A Report on

One-Day Technical Orientation Program on “Modern Agricultural Research”

Date of Event conducted: 28-07-2023

Venue: ERTL Lab(L414)

Resource person: Dr.J.R.Rajeshwar, Assistant Professor,

Dr.V.Jhans Hima Varsha, ,Assistant Professor,

Agriculture department, KLEF

Academic Staff College in association with College of Agriculture organised a one-day Technical Orientation Program on “Modern Agricultural Research” on 28-07-2023 for the faculty of agriculture, pharmacy and bio-technology streams. The aim of this program was to familiarize participants with cutting-edge techniques, tools, and methodologies in the field of agricultural research.

Session-1 (FN):

It provided attendees with insights into modern agricultural practices to enhance productivity, sustainability, and efficiency in the farming sector. The program started with opening remarks by Dr.I. Govardhani, Principal, Academic Staff College (ASC) in which she stated the objective behind organising the orientation program. Resource person for the forenoon session, Dr. J.R Rajeshwar, Asst. Professor of Agriculture, KLEF was introduced.

The resource person iterated that modern agricultural research plays a pivotal role in addressing the challenges faced by the agriculture sector, such as increasing global food demand, climate change, limited resources, and sustainability concerns.

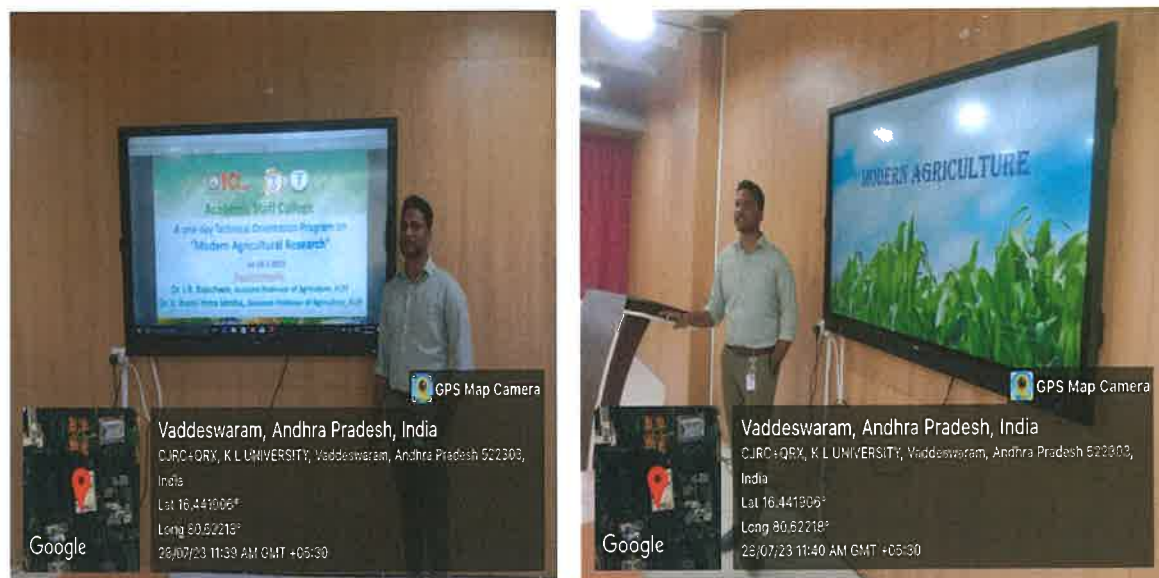

Figure 1: Resource person D.J.R. Rajeswar address the Gathering

The session focussed on overview of the current state of modern agricultural research, highlighting key advancements, methodologies, and their impact on agricultural practices.

Figure 2: Resource person D.J.R. Rajeswar explains about the modern Agricultural tools

The key points included were:

- Post harvest technologies
- Agricultural farm machinery and equipment such as,
 - Tractors
 - Planters & Sprayers
 - Seeders
 - Irrigation systems
 - Ploughs and cultivators

- Harrows
- Threshers
- Chippers and Shredders
- Graders & sorters

The session also included wide range of benefits offered by modern agricultural research and modernized equipment to farmers, empowering them with knowledge, technologies, and practices that can significantly improve their farming operations. Some important ways in which modern agricultural research is helpful to farmers are, increased productivity, efficient resource management, climate resilience, sustainable pest and disease management, access to information, adoption of technology, diversification and value-addition, sustainable land management, empowerment and education, market linkages etc.

