Semester Readiness Program (SRP) for non-engineering courses

11.12.2017 to 20.12.2017

The Semester Readiness Program for Non-Engineering courses like MBA, BBA, BA, B.COM, BCA, BHM, LAW, Pharmacy, Architecture and Fine Arts was organised by Academic Staff College in collaboration with Dean Academics from 11.12.2017 to 19.12.2018.

The SRP was inaugurated by Mr. Hari Kiarn Vege, Assoc. Dean, Teaching Learning Process with the outlining of objectives of SRP followed by extensively explaining the responsibilities of HODs and Course Coordinators by Dr. M. Kishore Babu, Principal, KLUBS, KLEF in Jasmin Hall.

The program goal is to develop and utilize various educational technology resources to ensure that effective and innovative instruction methodologies are employed. This agenda this program also focus to equip and enhance faculty skills to apply strategies to ensure that effective student learning is achieved by providing continuous feedback on student progress through a variety of assessment tools, including tests, projects and other innovative methods.

The accelerated time frame of these programs was intended to mitigate some of the barriers that the instructors often face during the semester. These barriers include inflexible and often heavy work schedules, lack of preparation leads to less facilitation of student learning

SRP includes Expertising the subject as per the curriculum and to align ALMs and required documents like GD methods, Seminar topics, Tutorial topics and LTC to session plans. Create Course handout and question bank

The SRP program is very effective in terms providing common time and making all the instructors to interact, discuss about the session plan, delivery mechanism, preparing ALMs/Tutorials and preparing Question Bank. This ensures the same content delivery of the course across the multiple sessions.

The outcomes of the SRP

- The faculty is ready with session plans, teaching material along with ALMS and the required question papers for the whole semester
- Members become expert as there is sharing of expertise among the members
- The students are given proper subject information whoever may be the instructor

The SRP came to an end with the faculty uploading all the course handouts along with handouts and model question papers into KLU LMS.
