographic Security: A Novel Approach to Data Protection J.Haritha, M.Tejaswini, B.Himaja, Ms.K.Venkateswari	359 - 360
181	Prediction of Heart Disease Using KNN Algorithm M.Sushma, N.Sindhura, B.Balaji, Dr.D.Mythrayee	361 – 362
182	Building Chatbots P. Aasritha, K. Shanmukhi, G. Uday kiran, Dr. Ramakrishna Yellapragada	363 – 364
183	Smart Irrigation Using Artificial Intelligence and Intelligence of Things K. Mounika, M. Anusha, E. Harshini, Dr.K. Kiran Kumar	365 - 366
184	Cloud-Based Sentiment Analysis on Social Media Monitoring CH.Poojitha, M.Manaswini, Mr.P.Neelakanteswara	367 – 368
185	Real-Time Rain Prediction Using Machine Learning Sodi Lepakshi, Gopu Moulika, Eevuri Manasa, Dr.MNV.Kiran Babu	369 – 370
186	Real Time Web Based Conflict Free Collaberation Editor S.Sharath Reddy, B.Madhuri, Ayisha, Dr P Venkata Hari Prasad	371 – 372
187	End to End E-commerce Website using Azure A. Uday Sri Harsha, Boddu Vishal, Vege Sri Krishna Dev, Mr.G B V Kishore	373 – 374
188	Nutrition Deficiency Prediction System Using Machine Learning Techniques P.Vamsi, N.Lakshmi Vinay, M.Koteswara Sai, Mr. R. Nagendra Babu	375 – 376
189	Human Emotion Detection Using Deep Learning Parlapalle Kedarnath Reddy, Senkarasetti Sai Venkat, Repalli Surya Teja, Ch.Phanikanth	377 – 378

190	Recognition of Hand Written Digits Using Machine Learning O.Chetan, AbdulAdil, B.VinayKumar, Dr.Siddhartha Reddy Aregakuti	379 – 380
191	Improving Web User Behavior Simulation with Clustering and Ant Colony Optimization K.Alisha Yadav, Ch.Divya Teja, S.Yashvitha, Mr. D.Mary Swarupa	381 – 382
192	Food Waste Management System Mr. Gobindha Chandra Das, P.Krishna Kanth	383 – 384
193	Disease Based Calorie Food Recommendation System Dr K. Venkateswari	385 - 386
194	Live Traffic Information Management System Karri.Pavan Satya, Dr.M.Ragini	387 – 388
195	Suspicious Traffic Pattern Analysis for DoS Detection Bonthu Gowtham Reddy	389 – 390
196	Cracking More Password Hashes with Patterns K.Ragini, G.Venkateswarlu	391 – 392
197	Automated Multilingual Voice Assistant with Emotion Recognition Using NLP N. Lakshmi Prasanna, Mr. J. Abraham Dinakaran	393 – 394
198	Data Secure De-Duplication and Recovery Based on Public Key Encryption with Keyword Search T.Ratna Kumari, M.Manaswitha	395 - 396
199	Cluster Analysis of Multiview Data through Concept Factorization Mutyala Sirisha, Dr.ACP Ranjani	397 - 398
200	Secure and Efficient Online Fingerprint Authentication Scheme Based on Cloud Computing V. Swathi, K.V.N. Vaishnavi	399 - 400
201	Comprehensive Review and Analysis of Cryptography Techniques in Cloud Computing D.Usha Rani, D.Rohitha	401 – 402
202	Driver Drowsiness Detection System V. Naga Jyothi, Dr. K. Subrahmanyam	403 - 404
203	Cloud-Based Resource Optimization for Virtualized Environments Dr. M.Ragini, D.Geethika	405 -406
204	Detection of Fraudulent Images in Vehicle Insurance Claims Using CNN B. Yamini, Ms. Mary Swarupa	407 – 408

NATIONAL CONFERENCE ON
MULTIDISCIPLINARY RESEARCH IN
COMPUTER SCIENCE & APPLICATIONS

9th & 10th May, 2025

Organized by
Department of Computer Science and Application
Koneru Lakshmaiah Education Foundation

EMINENT SPEAKERS

Prof. P. SURESH VARMA

Former Vice Chancellor
Adikavi Nannaya University
Rajahmundry, Andhra Pradesh

Prof. ERUKALA SURESH BABU

Department of Computer
Science and Engineering
NIT WARANGAL

Date: 9th & 10th May, 2025

About the Conference:

The National Conference on Multidisciplinary Research in Computer Science & Applications aims to bring together researchers, academicians, industry professionals, and students to discuss the latest advancements, trends, and challenges in computer science and its applications across various domains. This conference serves as a platform for knowledge sharing and collaboration among multidisciplinary researchers.

