ASC Faculty List for ERP and LMS.xlsx;

Ref: KLEF/RO/ASC/Training Programme/2024-25

8th February 2025

Orders of the Hon'ble In-charge Vice-Chancellor dt. 08-02-2025

CIRCULAR

Sub: Conduction of Training Program on “Effective usage of ERP and LMS” for the newly joined teaching faculty members of Vaddeswaram Campus of KLEF by Academic Staff College – Communication – Reg.

Ref: Letter received from Dr. I. Govardhini, Principal, Academic Staff College.

This is to inform that the Academic Staff College of KLEF will be organizing a Training Program on “Effective usage of ERP and LMS” for the newly joined teaching faculty members of KLEF Vaddeswaram Campus from 10-02-2025 to 11-02-2025 (Monday to Tuesday).

Date	: 10-02-2025 to 11-02-2025 (Monday to Tuesday).
Timings	: 2:00 PM to 5:00 PM
Venue	: Academic Staff College, Room No L414.

Resource Persons:

Day-1 (10-02-2025)

1. Dr.B.T.P.Madhav, Director, Academic Research, KLEF.
2. Dr.A.S.CS.SASTRY, CoE, KLEF.

3. Dr.G.R.K.Prasad, Associate Dean, P&D, KLEF.

Day-2 (11-02-2025)

1. Dr.K.Uday Kiran, Assoc. Dean -Academics, KLEF .
2. Dr.M.V.Naresh, Associate Director, CDOE, KLEF.
3. Mrs. M. Swetcha Lakshmi, Professor in charge , LMS, KLEF

List of Faculty members required to attend is attached herewith.

It is mandatory that the earmarked Teaching Faculty members (as per the list enclosed) to attend the Faculty Development Program.

All the Deans, Principals, HoDs and Functionaries concerned of KLEF-Vaddeswaram Campus are requested to ensure participation of earmarked Teaching Faculty members concerned accordingly.

REGISTRAR

Encl: as above

Mail & Hard copy to: Hon'ble President, KLEF

Mail to: Hon'ble Vice-Presidents, KLEF

Mail & Hard copy to: Hon'ble Pro Chancellor

Mail & Hard copy to: Hon'ble In-charge Vice-Chancellor

Mail & Hard copy to: Pro Vice-Chancellors

Mail to: Chief Coordinating Officer-Dr.A. Jagadeesh

Mail to: Special Officer -Dr.A. Vani

Mail to: All Advisors / All Deans / All Principals / All Vice-Principals / All Sr.Directors / All Directors / All Additional Deans

Mail to: Controller of Examinations-Dr.A.S.C.S.Sastry

Mail to: Joint Registrar / Deputy Registrar / Sr.Manager (Alumni Relations) & AR-Sri A.Krishna Rao / AR-Dr.MVAL Narasimha Rao

Mail to: All HoDs / All Alternate HoDs / All Deputy HoDs

Mail to: KL H - Principal Off Campus Centre, Aziz Nagar Campus / KL H - Principal Off Campus Centre, Bowrampet

Vice-Principal / Director / Deputy Director

Mail to: Chief Technical Officer (CTO)-Mr.A.Satya Kalyan

Mr. Raja Sekhar, Emp. No. 2482, Jr. Network Administrator (E-mail: rajasekhar_syte@kluniversity.in)

Mail to: Professor In-charge, EduTech, Animation-Dr. M. Siva Kumar,Assoc. Professor,ECE

Mail to: Principal-Academic Staff College

Individuals concerned

Thanks & Regards

Dr. K. Subba Rao

ERP and LMS” for the newly joined teaching faculty
members of Vaddeswaram Campus of KLEF
from 10-02-2025 to 11-02-2025 (Monday to Tuesday).**

Date: 10-02-2025 to 11-02-2025 (Monday to Tuesday).

Timings: 2:00 PM to 5:00 PM

Venue: Academic Staff College, Room No L414.

