The Short-Term Training Program on "**Vision, Mission, Program Objectives & Program Educational Objectives for Strategic Alignment**" was conducted by the ASC Department of KLEF from 12th to 15th and 17th March 2025.

This program aimed at providing an in-depth understanding of how academic institutions can align their strategic planning, vision, mission, and program objectives with national and global educational standards. The training was designed to assist faculty and academic leaders in refining their vision and mission, ensuring that program outcomes align with institutional goals and global expectations. Two sessions have been conducted on each day, with session-1 covering discussion on Vision & Mission and session-2 covering Program Educational Objectives and Program Specific Outcomes. Session-1 was handled by Dr. V.N. Sailaja and Dr. P. Kasi Visweswara Rao, Assoc. Deans (Academics), Curricular Aspects, KLEF. Session-2 was handled by Dr. B. Chaitanya Krishna, Assoc. Dean (Academics), OBE & Evaluation, KLEF.

Day-1-12-03-2025

Welcome address by Dr. Govardhani, Principal, Academic Staff College (ASC).

The program commenced with an insightful Welcome Address by Dr. Govardhani, the Principal of Academic Staff College (ASC), KLEF. In her speech, emphasized the importance of aligning the educational goals of academic programs with the vision and mission of the institution to create an impactful learning

environment. She acknowledged the rapidly changing global educational landscape and highlighted the need for institutions to be agile, responsive, and future-focused. She encouraged the participants to actively engage in the discussions and gain knowledge to make effective contributions to their respective departments and programs.

Session-1:

Dr. V.N. Sailaja, Assoc. Dean (Academics), Curricular Aspects, KLEF.

Session handled by Dr. V.N. Sailaja, Assoc. Dean (Academics), Curricular Aspects, KLEF. She explained the vision and mission. The purpose of the report is to summarize and document the session conducted by Dr. V.N. Sailaja, Associate Dean (Academics), Curricular Aspects at KLEF, where she explained the **vision** and **mission** of the institution.

The importance of the vision and mission in shaping academic strategies, and how they align with the overall goals of the university.

Purpose of the Department review:

1. **Document the Session:** Provide a detailed account of Dr. Sailaja's explanation of the vision and mission, emphasizing their significance in the academic context.
2. **Clarify the Vision and Mission:** Explain how the vision and mission serve as guiding principles for the institution's educational and curricular activities.
3. **Aligning with Institutional Goals:** Highlight how the vision and mission support the broader goals of the university, ensuring academic programs and strategies are in alignment.
4. **Ensure Stakeholder Understanding:** Ensure that faculty, staff, and students are aware of the vision and mission and their roles in supporting them through academic efforts.

5. **Provide Insights for Future Discussions:** The report could also serve as a foundation for any follow-up sessions or strategic planning based on vision and mission.

Dr. P. Kasi Visweswara Rao, Assoc. Dean (Academics), Curricular Aspects, KLEF.

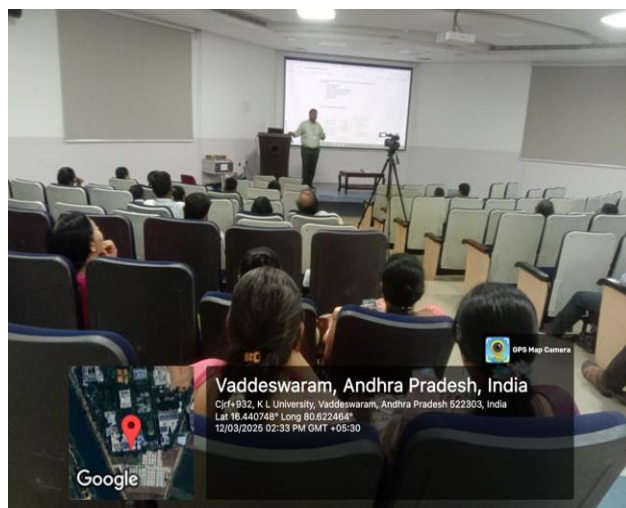

Participants listening to the lecture.

Dr. P. Kasi Visweswara Rao, the Associate Dean for Academics at KLEF, continued a session discussing the **Vision and Mission Development & Review Committee** along with their roles and responsibilities.

Vision and Mission Strategic Management with Objectives

Session-2:

Dr. B. Chaitanya Krishna, Assoc. Dean (Academics), OBE & Evaluation, KLEF.