Registration Details

Industry participants:	Rs.1000
Faculty participants:	Rs. 500
Research Scholars:	Rs.300
Students:	Rs.200

Important Dates

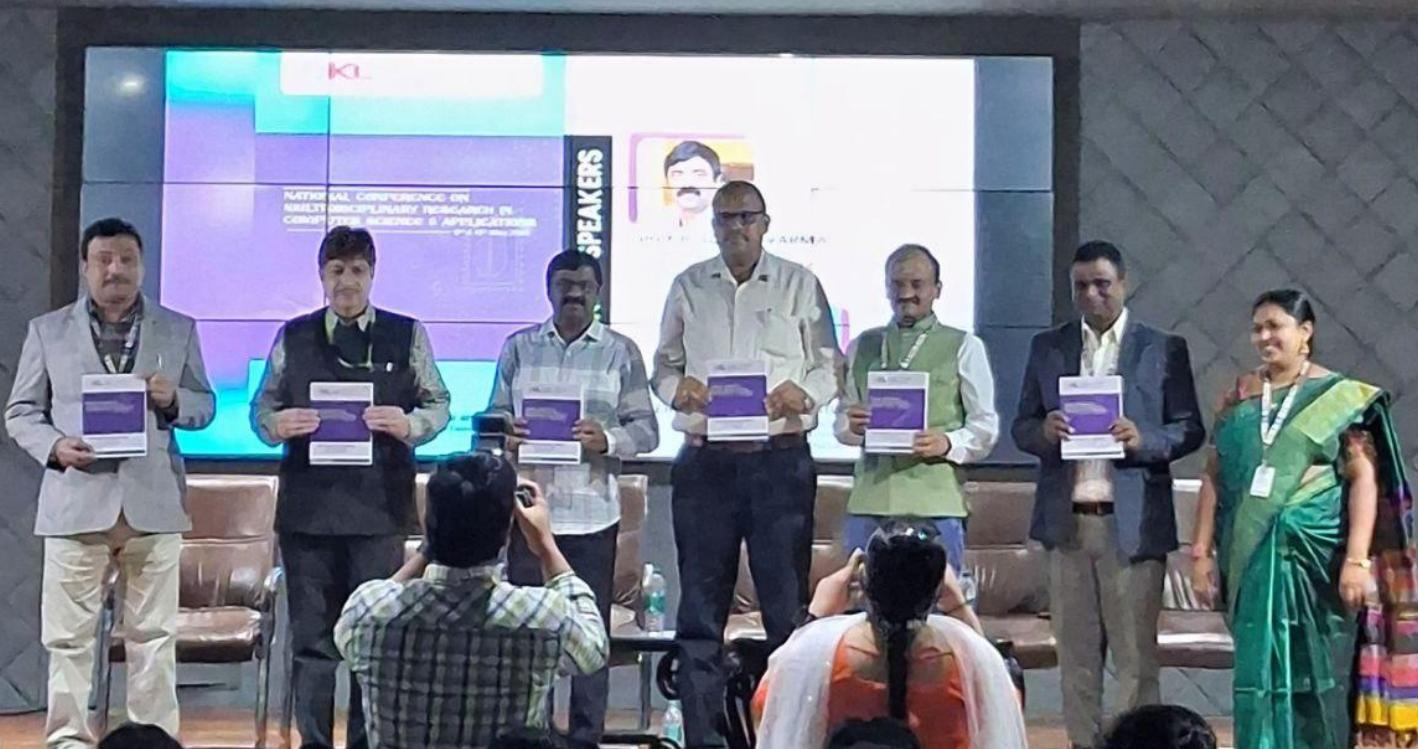

Registration opening
20th April, 2025

Last Date for Registration
30th April, 2025

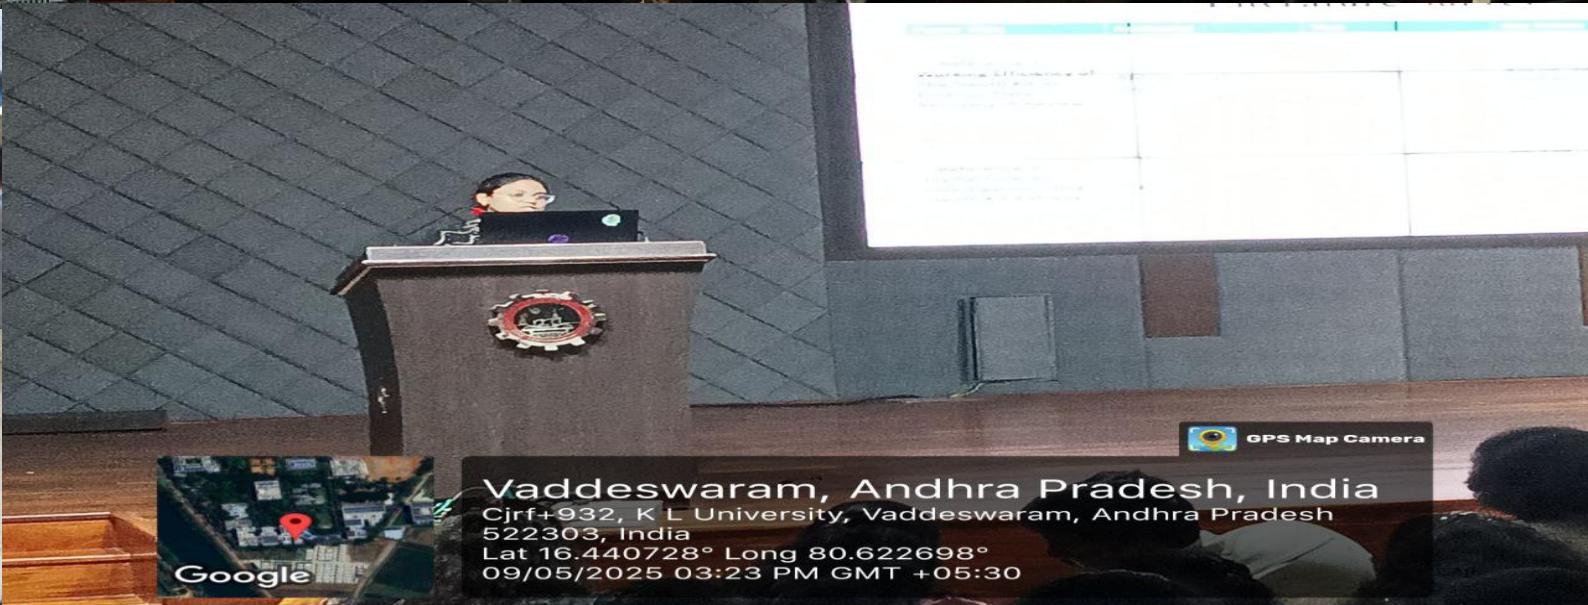

Last Date for Abstract Submission
2nd May, 2025

Acceptance intimation
5th May, 2025

Submission of full-length papers
8th May, 2025

The Department of Computer Science and Applications at KLEF successfully organized the **National Conference on Multidisciplinary Research in Computer Science & Applications** on 9th and 10th May 2025. The conference served as a premier platform to unite academicians, industry professionals, researchers, and students to discuss contemporary trends, innovations, and challenges in various areas of computer.

With over 204 participants, the conference covers cutting-edge domains such as Artificial Intelligence, Data Science, Cyber Security, and Cloud Computing. The event received more than 600 abstracts, out of which 204 were accepted, and the same full-

length papers were submitted for inclusion in the proceedings with an ISBN-978-93-342-9221-3.

Keynote sessions were delivered by distinguished speakers:

- **Prof. P. Suresh Varma**, Former Vice Chancellor, Adikavi Nannaya University
- **Prof. Erukala Suresh Babu**, NIT Warangal

The conference was inaugurated by the Hon'ble Registrar, **Dr K. SUBBARAO**, and was guided by the leadership of Chief Patrons and Organizing Committee members. The sessions were marked by active discussions, knowledge exchange, and enthusiastic participation from all delegates.

The organizing committee expresses sincere gratitude to all participants, reviewers, speakers, and volunteers for making the event a grand success. The department remains committed to fostering research, innovation, and academic collaboration through such initiatives in the future.