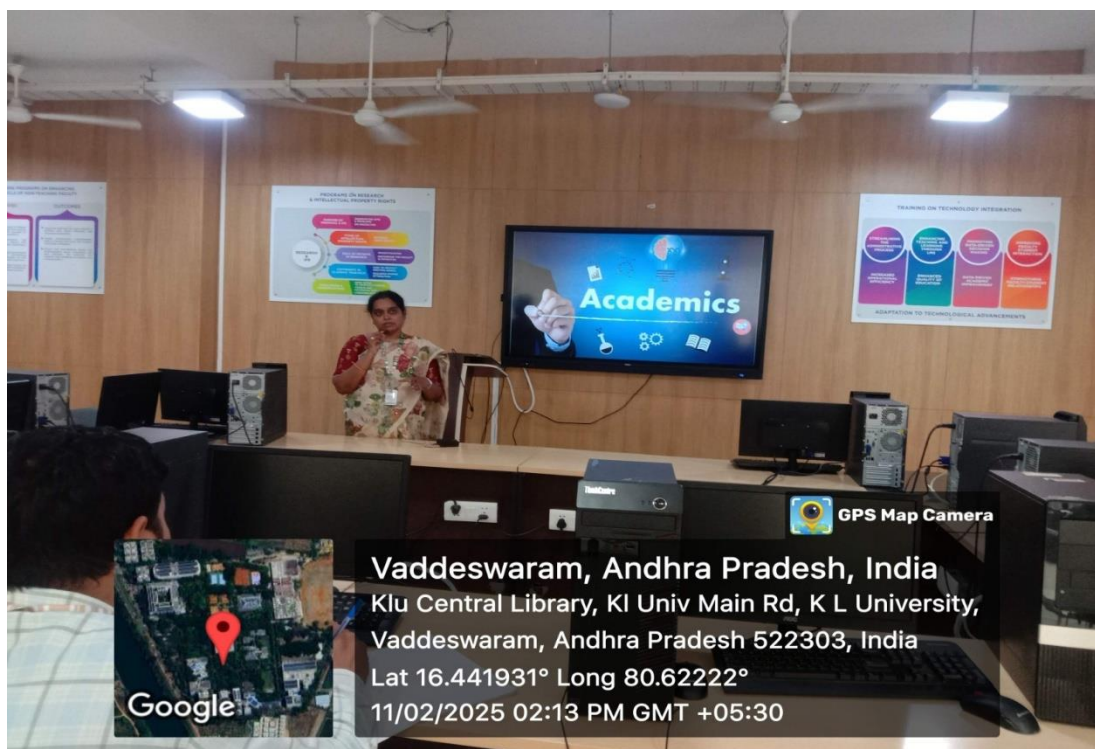

Resource Persons:

Day-1 (10-02-2025)

1. Dr. B. T. P. Madhav, Director, Academic Research, KLEF.
2. Dr. A.S.CS. SASTRY, CoE, KLEF.
3. Dr. G. R. K. Prasad, Associate Dean, P&D, KLEF.

Day-2 (11-02-2025)

1. Dr. K. Uday Kiran, Assoc. Dean -Academics, KLEF.
2. Dr. M. V. Naresh, Associate Director, CDOE, KLEF.
3. Mrs. M. Swetcha Lakshmi, Professor in charge, LMS, KLEF

Welcome address by Dr. I. Govardhani, Principal, Academic Staff College (ASC).

The Academic Staff College (ASC) of Koneru Lakshmaiah Education Foundation (KLEF) has Conducted a Three-day Training Program on “**Effective usage of ERP and LMS**” for the newly joined teaching faculty members of Vaddeswaram Campus of KLEF from 10-02-2025 to 11-02-2025 (Monday to Tuesday).

The FDP Conducted Exclusively to highlight the diverse features encapsulated within the ERP to the newly joined faculty. The program offered insightful exposure to ERP systems, its significance by detailing the modules relevance and practical application within the broader educational landscape. Focusing on elevating the comprehension and proficiency of participating faculty in effectively utilizing the Employee profile module, the program included hands-on exercises, to enable a clear understanding of the functionalities and seamless usage embedded within the module.