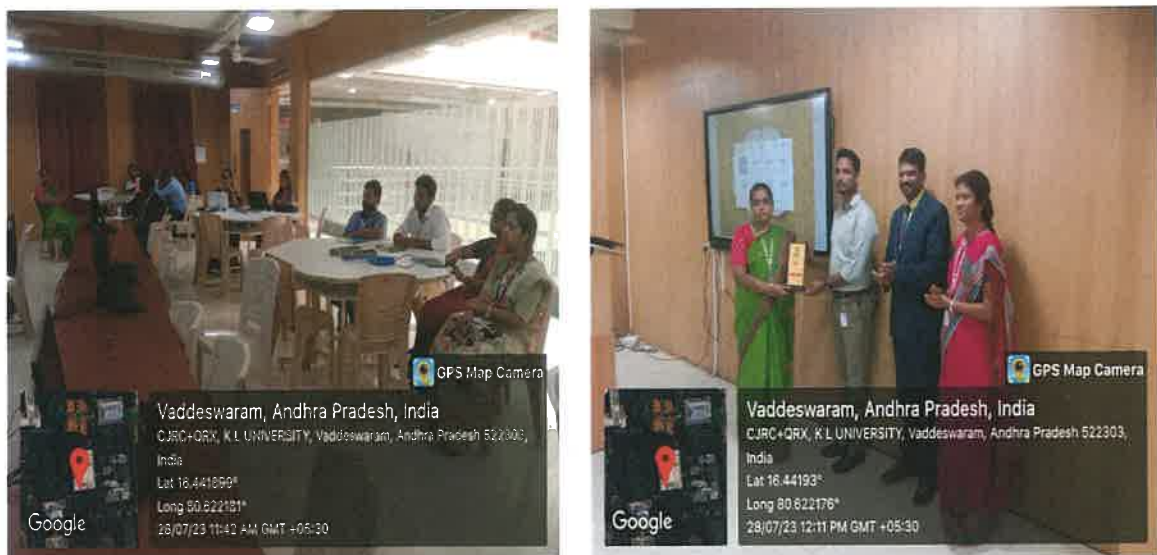

Figure 3: honouring the resource person with a memento as a token of appreciation by Principal Academic staff college

The forenoon session came to an end with vote of thanks and honouring the resource person with a memento as a token of appreciation.

Session-2 (AN):

The afternoon session started at 2:30 P.M. The resource person was Dr.V. Jhansi Hima Varsha, Asst. Professor of agriculture, KLEF. The session mainly focussed on significance of agriculture in India's economy and livelihoods of people. Agriculture holds immense significance in India's economy and livelihoods, playing a pivotal role in the country's social, economic, and cultural fabric. Here are some key points highlighting the importance of agriculture in India:

- Contribution to GDP
- Employment Generation

- Food Security
- Rural Development
- Export Earnings
- Source of Income Diversity
- Cultural Significance
- Poverty Alleviation
- Sustainable Development and
- Resilience to Shocks

The session included challenges faced in traditional agriculture, need for modernization in agriculture, key features of modern agriculture, organic farming in India, agro chemicals, technological advancements in Indian agriculture, government initiatives and policies towards modern agriculture, challenges, opportunities, and constraints.

Some of the initiatives and policies implemented by government of India towards modernization in agriculture are, implementing National Agricultural Policy (2000), National Horticulture Mission, National Food Security Mission Pradhan Mantri Fasal Bima Yojana (PMFBY) (2016), Pradhan Mantri Krishi Sinchai Yojana (PMKSY) (2015), Soil Health Card Scheme (2015), Paramparagat Krishi Vikas Yojana (PKVY) (2015), e-National Agriculture Market (e-NAM) (2016), Agricultural Technology Management Agency (ATMA) and Rastriya Krishi Vikas Yojana (RKVY) etc.

These initiatives and policies demonstrate the Government of India's commitment to promoting modernization in agriculture and improving the lives of farmers. By facilitating the adoption of modern practices, technologies, and sustainable approaches, the government aims to enhance agricultural productivity, ensure food security, and promote the overall growth of the agricultural sector.

Figure 4: Resource person Dr.V.Jhans Hima Varsha address the gathering

In conclusion, the Technical Orientation Program on Modern Agricultural Research achieved significant success, equipping participants with valuable knowledge and skills in the latest agricultural research and technology. The impact of this program is expected to extend to farming communities, promoting increased agricultural productivity, improved livelihoods for farmers, and the adoption of sustainable agricultural practices. The organizers expressed their commitment to continuing such initiatives to foster innovation and progress in modern agricultural research.

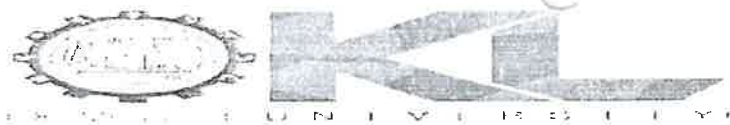

Figure 5: Honouring the resource person with a memento as a token of appreciation by Mrs.Manjusha, Asst Professor, Academic Staff College

Dr. I. Govardhani, Principal, Dr. Jayaprakash Jala, Associate Professor, Mrs.C.Manjusha, Asst Professor, ASC appreciated the resource team and the participants for their active learning.
