

## Times of India Ranks KLU-CE No.1 in AP and TS

May 27, 2016

KLU College of Engineering (KLU-CE) has done it again this year !!

The premier engineering college, KL University's flagship institute, is **ranked #1** among private engineering colleges in Andhra Pradesh (AP) and Telangana (TS) states by *Times Engineering Institute Ranking Survey 2016*.

Last year too, KLU-CE was ranked **No.1** private engineering college in both AP and TS by the Times of India's ranking survey. [Check](#)

*Times Engineering Institute Ranking Survey* is an annual, country wide research initiative of India's popular English newspaper the Times of India.

### In South India

KLU-CE is **ranked #12** ahead of **over 50** leading public sector engineering colleges administered by the five state governments in the southern India – AP, Telangana, Tamil Nadu, Karnataka, and Kerala.

*OU College of Engineering* (Hyderabad), *JNTU-Kakinada College of Engineering*, *Andhra University College of Engineering* (Visakhapatnam), and *SV University College of Engineering* (Tirupati) are all ranked behind KLU-CE.

### All India level

Among India's public and private sector engineering colleges, KLU-CE is ranked **#31**.

### About Times Engineering Survey 2016

The Times of India, the Times Group's flagship publication, partnered with [i3 Research Consultants](#) to conduct its engineering college survey 2016 to determine and rank the top engineering colleges in India. i3 Research Consultants is a New Delhi based boutique market research and consultancy firm.

The 2016 survey is the third edition of the Times Engineering Survey, and it is a third time the Times of India has tied up with i3 Research Consultants for this annual exercise.

#### *Research Methodology*

The objective of this research was to identify and rank top engineering institutes in the public and private sectors in India. The study has three major modules – *Desk Research*, *Factual Survey*, and *Perceptual Rating Survey*.

#### 1. *Desk Research*

Module 1 was a secondary research module that involved generating a comprehensive list of engineering colleges with the help of the Internet, magazines, and other publications.

## 2. *Factual Data Collection*

Module 2 entailed sending more than 800 engineering colleges a factual data questionnaire and rigorously following up through a variety of modes – telephone, email, and face-to-face.

## 3. *Perceptual Rating Survey*

In this module, a structured questionnaire was administered to select respondents, where they were asked to rate up to 20 colleges.

For the detailed research methodology, please check <http://www.times-engineering-survey.com/engineering.html> .

## About KLU

Recognized as a **Deemed University** in 2009 by the Government of India's (GoI's) apex higher education regulator University Grants Commission (UGC), KL University is a large, multidisciplinary, and non-governmental technical university in India with the vision to be among **South Asia's top 5** independent universities by 2020.

Based out of Guntur district, in the capital region of the sunrise state of Andhra Pradesh in the economically developed southern India, KLU has two undergraduate and three postgraduate schools, with over 720 faculty, 640 staff, and 65,000 successful alumni in diverse professions around the world. Consistently ranked among India's **top 10** private technical universities, KLU offers 15 bachelor's, 26 master's, 14 dual-degree, and 14 doctoral programs to over 12,000 students and 1200 PhD scholars from across India and 16 countries from Asian, African, and North American continents.

ISO-9000 certified since inception, KLU has been accredited twice in a row at **A** grade (valid up to Jan 2018), by the GoI's National Assessment and Accreditation Council ([NAAC](#)) and recognized as Scientific and Industrial Research Organization (SIRO) by the GoI's Department of Scientific and Industrial Research (DSIR).

In the last three years (2012-15), KLU faculty published over 2600 papers in national and international conferences and journals. Over 80 sponsored projects worth Rs.18-crore from the government and industry are currently being carried out at KLU.