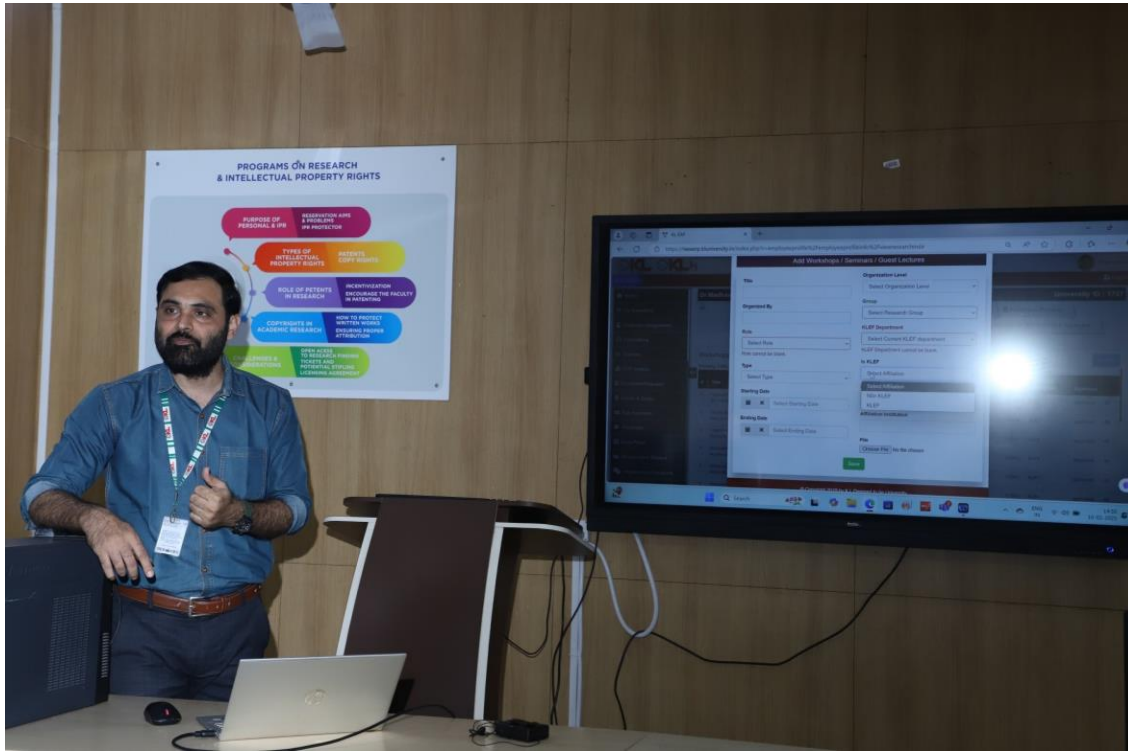

Day-1: 10-02-2025

The first session of day-1 was handled by Dr. B.T.P Madhav, Additional Dean (R&D), KLEF, which covered how faculty can improve their research papers, various tabs in research profile were clearly explained Research policy of the institute was also explained.

1.Enter Personal and Academic Information: Faculty members are required to enter their basic details (such as name, department, qualifications, research interests, etc.) in the system. This forms the basis of their academic profile.

2. Add Research Projects: The ERP system typically allows faculty to input details about their ongoing or completed research projects. This might include:

- Title of the project
- Project description
- Research objectives
- Collaborators (both internal and external)

Dr. B. T. P. Madhav, Director, Academic Research, KLEF.

3.Document Publications: Faculty can upload and maintain a record of their academic publications. This may include:

- Journal articles
- Conference papers
- Books or book chapters
- Other scholarly articles
- Citation details (DOIs, publication year, volume, etc.)

The system may also allow integration with citation databases (e.g., IEEE, Scopus) to auto-fill citation counts and references.