In the session continued by **Dr. B. Chaitanya Krishna**, the **Associate Dean (Academics)**, **OBE & Evaluation at KLEF**, the focus on **Program Outcomes (POs)** and **Program Educational Objectives (PEOs)** would likely have been discussed in the how **POs and PEOs** are typically presented in a report and the purpose they serve:

1. Purpose of Including POs and PEOs in the Report:

- **Alignment with Institutional Goals:** The report would highlight how the **Program Outcomes (POs)** and **Program Educational Objectives (PEOs)** are aligned with the institution's overall mission and vision. This ensures that the program contributes to the long-term strategic goals of the institution.
- **Accreditation and Compliance:** One of the key purposes of including POs and PEOs in the report is to demonstrate compliance with accreditation standards. Accrediting bodies often require institutions to outline clear program outcomes and objectives, showing that they are providing quality education that meets industry standards.
- **Assessment and Continuous Improvement:** The report would detail how POs and PEOs are assessed and reviewed to ensure continuous improvement. It would highlight the mechanisms in place for evaluating student achievement of POs and how these evaluations lead to curriculum adjustments to improve the program.

2. Program Outcomes (POs) in the Report:

- **Clear Description:** The report would include a clear listing and description of the **Program Outcomes (POs)** for each program offered. These outcomes define the skills, knowledge, and competencies students should acquire by the end of the program.
- **Assessment of POs:** The report would explain how the institution assesses whether students are achieving the defined POs. This includes various methods such as examinations, projects, internships, and surveys.
- **Mapping with Curriculum:** The report would also include how each PO is mapped to specific courses and activities in the curriculum. This demonstrates that the curriculum is designed to enable students to meet the expected outcomes.

3. Program Educational Objectives (PEOs) in the Report:

- **Clear Long-Term Goals:** The report would also define the **Program Educational Objectives (PEOs)**, which describe what graduates are expected to achieve within a few years of completing their degree

program. This could include career progression, contributions to society, and continuous professional development.

- **Stakeholder Input:** It would highlight how PEOs are developed with input from various stakeholders, such as industry representatives, alumni, faculty, and students, to ensure that they reflect current and future professional needs.
- **Assessment of PEOs:** The report would include how the institution tracks the success of its graduates in relation to the PEOs. This could involve alumni surveys, employer feedback, and career progression data.

5. Relationship Between POs and PEOs:

The report emphasizes the relationship between **Program Outcomes (POs)** and **Program Educational Objectives (PEOs)**. It would show how POs contribute to achieving the long-term goals outlined in the PEOs. By mapping specific learning outcomes (POs) to career objectives (PEOs), the program can ensure that students are not only ready for graduation but also positioned for success in their careers.

5. Feedback and Revision Process:

- **Stakeholder Feedback:** The report would also detail how the feedback from various stakeholders (students, faculty, alumni, employers) is used to assess the effectiveness of POs and PEOs. This feedback is key to making any necessary revisions and ensuring that the program continues to meet its objectives.
- **Revisions to POs and PEOs:** Based on the assessment and feedback, the report might outline any proposed changes to the POs and PEOs to keep them relevant, reflecting changes in industry demands, technological advancements, and educational trends.

The short-term training program on Vision, Mission, Program Objectives, and Program Educational Objectives for Strategic Alignment provided valuable insights into the importance of aligning educational goals with broader institutional and strategic priorities. By focusing on these core elements, the training equips participants with the knowledge and skills to ensure that academic programs are aligned with the university's vision and mission, fostering an environment of coherence and purpose.

Key takeaways from the program include:

1. **Strategic Alignment:** Understanding how aligning program objectives with the university's broader strategic goals can enhance overall institutional success and ensure consistency across departments and programs.

2. **Defining Clear Objectives:** The training emphasized the importance of clearly defining program objectives and educational outcomes that are aligned with both industry standards and academic goals.
3. **Enhanced Program Effectiveness:** By aligning the vision, mission, and objectives, the program ensures that students graduate with the necessary skills, knowledge, and values that meet both educational standards and industry requirements, preparing them for future careers.
4. **Continuous Improvement:** It highlighted the need for regular evaluation and reassessment of the vision, mission, and objectives to ensure that they remain relevant, adaptive, and reflective of changes in the academic and professional landscape.

Sample Mapping between POs and PEOs:
