A Five-Day Faculty Development Programme on “**Universal Human Values, Gender Equality & Professional Ethics**” was conducted by Academic Staff College, KLEF in association with Value Education Cell for the newly joined faculty members of KLEF, Vaddeswaram Campus. The program was conducted with an objective of nurturing a value-based academic mindset and promoting ethical and inclusive practices in higher education.

The programme provided a meaningful platform for faculty members to reflect on their roles not just as educators, but as mentors and role models who influence the holistic development of students. Throughout the five days, the sessions were thoughtfully designed to encourage

introspection, discussions, and real-life application of values in both personal and professional contexts.

Day 1: 05-08-2025

The first day's session began with an engaging introduction to **Universal Human Values**, where the resource persons emphasized the importance of understanding oneself and building harmonious relationships with others. The discussions went beyond theoretical concepts, allowing participants to connect values such as respect, trust, and responsibility with their day-to-day interactions in the academic environment.

It was particularly insightful to reflect on how value-based education can shape not only students' academic growth but also their character and social responsibility. The session set a strong foundation for the rest of the programme by highlighting the need for faculty to consciously practice and demonstrate these values in their professional roles.

Day 2: 06-08-2025

On day-2, the focus shifted to **Gender Equality and Inclusiveness**, which was both relevant and thought-provoking. The sessions encouraged participants to critically examine societal norms and biases that may unconsciously influence behavior within educational institutions. Through interactive discussions and case studies, faculty members explored ways to create a more inclusive and respectful environment for all students and colleagues.

The resource persons also emphasized the importance of being sensitive to diverse perspectives and ensuring fairness in all academic and administrative interactions. This session helped in reinforcing the idea that an inclusive campus culture is essential for effective learning and overall well-being.

Day 3: 07-08-2025

Day-3 dealt with **Professional Ethics in Higher Education**, where the emphasis was on maintaining integrity, transparency, and accountability in academic practices. The discussions covered important aspects such as fairness in evaluation, responsible conduct in research, and ethical interactions with students and peers. What stood out during this session was the emphasis on consistency between one's values and actions, especially in situations that demand ethical decision-making.

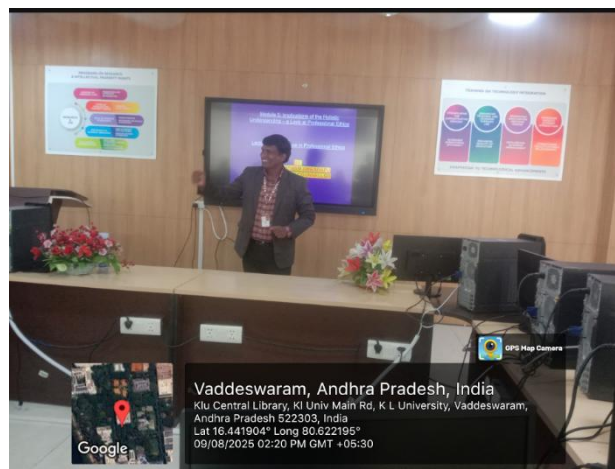

It encouraged faculty members to reflect on their responsibilities and the impact of their actions on students and the institution as a whole.

Day 4: 08-08-2025

The session focused on **Emotional Intelligence and Interpersonal Relationships**, highlighting the importance of understanding and managing emotions in an academic setting. The discussions were highly relatable, as they addressed common challenges faced by faculty in handling diverse student behaviors and workplace interactions. The resource persons

explained how emotional intelligence can significantly enhance communication, reduce conflicts, and build stronger relationships.

Through practical examples and interactive activities, participants gained a deeper understanding of how empathy and self-awareness contribute to effective teaching and leadership.

Day 5: 09-08-2025

On the day-5, the programme concluded with a focus on **Holistic Development and Value-Based Teaching Practices**. This session brought together all the concepts discussed over the previous days and encouraged participants to think about how they can integrate these values into their teaching methodologies.

Faculty members shared their reflections and ideas on incorporating ethical principles, inclusiveness, and value-based approaches into classroom practices. The concluding discussions were insightful and motivating, leaving participants with a sense of responsibility to contribute positively to the academic environment.