4.Update Patents, Innovations, and Research Impact: Many ERP systems allow faculty to record patents or innovations resulting from their research. This section typically includes:

- Patent titles

- Inventor(s)
- Filing dates
- Patent numbers

Additionally, faculty members can track the impact of their research, including awards, recognitions, or media coverage.

Participants listening to the lecture

Conclusion:

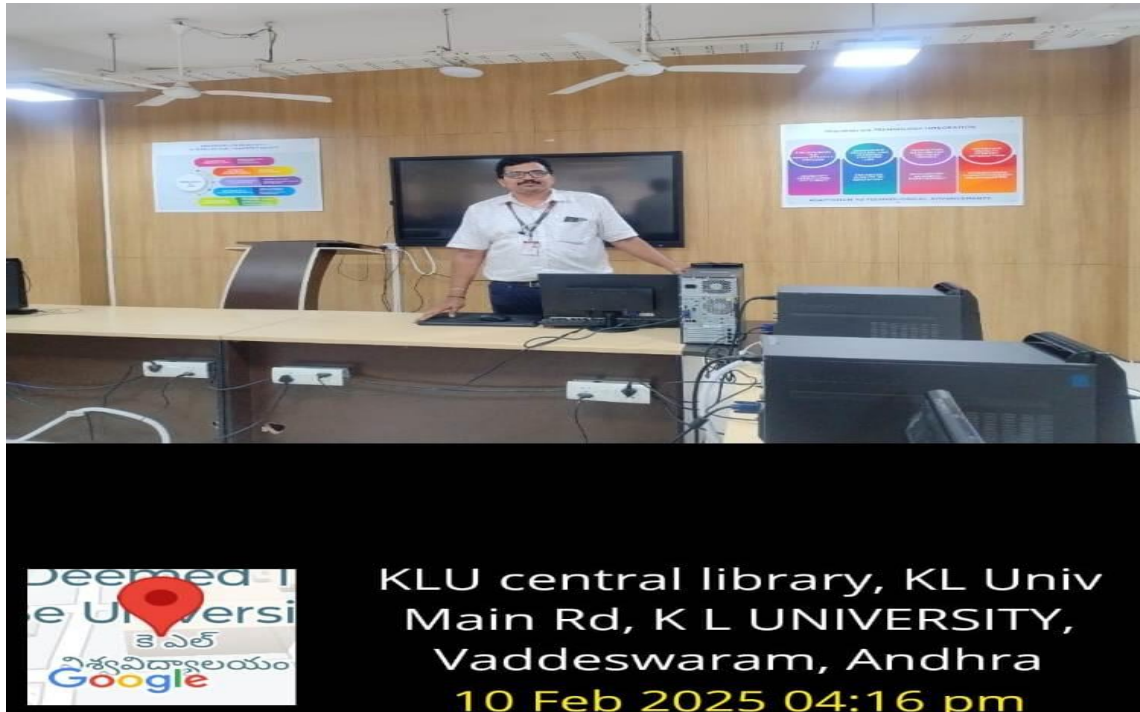

Dr. Madhav's guidance on creating a research profile in the ERP system would highlight the need for keeping an organized, current record of academic and research activities to improve research administration, visibility, and proper recognition of faculty contributions.

The second session of day-1 was handled by Dr. CH. Raghava Prasad, Addl. Controller of Examinations, KLEF. The Session covered Preparation of course handouts, quality question papers in line with outcome-based education (OBE), vetting process of question papers as per Bloom's taxonomy levels.

Course Handouts: Course handouts are essential materials for guiding students through the course. These documents help set expectations, provide additional reading, and outline key learning objectives.

- **Course Outline:** Overview of what will be covered, including the topics, dates, and structure.
- **Learning Objectives:** Clearly state what students are expected to learn by the end of the course.
- **Reading Materials:** A list of textbooks, articles, online resources, and any other required readings.

