Staff College

We, as a team of Quantitative Aptitude and Reasoning from CSS Department (Communication and Soft Skills) would like to extend our gratitude to the management for giving us an opportunity towards the Faculty Development Training program on “Developing Higher level logical thinking and reasoning skills using puzzles”.

Topic	“Developing Higher level logical thinking and reasoning skills using puzzles”
Resource persons	Mr. Stephen Victor, CSS Department
Ms. Shabana I, CSS Department	
No. of days	7 Days
Dates	From 02.08.2021 (Monday) till 09.08.2021 (Monday)
Timings	From 10.00 am to 1.00 pm
Target Audience	Professors, Associate Professors and Assistant professors from Mathematics Department, CSS and Basic Engineering Science - I
Venue	F 209, FED Block

OBJECTIVE:

At the end of the training delivery, the participants should be able to demonstrate, explain and make the students understand the importance to solve puzzles in their skilling hours as it would not only help them in specific subjects, but it would enhance their results across the academics.

CONTENT OF DELIVERY:

Although the participants were familiar with numbers, the content of delivery was organised and prepared in such a way it made the audience think in a different perspective and arrive at the solution using a simple strategy and spatial thinking.

DETAILED AGENDA OF THE TRAINING PROGRAM:

DAYS	AGENDA	SPEAKER / FACILITATOR
Day - 1	Welcome, Objective of the training program	Dr. A. Srinath, Dean - Skill Development
Training Delivery / Discussion based on Math logic.	Mr. Stephen Victor. K, Asst Professor, CSS Department	
Day - 2	Perplex riddles based on Shakuntala Devi's books - "Puzzles to puzzle you" and "More puzzles to puzzle you" were discussed.	Mr. Stephen Victor. K, Asst Professor, CSS Department

Day - 3	Puzzles on highlighting mathematics techniques from “Puzzles to puzzle you” were brainstormed.	Mr.Stephen Victor. K, Asst Professor, CSS Department
Day - 4	Quizzes that précised focus on "eliminating techniques" and "challenge your calculators" were discussed.	Ms. Shabana I, HOD - Quants & Reasoning, CSS Department
Day - 5	Puzzles involving Data handling, data extrapolation and optimization were discussed.	Mr.Stephen Victor. K, Asst Professor, CSS Department
Day - 6	Questions involving patterns and commercial calculations from Shakuntala Devi’s books were discussed.	Mr.Stephen Victor. K, Asst Professor, CSS Department
Day - 7	Quizzes on controversial thinking, Knights and knaves were brainstormed.	Co facilitated by Mr.Stephen Victor. K & Ms. Shabana I, CSS Department
Concluding Speech	Mr. Jaya Prakash Jala, Associate Professor, Academic Staff College	

FOLLOW UP ACTIVITIES:

The puzzles discussed in the course of delivery will be shared with all the participants and in addition to it, the resource people take the credit of sharing 150 puzzles in the same journal as discussed during the delivery. The faculty members can use them to enhance the logical thinking of the students during their skilling hours respectively. Assessment test to be conducted to the participants to ensure quality concept delivery to the students during skilling hours.

FEEDBACK:

1. **NAME:** Dr Y. Bhargavi, Assistant Professor, Dept. of Mathematics, KLEF

FEEDBACK: This course was so helpful. I think I now understand the fundamentals of mathematical logic. I truly recommend this course to anyone who is interested in studying logic!

2. **NAME:** Mr. Vampugani Uday Kumar, Assistant Professor, BES 1 Dept, KLEF

FEEDBACK: The workshop main purpose is to develop the logical and reasoning skillset for the faculty. The workshop happened for one week .The content discussed by Stephen victor sir and Shabana mam is very useful for the faculty teaching mathematics and c programming subjects.
