Department of Electronics and Computer Engineering

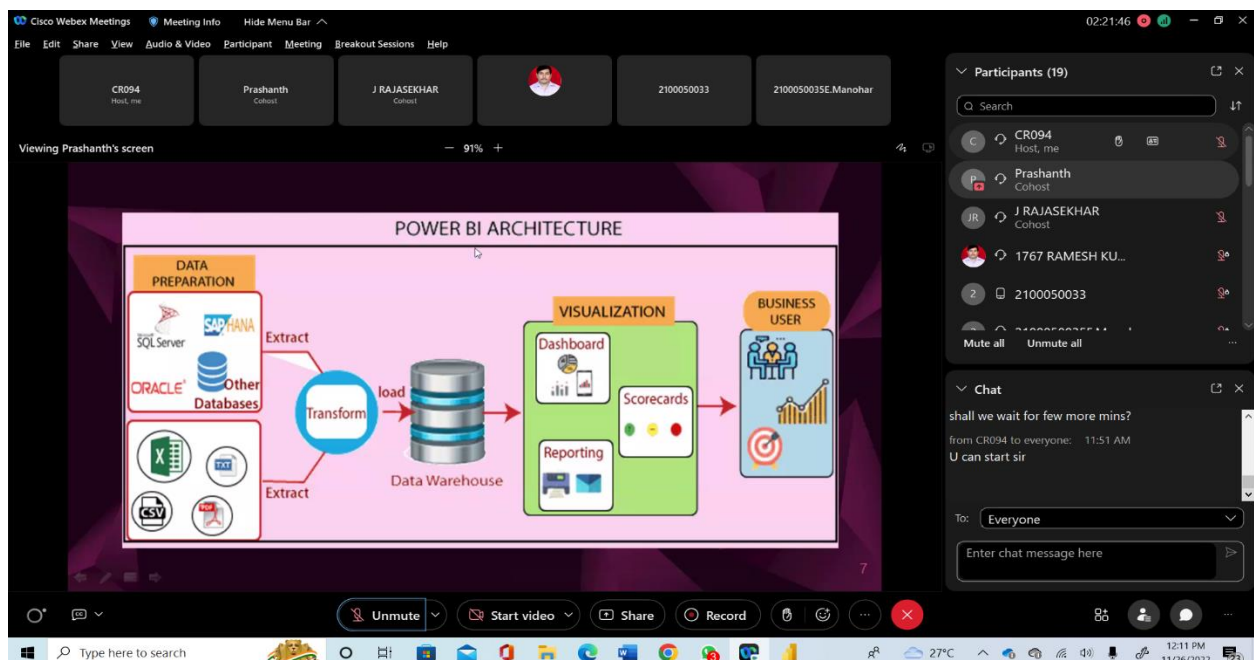

Report on online workshop on “Data Analytics using BI”

ECM Department in association with SOLETE a professional body of ECM department organized a virtual mode work shop on “Data Analytics using Microsoft Power Bi “on 26-11-2022 (Saturday) at K L Deemed to be University, Vijayawada.

Mr K Prasanth, Senior Power BI Developer, TCS acted as resource person for this workshop. In this workshop he delivered basic idea about data analysis and need for data analysis. He explored about what is BI and the service that is going to be provided by BI. He explained about power BI architecture.

In the post session he had given hands-on session for all the participants by creating accounts for them. All the participants installed power BI desktop application on their system. He had given sample data set to all the users. By using the data all the participants were able to create different visualizations, reports . He had explained no.of examples for creating line charts, bar charts etc. He finally explained about 5C's of power BI. All the participants worked parallelly along with resource person. Mr Prasanth explained and provided demo for all the examples and all the participants participated very actively and enthusiastically.

Mrs Dr PSG ArunaSri, HoD-ECM, provided special appreciation to the resource person. All the organizers monitored the event. All the participants satisfied with the hand's session . Total 15 faculty and 35 students participated in the event.

What is BI?

The BI term refers to Business Intelligence. It is a data-driven decision support system (DSS), which helps you to analyze the data and provide actionable information.

It helps the business manager, corporate executives, and other users in making their decisions easily.

Business intelligence refers to the applications, technologies, and practices for the collection, analysis, integration, and presents the business information. The purpose of business intelligence is to support better decision making.