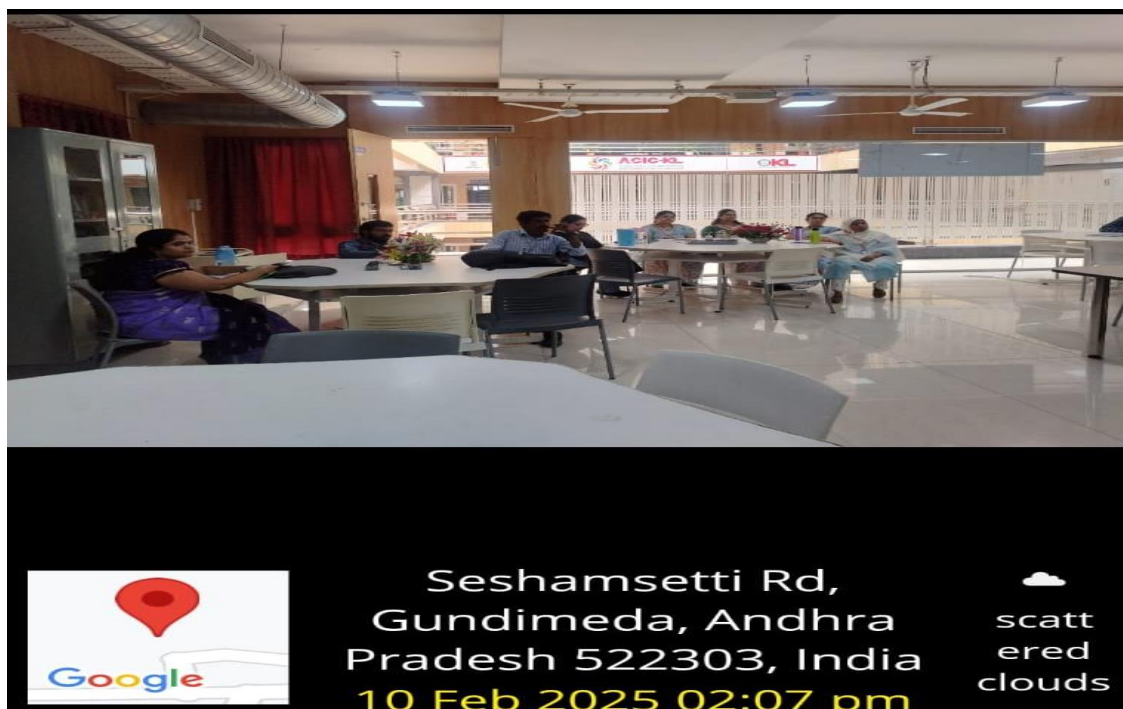

- **Assessment Methods:** Information on assignments, exams, presentations, or projects, including grading rubrics.

Dr. CH. Raghava Prasad, Addl. Controller of Examinations, KLEF.

Vetting of Question Papers:

Vetting refers to reviewing and approving question papers before they are finalized. This process ensures fairness, clarity, and alignment with the course objectives.

Participants listening to the lecture.

The third session of day-1 was handled by Dr.K.J. Brahmachari, Assoc. Dean, P&D, KLEF. The session included

Dr.K.J. Brahmachari, Assoc. Dean, P&D, KLEF handling the session

Day-2 (11-02-2025)

Dr. K. Uday Kiran, Assoc. Dean -Academics, KLEF.

Session was Continued by Dr. K. Uday Kiran, Assoc. Dean -Academics, KLEF. The **Problem Identification** phase in **Design Thinking** and **Innovation** is crucial as it sets the foundation for creating solutions that truly meet the needs of users. Here's a brief report purpose for this phase:

Purpose of Problem Identification in Design Thinking and Innovation

The primary purpose of **problem identification** is to **define and understand the core challenges** that users face. This phase ensures that the team is solving the **right problem**, rather than focusing on assumptions or superficial issues. The goals include:

1. **Understanding User Needs:** By identifying and empathizing with the users, you gather insights that highlight the real problems they encounter.
2. **Defining the Problem Clearly:** A well-defined problem helps to ensure that the solution is targeted and relevant, guiding the rest of the design process.
3. **Aligning Stakeholders:** It helps to align the team, stakeholders, and users on a common problem, ensuring everyone is working toward the same goal.
4. **Creating Opportunities for Innovation:** Clear identification of problems leads to more innovative and creative solutions, as it opens up opportunities to rethink current systems or products.
5. **Fostering Empathy and Insight:** The phase encourages empathy, ensuring that the solutions are human-centered, and based on genuine understanding rather than assumptions.

