

"Research Excellence and Ethics for Academicians"

Date: May 5, 2023

Venue: Jasmine Hall, C Block.

Resource Person: Dr. B Satyanarayana, Scientific Officer, TIFR, Mumbai.

Introduction: On May 5, 2023, a one-day program on "Research Excellence and Ethics for Academicians" was organized at Jasmine Hall of C Block, KLEF. By the Academic Staff College of KLEF. The event aimed to enlighten participants about the significance of research excellence and ethical conduct in the academic community. The program was delivered by esteemed speaker Dr. B Satyanarayana, a Scientific Officer from the Tata Institute of Fundamental Research (TIFR), Mumbai.

Session 1: Research Excellence in Academia The program commenced with Introduction of the resource person by Dr. Jayaprakash Jala. Associate Professor of Academic Staff College, aKLEF. Dr. B Satyanarayana gave an engaging presentation on the importance of research excellence in academia and the need for Ethics. He highlighted the great need for Academic Integrity, Honesty, originality, novelty, and sincere pursuit of scientific knowledge with an ambition to contribute meaningfully to their fields of expertise. He Emphasized the significance of rigorous research with unique and novel methods and the power of thorough literature reviews, Dr. Satyanarayana provided great insights into producing high-quality research.

Session 2: Ethical Considerations in Research Following a brief break, the program dealt in the second session on ethical considerations in research. Dr. Satyanarayana sensitized the participants to the potential ethical dilemmas researchers might encounter during their academic journey. He discussed plagiarism, data fabrication, falsification, and other ethical breaches that could significantly impact the integrity of research.

Session 3: Responsible Conduct of Research The third session focused on promoting a responsible conduct of research. Dr. Satyanarayana elucidated the principles of transparency, accountability, and openness that should govern academic research. He also touched upon the importance of responsible data management, authorship practices, and compliance with research regulations.

Session 4: Case Studies and Interactive Discussion The post-lunch session involved analyzing several case studies related to research misconduct and ethical lapses in academia. Participants were encouraged to actively engage in group discussions and propose ethical solutions to these scenarios. This interactive session allowed attendees to gain practical insights into handling complex ethical situations in their academic careers.

Conclusion: Dr. B Satyanarayana's program on "Research Excellence and Ethics for Academicians" was highly enlightening and thought-provoking. The participants gained a deeper understanding of the vital role research excellence plays in advancing knowledge and contributing to society. Equally important was the awareness raised regarding the ethical

responsibilities that come with conducting research. Attendees left the program with a renewed commitment to upholding the highest standards of research integrity in their academic pursuits.

The event concluded with a vote of thanks by Dr. Jala and expressed gratitude to Dr. B Satyanarayana behalf of all the participants and the university for sharing his expertise and valuable insights. The participants expressed their gratitude for the enlightening program and requested more such sessions in the future.

Overall, the one-day program served as a significant step towards fostering a culture of research excellence and ethical conduct among academicians, paving the way for a more responsible and impactful academic community.
