Date: 02.09.2022

Orders of the Vice Chancellor dt.02.09.2022

CIRCULAR

Sub: Jointly organizing one week National level Faculty Development Program on "Artificial Intelligence & Robotic Process Automation" from 12-09-2022 to 17-09-2022 in online mode by the Department of Electronics and Computer Engineering (ECM) and Department of ECE, KLH in association with Academic Staff College & Skill Development Division, KLEF- Reg.

Ref: Letter dated 30.08.2022 from Dr.K.V.D. Sagar, Assoc.Professor & Convener-FDP forwarded by Mrs.P.S.G. Aruna Sri, HoD-ECM.

This is to inform that that Department of Electronics and Computer Engineering (ECM) and Department of ECE, KLH in association with Academic Staff College, Skill Development Division and Society for Learning Technologies (SOLETE), Vijayawada are jointly organizing one week National level Faculty Development Program on "Artificial Intelligence & Robotic Process Automation" from 12-09-2022 to 17-09-2022 through virtual mode for all the P.G. students, Research Scholars, and faculty members of all the Departments of both campuses of Vaddeswaram and Hyderabad campuses.

Online registration link:

<https://forms.gle/zkKzrjWxunyFkGBj6>

Registration Fee: Free of cost.

Last date for registration 08-09-2022

Number of seats: 250 (first come, first serve)

Pedagogy:

PPT slides handout, online lecturing, demonstration videos, hands-on sessions through virtual labs.

An online test will be conducted at the end of the program. The **E-certificate** will be issued to those who have attended the program without any absenteeism and scored a minimum of **60%** score on the test.

Program chair

Mrs. P.S.G Aruna Sri, HoD-ECM
Dr.M. Goutham, HoD-ECE, KLH

Advisors:

Prof.N. Venkatram ,Pro-Vice Chancellor (Admn),KLEF
Dr.A. Srinath, Principal, Academic Staff College & Dean (Skill Development), KLEF
Dr. T K Rama Krishna Rao, Principal- College of Engineering, KLEF.
Dr. L. Koteswara Rao, Principal, College of Engineering, KLH
Dr.MSG Prasad, Co-ordinator,FED, KLEF
Dr.M.Suman,HoD,ECE,KLEF
Mr.T.Kranthi Kumar,Founder& CEO,Society for learning Technology,Vijayawada

Coordinators:

Dr.K.V.D. Sagar +9885182669
Smt.S.Sridevi

Contact Details:

sagar.tadepalli@kluniversity.in

Topics to be covered:

- Emerging Trends In AI
- Explainable A.I.
- A.I. Case studies on Autonomous Driving
- The Role of Artificial Intelligence (AI) in Robotic Process Automation (RPA)
- AI/ML in Process Automation Strategy
- Business process Automation along with RPA
- RPA usage with implementation in healthcare
- Robotic process automation and cognitive technologies
- Process Components, Recording & Scraping
- Data Manipulation, Workflow and Automation
- Programming, Debugging and Logging and Other RPA Tools
- UiPath Chatbot Development with Google Dialog flow
- Orchestrator
- RPA + AI-powered chatbots
- Hands on session through UiPath studio
- Google co lab
- Google cloud

More details are given in the enclosed brochure.

DEPARTMENT OF ELECTRONICS AND COMPUTER ENGINEERING

Report of

One Week Online Faculty Development Program on "Artificial Intelligence and Robotic Process Automation" from 12th September to 17th September, 2022

The Department of Electronics and Computer Engineering organized a one-week Online Faculty Development Program on "Artificial Intelligence and Robotic Process Automation" during 12th Sep, 2022 to 17th Sep, 2022.

The FDP is aimed and focused at bringing together Scientists, industry experts, eminent professors from academia, R&D organizations, research scholars and Students to exchange and share their experiences and research results in all the allied areas of Artificial Intelligence and Robotic Process Automation.

First Day: Resource person delivered about Metaverse using AI and

How Is Metaverse Using AI

We can use AI technologies such as:

- Speech recognition** to transcribe user speech into text and natural language processing to understand user intent.
- Computer vision** to allow users to interact with the metaverse through images and videos.
- Translation** to allow users to interact with the metaverse in their native language.
- Augmented reality** to allow users to overlay digital information on the physical world.

A user with a virtual avatar might be able to visit computer vision to see the metaverse in greater detail or a user with a hearing impairment might be able to give search requests to communicate with others in the metaverse.

Artificial intelligence (AI) applications are now much more common than you might think.

In a recent survey, 50% of respondents said that their companies use AI for at least one business function.

A report found that 40% of enterprises have an organization-wide AI strategy in place.

Is a Web Scraper a bot?

Yes, Web scraping is the process of using bots to extract content and data from a website.

Scraper bots are tools or pieces of code used to extract data from web pages. These bots are like tiny spiders that run through different web pages in a website to extract the specific data they were created to get.

Web Scrapping also termed Screen Scrapping, Web Data Extraction, Web Harvesting

The process of extracting data with a scraper bot is called web scraping.

A total of 350 Participants were registered from all over India and the course content delivered from a pool of resource persons on the subject from leading industries and prestigious academic institutions. The Speakers highlighted the current changes in Artificial Intelligence. First day they discussed about the technologies that are using AI, Metaverse using AI. Second the discussion is about Role of AI in RPA and Web Scrapping. Third day a hand's on Session on RPA , Robotic Autonomous System. Fourth day the resource persons delivered about NLP in RPA. Fifth day they discussed about emerging trends in AI and deep learning cases in advanced driver assistance systems. Last day i.e sixth day the resource persons delivered about RPA usage with implementation in healthcare.

On the last day from 12:30 pm onwards Valedictory ceremony done over online. HoD – ECM conveyed her sincere thanks to all the resource persons who had delivered and shared their knowledge to all the participants who had participated from all over India from various reputed institutions. She conveyed her thankful message to all the organizers, higher authorities who had provided all necessary facilities. Coordinator Dr Daya Sagar sir delivered vote of thanks. FDP have been concluded with National Anthem.

Resource Persons:

1. Dr Syed Ziaur Rahman, Head of the Faculty of Information Technology. Majan University College Affiliated to University of Bedfordshire, United Kingdom
2. Pavan Kumar, Senior Consultant, Infosys
3. Dr J Arul Valan, Assistant Professor . NIT Nagaland
4. Dr Tilottama Goswami , Professor, Anurag University
5. Dr KVD Sagar , Associate Professor. KLEF
6. N Mohan Krishna , Research Scholar, IIT Kanpur.
7. PVV Srinivas, Assistant Professor, KLEF
8. Dr. Nagaraju Baydeti, National Institute of Technology, Nagaland
9. Dr. M. Ramesh Kumar, Assistant Manager (Tech Lead) ISIT ATG, Renault Nissan Technology and Business centre, India
10. P Vinay Sai Kumar, Data Research Specialist, University of Illinois Urbana Champaign - United States