In summary, problem identification is about uncovering the **right problem** to solve and **aligning efforts** towards delivering the most impactful and innovative solutions that meet user needs.

Participants listening to the lecture.

Conclusion: In Design Thinking and Innovation, problem identification is a critical first step that sets the stage for effective and user-centered solutions. By thoroughly understanding and defining the problem, teams ensure that they address the true needs of users, rather than focusing on perceived or superficial issues. This phase fosters empathy, creates alignment among stakeholders, and opens the door to innovative opportunities. Ultimately, a well-defined problem leads to better solutions, driving meaningful change and delivering value to users and the broader community.

Dr. M. V. Naresh, Associate Director, CDOE, KLEF.

This Session was Handled by Dr. M. V. Naresh, Associate Director, CDOE, KLEF. He explained the important aspects of the Objective Based Education, about Programme Educational Objectives (PEOs), Programme Outcomes (Pos), Graduate Attributes (GAs), Programme Specific Outcomes (PSOs), Course Outcomes (Cos). He explained the Blooms Taxonomy and different levels such as Level I Remembering, Level2 Understanding, Level 3 Applying, Level 4 Analyng, Level 5 Evaluating and Level 6 Creating.

In an academic report, Bloom's Taxonomy can be used to describe how students engage with content at different cognitive levels. Here's a brief explanation for each level:

Level 1: Remembering

Students recall basic facts, definitions, and concepts relevant to the subject. For example, recalling historical dates or scientific formulas.

Level 2: Understanding

Students demonstrate comprehension by explaining concepts in their own words or summarizing key points. This helps assess whether they grasp the material beyond just memorizing it.

Level 3: Applying

Students use their knowledge to solve problems or apply theories in practical scenarios, showing their ability to implement learned concepts.

Level 4: Analyzing

Students break down information to understand its structure, relationships, and patterns, often involving comparison, categorization, or identifying causes and effects.

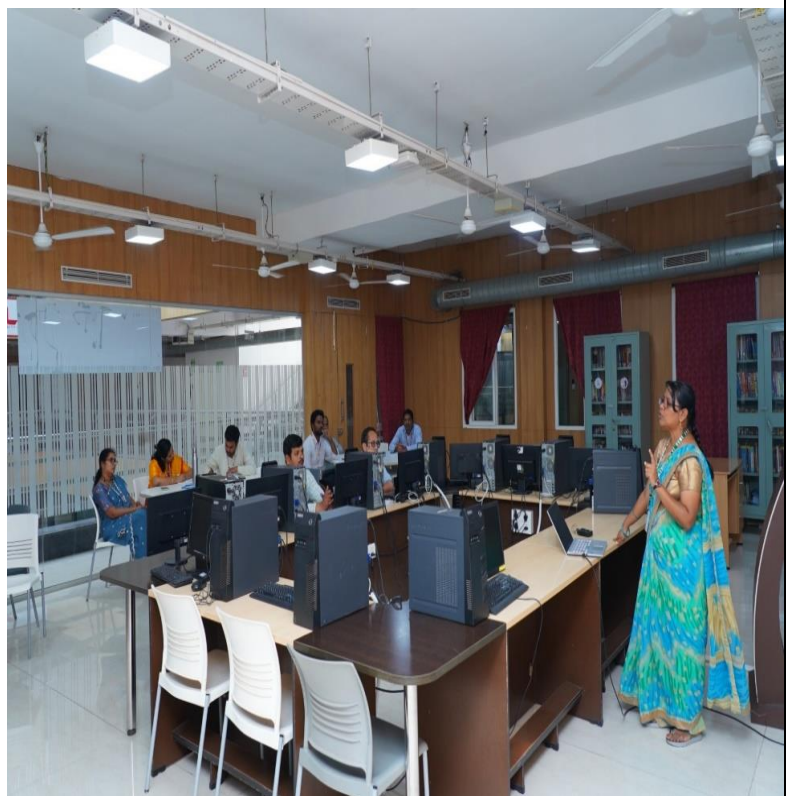

Level 5: Evaluating

Students assess ideas, arguments, or solutions based on certain criteria, providing reasoned judgments about their effectiveness or validity.

Level 6: Creating

At this level, students synthesize information to produce new ideas, theories, or solutions. They demonstrate higher-order thinking by combining knowledge in original ways.

conclusion, Bloom's Taxonomy provides a structured framework to guide the development of educational goals, assessments, and activities. By progressing through the levels—Remembering, Understanding, Applying, Analyzing, Evaluating, and Creating—students develop a deeper understanding and mastery of subjects. Using this taxonomy in academic settings ensures a comprehensive learning experience that challenges students to think at various cognitive levels.

Mrs. M. Swetcha Lakshmi, Professor in charge, LMS, KLEF

Session was Handled by Mrs. M. Swetcha Lakshmi, Professor in charge, LMS, KLEF.

To use Moodle@KLUniversity.in for uploading and evaluating LMS (Learning Management System) questions, follow these steps:

1. Log in to Moodle

- Go to the Moodle login page for KL University: moodle@kluniversity.in.
- Enter your username and password (provided by the university) to log in.

2. Uploading LMS Questions

Once you're logged in:

- Navigate to the course: Go to the course you want to upload the questions for. You can find the course under your profile or dashboard.
- Turn Editing On: In the course, click the "Turn editing on" button (usually found in the top-right corner) to make the course editable.
- Add an Activity or Resource:
 - Click on Add an activity or resource in the section where you want to add questions (like quizzes).
 - Select Quiz (for multiple-choice, true/false, or short-answer questions).
 - Fill in the necessary details such as the quiz title, description, timing, and grading options.
- Create Questions:
 - After setting up the quiz, click on the Edit Quiz button.
 - Select Add and choose a new question.
 - Select the type of question you want to create (Multiple Choice, True/False, Short Answer, etc.).
 - Fill in the details for the question, such as the question text, options, and correct answer. Click Save after entering each question.
- Save and Publish: Once all questions are uploaded, click Save and display to save the quiz. Make sure to publish it so students can access it.

3. Evaluating LMS Questions

- Review Student Responses:
 - Go to the Quiz in your course.
 - Click on Results and then select Grades or Attempts to view student submissions.
- Grading:
 - For automatically graded questions like multiple-choice or true/false, Moodle will grade them automatically.

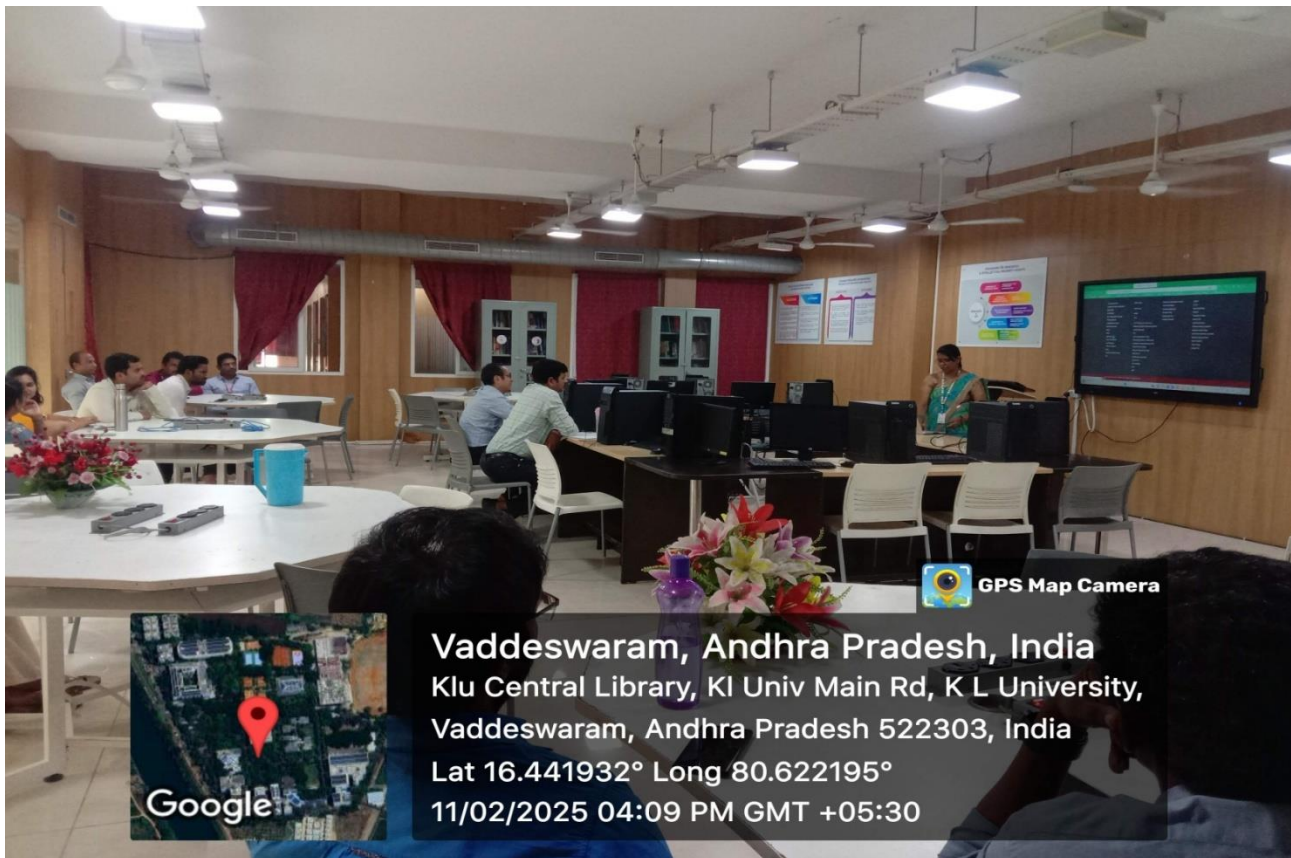

- For manually graded questions (like essays or short-answer), you can enter grades manually in the Gradebook or by clicking on the attempts.
- Provide Feedback:
 - You can provide feedback on student responses by editing the Gradebook or reviewing individual attempts. You may enter comments for each student if needed.
- Monitor Reports: Moodle provides detailed reports of quiz performance under the Reports section. You can view statistics, average scores, and question-wise performance.

4. Finalizing and Sharing Results

- Once you've reviewed and graded the quizzes, you can release the results to the students. This is done in the Quiz Settings, where you can specify when students should see their grades and feedback.

Conclusion

Moodle at KL University allows instructors to easily upload questions, create interactive quizzes, and evaluate student performance through detailed feedback and grading options. By utilizing the LMS effectively, both faculty and students can enhance the learning experience.

Participants at the program.

Conclusion:

The Training program on ERP Modules for all teaching faculty members

Outcome-based education (OBE) emphasizes achieving specific learning outcomes, and aligning assessments with Bloom's Taxonomy ensures that question papers are designed to assess a range of cognitive skills from basic recall to higher-order thinking. By using this framework, educators can create more structured, meaningful assessments that accurately measure students' depth of understanding and critical thinking. Ultimately, a well-vetted question paper not only aligns with OBE principles but also supports a holistic approach to learning
